C526 Stay

Hearing this, Blanche was extremely disappointed. With a dejected expression, she asked, "Why don't you want to marry me?"

"I don't love you. Marrying you will only hurt you." Wu Tian gave the answer, something like this must be decided immediately.

"If you don't love me, then why did you sacrifice your life to save me?"

"It's an instinctive reaction."

"I don't care. You saved me, so you should be responsible for me."

"What kind of logic is this?"

"Forget it, let's not talk about this for now." Blanche raised her wine cup again, "I will give you time. You should think about it carefully. I hope that the next time you come to China, you will have an affirmative answer."

"The answer is the same. I won't marry you."

The sound of cups being placed sounded out.

Blanche finished her drink and placed the cup on the table. She said firmly, "I will get what I want. I will never fail."

With that said, she strode towards the bedroom.

"Bastard!"

Wu Tian cursed as he poured the red wine into his mouth.

Never in his dreams did he expect that because of this accident, he would be targeted by Princess Char Country and had to force himself to marry her.

If it were any other man, he would have gone mad with joy. Marrying such a beautiful and sexy Princess Cha Er would grant him unparalleled authority, and no man would refuse.

However, to Wu Tian, he couldn't be happy at all.

There was a woman he liked in his heart, and he had no emotional entanglement with the foreign princess, let alone talk about marriage.

Furthermore, he had to stay in the China to complete his clan's mission, so naturally, he could not emigrate to marry a foreign girl.

Just as he was sitting there in a daze, her assistant walked over, "Mr Wu, it's too late. Miss wants you to stay tonight."

"What?" She wants me to stay the night? " Wu Tian was shocked, he thought he heard wrong.

"Mr Wu is overthinking it. Miss wants you to stay in the guest bedroom."

"I don't need it." Wu Tian put down his wine cup and stood up from the sofa. "Help me thank you to you, Miss Bu. Also, tell her that I have something to do at home."

After saying that, Wu Tian prepared to walk out.

He had only taken two steps when she blocked his path. "Miss wants you to stay and send her off tomorrow morning."

"Then I'll come over early tomorrow to send Miss Bu off." Wu Tian was anxious to go home. He wanted to report to Elder Sister Lan and Xue that he was safe so that they wouldn't worry.

"Mr Wu ..."

Once again, she blocked Wu Tian's path, "I don't know what Mr Wu talked about with Miss. Tonight, she was in a very bad mood, so I hope that Mr Wu can stay behind to avoid any accidents."

"It's that serious?"

"I'm not afraid of ten thousand, just in case. After all, Miss has a very high status. If something happens, I won't be able to take responsibility."

"Alright, then I'll stay here tonight." Since the conversation had come to this point, Wu Tian had no choice but to stay.

As far as he was concerned, with Miss Bu's personality, there was no way she would do something so foolish as seek her own death.

But the assistant's words made sense. If Blanche really had an accident because of him, then he would definitely not feel well.

"Mr Wu, the guest bedroom is over there, the cigarettes are in the drawer and the alcohol is on the cabinet. Other than Miss's bedroom, you can go in and out of any other rooms. If you need anything, just call for me." Having said so, she turned around and went to Blanche's room.

Wu Tian walked over to the drawer and opened it. He saw that there were a lot of high-end cigarettes in the drawer, so he casually took a pack and entered the guest bedroom.

He lay awake, fumbled for a cigarette, lit it, and thought about what had happened.

This fall into the canyon was a blessing in disguise for him. He had obtained the Blood Ganoderma Herba from the canyon and escaped with Blanche.

After consuming the Blood Ganoderma Herba, his face and aura had changed. At the same time, his physical strength had increased by a hundred times.

Now that he had the Blood Ganoderma Herba, he could finally relax and practice Alien Fist.

As he was thinking, his thoughts once again turned to Blanche.

He hadn't known Blanche for long, but he felt especially close to her, as if they had met ten years ago.

Blanche's attitude towards him had also changed greatly. Previously, Blanche had been especially untrustworthy towards him and had been on high alert. She would not have any physical contact with him.

It was different now. Not only did Blanche trust him, she even started to rely on him now.

She had maintained her distance from him from the start, and had even taken the initiative to confess. She developed feelings for him.

This change caught Wu Tian off guard. Even in his dreams, he never thought that the Char Country Princess would fall in love with him in such a short period of time.

His mind was in a mess. After finishing one cigarette, he didn't feel sleepy at all, so he simply lit another ...

In the bedroom next door.

Blanche was lying on the bed reading a book. She didn't even look up as she asked her assistant, "Did you keep Wu Tian here?"

"Mr Wu insisted on leaving. I spent a lot of effort to get him to stay." The assistant explained with a smile.

"That's right!" Blanche continued to stare at the book without lifting her head.

"Right." The assistant frowned slightly. She couldn't help but question in a low voice: "Why did you let Mr Wu stay here?"

"Rest assured."

Blanche put down the book in her hands. She explained with a half-smile, "It gives you a sense of security to leave him in the next room."

"What do you mean?"

"Don't ask so much, you wouldn't understand even if I told you."

"Yes sir!" The assistant lowered her head, not daring to ask.

"Oh right, arrange someone to investigate Wu Tian's situation, I need to control his movements in the China."

"Why are you investigating Mr Wu?"

"Don't ask what you shouldn't ask, just do as I say."

"Yes sir!"

"You can stay next to Wu Tian tonight. If you need anything, just come over. Remember to put on your clothes, don't expose yourself too much."

"Yes sir!" Although the assistant didn't understand Miss Bu's intention, she nodded obediently in response.

She kept having the feeling that Miss Bu had been a little obedient when she came back this time, as if she was especially interested in that China man called Wu Tian.

"Alright, if there's nothing else, you can leave first."

"Yes sir!" The assistant answered and left the room.

Blanche got off the bed and went to lock the door.

After some thought, she unlocked the door again.

She believed that Wu Tian would not easily barge into her bedroom. He would not do anything out of line to her.

Blanche lay on the bed, tossing and turning, unable to fall asleep as she thought about the recent events in her mind.

The recent events were all related to Wu Tian. Every movement, gaze, and smile of this man lingered in her mind.

Especially in the canyon, she was almost bitten by wild beasts. At the critical moment, Wu Tianshi rushed over to her and helped her bear the pain of being bitten.

There was probably no other man in the world who would risk his life for her.

At that time, she secretly swore that as long as she could leave the canyon alive, she would definitely marry Wu Tian.

She definitely wouldn't miss such a good man.

## **Hidden Billionaire Chapter 527 - Return Safely**

C527 Return Safely

The night passed in silence.

The next day, when Wu Tian woke up, the sky was already bright.

When he got up, he found that the suite was empty. Blanche and her servants and bodyguards had long since disappeared.

Very quickly, he found a note on the tea table in the living room. Several lines of Chinese words were written crookedly on the note: Wu, I didn't wake you. I'll go home and treat my father. I'll come find you at China after my father's illness recovers, Bu.

After reading the words on the note, Wu Tian was stunned for a few seconds. Then he turned around and left the room with the note.

He had been too tired and sleeping soundly recently. He didn't even know when Blanche left.

Forget it, let's just return to Aifei Castle first. After missing for such a long time, everyone would definitely be worried for him.

When he went downstairs, he was ready to stop the car, but he found that his pockets were cleaner than his face, and he didn't have a single cent on him.

Blanche had prepared this set of clothes for him last night. All of the previous cash, bank cards, and cell phones had been left behind in Eight-Diagram Mountain Canyon.

Since he didn't have the money to take a taxi, he could only walk back to Aifei Castle.

Fortunately, this place was not far from his residence, and it only took him fifty minutes to return to the Aifei Castle.

He discovered that the inside of the winery was in chaos. Many police officers were searching the winery, and at the same time, there were also many unknown people entering and exiting the winery.

Wu Tian quickened his steps and walked into the winery. He soon saw Loong Yun in the castle. He hadn't seen her for almost ten days, so she looked a lot more haggard.

At this moment, Loong Yun was busy making phone calls. She had a bad temper and was yelling into her phone like a tigress.

Other than Loong Yun, there was no one else in the castle.

"Secretary Loong ..."

Wu Tian walked into the castle and shouted at Loong Yun, who was on the phone.

"Young Master."

Hearing this familiar voice, Loong Yun's arm trembled. Her phone slipped from her hand and fell to the ground.

She didn't have time to pick up her phone and quickly turned around. She saw Wu Tian standing at the entrance of the hall unharmed.

Seeing this familiar face, she was extremely excited in her heart. With a somewhat tearful voice, she said, "Young Master, you're finally back."

The young master had been missing for nine whole days. During this time, she could neither think nor sleep, so she used her family's power to search for the young master everywhere.

She had searched for so long but to no avail. This made her anxious and unable to control her emotions. That was why she shouted at her subordinates.

Just when she was feeling extremely anxious and desperate, she didn't expect her young master to suddenly appear. One could imagine how excited she was.

"Don't worry, I'm fine." Wu Tian walked towards Loong Yun and comforted her with a smile.

"It's good that you're fine." Loong Yun looked Wu Tian up and down and couldn't help but to ask, "I can't find your whereabouts during this period of time, nor can I reach you on the phone. Where did you go?"

"This is a long story, I'll explain it to you slowly later. Go pour me a glass of water to drink."

"Yes sir!" Loong Yun wiped her red eyes and hurriedly ran over to pour a cup of warm water for Wu Tian, "Young Master, have some water."

"Alright!"

Wu Tian took the cup and drank a few mouthfuls of water. Then, he said to Loong Yun, "You've been tired out recently. Look, you seem to have lost a lot of weight."

"As long as young master is safe and sound, anything I do is worth it." Loong Yun couldn't hide the excitement in her heart as she forced a smile on her face.

Ever since that time in the capital, when her young master had risked his life to protect her, she had been especially touched. After that incident, her young master's status had become especially important to her.

After her young master went missing this time, she was practically burning with anxiety. She swore to herself that even if she didn't eat, drink, or sleep, she would find her young master.

"I'm honored to have such a beautiful and sincere secretary." Wu Tian grinned and couldn't help but ask, "What are the police and the men in black doing at the manor doing?"

"Those are the people from the investigation team. I asked them to come and help look for young master." Loong Yun paused for a moment before continuing, "This time, when Young Master went missing, I've used up almost all of my forces. Even if it means digging the earth, I must find Young Master."

"Where are Elder Sister Lan, Xue'er, Azure Dragon and the rest?"

"Everyone is split up to look for Young Master." Loong Yun answered and continued, "Azure Dragon is currently contacting Bai Sha Hall to look for Young Master in all areas of power, while Miss Shen is contacting your friends and classmates to find out your whereabouts. Miss Huang is using the power of the entertainment circle, and Uncle Fugui is organizing all of the taxi drivers to scout your whereabouts. Police Officer Su is working with all the police forces to search everywhere."

"With my disappearance, everyone has truly suffered." Wu Tian scratched his head awkwardly and instructed Loong Yun, "Tell everyone to stop looking."

"Yes, I'll inform them right away. Young master, you're safe and sound."

Having said so, Loong Yun called for the retreat of the investigation team and informed everyone that the young master was safe and sound.

Before long, everyone began to return to the Aifei Castle.

The first to rush home was Shen Xue. Originally, she was investigating Wu Tian's whereabouts at the Polytechnic University, but after hearing that Wu Tian had safely returned home, she rushed back to Aifei Castle with her fastest speed.

The moment she saw Wu Tian, she jumped into his embrace and started crying like a child.

"Don't cry, it's so ugly." Wu Tian reached out his hand to wipe away the tears at the corner of her eyes as he joked with her.

"You're the one who's ugly." Shen Xue wiped her tears away with her sleeve and scolded angrily, "Where have you been? I'm worried about you, do you know?"

"Got it."

"Then where did you go?"

"Going abroad on business."

"Then why didn't you tell me when you left? Why can't I get through?" Shen Xue asked angrily.

"I left in too much of a hurry. I forgot, my phone broke as well." Wu Tian casually replied and did not speak the truth.

If he told Shen Xue about his experience in the canyon, this girl would definitely be even more excited.

"I'm warning you, if you don't tell me when you're going out next time, don't even think about going home."

"Alright, I'll definitely tell you next time." Wu Tian reached out his hand to wipe away the tears on Shen Xue's face.

Just as he was comforting her, he saw Huang Lan come back hastily and ask her, "Where have you been all this time? Do you know how worried everyone is for you?"

"I know!"

Wu Tian chuckled and explained, "I was out on a business trip and forgot to tell you guys. I'm really sorry."

"You're not hiding it from us, are you?"

"I swear to Heaven and Earth, I won't."

"Forget it, it's good that you're back." Huang Lan didn't say anything more. She just looked at Wu Tian with a dubious expression.

She had been looking forward to Wu Tian's early appearance.

Every time she saw news of a sudden death in the wilderness, a car accident, or a fall off a cliff, she became extremely nervous, fearing that Wu Tian would suddenly die.

However, now that she saw that Tian had returned safely, the worry in her heart was lifted.

Soon after, Azure Dragon and Su Ruyun also came back.

In this period of time, they had been too busy searching for Wu Tian to eat.

After the meeting, Azure Dragon did not say a word. He just tightly hugged Wu Tian as if he had just experienced life and death.

## **Hidden Billionaire Chapter 528 - Family Dinner**

C528 Family Dinner

Su Ruyun, on the other hand, couldn't help but retort, "I didn't expect you to come back alive. I thought you were dead!"

"Police Officer Su, even if I die, I'll die with you." Wu Tian took a few steps forward and mercilessly replied, "You and I can't be born in the same bed, I hope we can die in the same place."

"What a scoundrel you are!"

Su Ruyun rolled her eyes in annoyance. She knew that her eloquence was not as good as Wu Tian's, so she didn't say anything more.

Following that, Liu Fugui's family, Lu Dingquan, Lu Xiaomei, Feng, Sunn Xiaohao, and Sun Tie all rushed over.

Sunn Xiaohao did not know about Wu Tian's disappearance. Two days ago, Sunn Xiaohao received a call from Shen Xue. Shen Xue asked him where Wu Tian was, and only then did he find out that Wu Tian had gone missing.

After Sunn Xiaohao found out about Wu Tian's disappearance, he and Jiang Wan also contacted their classmates and friends nearby to find out about Wu Tian's whereabouts.

Today, Sunn Xiaohao received the news that Wu Tian had returned safely, so the two of them rushed over as fast as they could.

Everyone was concerned about Wu Tian and asked about his situation these past few days. They all wanted to know what exactly he went through these past few days.

In order to not cause panic, Wu Tian didn't tell everyone the truth. In the end, he lied and said that he was travelling abroad.

Seeing so many people gathered in the manor, Wu Tian suggested to have a party at home and let Lu Dingquan arrange it.

Everyone was very happy when they heard about the party. In order to find Wu Tian these days, everyone was very tired, so they took this opportunity to relax.

Under the arrangements of Lu Dingquan, Shen Xue was in charge of cooking in the kitchen while Su Ruyun and Aunt Liu helped Shen Xue.

Loong Yun and Azure Dragon were in charge of purchasing fruits, cakes, red wine and food, while Liu Fugui was in charge of entertaining everyone.

Huang Lan was in charge of decorating the manor. She spread a red carpet to add to the atmosphere, and also prepared some flowery fragrance. She set up a table with red wine, fruits and cakes. Lu Xiaomei and Feng helped Huang Lan.

Everyone was busy with their work, except for Jiang Wan and Sunn Xiaohao — this made them feel a little awkward.

The girls were busy, and it wasn't convenient for them to interfere, so they could only stand to the side and watch, like two idiots.

"Xiaohao, Jiang Wan, how is my Aifei Castle Wine House?" Wu Tian walked between the two of them and asked with a smile.

"The environment is beautiful, the scenery is beautiful, green fields, lakes, rockery, landscape forests, small gardens, golf courses, and a grape base, a castle of European style, this is simply a paradise." Looking at the beautiful scenery in front of him, Sunn Xiaohao felt extremely relaxed and happy in both body and mind.

"Not only is your manor beautiful, the women are beautiful too." Jiang Wan pointed at the women's busy figures and couldn't help but tease Wu Tian, "You have too many women here. They are all so pretty."

"I still have a lot of empty castles, how about you guys move in together?" Wu Tian suggested.

"Forget it, we don't want to be the electric light bulb here. We watch you and the beauty get along all day." Jiang Wan deliberately raised his voice as he mocked.

If they stayed there and watched Wu Tian interact with those beauties all day, wouldn't they die from anger?

"Scram." Wu Tian raised his leg and kicked Jiang Wan's butt as he swore, "If you continue talking nonsense, I'll kill you."

"Honestly, with so many girls around, which one of them do you like?"

"Don't ask me such a profound question. Come, drink." Wu Tian picked up the wine cup and clinked his cup with Sun and Jiang. After that, he drank all of the red wine in the cup in one gulp.

After drinking, Sunn Xiaohao remembered something, "Oh yeah, Teacher Mu asked you a few times these days."

"So you say?"

"What else can I say? I said you were sick."

"Xiaohao, I didn't expect you to know how to lie ..."

"I learned it from you." Sunn Xiaohao glared at Wu Tian and suggested, "Teacher Mu is so concerned about you, why don't you invite Teacher Mu to join the banquet?"

"Alright, I'll give Teacher Mu a call." Wu Tian put down his wine cup, returned to the castle and used his landline to call Mu Ran.

It took a long time before the call connected. Mu Ran's voice came through the phone, "Hello, may I know who you're looking for?"

"I'm looking for Teacher Mu."

"You are ..." Mu Ran was slightly stunned and quickly reacted, "You are Wu Tian."

"Yes, it's me."

"Where have you been these past few days? Why didn't you come to school? How come I can't get through to you?" Mu Ran asked a few questions in a row, her tone clearly angry.

This was the longest time Wu Tian skipped class in history. The key was that she couldn't even get through to Wu Tian's phone.

"I was on a business trip a while ago, but I got into a car accident and got stuck outside." Wu Tian lied immediately.

Upon hearing about the accident, Mu Ran asked in concern, "Are you alright? Are you hurt?"

"I'm fine, but I'm stuck in the mountains and my phone broke. I just got home today."

"It's good that you're fine."

"Oh right, Teacher Mu, I just moved to my new home and held a banquet at home. I wanted to invite you to join me."

"Oh, then where is your new home?"

"Aifei Castle Wine House."

"You live in Aifei Castle Wine House?"

"Right."

"Alright, I'll be right there."

"Then I'll wait for you at the gate." Wu Tian hung up the phone and then called Sunn Sheng and Lee Mu, inviting them to the party.

Wu Tian finished these two calls and finally called Liu Jun. He wanted to take this opportunity to bring everyone together.

The first to arrive were Sunn Sheng and Lee Mu. The two of them seemed to have discussed it beforehand and brought relatively expensive cigarettes and wine with them.

This was the first time the two of them came to Aifei Castle and were attracted by the stunning manor and beautiful scenery. After entering, they started wandering around the manor together with Jiang Wan and Sunn Xiaohao.

The following people who came to the Aifei Castle were Liu Jun and Liu Yueyao.

The moment they met, Liu Jun couldn't help but complain, "Where did you go? I couldn't get through to you during this time."

"I recently went to a remote mountain village abroad. My cell phone has no signal." Wu Tian was too lazy to explain so much, so he just solved the problem with a single sentence.

"I thought you were deliberately avoiding me?"

"Uncle Liu sure knows how to joke around. Even if I'm hiding from anyone, I won't hide from you!"

"Brat, I'll deal with you slowly about this matter in the future."

"Uncle Liu, Yueyao, come on in." Wu Tian made a welcoming gesture and welcomed the father and daughter into the winery.

Liu Jun waved his sleeves, then strode inside Aifei Castle with his daughter. After taking a few steps, he couldn't help but ask, "You spent quite a bit of money renting this place for a banquet, right?"

"I'm currently living in the Aifei Castle."

"What?" Liu Jun suddenly stopped and exclaimed with an exaggerated look, "You said you live here?"

"Yes, Aifei Castle is now my private manor."

"You bought it?"

"My friend gave me this place."

"Aifei Castle is a priceless treasure. What kind of friend would be so rich that he would gift the entire villa to you?"

"An international friend."

"Good boy." Liu Jun patted Wu Tian's shoulder and could not help but feel envious, "Your connections are really wide now."

"I should thank Uncle Liu."

"I don't need your thanks. I'm relying on you to invest!" After Liu Jun said this, he strode inside.

## **Hidden Billionaire Chapter 529 - Secret Book on Picking up Girls**

C529 Secret Book on Picking up Girls

Liu Yueyao followed behind him, looking around. At the same time, she couldn't help but secretly sigh with emotion, "As expected of the largest winery in Jiangnan, its reputation is well-deserved. It has an imposing green grassland, a fake mountain and lake made from the jade of a small family, and an exquisite landscape garden."

After a round of praise, Liu Yueyao couldn't help but suggest, "Wu Tian, I really like this place. Can you let me stay here for a few days?"

"This ..."

With such a large manor, Wu Tian didn't mind having a few more people to stay in.

He was just worried that if Liu Yueyao decided to live here, she would have a hostile relationship with Xue and Elder Sister Lan. When that happened, they would inevitably fall in love with each other.

"Cough, cough!"

Liu Jun coughed dryly, then explained for his daughter with a smile, "Tian, recently, Yueyao has been in conflict with her mother, so she came here to hide."

"Conflict?"

"Sigh, her mother has been forcing her to marry someone recently."

"I know that." Previously, Liu Yueyao was forced by her mother to go on a blind date in Golden Harbour, and it was Wu Tian who went to rescue her.

"I also don't want Yueyao to get married so quickly. I also want her to stay here for a few days." Liu Jun threw his hands behind him and said sincerely: "After the limelight has passed and her mother's anger has dissipated, I'll let her move back."

"I was afraid she wouldn't get used to it."

"It's fine. I'm more at ease living with you. It's not safe for her to live alone."

"Alright then!" Since Liu Jun had already said so, Wu Tian had no reason to refuse and could only agree.

How would he explain it to Elder Sister Lan and Xue when the time came?

The only thing he was afraid of was that the three women would fight and tear down the castle.

"Tian, then I'll have to trouble you to take care of Yueyao for me these few days."

"Don't worry, I'll definitely take good care of Yueyao."

"Then I'll be troubling you." Having said so, Liu Jun turned around and ordered his daughter, "Yueyao, don't just stand there. Thanks Tian."

"Thank you!"

Liu Yueyao shook off her long black hair and smiled. "Then I'll move here tomorrow. We'll be neighbors from now on. We can go to school together."

"Alright!" Wu Tian forced out a smile.

"Come, take us for a walk around the castle."

"Accompany Uncle Liu first, I'll pick Teacher Mu up from here."

"Teacher Mu came as well?"

"Right."

"Alright then." Liu Yueyao did not force him. She reached out her hand to hold Liu Jun's arm, "Dad, I will bring you inside."

As soon as the father and daughter pair left, Mu Ran arrived in a taxi with a beautifully wrapped gift box in her hand.

Today, Mu Ran was wearing a small qipao with her body tightly wrapped around hers. Her front and back were protruding and her curves were exquisite.

Not everyone could wear a qipao. Women who were too thin could not support it. Women who were too fat could not fit in. Only women like Mu Ran, who were neither fat nor thin could fit into the qipao.

"Teacher Mu, you look really good in this outfit." Wu Tian quickly walked over and tried to please her with a smile.

"Only you can speak."

Mu Ran smiled sweetly and handed the box over. "I heard that you've moved. This is a gift from teacher."

"Thank you, Teacher Mu." Wu Tian quickly reached out his hands to take the gift box.

The gift box was not big, and it felt heavy in his hand.

"Is this your new home?" Mu Ran peeked her head into the Aifei Castle, curious about this winery.

"Yes, this is my new home." Wu Tian extended his hand and gestured, "Teacher Mu, please come in."

"Alright!" Mu Ran pulled up her hair and walked into the castle with her long legs. One could faintly see her fair legs where the qipao was parted.

After entering the castle, she stopped and asked again, "Do you live in this kind of place?"

"Right."

"This is even more luxurious than the tourist area, isn't it too extravagant to live here?"

"This used to be an international winery, full of fine red wine. When my friend gave me this winery, I turned it into a private residence. "

"This place is even bigger than our school." Mu Ran shook her head with a bitter smile and continued to walk towards the manor.

Wu Tian led Teacher Mu to the parking area, pointed at one of the trams and said, "Teacher Mu, get on the car. I'll take you in."

"Alright!" Mu Ran got on the tram and couldn't help but to look around. She was especially fond of the view of the winery.

After staring at the manor for a while, his gaze finally landed on Wu Tian, "Tian, I heard that you met with a car accident during your business trip. Are you injured?"

"I'm not hurt, mainly because I'm trapped in a foreign village. My phone has no signal, so I just got out of danger today." Wu Tian lied randomly.

He felt like he had told a lot of lies today.

The reason why he did not tell them the truth about Eight-Diagram Mountain Canyon was because he did not want everyone to feel any lingering fear, so as to not affect their mood.

"Be careful what you do outside. Health is more important than anything." Mu Ran said earnestly.

"Alright, I'll be more careful in the future."

"I'll help you take up the rest of the classes that you owe me during this period of time. Come find me at your apartment when you're free."

"Alright."

While they were talking, Wu Tian had already driven Mu Ran to the castle in an electric car. The banquet was mainly around the castle.

Jiang Wan and Sunn Xiaohao were drinking wine and chatting with Sunn Sheng and Lee Mu. When they saw Teacher Mu, they hurriedly stood up and greeted her, "Hello Teacher Mu."

They were obviously a bit restrained when they saw Teacher Mu.

Upon hearing that Mu Ran was Wu Tian's teacher, Sunn Sheng, Lee Mu, Lu Xiaomei, and Feng all came to greet Teacher Mu.

Shen Xue and Huang Lan had met Teacher Mu before, and both of them greeted her politely.

"Today is Tian's housewarming party, so I'm here to get a hint of joy, so there's no need to stand on ceremony." Mu Ran pulled up her hair and tried to look kind.

"Right, don't just stand there. Take a seat." Wu Tian gestured for everyone to sit down and then placed the box on the table, "This is a gift from Teacher Mu. What do you think it is?"

"It should be a book."

Sunn Xiaohao and Jiang Wan both knew Teacher Mu's character very well. Most of the gifts she sent to her classmates were books.

"Alright, I'll open it and take a look." Wu Tian opened the box in front of everyone and quickly wrapped it up after looking at the presents inside.

Jiang Wan and Sunn Xiaohao couldn't help but be curious as they asked anxiously, "What's the gift inside?"

"Never in your dreams did you expect that the present Teacher Mu gave me was actually six secret manuals for courting girls."

"Huh?" Hearing this, Sunn Xiaohao and Jiang Wan were dumbfounded. They never expected Teacher Mu to give them such a gift.

Mu Ran looked embarrassed as she snapped at Wu Tian, "Classmate Wu, don't spout nonsense. I'm giving you the Law, Wolf's Path, and Nine Personality scrolls, but I don't have any scrolls for girls."

"Didn't you teach me how to pick up girls?"

"You ..." Mu Ran was so angry that she couldn't say anything for a long time.

At this moment, Liu Jun walked over with his daughter's arm in his arm and said with disdain, "Brat, you only know how to pick up girls all day."

"That's for sure." After saying that, Wu Tian raised his head and laughed.

Sunn Xiaohao, Jiang Wan, Lee Mu and Sunn Sheng also laughed.

Feng, Lu Xiaomei, and Liu Yueyao pursed their lips and laughed.

## **Hidden Billionaire Chapter 530 - Rascal**

C530 Rascal

Very soon, Shen Xue busily prepared delicious foods, and everyone gathered together and started chatting and laughing as they ate.

Today, everyone was very happy. The ladies drank red wine, while Wu Tian and a few men drank white wine.

The meal lasted until quite late. After the meal, they did not leave and continued to play happily in the manor.

It wasn't until after dinner that everyone dispersed.

It had been a long time since the Aifei Castle was as lively as it was today. The entire winery was filled with cheers and the atmosphere was blissful and harmonious.

Wu Tian drank a lot, then fell asleep after getting drunk.

The next day, Wu Tian woke up early. Before dawn, he received a call from Liu Jun, saying that there was a problem with Fragrant Honey Lake project.

After receiving this news, Wu Tian instantly lost all sleepiness and quickly got out of bed. After a simple wash, he rushed towards the Fragrant Honey Lake.

Wu Tian only found out when he arrived that someone was causing trouble at the Fragrant Honey Lake construction site, causing the machinery to be unable to operate normally and seriously affecting the progress of the project.

"Uncle Liu, what's going on?" Looking at the chaotic construction site, Wu Tian quickly went up and asked Liu Jun about the situation.

Liu Jun sighed lightly and explained, "These troublemakers were hired by Huang Jinzhou to disrupt the progress of our project."

"Huang Jinzhou again?"

"Right."

"Huang Jinzhou is truly hateful." Wu Tian gritted his teeth, thought for a while and said, "We must get rid of the workers who are causing trouble, and not let them affect our progress."

"With this sort of situation, it would not be easy for us to chase them away. These people are all scoundrels. Even if they do not leave, we cannot beat them up." Liu Jun shrugged, looking helpless.

"If it doesn't work, I'll get Bai Shatang's men to help."

"Bai Shatang?" Hearing these words, Liu Jun unconsciously shivered.

This was a very powerful force within the Luzhou. Even he couldn't help but be secretly shocked when he heard about this organization, let alone ordinary people.

After a short pause, he could not help but smile bitterly and said, "Tian, you sure know how to joke around. How could we possibly invite Bai Shatang's men over?"

"Just you wait." Wu Tian was too lazy to waste time. He took out his phone and dialed Bai Sha's number. He said a few words into his phone before hanging up.

Not long after Wu Tian hung up the phone, he saw Bai Sha barge in with more than a dozen men in black.

"Oh my god!"

Seeing Master Sha bringing the people from Bai Sha Hall over, Liu Jun was dumbfounded. He couldn't help but exclaim, "I didn't expect that you would actually bring Bai Sha Hall over."

While Liu Jun was talking, Bai Sha walked over with his men.

As soon as they met, Bai Sha respectfully greeted Wu Tian: "Bro, it is my honor to be able to serve you."

Hearing that, Liu Jun was dumbfounded.

Liu Jun did not expect the famous Master Sha to be brothers with Wu Tian. It was inconceivable that Master Sha would even try to curry favor with Wu Tian.

Liu Jun really didn't expect Tian to be so capable. Unknowingly, Wu Tian had already tamed Master Sha, and even Master Sha's words were so subservient.

"Pavilion Master Bai, the reason why I invited you here today is to have you help me with something." Wu Tian spoke in a lukewarm tone, as if he was talking to his subordinate.

"Brother Wu, if there's anything, please feel free to tell me. I promise I'll help you handle it." Bai Sha swore loudly.

"Alright then."

Wu Tian pointed at the chaotic construction site downstairs and said, "There are people making trouble downstairs. Help me kick them all out within five minutes."

"I don't need five minutes. Thirty seconds is enough." Bai Sha was very confident when he heard about such a small matter.

"Help me scare them so that they won't dare to come back here again."

"Leave this matter to me, you can rest assured." After Bai Sha said this, he quickly led his men downstairs and rushed towards the construction site.

Those rascals were causing trouble and hindering the workers from working, but when they saw Bai Shatang's men appear, they were scared out of their wits and scattered in all directions.

Looking at the entire Luzhou, there was no one who wasn't afraid of Bai Shatang. They were scared and scattered like mice seeing a cat.

Bai Sha didn't let these people leave. He waved his hand and ordered his subordinates, "Stop them. Whoever dares to run, break their legs."

"Yes sir!"

More than a dozen of Bai Shatang's members received the order and rushed forward as fast as they could to block their path.

They had nowhere to run so they quickly kneeled and begged, "Master Sha, please spare our lives."

These rascals were all bullying the weak and afraid of the strong. They were most afraid of people like Bai Shatang who didn't care for their lives. No matter how brave they were, they wouldn't dare to oppose Bai Shatang.

The laborers were only bribed. They've come here to make trouble for money, and they don't want to lose their lives for money.

"All of you, remember." Bai Sha shouted loudly. He warned those scoundrels, "This is my territory. If anyone dares to come and cause trouble again, I will cut off their legs and send them to Mount Lu to feed the dogs."

"We will never dare to do that again." The laborer was so frightened that he hurriedly waved his hand and begged for mercy.

Previously, they didn't know that this was Master Sha's territory. If they knew that this place was related to Bai Shatang, they wouldn't have dared to come here and cause trouble even if they had hundred of guts.

"All of you f \* cking scram, don't let me see you again in the future." Bai Sha shouted, scaring them out of their wits and causing them to run even faster than a rabbit.

Just now, those laborers were still causing trouble here, deliberately obstructing the construction.

Bai Sha brought his subordinates to suppress them. Those people were scared to death and quickly escaped from this place.

After they left, the construction site quickly returned to normal.

Seeing the scene downstairs, Liu Jun was so happy that his mouth couldn't close. "Tian, you're so awesome. You actually thought of such a good way to invite Bai Shatang to scare those ruffians."

"Now that we have Bai Shatang's backing, those rogue laborers will not dare to come and cause trouble again." Seeing that the matter was resolved perfectly, Wu Tian secretly heaved a sigh of relief.

Wu Tian did not expect Bai Shatang and his gang to be useful. They could help him deal with a lot of things and save a lot of energy.

"They were scared by Bai Shatang. Even if they had ten times the guts, they wouldn't dare to cause any trouble in the future."

"Alright, if we encounter such things again, let's call Bai Shatang over."

"That's a good idea." Liu Jun nodded in approval and then changed his tone, "Oh right, Tian, how do you know Master Sha from Bai Shatang?"

"This is a long story, I'll explain it to you in the future."

"Tian, right now, I am truly admiring you more and more. The current you is omnipotent, and even Bai Sha is your brother."

"Uncle Liu, you're praising me too much." Liu Tie had just finished saying this when he saw Bai Sha leading his men back to the office. As soon as he entered the door, he shouted with a loud voice, "Bro, those scoundrels were scared away by me."

"You've worked hard."

After Wu Tian said this, he took out a cheque from his pocket and handed it over, "Here, this is my payment for the brothers' hard work, take it."
