

Hidden Billionaire Chapter 521 - Leave the Canyon

C521 Leave the Canyon

It was dark when they went down the hill. They walked along the dirt road for three kilometers before they found the farmer nearby.

This was the distant city area north of Luzhou, it was the poorest region in the entire Luzhou, there were over ten villages gathered nearby. Due to the inconvenience of transportation, the farmers earn their living by working outside the home.

The distance from here to the city was still more than ten kilometers, it was impossible to walk back. They could only borrow their phones to make a call and have someone come over to pick them up.

The two of them came to a farmhouse. Seeing the middle-aged man splitting firewood outside, Wu Tian smiled and went up to greet him. "Hello, Uncle. Can we borrow your phone for a bit?"

"Who are you?" The middle-aged man raised his axe and looked at Wu Tian and the other man vigilantly.

Obviously, this uncle saw them as bad people.

It was no wonder that Wu Tian's clothes were tattered and bloodstained. He looked no different from a savage.

Moreover, there was a foreign girl with tattered clothes following behind him. No matter how one looked at it, it would make people suspicious.

"I am a local from Luzhou. A few days ago, I was trapped in Eight-Diagram Mountain Canyon. We just escaped from danger." Wu Tian explained with a smile, trying to sound gentle.

"Little brat, you don't have to lie to me. With your tender skin and tender flesh, why would you bring such a beautiful girl on an adventure?"

"We really are ..."

"Hurry up and leave." The middle-aged man didn't even listen to the explanation. He raised his axe and threatened the two of them, "If you don't leave, don't blame me for being ruthless."

"Alright!"

Seeing the middle-aged man's distrustful eyes, Wu Tian didn't waste any more saliva. He brought Blanche with him and prepared to borrow a phone from another house.

"Wait!"

Just when the two were about to leave, a young girl ran out from the room. Her two big eyes were like searchlights as they sized Wu Tian from top to bottom. She looked no different from a lovestruck fool.

After staring at Wu Tian for a while, the girl couldn't help but exclaim: "Little Brother, why are you so good-looking? I've never seen such a handsome boy before!"

It was as if this girl hadn't seen a handsome man in eight hundred years, and a greedy look appeared on her face.

Wu Tian felt very uncomfortable after being stared at by this girl. He never thought that such a young girl would have such an exposed gaze.

To be honest, the girl in front of him looked very sweet. It was just that her clothes were a bit old-fashioned, which lowered her looks.

The middle-aged man coughed dryly and walked over to remind his daughter, "Hui Hui Hui, you are an unmarried woman yet to come out of the pavilion. How come you are not reserved at all?"

"Dad, who isn't reserved now?" The girl blushed, but she still couldn't help but peek at Wu Tian's face.

She didn't know why, but the boy in front of her was so charming, it made her heart palpitate.

"Come, follow me back to my room." The middle-aged man picked up the axe and dragged his daughter's arm into the room.

"No!" The young girl let go of her father's arm and stubbornly said, "This little brother must have met with some trouble. Let's help him!"

"What if they are bad people?"

"Since little big brother looks so handsome, he definitely isn't a bad person."

"You ..." The middle-aged man was so angry that the corner of his mouth twitched. He pointed at his daughter's nose and complained, "Damned girl, you've been mesmerized by a man. You've really made me lose face."

The girl snorted and ignored her father as she said to Wu Tian, "You guys go take a seat at my house, I'll make some tea for you guys."

With that said, she brought the two into the room.

Her room was simple, with simple furniture and drinking appliances. In the middle of the living room, there were a few old sofas.

"Take a seat, I'll make some tea for you." After saying this, the young girl busied herself with making the tea.

She quickly made two cups of tea and handed them over.

"Thank you!" Wu Tian thanked her and took the tea from her.

"I'm Liu Hui, nice to meet you." The girl sat down opposite the two of them and introduced herself with a smile.

"My name is Wu Tian." Wu Tian put down the cup, and pointed at Blanche as he introduced her: "This is the Char Country Beauty Blanche."

"Are you in trouble?"

"It's like this. We were exploring nearby and ended up trapped in the Eight-Diagram Mountain Canyon ..."

"What?" The moment she heard about Eight-Diagram Mountain Canyon, Liu Hui instantly became nervous. "You are trapped in there?"

"Right."

"This is the Death Canyon. I heard that there's man-eating Divine Beasts inside. How did you come out?" Liu Hui looked at the two of them nervously.

"We killed the beasts, so we were able to escape."

"Did you kill the wild beast?" Liu Hui frowned slightly in doubt.

She couldn't believe that this frail man and woman could kill a wild beast.

It was said that the wild beast in Eight-Diagram Mountain Canyon was a thousand years old. It was invincible and invincible.

Just based on this man and woman, even if they had the ability to transcend the heavens, they still wouldn't be able to kill a God Beast.

"Yes, we pierced the beast's right eye and killed it." Wu Tian briefly explained the situation.

"You guys really are strong." Liu Hui chuckled dryly. She wouldn't believe such nonsense. She thought this handsome guy was joking.

"Little Sister Hui, can you lend us your phone for a bit? We want to make a call and ask our family to come over."

"No problem." Liu Hui skipped to her room and quickly found her cellphone and handed it to Wu Tian. "You can make a call!"

"Thank you!"

Wu Tian took the phone and was about to call Azure Dragon.

However, before he could dial the number, the middle-aged uncle snatched the phone from his hand, "You want to use my daughter's phone? No way, hurry up and get the hell out of my house."

"Uncle, we're just borrowing your phone." Wu Tian lowered his posture, smiled and said, "How about we give you money and make a call using your cell phone?"

"Sure, give me two hundred yuan and I'll lend you the phone." Hearing that he could earn money, the middle-aged man immediately changed his tone.

"No problem, but we don't have any money right now ..."

Before Wu Tian could finish his words, he was interrupted by the middle-aged man: "If you don't have money, then what are you borrowing? Get out of here quickly. If you don't get out, then don't blame me for being rude."

Saying that, he raised the axe and aimed it at Wu Tian.

"Dad ..."

Liu Hui was so frightened that she hastily hugged her father's arm and said anxiously, "If you cut a person, you will go to jail."

"So what if I'm in prison? When have I ever been afraid?" The middle-aged man waved the axe in his hand and shouted.

Originally, he was just trying to scare Wu Tian, but in the end, Liu Hui was frightened. She quickly comforted her father, "Alright, Dad, I'll let them go, is that not enough?"

She was worried that her father would cut him up and cause trouble, and she didn't want him to go to jail.

She could only apologetically say to Wu Tian, "Little brother, I'm really sorry. My dad is sick. You should leave quickly so that he won't hurt you."

"Alright!"

Wu Tian had no choice but to give up.

He had only wanted to use his phone to make a call, but he didn't expect the father and daughter pair to cause such a ruckus. It was truly speechless.

Just when Wu Tian was about to leave with Blanche.

The door was kicked open.

Hidden Billionaire Chapter 522 - Savage Village Tyrant

C522 Savage Village Tyrant

After the door was kicked open, a man with a black head and an earthy face barged in with five young men in tattered clothes.

Liu Hui and her father were frightened by these people and quickly retreated. The two of them hid behind the tables in fear.

"Old Liu, why did you hide when you saw me?" The dark-faced man shook his arm, and a sinister smile appeared on the corner of his mouth.

Liu's father clenched his teeth, pretended to be calm and asked: "Wang Ba, it's so late at night, why did you come to my house?"

The man called Wang Ba stepped on the table and said impatiently, "This is not nonsense. Of course I'm here to collect my debt."

"What account?"

"The fifty thousand that you borrowed from Jin has already been transferred to me. Just return the money to me." After Wang Ba said this, he took out the IOU from his pocket and placed it on the table.

Mr Liu picked up the slip of paper on the table and looked at it. As expected, it was written by him personally.

After a slight pause, he hurriedly changed his tone and said, "I don't have any money right now, can you spare me a few days?"

This man called Wang Ba in front of him was a famous village tyrant. He often did things to help others collect debts.

This kid had a strong physique. He was very good at fighting, and he could also take a beating. The main problem was that he was quite bold. He had violated the daughter of the village chief and spent several years in jail for doing so.

After we left the cell, Wang Ba did not restrain himself. He continued to commit heinous crimes in the village, and the villagers all dared to be angry, but none of them dared to say anything.

"Cut the crap, I have to get the money today." Wang Ba wiped his face and impatiently urged, "Hurry up and prepare the money for me."

"My son is in university, my daughter is also in high school, the family money has already been paid for school, I really don't have any money right now." Father Liu pretended to be pitiful.

He was also a cunning old man. In the village, he bullied the weak and feared the powerful. Many villagers were also afraid of this old man.

However, now that he met a character that was even more ruthless than him, Mr Liu could only admit defeat.

"If you don't have any money, use your daughter to pay your debt." Wang Ba's greedy gaze fell on Liu Hui. He licked his lips and smiled sinisterly, "Marry your daughter to me. I'll treat this fifty thousand yuan as your betrothal gift."

"That won't do."

Liu's father grabbed an axe and protected his daughter behind him. He said with determination, "If you dare to touch my daughter, I'll fight you to the death."

"You old bones, what are you going to use to fight me?" Wang Ba clenched his fists as he slowly approached his father.

"Wait!"

Seeing that Wang Ba was about to make a move on her father, Liu Hui braced herself and stepped forward. "Wang Ba, I advise you not to be arrogant. Otherwise, my boyfriend will never let you go."

"Then tell me, who's your boyfriend?" Wang Ba stopped his actions, his face filled with curiosity as he waited for the answer.

"He's my boyfriend." Liu Hui pointed at Wu Tian who was standing at the doorway and said in a frightened voice, "He just killed a divine beast in the Eight-Diagram Mountain Canyon."

At the moment, she didn't have a better way. She could only use this kind of stupid method to try to scare away Wang Ba's group.

No matter how vicious Wang Ba was, he was still afraid of Eight-Diagram Mountain Divine Beasts. When he heard that Wu Tian had beaten a Divine Beast to death, he would definitely be so scared that he would pee his pants.

But unfortunately, her thoughts were too naive.

"What? You said that this kid killed the Eight-Diagram Mountain Divine Beast?" Wang Ba walked over and circled Wu Tian.

"Right, Wu Tian first blinded the divine beast's right eye with his dagger, then he killed it with his bare hands." Liu Hui spoke with a serious tone, trying to make the lie sound flawless.

How could Wang Ba believe such nonsense? It was as if he had heard a huge joke and couldn't help but laugh out loud when he looked up.

Don't say that he didn't believe her, no one present believed her words. The followers behind him could not help but laugh.

Who in the village hadn't heard of a divine beast? That was a demonic existence. When it came to divine beasts, everyone was terrified upon hearing them.

It was said that God Beasts were invulnerable and had killed many World level masters. There was no one who wasn't afraid of God Beasts.

Naturally, no one believed that the weak and foolish boy in front of them could kill a Divine Beast. This was simply an international joke.

After laughing for a long time, Wang Ba then said to Wu Tian, "I heard that you killed a Divine Beast. You must be a brave warrior. How about we compare notes?"

"No."

Before Wu Tian could reply, Liu Hui hurriedly retorted, "Wu Tian had already expended all of his strength to kill the divine beast before. Isn't it unfair for you to attack him now?"

She was just finding an excuse to scare Wang Ba and purposely stalling for time. She didn't want to see Wang Ba and Wu Tian really fight.

With Wu Tian's delicate body, how could he be Wang Ba's opponent? He would probably be tortured to death.

She just wanted to find an excuse to suppress Wang Ba, but she didn't want Wu Tian to be beaten up for nothing. After all, this was the guy she liked.

"Shut up!"

Wang Ba glared at Liu Hui and continued to provoke Wu Tian, "You little rascal, do you dare to compete with me?"

"I don't want to fight you, so I urge you to leave quickly with your men." Wu Tian waved his hand impatiently and advised.

"Brat, you can even kill a Divine Beast, could it be that you're afraid of a living person like me?"

"Sorry, I've never treated you as a human. In my eyes, you're worse than a beast."

"You ..." The corner of Wang Ba's mouth twitched in anger. He gnashed his teeth and said, "Brat, don't be crazy. I'll make you suffer a fate worse than death later on."

After saying that, he raised his right hand and ordered his subordinates behind him, "All of you attack him together and beat him to death."

"Yes sir!"

After the five of them received their orders, they immediately threw themselves at Wu Tian.

Blanche knew Wu Tian's capabilities, so she was not anxious at all. She stood behind him as if she was watching a good show.

Liu Hui, on the other hand, started to worry when she saw so many hoodlums rushing towards Wu Tian.

If so many ruffians attacked together, even if Wu Tian wasn't beaten to death, he would have his flesh torn and mangled.

Other than being anxious, she had no other choice but to pray silently in her heart, hoping that no one would die.

However, she quickly discovered that this worry was unnecessary. Not only did Wu Tian not dodge, he also took the initiative to pounce towards the five ruffians.

After that, he swung his fist and viciously punched those five ruffians, one by one. In just a few seconds, all five of them were sent flying by Wu Tian, falling outside as they wailed in pain.

Seeing the scene before her eyes, Liu Hui was stupefied. She did not expect the strength of this delicate and tender looking boy to be so astonishing. He used his fist to completely overturn all five of the ruffians.

She had never seen a fist as strong as an ox before, but this time, she was truly amazed.

Never in her wildest dreams would she have thought that not only would the boy in front of her be handsome, but he was also so powerful that she became even more obsessed with him.

Liu Hui just stood there dumbly like that, staring at Wu Tian in a daze like a fanatic. She couldn't help but let her thoughts run wild.

Liu Hui's father looked at Wu Tian in surprise. He also didn't think that the kid in front of him would have such extraordinary skills. This caused him to be scared witless.

He originally thought this brat was a weakling that couldn't stand the wind. However, after seeing Wu Tian's true strength, he could not help but have a whole new level of respect for this kid.

He had lived for dozens of years, but he had never seen such a powerful expert.

Hidden Billionaire Chapter 523 - Borrowing a Mobile Phone

C523 Borrowing a Mobile Phone

The one who was the most shocked was none other than Wang Ba. Seeing his five subordinates being defeated, he was scared silly.

He was indeed very surprised. He did not expect that this silly boy in front of him had such a powerful skill. With just a few punches, he was able to completely defeat all of them.

He had met a lot of tough characters before, so he could be considered to have seen the world. However, it was his first time seeing an expert as powerful as Wu Tian.

Previously, when he said that this kid had killed a Divine Beast, he had felt it was funny. But now, after seeing this kid's true strength, he couldn't laugh at all.

With this boy's astonishing strength, it wouldn't be surprising if he could kill a God Beast.

"It's your turn."

After taking care of those ruffians, Wu Tian hooked his fingers at Wang Ba and teased: "Didn't you say you want to compete with me? Come, let's fight!"

"I... I admit defeat. " Wang Ba was so frightened that his neck shrunk and he retreated a few steps back.

He was not afraid of the heavens or the earth, but in front of Wu Tian, he could not help but tremble in fear. His legs trembled in fear.

"Weren't you very arrogant just now? How did you suddenly become a son of a b * tch?"

"Erm, I was blind just now. Sorry for offending you." After saying that, Wang Ba turned around and ran off.

"If you want to leave, it won't be that easy." Wu Tian grabbed Wang Ba's collar and said with a smirk, "Let me practice first."

He then punched and kicked him, and soon the man was bleeding and covered in wounds.

"Bastard! How dare you hit me?! I'm not done with you!" It took a long time for Kampa to get up from the ground.

He could be considered to have a little bit of fame in this village. He had never been beaten up by anyone before, but he never expected to be beaten up by this brat.

Wu Tian punched Wang Ba's head again, provoking him, "What can you do to me if I hit you?"

"Brat, just you wait. If you have the guts, don't leave. See how I'll deal with you." Wang Ba threatened him, causing him to be so scared that he pissed his pants and left the area.

He was not willing to be tyrannized by a silly boy. After he left, he did not go far. Instead, he hid in the small forest at the village entrance and called for reinforcements.

After Wang Ba left, those ruffians also quickly fled, and the room quickly quietened down.

After those people were chased away, Liu Hui walked forward and grabbed Wu Tian's arm, exclaiming excitedly, "Little brother, I didn't expect you to be so good at beating up those bad guys to the point that they cry for their parents."

"It's them who are too weak." Wu Tian chuckled dryly. The little girl's intimate action made him feel very uncomfortable.

"You're the bravest and most powerful man I've ever met." Liu Hui hugged Wu Tian's arm even more tightly, "You saved us today, I must repay you."

"It's nothing, you don't have to be so polite."

"How about I be your girlfriend?" Liu Hui bit her lips and took the initiative to suggest.

From the very beginning, she was infatuated with Wu Tian's handsome face and temperament. After seeing Wu Tian Qiang's powerful skills, she was infatuated to the point of being mesmerized.

At this moment, she no longer cared about being shy and reserved, and confessed to Wu Tian in front of her father.

"You are really fooling around."

Father Liu stepped forward and separated his daughter's arms, berating her, "You are still so young, yet you are taking the initiative to act so shamelessly."

"Dad, I like Wu Tian, I want to be his girlfriend." Liu Hui raised her head stubbornly with a rebellious look in her eyes.

A girl of her age had never been in a relationship, so she didn't know anything about love between men and women.

She only knew that if she had feelings for this boy, she wouldn't be able to resist confessing. She didn't care about her shame and modesty at all.

"No, I don't agree." Mr Liu stared at his daughter and roared. Then he said to Wu Tian at random, "You guys hurry up and leave. You are not welcome at my house."

"Dad, Wu Tian just saved us. Even if you don't agree to my relationship with him, you can't kick him out, right?" Liu Hui reprimanded angrily.

"What do you know?"

Liu's father roared at his daughter, leaned his head over and whispered, "That brat beat up Wang Ba, so he's considered to have stirred up a huge trouble. Staying here will only implicate us and bring us trouble."

"Dad, how can you be like this? If it wasn't for Wu Tian, you probably would have been injured by Wang Ba's group ..."

"Shut up!"

Mr. Liu didn't listen to his daughter's nonsense, he urged Wu Tian once again, "Our Liu family doesn't welcome you, hurry up and get out of here."

"Then we won't disturb you." After Wu Tian said this, he turned around and left with Blanche.

As soon as the two of them walked out of the living room, they saw Liu Hui jogging out, "Wu Tian, I'm so sorry, my dad went too far just now and said that to you."

"It's fine. He's doing this for your own good. Hurry up and go back!" Wu Tian smiled and didn't take this small matter to heart.

There was no need for them to quibble about such insignificant matters.

"Didn't you want to use your cell phone?" Liu Hui glanced at the door, then sneakily took out her phone, "This is for you, thank you for saving my life."

"I can't accept this ..."

"Hurry up and take it. My dad will see it later."

"Alright, I'll return it to you after the call." It was hard for her to refuse, so Wu Tian could only accept the phone.

At that moment, Mr Liu rushed out and grabbed Liu Hui's arm. "Damned girl, who let you come out? Come, come with me."

"Dad, you can't treat Wu Tian like this, he's our benefactor ..."

"What are you saying, go home." Father Liu did not care that much. He forcefully dragged his daughter back into the room and then locked the door.

Soon, the sound of father and daughter arguing could be heard coming from the room.

Looking at the tightly shut door, Wu Tian felt a little sorry. He didn't expect that his arrival would cause the father and daughter pair to have a conflict.

Although her father was a bit unreasonable, Liu Hui was a good girl. She was simple, simple, daring to love, daring to hate.

"Hey, what are you daydreaming about?" Blanche walked over and nudged Wu Tian's arm, reminding him in a small voice.

"Oh, I didn't." Only then did Wu Tian come back to his senses.

Blanche walked in front of Wu Tian and blinked her round eyes. "I think that girl is attracted to you."

When she said this, there was a hint of bitterness in her tone. It was hard to tell if she was jealous or angry.

"It's not that she was tempted by me, it was just an ignorant feeling." Wu Tian smiled bitterly and shook his head. He raised his phone and said, "I'll call the secretary and ask her to arrange people to come and meet us."

"Let me do it!" Blanche pursed her lips and smiled. She took the phone from Wu Tian and started to make calls.

After making the call, she held the small red phone and asked, "What do we do with this phone? Shall we give it back to the girl? "

"Of course."

Wu Tian took the phone and knocked on the door.

After waiting for a long time for the door to open, Mr Liu stuck his head out and angrily asked: "Brat, what more do you want?"

"This is your daughter's ..." Wu Tian handed over the phone, but before he finished his sentence, he was interrupted by his father: "You rascal, you actually stole my daughter's phone."

"It's not stealing. I'm just borrowing it."

"Bring it here." Mr. Liu grabbed the phone and asked in a cold voice, "Did you remember my daughter's cell number?"

Hidden Billionaire Chapter 524 - Large Row Face

C524 Large Row Face

"I just used her phone to make a call. I didn't remember the number." Wu Tian explained patiently.

"Then hurry up and leave. Don't bother my daughter again in the future." After saying that, Mr Liu closed the door and locked it again.

Wu Tian smiled bitterly as he shook his head. He didn't say much and walked over to Blanche, "When will your people be coming over?"

"Half an hour at most."

"Then let's wait here!" Wu Tian looked around, walked to the pile of wood and sat down.

Blanche followed him with small steps and whispered mysteriously, "That girl is hiding in the room and peeking at you!"

"What?"

Wu Tian was slightly stunned. He looked up and found that Liu Hui was indeed hiding behind the window. Her two big eyes were staring unblinkingly in their direction.

"You sure are charming." Blanche bit her lips and said sourly, "So fast, you've already captivated people."

"I'm too handsome. There's nothing I can do." Wu Tian touched his thick skin and shamelessly mocked himself.

Previously, his appearance was very ordinary. Ever since he had taken the Blood Ganoderma Herba, his appearance had changed a little. His skin became more exquisite, and the outline of his face became even more perfect.

Not only his appearance, but his entire temperament had undergone a tremendous change, and now he looked even more charming.

A disdainful voice rang out.

Blanche snorted, and said unhappily: "I see that all of you China girls are infatuated with handsome men."

"In other words, you're a fanatic too?"

"I ..." Blanche was momentarily speechless.

She couldn't deny that she was already obsessed by Wu Tian and was no different from a fanatic.

But there was one difference. She was not enchanted by Wu Tian's appearance and strength, but by the boy's heroic act of risking his life to protect her.

Her mouth was wide open for a long time before she angrily warned Wu Tian, "Turn your head around, you're not allowed to stare at that girl."

"I never thought that a dignified Char Country princess would actually feel jealous ..." After Wu Tian said this, he couldn't help but laugh.

"I didn't." Blanche stroked her hair and retorted in a low voice with an embarrassed expression.

Although she didn't want to admit it, she was jealous.

The dignified Princess Cha Er was jealous of a China boy. If this news got out, she would definitely be laughed out of her wits.

The two of them waited outside for less than half an hour before more than a dozen luxury cars sped by. Soon, the tranquil night in the village was broken.

The lights of the luxury cars were exceptionally bright during the night. Soon, they illuminated the entire village, attracting the attention of the villagers. Many of them opened their doors to peek outside.

"Father ..."

Liu Hui was staring out of the window at Wu Tian in a daze. She didn't expect that more than ten luxury cars would appear in the village. She hastily asked her father, "Why are there so many cars in our village?"

"My God!"

Father Liu also noticed the magnificent parade of carriages outside. He could not help but exclaim, "They're all Mercedes-Benz."

"You know these cars?"

"I've seen it on TV. It costs more than two million."

"A car is worth two million, fifteen cars is worth more than thirty million, right?" Hearing that these cars were so expensive, Liu Hui was so shocked that her eyeballs almost popped out.

"Of course."

"Why are there so many luxury cars in our village?"

"They should be rich relatives from other families. Come, let's go out and join in on the fun." Father Liu pulled his daughter along as he said this.

Perhaps he was worried that his daughter would have sex with Wu Tian again, so he pulled on her arm to prevent her from running around.

Liu Hui originally wanted to go find Wu Tian, but her father was controlling her so she had no choice but to stay by his side.

"Dad, those luxury cars seem to be coming to our house?" Liu Hui couldn't help but exclaim out loud when she saw the cars driving towards them.

"That's not right, how could there be such a rich relative in our family?" Liu's father scratched his head as suspicion arose in his heart.

Sure enough, more than ten cars were speeding along the road to the Liu family. They were lined up in a row on the ground, creating a spectacular scene.

Seeing so many luxurious cars within reach, the Liu father and daughter were extremely nervous. They had never seen such a scene before.

Just when the father and daughter were guessing the origins of these luxurious cars, they saw more than ten men in suits and sunglasses getting off the cars and respectfully invited Wu Tian and the foreign girl into the cars.

It wasn't until this moment that the father and daughter understood that these luxurious carriages were here to pick up Wu Tian and that foreign girl.

"Good boy, I didn't expect Wu Tian to be so ostentatious." Liu's father swallowed his saliva and couldn't help but sigh.

He originally thought that this brat was poor and couldn't even afford to buy a phone, but he didn't expect him to have so many luxurious cars.

"I could already tell that they were not ordinary people. It's just that this scene is too big!" Liu Hui swallowed her saliva. She felt like she was in a dream.

Just now, Wu Tian and a foreign girl were in dire straits. He was even lowering his voice and borrowing his phone to make calls. Who knew that in the blink of an eye, there would be a luxurious fleet coming to meet up with them.

The contrast was too great, and it caught her off guard.

"Xiao Hui, what are you waiting for? Shout." Liu's father nudged his daughter and reminded her anxiously.

Liu Hui didn't know what to say, so she asked with a puzzled expression, "What should I say?"

"Hurry up and stop Wu Tian, I agree to let you interact with him."

"Dad, you didn't want to do it before, but why did you suddenly agree?"

"Stop talking nonsense first, hurry up and stop Wu Tian. Otherwise, it'll be too late." Father Liu urged her.

It wasn't easy to meet such a wealthy person. No matter what, he had to let his daughter seize this opportunity. It would be such a pity if she missed it.

"Wu Tian ..."

Seeing that Wu Tian was about to get on the car and leave, Liu Hui didn't have the time to care about that as she shouted in a hoarse voice.

When Wu Tian heard the shout, he turned to Liu Hui and asked, "Sister Hui, is there anything else?"

"About that, I ..."

Liu Hui walked over, her face red and bashful, unable to say anything for a long time.

She really wanted to confess to Wu Tian. She really wanted to be this boy's girlfriend, but she just didn't know how to ask.

Wu Tian, who was sitting in the car, had already put some distance between her and Ye Zichen. She felt like she wasn't worthy of him at all.

In the end, her father came over and explained with a smile: "Hui'er likes you and wants to be your girlfriend."

"This ..."

Just as Wu Tian was thinking about how to refuse, Blanche, who was beside him, put her arm around his arm and smiled, "I forgot to tell you guys, I'm Wu Tian's girlfriend."

"What ..."

Liu Hui was incomparably dejected when she heard this.

She never thought that a perfect China man like Wu Tian would be snatched away by a foreign girl.

She was unwilling, but there was nothing she could do.

"Beautiful Miss China, this is for you." In order to appease Liu Hui, Blanche took out a necklace made of gemstones and handed it over to her. "I hope you can find your husband as soon as possible."

Then she closed the door and had someone drive away.

As Liu Hui watched the convoy leave, she felt incredibly dejected.

Hidden Billionaire Chapter 525 - Return to Luzhou

C525 Return to Luzhou

More than ten luxury cars sped by, and very quickly, they brought Wu Tian and Blanche back to the Luzhou City.

Looking at the neon lights flashing on the streets, Wu Tian's mood was extremely complicated. After being trapped in the canyon for eight days, he finally returned to the city that he had lived in for more than twenty years.

Everything he had experienced before was like a nightmare. When he woke up, it was as if nothing had happened.

Half an hour later, the caravan stopped in front of the Golden Hall. Blanche suggested, "Wu, it's already so late. Why don't you go to my place first?"

"I've been away from home for too long. I want to go home first." Wu Tian was worried about Elder Sister Lan, Xue, and the others. He had disappeared for several days, so they probably went crazy because of him.

"If you go home like this, I'm afraid you'll scare your family."

"True." Wu Tian glanced at his tattered clothes, which were stained red with blood. "My appearance is indeed scary."

"Why don't you go to my room to take a bath first and change into a set of clean clothes? I still have something to tell you."

"Sure." Wu Tian nodded and agreed to this suggestion.

If those women saw him like this, they would definitely be scared half to death.

"Let's go!" Blanche pushed open the car door and led the way to the hall.

Wu Tian followed her inside. After taking the elevator upstairs, he arrived at the luxurious suite that Blanche lived in.

More than ten foreign girls were standing in the room, bowing in unison. It was a spectacular scene.

One of them, a foreign girl Wu Tian had met before, was Blanche's assistant. She quickly stepped forward and said, "Miss Bu, we lost contact with you recently and are about to die from anxiety. We've sent many helicopters and rescue teams deep into the vicinity of Eight-Diagram Mountain ..."

"You've all worked hard." Blanche interrupted her assistant and instructed, "You may all leave first. Make some preparations and return home tomorrow."

"Yes sir!"

After answering, the foreign girl led the servant and bodyguard out of the room. When she passed by Wu Tian, she couldn't help but take a few more glances.

After the servants left, the room became much quieter.

Wu Tian walked over and couldn't help but ask: "I heard you say that you are returning home tomorrow?"

"Yes, the reason why I came to China is to find the Blood Ganoderma Herba to treat my father's illness. Now that the Blood Ganoderma Herba has been found, I need to hurry back." Blanche explained with a serious tone.

"Alright, then I wish your father a speedy recovery."

"Thank you!"

Blanche pursed her lips into a smile, pointed at the bedroom and said, "Go and take a bath first, I'll get someone to find clothes for you."

"Ok!"

Wu Tian stretched, turned around and went into the bathroom to take a bath.

This should be Blanche's private bath, the bathroom was filled with the fragrance of a virgin, it smelled especially comfortable.

The moment he took off his shirt, he heard a knock on the door, "Hello, Mr Wu. Miss Bu asked me to send you some clothes."

"Alright." Wu Tian quickly put on his shirt and opened the door.

He saw the foreign girl standing in the doorway with the clean men's clothes in her arms, with the men's underwear still on them.

Wu Tian quickly took the clothes and smiled awkwardly: "Beauty, thank you for your consideration."

"This is what Miss Bu prepared for you." After saying this, she didn't forget to add, "Miss Bu told you to take a shower and be careful not to let the wound on your back get wet, lest you get infected."

"Alright, then help me thank you, Miss Bu."

"Alright!" She slightly nodded her head before turning around and leaving.

Wu Tian glanced at the clothes in his hands, locked the door, and then started to take a shower.

The bite wound on his back by the wild beast had not completely healed yet. He might get infected if he touched water, so he took a shower carefully, trying not to let his back touch the water.

After the bath, he changed into a set of clean clothes. He hadn't taken a bath for eight days. Now that he had changed into a new set of clothes, he felt extremely comfortable.

When he came out of the bathroom, he saw Blanche sitting in the living room, talking on the phone. She had already showered and changed into a nightgown.

"Come and sit." Seeing Wu Tian walk out of the bathroom, Blanche hung up the phone and pointed to a nearby location.

"Alright!"

Wu Tian walked over and sat in front of Blanche. He smiled and said, "The suit you chose for me is very suitable."

"As long as you like it."

Blanche stood up and opened a bottle of red wine from the cabinet. She poured two cups and pushed one cup in front of Wu Tian, "Wu, accompany me to drink."

"Ok!"

Wu Tian grabbed his wine cup and walked in front of Blanche, "Come, let's celebrate our escape from death and toast to rebirth."

"Cheers!" After Blanche clinked her glass, she drank all of the red wine in it in one gulp.

She exhaled a breath of alcohol and sighed with a smile, "I never thought that I would fall into the canyon, much less that I would be able to survive after falling into the canyon."

"You are the Princess of Char Country, your fate is great." Wu Tian poured half a glass of red wine for Blanche.

"No, it's not that my life is great. The reason why I was able to miraculously survive was because I had you. It was you who saved my life."

"You saved me too, we're even."

"This is unfair." Blanche stared into Wu Tian's eyes and said with deep emotion, "I will never be able to repay your kindness. I will owe you my life."

"It's not that serious."

"I want to repay you with my entire life if I can."

"What ..." The smile on Wu Tian's face gradually disappeared. This woman's tone was sincere, her expression was serious, and there was no hint of joking.

Faced with such a direct confession, Wu Tian could only politely reject it: "You don't have to repay me, nor do you have to repay me with your body."

"I have to return home tomorrow. Before I leave, I have a very important question to ask you."

"Go ahead."

"Would you marry me?"

"I ..." Wu Tian embarrassedly scratched his head, and tactfully refused: "You are the princess of Char, an ordinary person like me is not fit for you."

She was very beautiful, very sexy, excellent in every way, and a rare world-class beauty.

But in the end, this was still a foreign woman, and she was even a Princess of Char Country. He was naturally unwilling to marry such a woman, and various cultural, political, and geographical factors such as her.

Moreover, he only had a good impression of this woman. Having experienced life and death situations together, it wasn't to the point of discussing marriage.

"You are worthy. In this world, only you are worthy." Blanche bit her lips and said gently, "I've never had feelings for a man before. You're the first man I admire."

"We are not suitable for each other. You, a dignified princess of the Char Country, fundamentally cannot marry a man like me, who possesses China."

"I can make you a man of Char Country, make you the supreme leader, and become the king of our Char Country." Blanche was completely confident.

As long as Wu Tian nodded, she could fulfill all her promises.

Ever since her father had gotten sick, she had been in control of the true power of Char Country, so many things were only natural for her.

"I'm sorry!"

Now that the words had come to this point, Wu Tian couldn't drag his feet any longer and decisively refused: "We are not suitable, I won't marry you, and I also don't want to be the leader of your Char Country."
