C546 Heteromorphic Fist

"Yes sir!"

After Loong Yun answered, she reached out to grab the Blood Ganoderma Herba.

Wu Tian placed the Blood Ganoderma Herba in Loong Yun's palm and sternly warned her: "This item is very precious, you must be careful."

This was something he had risked his life to find in the canyon with Blanche, and he had almost lost his life there.

"Yes sir!"

When Loong Yun held onto the Blood Ganoderma Herba, she became a lot more careful, and then left the room with the package of Chinese medicine and Blood Ganoderma Herba.

He didn't have to wait long before he saw Loong Yun bring the decocted herbs back to his room. "Young Master, I'm ready."

"Give it to me." Wu Tian took the decocted soup and carefully poured all the decoctions down his throat without leaving a single drop.

Wu Tian wiped his mouth after drinking the medicine and ordered Secretary Loong, "You go out and guard it first. Don't let anyone disturb me."

"Young master ..."

"Stop bullshitting and get out of here."

"Yes sir!" Loong Yun frowned and hesitated. She did not understand what her young master wanted to do in his own bedroom.

Seeing how certain her young master's tone was, she did not dare to ask any further questions. Closing the door, she retreated and stood guard outside the room.

Wu Tian drank the medicine and then took out the handwritten book. There was a detailed teaching method of Alien Fist on it.

He stared at the drawing and text on the handwritten book for a few moments, then started to concentrate on his cultivation.

This Alien Fist set was very strange. It seemed like a simple set of movements, but it had a surprising effect.

Previously, when he was training, he felt very tired, so no matter what he did, he could not achieve any results. After taking the medicine that contained the Blood Ganoderma Herba, he felt that training this Alien Fist was very easy.

It took him a few hours to learn more than ten moves.

*

Wu Tian let out a long breath and rested for a few seconds. Then he walked over to open the door and saw Secretary Loong still standing outside.

"Young Master, are you alright?" As soon as the door opened, Loong Yun couldn't help but ask about the situation.

"I'm fine." Wu Tian pursed his lips and smiled. He pointed at the messy room and ordered Loong Yun, "Clean the room up."

*

Loong Yun was completely dumbfounded when she saw Wu Tian's messy room.

Previously, she had tidied up his room neatly. Unexpectedly, in a short period of time, the room became even more messy than a dog's den, and clothes were scattered all over the floor.

Looking at the messy bedroom, Loong Yun couldn't help but wonder, "What was Young Master doing in that room just now?"

"Why are you standing there in a daze? Do you want me to do it myself?" Seeing that Secretary Loong did not move, Wu Tian couldn't help but urge her.

"Yes sir!"

Loong Yun came back to her senses and hurried into the bedroom to clean it up.

Ever since the young master had stayed in the room for a few hours, she had felt that the entire room was filled with the smell of herbal medicine.

After cleaning up the room, Loong Yun looked at the young master who was still standing at the door and asked, "Young master, do you have any other instructions?"

"Call Azure Dragon over." Wu Tian pondered for a moment before instructing Secretary Loong.

He had just learned more than ten moves of Alien Fist, he wanted to find Azure Dragon to come and fight with him to see how powerful this Alien Fist skill was.

"Yes sir!" Loong Yun answered and quickly took out her phone to call Azure Dragon.

Less than a minute after the call, Azure Dragon rushed over from the neighboring castle.

"Young Master, what orders do you have?" In the past, Azure Dragon always called Wu Tian his boss, but now he also followed Loong Yun's example and called Wu Tian his young master.

"It's been a long time since you've practiced with me. I want you to practice with me."

"It just so happens that I've recently learned a new set of Body Fist moves and can teach them to young master."

"Alright." Wu Tian first nodded his head, then changed his tone: "I've also learned a new boxing style recently, why don't we try it out first."

"No problem."

"Secretary Loong, you're going to be our referee, don't be biased." Wu Tian said to Loong Yun half-jokingly.

"I don't dare." Loong Yun replied with an expressionless face.

She had always felt that he had become very strange after her young master had returned from his disappearance. His whole person had changed.

He had become even more handsome and attractive than before, and his temperament had become stronger than before. Now he looked even more regal.

"Alright, then let's begin." Wu Tian pursed his lips and smiled, ready to attack.

"Young master, I'm going to make my move." After Azure Dragon said this, he took a big stride towards Wu Tian and threw a punch that was neither light nor heavy.

Wu Tian's body swiftly floated backwards, easily dodging the attack. At the same time, his right foot tapped the ground and his body leaned forward, borrowing the force of the impact to close in on Azure Dragon.

When his body approached Azure Dragon, his right fist suddenly flew towards Azure Dragon's head. When the distance was less than 5 cm, his right fist suddenly changed direction and flew towards Azure Dragon's chest.

Azure Dragon had no time to dodge at all. With a dull thud, he was sent flying by the punch and fell to the ground, unable to get up for a long time.

Loong Yun, who was standing off to the side, had been stupefied since long ago. She had never thought that her young master would become so strong.

She knew that all of Young Master's martial arts were taught by Azure Dragon. Compared to Azure Dragon, Young Master was still miles off.

However, she hadn't seen her young master for a few days. His progress was so fast, and he defeated Azure Dragon so easily.

Seeing the young master's rapid improvement, Loong Yun was both surprised and happy. Her expression was extremely exaggerated.

The one who was the most shocked was Azure Dragon. Never in his dreams did he expect that in such a short period of time, the Young Master had become even stronger than him.

In such a short period of time, what exactly had happened to his young master that caused him to become so powerful?

Furthermore, the fist technique that the young master used just now was strange and amazing. He had never seen it before.

"Azure Dragon, are you alright?" Wu Tian hurried over to help Azure Dragon up and asked in concern.

"I'm fine!"

Azure Dragon stood up and looked at Wu Tian with an extremely astonished gaze as he said in disbelief, "Young Master, how did you become so powerful?"

"This is a long story." Wu Tian took out the handwritten book from his pocket and explained, "This is the fist technique of Alien Fist. I practiced it according to this, which is why I became so powerful."

To be honest, even he himself was surprised. He never thought that Alien Fist was so powerful. He defeated Azure Dragon in one move.

"Alien Fist?"

Azure Dragon took the handwritten book and looked at it. Azure Dragon suddenly became very excited: "Could it be that this is the long-lost Alien Fist?"

"So you've heard of Alien Fist?"

"I've heard of it."

"I've only practiced about ten moves now. If I were to learn everything, I would definitely become even more powerful." After Wu Tian said this, he suggested, "Azure Dragon, your foundation is good. Why don't you follow me and train with me?"

"I can't."

Azure Dragon passed the handwritten book to Wu Tian and said with a helpless expression, "This boxing style has very high requirements on a person's bones. When I was fighting in the past, my bones were damaged and I couldn't learn it."

"What a pity." Wu Tian shrugged his shoulders helplessly. He originally wanted to learn this boxing style with Azure Dragon, but it seemed like it was now impossible.

"It doesn't matter, as long as Young Master learns this fist technique, he will definitely be invincible in the future."

"Alright, then I'll finish learning this fist technique as soon as possible." Wu Tian smiled confidently.

C547 Uninvited Guest

Just when Wu Tian was about to go back to his room to practice the Alien Fist, he received a call from Lee Qiang. He was stunned for a few seconds before answering the phone.

"What's the matter?" Wu Tian didn't expect Lee Qiang to call at this time.

"Tian, not good, my sister was kidnapped." As soon as the call connected, Lee Qiang's urgent voice could be heard.

"Don't be in such a hurry, speak slowly. What is going on?"

"This is a long story, I'll explain it to you in the future." After Lee Qiang said this, he hurriedly turned to Tian for help, "Tian, I'm still outside the city, hurry up and help save my sister."

"Where is your sister now?" Upon hearing that Lee Qiang's sister was kidnapped, Wu Tian's expression became much more serious than before.

"Tian Chi villa."

"Alright, I'll go and save her immediately." Wu Tian didn't have much time to ask. After hanging up the phone, he quickly left the castle and drove towards the Heaven Lake villa.

Tian Chi villa was located in the outskirts of Luzhou, and it was a very simple three-storey house.

This villa could be considered a high-class residential building in the suburbs, but in the city, it could only be considered a single house.

Wu Tian carefully looked around the house. The four sides of the house were very empty, the ground was covered with weeds, and not far from the left side of the house, there were two clothes-drying poles. Several women's and children's clothes were hung on them, and of course, there were also a few especially eye-catching female underwear.

Wu Tian knocked on the imposing double doors.

A moment later, a brawny man opened the door. His head was wrapped in a white cloth and his face was covered in dirt.

"Who are you looking for?" The brawny man asked in an unfriendly tone.

"Looking for your second uncle." Wu Tian said and pushed the brawny man away, walking into the room and ignoring his obstruction.

In the living room of the first floor, eight men were playing mahjong on two tables. The room was noisy and bustling with noise and excitement. The room had long been occupied by the smoky smell of smoke and the floor was smeared everywhere; it looked extremely disgusting.

When the eight men saw Wu Tian, who was a stranger, they only cast a few curious glances at him before they continued to fight on the mahjong table.

"You have guests." At this moment, a boorish man walked down the stairs and greeted Wu Tian enthusiastically.

Wu Tian had already scanned the lobby a few times. The first floor was an empty living room without a small room, so it was impossible to hide anyone. In other words, the kidnapped girl could be hiding on the second or third floor.

Wu Tian walked to the second floor with a faint smile. At the same time, he said to the boorish man, "I'm an uninvited guest. I came here to find a woman."

"Looking for a woman?" The boorish man stopped Wu Tian in the middle of the stairs and replied very politely, "We are all men here, we don't have a single woman. If you want to find a woman, you should go to rouge alley."

"Not a single woman?"

"No, not a single female."

Hearing this, Wu Tian was sure that the guy in front of him was bullshitting. If he didn't have a single woman, how could he still have women's clothes that were washed? Obviously, there was something wrong with the guy in front of him, or in other words, there was something wrong with the people in the room.

"Then whose house is this?" Wu Tian continued to ask.

"It's mine." The boorish man answered without hiding anything, "This house was just built last year. I'm here with a group of friends to do a flower business."

"Then isn't your wife and mother women?" Wu Tian sounded a bit unfriendly.

"To be honest, I'm almost thirty years old, and I still haven't gotten a wife. Furthermore, my mom is long dead, that's why I said there's not a single woman here."

"So that's how it is." Wu Tian wasn't in a hurry to expose everything. He would make his move after he had investigated this building thoroughly, "What? Aren't you going to invite me to the second floor for a cup of tea?"

"This ... this ..." The boorish man swallowed for a long time and finally agreed to Wu Tian's request, "Then please."

The two of them went up to the second floor one after the other. The decorations here were a lot more complicated. The two bedrooms were closed, and there was a kitchen and washroom opposite. The living room was also luxuriously decorated with a European style elegance.

"I'll treat you to tea." The boorish man poured a cup of tea and placed it in front of Wu Tian.

Wu Tian glanced around the room as he picked up his teacup and shook it in his hand. After a long time, he finished all the tea in the cup. It seemed that he was quite thirsty.

"What's your name, little brother?"

"Wu Tian."

"Then what kind of woman is Brother Wu looking for? Can't I help you?"

"I'm looking for ..." Wu Tian didn't even finish his sentence before he felt a headache coming on. The surroundings became dark and his vision became blurry. He swayed a few times and then fell onto the tea table with a thud, unconscious.

"Brother Wu, Brother Wu ..." The boorish man pushed Wu Tian a few times to make sure he really passed out before laughing out loud, "Hahaha, what an idiot, you actually dare to drink tea from a stranger, just some knockout drugs and you surrender."

The boorish man hurriedly ran downstairs again and shouted to the men who were playing mahjong downstairs, "Brothers, it's done. That brat called Wu Tian has been knocked unconscious by me."

"He, that trash, still dares to come and save others. He truly overestimates himself."

"Hurry up and call Big Bro. Get him to come over here quickly. Tell him that all the dogs in the way have been taken care of and that all the women are unharmed." The boorish man ordered, and then said to the crowd, "Brothers, follow me upstairs and tie up this Wu kid."

"Alright, let's go."

A group of people aggressively rushed up to the second floor. This time, it wasn't difficult to get rid of him, so it could be considered a great merit, and he estimated that they would be able to obtain quite a few benefits.

"What? Where is he?" The boorish man stared at the tea table with his mouth open wide, unable to close it for a long time. Wu Tian had clearly fainted on the tea table due to the medicine he put in the tea just now, but now there was no one in the living room.

"Didn't you say that you made him faint? Where is he? Are you making fun of us?" Everyone started to question the boorish man one after another, making the boorish man momentarily speechless. He also didn't understand what was going on.

However, at this time, a terrifying burst of wild laughter came from behind the crowd. The voice was domineering and overbearing, and the chilliness was overwhelming.

Only then did everyone turn around to realize that this person was none other than the "blocking dog" they had called Wu Tian. At this moment, he was standing in front of the bedroom door with a domineering aura, giving off a domineering aura. Everyone was shocked by this aura and felt a sense of dread in their hearts.

"You, you, aren't you ... Weren't you knocked unconscious by my medicine, why are you still ...? " The brawny man was very curious and asked with a puzzled face.

He had just personally witnessed this fellow fainting, so why did he suddenly come back to life?

C548 Hero Save Beauty

"How could I just casually drink a stranger's tea? Actually, I didn't even drink the tea you poured for me. I poured the tea into my sleeve." After Wu Tian said this, he didn't forget to shake his sleeves. There were still a lot of water dripping down.

"Why didn't you drink tea? Did you know that there was poison in the tea?"

"I don't know if there's poison in the tea, but I know you're definitely not a good person because you've been lying to me all this time?"

"Deceiving you? How could I lie to you? " The boorish man's tone had long since lost its imposing manner. He was only trying to figure out what had gone wrong.

"You told me there weren't any women here and you knew you were lying to me." Wu Tian raised his hand and pointed at the clothes pole outside the window, "Because there are women's clothes drying under the window, and underwear and underwear. If there are no women, how could there be these things?"

"You really are a cunning guy." The boorish man gritted his teeth as he spat out these words unwillingly. He didn't expect Wu Tian to be so meticulous.

"You guys are too kind, I'm just more meticulous than you guys. Cut the crap, quickly hand over that girl." When the reckless guy went downstairs, Wu Tian had already searched around the second and third floor, but he didn't find any trace of sister Lee Qiang.

"If you want that girl, that depends on your ability. Brothers, let's get started." The boorish man roared and took the lead as the vanguard.

The boorish man aggressively charged towards Wu Tian. He waved his fist and continuously changed moves. His speed was incredibly fast and he gave off the feeling that he was about to break through the clouds.

However, in Wu Tian's eyes, it was a flowery move. He only needed a single sweep of his leg to defeat his opponent, and it was even easier than killing an old hen.

As soon as the boorish man was knocked down, the other seven or eight big men also rushed over. Their dozen or so fists rained down at the same time, shocking everyone.

Wu Tian quickly dodged the punches, raised his leg and kicked at the backs of several people. After this kick, half of the people were knocked down while the others were scared like turtles and retreated backwards.

"You really are trash. Speak, where did you hide the kidnapped woman?" Wu Tian stomped on the Savage's neck and roared.

The boorish man coldly snorted, pretending that he was not afraid of death.

"Acting tough in front of me, you're still too young." A cold light flashed across Wu Tian's eyes. He raised his leg and kicked the boorish man's neck again.

Before Wu Tian's foot landed, he noticed that the boorish man was rescued by a black shadow. He quickly retracted his foot and looked around.

Only now did he realize that there was already another person in the room, a disgusting looking person. His left eye seemed to be burned by sulfuric acid, and his face was severely disfigured. It was likely that even his mother wouldn't be able to recognize this person.

"Big Bro, it's this brat called Wu Tian that messed up our plan." The boorish man hid behind the disgusting man, looking timid.

"You stay right there. That brat dared to act so arrogantly in front of me. He deserves to die." The disgusting man called Leopard Head pushed the boorish man away and glared at Wu Tian.

"Leopard Head? A disgusting person plus a disgusting name, the air in the Luzhou was even polluted by a person like you. " Wu Tian attacked.

"Cut the crap. Watch this move."

Having said so, Leopard Head had already pounced towards Wu Tian. His speed was so fast that it disappeared in a split-second.

Wu Tian was already prepared. When Leopard Head attacked, he also rushed forward and used all his strength to fight with him.

The two experts were like ghosts as they fought each other. For a time, it was hard to tell who would win.

To be honest, Wu Tian was taken aback. He didn't expect Leopard Head to be so powerful.

At the same time, he used the Blood Ganoderma Herbs and also refined the Alien Fist. He never thought that he would be on par with the brat in front of him.

The battle lasted for almost 20 minutes before it stopped. Finally, Wu Tian won by a slight margin.

Leopard Head didn't expect the kid in front of him to be so powerful. Just now, he lost because he underestimated his opponent. Leopard Head's body was jolted back a few steps. After he regained his balance, he quickly ran downstairs.

When Wu Tian saw Leopard Head run away, he also rushed to catch up with him. However, when he reached downstairs, he did not find Leopard Head's figure. He quickly chased out of the room. The surroundings were empty, not even a single person could be seen.

After hesitating for a moment, Wu Tian returned to the mansion and went to the second floor. However, there was nobody upstairs, even the few men who were knocked down disappeared without a trace.

Wu Tian searched up and down the third floor twice more, but still failed to find anything.

He searched everywhere he could, but still couldn't find Lee Qiang's sister.

"These bastards." Wu Tian cursed and punched the wall.

The small room suddenly became quiet. Other than Wu Tian's heavy breathing, there was the rhythmic hum of insects and beasts outside the window.

Wu Tian stomped down from the second floor and was about to leave when he suddenly heard an urgent cry that sounded like a woman's voice.

"Help..."

"Woman, could it be ...?" Wu Tian stopped and carefully investigated the source of the sound. It seemed to be coming from the second floor.

However, Wu Tian had already searched the entire mansion a few times and did not find anyone. Why did the female voice suddenly come out again?

After hesitating for a moment, Wu Tian turned around and went back to the second floor. The sound of "save" became clearer and clearer, and he could occasionally hear the delicate cries of women.

Wu Tian kicked open the door of one of the bedrooms. He could be sure that the sound came from here, but it was empty inside and not a single person could be seen.

Wu Tian scanned the room, and finally his gaze landed on the pure white wardrobe.

With a sly smile, he slowly walked over and opened the cabinet in the middle of the wardrobe. Sure enough, the woman's voice came from inside.

There was actually a washroom hidden inside the wardrobe. On the floor of the washroom, five or six burly men were making their move against a young girl, as if they were going to crush her.

The girl had a pretty face and wore a plaid gown, which gave her the appearance of a beautiful young woman from a village.

After seeing Wu Tian, the young woman twisted her body with all her might. At the same time, her eyes sent out a distress signal. She kept shouting, "Help ..."

Seeing this pitiful woman being bullied by so many men, a trace of pity appeared in Wu Tian's heart. He shouted at the rest of them, "Stop!"

They say that a hero saves a beauty, when encountering this kind of situation, he naturally cannot sit idly by and do nothing.

The five to six men were all startled by the sudden intrusion. After being stunned for a moment, they all revealed an unfriendly look. They stared at Wu Tian and blamed him for disturbing their beautiful business.

If this kid hadn't barged in, they would have already taken care of their business.

Hidden Billionaire Chapter 550 - Shock

C550 Shock

"Only now do you know that it seems too late. Did I act perfectly? I lied and said that I'm the owner of the house, but you actually believed me when I told you to save my son. " Lee Fenfaang seemed to have succeeded in her conspiracy.

"Actually, I already knew that you were lying to me. The clothes hanging on the clothes pole outside the house are not yours at all, and those clothes are three sizes bigger than the ones you're wearing, they belong to the extremely fat type. So, I already knew that you weren't the villa's mistress, and asking me to help you save your son is also a fake. I already knew that you were plotting against me. "

"You're so smart, I didn't think you could see through me like that." After Lee Fenfaang heard Wu Tian's words, beads of sweat trickled down her forehead. She had never met such a strong opponent before, "However, since you know that I'm lying to you, why would you take the bait? You even know how to open that secret cabinet? "

"Why would I be afraid of your traps? Even if it is extremely difficult, I will still go and try it out to see what kind of schemes you have in mind. What makes me surprised is that you guys are using a little kid to lower my guard. How despicable!"

"You are just too arrogant. You think that you are omnipotent and do not put others in your eyes, so even though you know it's a trap, you still want to jump in."

"You stinking woman, your father will kill you sooner or later." Wu Tian gritted his teeth and spat out a sentence.

"You're asking for a beating." Lee Fenfaang raised her leg and kicked Wu Tian viciously in the stomach to vent the anger in her heart.

Wu Tian let out a grunt, his whole body spasmed from the pain, he opened his mouth and spat out a mouthful of blood. However, his face still had an arrogant and unruly air to it.

Lee Fenfaang seemed to hate Wu Tian's arrogant expression. She raised her leg and was about to kick him under the crotch, but she was stopped by the strange man sitting on the recliner. "Fragrant, stop."

"Alright!" Lee Fenfaang withdrew her leg and retreated behind the strange man.

The unfamiliar man stood up from the reclining chair, flicked his collar, walked towards Wu Tian with his head held high, and said arrogantly: "I am Huang Da Qiang, the younger brother of Jinzhou Group's Huang Jinzhou."

"So you're Huang Jinzhou's brother." Wu Tian was very surprised, he didn't expect the guy in front of him to be Huang Jinzhou's brother.

Only now did he understand that he had fallen into Huang Jinzhou's trap.

"This is what happens when you go against my brother." After saying this, Huang Da Qiang turned to his subordinates and ordered, "Go bring that woman here."

"Alright." Two of the men in suits acknowledged and quickly left. A moment later, they dragged a woman tied to the ground like a dumpling to Huang Dazhong's back.

Wu Tian had met this girl before. She was Lee Qiang's sister, Li Dan. She was a beautiful girl with a sweet appearance.

The girl's mouth was sealed with tape. By now, she had already lost all color from fright. However, she was still struggling to make a sound while twisting her body.

"Meiniu, don't be agitated." Huang Da Qiang looked at Wu Tian with that disgusting gaze for a long time before he walked up to Wu Tian and punched him in the stomach.

Wu Tian held his head high and spat on Huang Da Qiang's face.

"Bastard, you're courting death." Huang Dazheng was so angry that his body was trembling. Gritting his teeth, he ordered his subordinates behind him, "Why are you still in a daze? Beat him to death!"

After receiving the order, the dozens of men in suits grabbed the steel ruler and began to hit Wu Tian. At this rate, even if it was a copper wall or iron wall, they would still be smashed to pulp, let alone a human.

In less than a moment, Wu Tian's clothes were torn to shreds, revealing streaks of red flesh. Bright red blood seeped out of the wounds, mixed with pieces of cloth, and his clothes were also mixed with shreds of flesh. His entire body became rotten, like a corpse that had been rotting for a long time.

Wu Tian clenched his teeth and didn't let out a single scream. Beads of sweat rolled down from his forehead and mixed with his mangled body, giving off a tough and tough temperament.

Before long, the dozen of strong men had used up all their energy on Wu Tian. They also lost their patience and gradually stopped.

Lee Fenfaang took out a brand-new dagger and walked in front of Wu Tian. With this cut, she wanted to see how this self-assuming tough guy could still act so arrogant and confident in front of her.

Lee Fenfaang lifted her dagger and drew an arc in the air before stabbing it towards Wu Tian's abdomen. This cut gave her an indescribable pleasure. She had never felt this excited about never killing a man before.

Wu Tian didn't care about this cut at all. Other than confidence, his eyes also contained the domineering aura of someone conquering the world. This kind of fearless spirit was indeed worthy of respect.

As soon as Lee Fenfaang touched Wu Tian's body with the dagger, she felt her whole arm go numb. Her hands went soft and the dagger fell to the ground with a crisp sound.

Lee Fenfaang took a few steps back vigilantly and opened her eyes wide to take a closer look. She noticed that the abdomen that she just stabbed Wu Tian with started to emit a dazzling golden light that sparkled under the dim yellow light.

"What's going on?" Lee Fenfaang's first reaction was the legendary Iron Shirt with Golden Bell Cover. Wu Tian was wearing an invulnerable protective treasure right now to block her steel knife and dagger.

However, she quickly dismissed that thought. If Wu Tian really had a protective treasure, then he wouldn't have been reduced to a bloody mess. Then, what was that golden object that shook the dagger?

For a moment, Lee Fenfaang actually fell into deep thought.

Wu Tian had thought that he would die under the dagger thrust by Lee Fenfaang. Unexpectedly, after a crisp sound, he didn't feel any pain and was momentarily shocked.

Soon, Wu Tian understood everything. Just now, he had helped him block the dagger. The one that saved his life was the copper mirror that Blanche had given him in the canyon.

Blanche had given the copper mirror to him for protection when he was injured during the fight with the wild beast.

Only, he didn't expect that this copper mirror would be able to save his life at the critical moment.

"Crap, the police are here." It was unknown who shouted, but at the same time, Huang Daxian brought his subordinates and ran away.

Before they escaped, Lee Fenfaang didn't plan to let Wu Tian go, she raised her leg and kicked fiercely towards Wu Tian.

"Bastard, you better kill me today. Otherwise, one day, I will make you wish you were dead." Wu Tian clenched his teeth and threatened coldly.

"Then go to hell." Lee Fenfaang kicked Wu Tian's head after she finished her sentence.

Wu Tian's head sunk, then he fell to the ground and fainted.
