

Hidden Billionaire Chapter 512 - Survival in Danger

C512 Survival in Danger

"Be careful!"

In a moment of desperation, Wu Tian jumped down from the tree and used all his strength to kick the beast hard in the legs.

Under the effect of gravity, the wild beast was kicked towards the big tree beside him. Wu Tian's body fell heavily onto the stone and his two legs lost consciousness for a short while.

The kick did not cause too much damage to the beast, but it did cause quite a bit of damage to Wu Tian.

The beast quickly got up from the ground and continued to move towards Blanche. It also seemed to like attacking the weak.

"Quickly run!"

Seeing the wild beast pouncing towards her again, Wu Tian shouted at the top of his lungs.

Blanche seemed to have just regained her senses as she painfully crawled up from the ground.

Before she could escape, the wild beast had already pounced on her. With a leap, it stomped its hooves viciously on Blanche's delicate body.

"Get out of the way."

At the critical moment, Wu Tian used all his strength to run over and knock away Blanche's body, saving her from the wild beast's iron hooves.

In this situation, he had no way to hit the wild beast, so he could only use this method to save Blanche.

Under the impact of the gravitational force, Blanche's body was pushed back one meter, barely dodging the trampling of the beast's iron hooves.

However, Wu Tian was unable to dodge, and the beast ruthlessly stomped on his chest with its right hoof.

The wild beast's kick was like a hammer that weighed a thousand pounds. Stepping on Wu Tian's chest made him feel as if his internal organs were on fire, and he even felt a faint pain.

The pain was unbearable. Wu Tian opened his mouth and spat out a mouthful of blood. His heart was beating like a drum.

"Hey, are you okay?" Blanche rushed over to help Wu Tian up. She didn't feel good at all.

In that moment of crisis, the China man in front of her didn't hesitate at all. With his fastest speed, he knocked her away, allowing her to escape from the clutches of the wild beast.

In order to save her, the China man in front of her was stepped on by a wild beast, and he was seriously injured.

To put it bluntly, this man was injured because of her.

If Wu Tian didn't sacrifice himself to save her, she would probably be trampled to death by a wild beast, suffering the pain of living a life worse than death.

"Don't worry, I won't die." Wu Tian grinned and spat out another mouthful of blood.

"I am truly sorry for causing you to be injured because of me." Blanche wiped the blood from the corner of Wu Tian's mouth with her sleeve. She was very upset.

Seeing how severely this China boy was injured because of her, she didn't know what kind of feeling was in her heart.

"This is not the time to talk about this." Wu Tian stood up from the ground while enduring the pain. He took a glance at the beast that was staring at him and urged, "Hurry up and run."

"What about you?"

"You run first, I'll climb the tree later."

"How are you going to climb a tree when you're so injured?" Blanche reached out and hugged Wu Tian's arm, "If you want to leave, then we'll leave together. If you want to die, then we'll die together."

She was afraid of death, but she must not lose her sense of gratitude and live by herself. She would not abandon Wu Tian and run for her life like this.

Wu Tian looked at this foreign woman in surprise. He never thought that she would be so dignified in a moment of life and death. It was really touching.

"Come, let's run together." Blanche glanced at the wild beast and urged while hugging Wu Tian's arm.

This was the first time she took the initiative to hold the man's arm. At this moment, she had already put down the princess' status in front of Wu Tian.

"How about this, let's split up and run, don't look back." Wu Tian also didn't want to implicate Blanche. He urged her urgently, "Run, or else none of us will be able to escape."

With that said, he took the lead and ran towards the east side of the forest.

He wanted to use this method to lure away the wild beast, but unexpectedly, the beast wasn't attracted away by him, but chased after Blanche.

He could not understand why the beast always liked to follow behind Blanche. Could it be that it also liked beauties?

Seeing the beast getting closer and closer to Blanche, Wu Tian felt that he couldn't sit still and wait for death. He quickly ran in the direction of the beast.

He had just been stepped on by a wild beast and was in excruciating pain. He still hadn't recovered his strength, and now that he was running, his body felt like it was about to fall apart.

However, in this situation, he could not care about the pain. He clenched his teeth and continued chasing the wild beast.

Perhaps because she was running too fast, Blanche's body fell hard onto the ground and cried out in pain, tears rolling out of her eyes.

Her fall was not light, and her knees hit the ground heavily. Her entire right leg felt numb and powerless.

While she was falling, the wild beast quickly pounced over and leapt towards Blanche.

If the wild beast continued to trample on Blanche, she wouldn't be able to survive even if she didn't die.

"Danger!"

At this critical moment, Wu Tian had somehow gotten the strength to jump onto Blanche at a lightning speed and built an arched bridge over her body to protect her.

He didn't think much about it at the time. He just felt that he should protect this woman, and this woman was also worth her protection.

The beast's iron hooves were like a hammer, ruthlessly trampling on Wu Tian's back. This was the second time he was stepped on by a beast.

The moment the iron hooves came crashing down, he felt as if someone was ruthlessly pounding his back with an iron hammer. He felt as if his bones were about to shatter and his internal organs were about to burst apart.

After being stepped on by the wild beast, Wu Tian spat out a large mouthful of blood and collapsed onto Blanche's body.

Just like that, Wu Tian was stomped on once again, and Blanche escaped death once again.

The same scene repeated itself. Blanche's heart was filled with mixed emotions. She was both moved and shocked at the same time.

He did not expect that this China man would risk his life to once again save her, protecting her from harm at such a critical moment.

She had lived for nineteen years, but this was the first time she saw such a loyal man.

"You ..."

Blanche sobbed for a long time before asking, "Wu, are you alright?"

"I'm still alive." It took Wu Tian a long time to get up from Blanche's body. However, his face was pale and he lost a lot of blood, so he didn't have any strength left in his body.

"Don't die. If you die, I will feel guilty for the rest of my life." Blanche burst into tears as she said this.

She never thought that there would be a man risking his life to protect her, and even more so, that the man protecting her was a China brat.

"I'm sorry, did I crush you just now!" After Wu Tian said this, he endured the pain and wanted to climb up from Blanche's body.

However, his body was very weak, and he did not have any strength left. His hands lightly trembled on the ground.

"It's fine, I'm not in pain." Blanche opened her arms and hugged Wu Tian tightly. With a tone she had never used before, she said, "You're very weak now. Lie down on top of me and rest for a while."

She saw that Wu Tian was on the verge of collapsing, so she hugged this man and let him lie on top of her.

The man in front of her was risking his life to save her. Right now, she didn't care about etiquette at all.

This was also the first time she hugged a man of her own initiative. At this moment, she only hoped that this man could live on.

"I'm afraid there's no time." Wu Tianqiang endured the pain and climbed down from Blanche's body with all his strength.

Hidden Billionaire Chapter 513 - Canyon Warbeast

C513 Canyon Warbeast

With the support of Blanche, Wu Tian stood up from the ground in pain. He felt as if his entire body was in pain and he didn't have any strength left.

However, he did not care about the pain. The beast was eyeing him covetously, and could pounce on him at any time.

They had to find a way to escape, or they would all die here.

Wu Tian looked at the river behind the forest and said to Blanche, "Let's go, we'll hide in the river."

"Alright!"

After Blanche answered, she hugged Wu Tian tightly and the two of them ran towards the direction of the river as fast as they could.

The sound of something hitting the ground rang out.

Not long after, Wu Tian fell onto the ground.

He had exhausted all of his strength so he couldn't run anymore. He said to Blanche: "Go quickly and hide in the river opposite us. The beasts don't dare to go into the river."

"No, we'll go together." Blanche did not want to escape alone. She reached out her hand to help Wu Tian up.

"Hurry up and leave." Wu Tian yelled, his lungs aching.

"Draw your saber and give it to me." Blanche didn't leave, but extended her delicate arm in front of Wu Tian.

Wu Tian frowned. He couldn't help but ask, "What do you want the knife for?"

"I want to let you know that we Char Country women are not cowards." Blanche pulled out a dagger from Wu Tian's waist after she finished her sentence, and quickly rushed towards the wild beast.

This woman was crazy. She had a dagger in her hand and was about to fight the wild beast.

Wu Tian was shocked as he looked at the woman's delicate back. He didn't expect her to do such a great thing.

He had never seen this kind of woman. She was loyal to her friends, and in this moment of life and death, she was fighting with a wild beast alone. Was she really a princess of a country?

The other princesses were all pampered and overbearing, but the one in front of them was an unusual one.

Be kind and repay kindness with kindness. Be cautious at a crucial moment, and not cower even in the face of great danger.

This should be the bravest princess in the world.

Blanche gripped her dagger tightly and dashed forward at a lightning speed. She wielded her dagger and stabbed it viciously into the belly of the beast.

However, when the dagger stabbed into the beast's body, it didn't budge at all. She didn't cause any damage to the beast, and instead, the pain made Blanche scream miserably as she retreated several steps back.

Blanche did not give up. She raised her dagger again and aimed it at the beast, this time fiercely stabbing it into the beast's thigh.

However, the result was the same. The wild beast was not hurt at all, and Blanche's arm was numb from the shock. Her body hit the ground and she took a few steps back.

The two consecutive attacks seemed to have angered the wild beast, and after letting out a howl of pain, the beast pounced toward Blanche with its teeth bared.

"Run, run!" Seeing the wild beast pouncing towards him, Wu Tian screamed at the top of his lungs.

Blanche's reaction was quite fast. She hurriedly got up from the ground and prepared to escape. However, just as she ran two steps, her body fell heavily onto the ground.

She had just exhausted all of her stamina, so she didn't have the strength to run away. After falling down, she didn't even have the strength to stand up.

The beast licked its lips as it slowly approached Blanche. It stopped when it was less than half a meter away from her. It then opened its mouth and spat blood at Blanche's body, biting down viciously.

"Be careful!"

Seeing that Blanche was about to become the food for the beasts, Wu Tian jumped on her with all his might and protected her tightly.

This woman was fighting alone against a wild beast for his sake. At this moment, he couldn't just sit by and watch as she was bitten to death.

Just like that, he used all of his strength to throw himself onto Blanche's body, protecting her with all his might.

The sound of meat being bitten sounded out.

The bloody mouth that was originally aimed at Blanche bit fiercely on Wu Tian's back. Two rows of sharp teeth pierced through his back and tore his flesh. The sound was extremely ear-piercing.

After the flesh was torn apart, fresh blood gushed out like a fountain. It quickly flowed along his body and quickly dyed his clothes red.

Slowly, blood flowed onto Blanche's body, dyeing her clothes red and covering her chest with large amounts of blood.

Seeing this, Blanche's nose twitched and tears welled up in her eyes.

Never in her dreams did she expect that the China man in front of her, in order to save her, would actually endure being bitten by wild beasts.

She had never expected that this man would sacrifice his flesh and blood to save her.

At this moment, she was extremely touched, and her eyes were brimming with tears.

Looking at the wild beast tearing the flesh on Wu Tian's body, the pain in her heart felt like it was being twisted by a knife. That feeling was indescribable.

Just when she was in a daze, she saw the beast lick its mouth and once again bit down towards Wu Tian's body.

"No!"

Blanche was so frightened that she tightly hugged Wu Tian's body. She only hoped to use her last bit of strength to protect this man, this China man who was willing to sacrifice his life for her.

She knew that if this man was bitten by a wild beast again, he would definitely die.

"Pain ..."

Wu Tian knew that this was his last chance. If he was bitten by a wild beast, he would become its food.

In this moment of life and death, he used almost all of his strength to pick up the dagger on the ground and wave it with all his might.

Even though he knew that the skin of the wild beast was as hard as steel, he still could not help but swing his blade and make a last struggle. Maybe it was a reflex.

But no matter what, he couldn't just sit there and wait for death. He raised his blade and fiercely stabbed at the wild beast.

The piercing sound rang out.

It was a casual and even strike. It pierced the beast's right eye, which was glowing with a blue light. It was as if it had pierced through a crystal ball.

The beast's right eye was punctured, and fresh blood flowed in all directions. Soon after, it let out a heart-wrenching wail.

"Howl ..."

After letting out a few howls, the beast was no longer in the mood to attack Wu Tian and Blanche. It turned around and fled into the cave. In an instant, the canyon became quiet.

The sound of something hitting the ground rang out.

Wu Tian fell heavily on Blanche's body. At this moment, his face was pale and he did not have any strength left in his body.

That slash had used the last bit of his strength, and now his body was weak to the extreme.

Fortunately, the last strike did not miss and pierced the beast's right eye. Only after the beast was injured did it flee in panic. It could be said that they had managed to survive.

"It's fine now ..."

Wu Tian weakly said these two words, then his head sank down and he fainted on top of Blanche.

He was exhausted and had lost a lot of blood, so he could no longer hold on.

"Wu, wake up, don't die ..." Blanche hugged the man tightly as she screamed with all her might. Tears flowed uncontrollably from her eyes.

Never would she have thought that the dignified Princess of Char Country would cry for a man of China.

Forget about tears, she was willing to bleed even if it meant that this China man before her was worth anything.

After a long while, she finally pushed Wu Tian away from her. She knew that this man wasn't dead, so she had to think of a way to save him.

No matter what, she couldn't let Wu Tian die. Otherwise, she would feel guilty for the rest of her life.

Hidden Billionaire Chapter 514 - Severe Injury

C514 Severe Injury

When Blanche saw the injuries on Wu Tian's back, she felt so painful that she was about to suffocate.

At this moment, Wu Tian's back was covered in cuts and bruises. On his back, there was the mark of a wild beast's teeth, and his clothes were already stuck to his skin, making him look horrible.

For her sake, this man was actually so heavily injured. His entire back was bitten to pieces by a wild beast.

The blood was still flowing. If this continued, Wu Tian would definitely die here from excessive blood loss.

No, she had to find a way to save this man.

Yes, stop the bleeding first.

She took a glance at the fresh moss on the ground and quickly plucked the leaves. She placed them in her mouth and chewed them before sticking them on Wu Tian's back.

However, she still couldn't stop the bleeding. She had no choice but to find other herbs to help the man stop the bleeding.

However, she didn't know anything about the herbs, so she could only put the various plants together and spread them all over Wu Tian's back. Finally, she tore off her clothes and helped bandage his wound.

After working on it for a long time, the wound on Wu Tian's back finally stopped bleeding. It was unknown whether it was due to the dried blood or the effects of the herbs.

Lili was completely exhausted. She weakly sat on the ground and just stared dumbly at the China man in front of her.

She had only known Wu Tian for a short while, but she felt very close to him, as if they had known each other for a long time.

She was glad to have met such a good man, especially the moment when he endured the bite of a wild beast for her sake. That feeling of being moved was indescribable.

She had never been tempted by a man before, and in that second, she finally understood what it meant to be moved.

It only took a second to fall in love with a man.

She didn't want to deny that she had already fallen deeply in love with this China man, that only this man was worthy of her love, and that only this kind of man could be worthy of her.

She just stared at Wu Tian in a daze. She couldn't help but let her imagination run wild in her head. Thinking of this, she slowly moved her mouth closer to Wu Tian and kissed his forehead.

Previously, she had always felt that love was something very far away from her. Unexpectedly, she had unknowingly fallen in love with this man.

She did not know love, nor did she know what love was, but she was sure that the man before her was worth it.

It was hard to tell how much time had passed. Blanche fell asleep beside Wu Tian.

She had a beautiful dream. She dreamed of walking into the marriage hall with Wu Tian and having a grand and grand wedding...

This dream was very long. When she woke up, the sky had already turned dark. Only the moonlight was shining into the canyon, causing the entire canyon to look hazy.

When she woke up, she quickly checked Wu Tian's condition and found that the man was still unconscious. Luckily, the wound on his back had stopped bleeding.

At this moment, Wu Tian looked very weak. His face was as white as paper without the slightest hint of blood. His lips were as dry as wood.

After staring at the man for a while, Blanche walked to the river side and held the water in her hands, preparing to give it to Wu Tian to drink.

Before she could get close to Wu Tian with the water in her hands, the water in her hands had already drained.

She had no choice but to use her mouth to drink water and walk to Wu Tian's side, preparing to give him water directly.

As her mouth moved toward him, she began to hesitate again. After all, this was the first time she'd had such intimate contact with a man.

In Char Country, after a man and woman kiss on the lips, it was equivalent to being in love. In the future, the two of them would be married, or else it would be disloyal and dirty.

As a princess of the Char Country, she naturally did not want to ruin the customs of her own country.

However, when she thought about it, Wu Tian had been bitten into a bloody pulp for her by a wild beast, so why would she care about that now?

She clenched her teeth, moved her mouth closer to Wu Tian's and slowly poured the water into Wu Tian's mouth.

It was the first time she had ever done this to a man, and it made her blush and her heart beat faster.

After a long while, she finally managed to feed Wu Tian some water. She found out that after swallowing the water, the dryness on his mouth had obviously improved.

Blanche stood beside Wu Tian to protect him. She prayed in her heart that this man would wake up as soon as possible.

Only when the sun was about to rise did she fall to the ground and return to sleep.

Time passed silently.

When Wu Tian woke up, he felt as if his whole body was about to lose all feeling from the pain. His internal organs felt heavy, and his back felt numb from the pain.

Thankfully, he was still alive and hadn't died yet.

However, his body was very weak. It was difficult for him to even move his fingers. He even had to exert a lot of strength to open his eyes.

He had never experienced pain like this before, had never felt so weak before. His entire body felt as if it had been reborn, and several layers of skin and skin had been peeled off from him.

He slowly opened his eyes and saw Blanche lying on the side. She looked very tired, her eyes were red and swollen, as if she had been crying many times.

To tell the truth, this woman was very beautiful. Her skin was white like jade, and her eyes were bright like pearls. Her figure was perfect and sexy.

Such a beautiful and sexy woman, and Princess Char Country, she had all kinds of status and wealth.

Most importantly, this woman was loyal, repaying kindness with kindness. She was a kind, compassionate, and unselfish woman.

He had not expected that he would be trapped in a canyon with such a woman.

When he thought of the wild beast from before, he was terrified. However, if he was given another chance, he would still throw himself at Blanche to protect her.

It was for no other reason but that this woman had someone to help him put on his parachute before the plane crashed, so she would never flee on her own because she was still thinking about his safety when she was in danger.

In a moment of crisis, this woman had even charged up to the beast with a knife for his sake.

He had no reason not to protect such a good woman.

Such a woman was also worth his protection.

While he was staring at Blanche in a daze, the woman gradually woke up, her eyelashes fluttering.

When Blanche saw Wu Tian awaken, she sprung up from the ground as if she had been electrocuted. She rushed over excitedly, "Wu, you're awake! You're finally awake!"

After saying so, she bent down and hugged Wu Tian's head, tears of excitement rolling in her eyes.

Coughing sounds rang out.

Wu Tian coughed lightly and joked, "Miss Bu, your breasts are so big. Are you trying to suffocate me to death?"

"You scoundrel." Blanche blushed as she let go of Wu Tian's head. She looked extremely embarrassed.

"You were so secretive yesterday, warning me not to be intimate with another man or woman. Why did you suddenly become so proactive today, hugging and hugging me?"

"Who hugged you?" Blanche rolled her eyes slightly and wiped away the tears at the corner of her eyes. "I was just too happy when you woke up."

"Yesterday was really dangerous. Just a little bit more and we would have all died." Thinking back to yesterday, Wu Tian still had a lingering fear.

Yesterday, he was almost bitten to death by the wild beast. Fortunately, at the critical moment, he raised his dagger and pierced through the wild beast's eye, allowing the two of them to recover their lives.

"Thank you so much for yesterday." Blanche bowed deeply, just wanting to express her gratitude in this way.
