

Hidden Billionaire Chapter 515 - Water Feeding

C515 Water Feeding

"No need to thank me." Wu Tian tried to get up from the ground, but his body couldn't muster any strength.

Until now, it was as if all his blood had been sucked out of his body. It was difficult for him to even move his arm.

"Lie still!" Blanche pressed her hand on Wu Tian's body and said gently, "You are still too weak right now. You need to recuperate to prevent the wound from splitting open and blood flowing out."

"Alright!"

Wu Tian laid on the ground, not daring to move.

Right now, not only was his chest in incomparable pain, his back was also in tearing pain, and his internal organs were in extreme pain.

"Right."

Wu Tian took a deep breath and couldn't help but ask: "What did you use to stop my bleeding?"

"It's those medicinal herbs. I put them together and stuck them on your back. I didn't expect it to be so effective." Blanche pointed at the weeds on the ground as she explained.

She was also very surprised, she didn't expect those weeds to have such a miraculous effect that could actually stop the bleeding from Wu Tian's wound.

"Those grasses really do contain herbs to stop the bleeding and reduce the inflammation." Wu Tian glanced at the weeds and praised, "You're really smart, you know how to use those weeds to stop the bleeding."

"There's no other way. I can't just watch your blood run dry!"

"Thank goodness I had a smart woman like you, otherwise I would have died."

"No matter what, I will think of a way to save you. I can't just watch you die." Blanche stroked her hair, a brilliant smile on her face.

"I'm glad I met a woman like you."

"I'm the lucky one." Blanche rubbed her arm and said gratefully, "If it weren't for you risking your life to save me, I'm afraid I would have already been bitten to death by wild beasts."

"Looks like we're both very lucky."

"Are you hungry? I'll go find some fruits." After Blanche finished speaking, she quickly walked into the small forest.

After the fight with the wild beast yesterday, the forest was still a mess. Seeing that scene, he felt his scalp tingle.

The situation yesterday was too dangerous. The two of them almost became food for the wild beasts.

He walked over to pick a few large apples and returned to Wu Tian's side, "Here, let's eat an apple first."

"Alright!"

Wu Tian wanted to take the apple, but he was too weak to even lift his arm.

"Forget it, it's better if I feed you!" Blanche took a bite of the apple and stuffed it into Wu Tian's mouth, as if she was coaxing a child, "Hurry and have a bite."

Wu Tian started biting the apple. After eating, he could not help but tease, "The apple that was bitten by Miss Bu is so sweet, like nectar."

"Eat your apple, why speak so much nonsense." Blanche blushed as she took another bite of the apple and fed it to Wu Tian.

After yesterday's near-death experience, she had already put down her status as a princess, as well as her modesty and haughtiness.

"I really didn't expect that, fortunately, I would be able to get a great princess like the Char Country to feed me." Wu Tian did not sit idle while he ate his apple.

"Let me feed you. You're the first man in the world and the last."

"Why is it the last one?"

"I can't feed another man."

"Then I should be honored."

"Of course." Blanche bit an apple and fed it to him. She couldn't help but ask, "You could have escaped by yourself yesterday, why did you sacrifice yourself to save me?"

"If a beautiful, sexy girl like you were bitten to death by a wild beast, wouldn't that be a pity?"

"Don't be pouting, be serious. What on earth were you thinking?"

"Not really." Wu Tian stopped smiling and said seriously, "As a man, it is perfectly justified to protect the women beside you. And I feel that you are worth it for me to protect you, for me to use my life to protect you."

"Why?"

"Because every time you are in a crisis, you are not fighting for your life. Every time you are thinking about my safety, it is worth it for me to risk my life for you."

"Is that so?" Blanche grinned upon hearing his answer.

She had never met such a man before. Just because she cared and cared about him, she could make him risk his life to protect her.

"I'm a simple person. If you treat me well, I'll put my life on the line." Wu Tian added with a smile.

This seemingly ordinary sentence caused Blanche to be moved. "You're the most outstanding, attractive, bravest, and selfless man I've ever seen."

"I'm very happy to receive such a high evaluation from Princess Bu."

"I've decided." Blanche slightly raised her head as if talking to herself, "From now on, I will always be good to you. I will always be good to you. And I will only be good to you, a man."

Wu Tian was slightly surprised and asked half-jokingly: "Princess Bu, is this considered as confessing to me?"

"I ..." Blanche bit her lips and lowered her head bashfully. She didn't know if this was considered a confession or not, she just wanted to say what she was thinking.

After a while, she raised her head and looked at Wu Tian, "Forget it, let's not talk about this for now. You should recuperate properly and wait for your injuries to recover. We'll talk about this after we go out."

"Alright, I'll take a nap first." Wu Tian felt extremely tired, and even his eyelids could not open.

He blinked a few times and fell asleep on the ground.

Blanche, who was sitting beside him, was staring at Wu Tian in a daze.

Fortunately, the wild beast did not appear again during this period of time. If the wild beast's eyes were seriously injured, it would probably take a long time to recover.

In the afternoon, Wu Tian woke up again. He felt that he had recovered a lot of his strength, so he could barely move his arms.

"Do you want to eat?" Seeing that Wu Tian had woken up, Blanche quickly asked out of concern.

Just now, after Wu Tian fell asleep, she went to the forest to pick a lot of apples, and at the same time, she also found some herbs.

"I don't eat."

Wu Tian licked his chapped mouth and said to Blanche, "Thirsty, can you get me some water to drink?"

"Alright ..."

Blanche stood up and walked towards the river. After walking a few steps, she stopped. She turned around and looked at Wu Tian with a troubled expression, "How do I get the water for you?"

She had fed Wu Tian with her mouth before, but Wu Tian had fallen asleep. Now that this man was awake, how could she feel embarrassed?

"Just bring it over with your hands." Wu Tian reminded him.

"Alright!" Blanche nodded and walked to the river, holding the water in her hands.

They were too far away, and the water in their hands ran out before they even reached Wu Tian.

She tried several times, but to no avail. In the end, she could only use the most primitive method, "Forget it, let me feed you!"

After saying so, she walked towards the river with a red face, drank a few mouthfuls of water, then walked to Wu Tian's side.

She closed her eyes, forced herself to move her mouth closer, and fed all the water in her mouth into Wu Tian's mouth.

At this moment, her face had long turned red, and her heart was pounding like a drum. She felt so embarrassed that she was on the verge of dying.

"Miss Bu, you're really smart to think of such a good way to feed the water." After Wu Tian finished his water, he couldn't help but tease, "But your saliva is too sweet, and the sugar content is too high."
