C558 Tracked

After putting down the phone, Wu Tian put on a set of clothes and got up to leave.

"Young Master, where are you going? Would you like me to drive you? "

Loong Yun immediately stood up in puzzlement and asked.

Old Master had sent her to Wu Tian's side. If she couldn't protect Wu Tian's safety, the consequences would be unimaginable.

"No need, you stay at the company and check the accounts in the Finance Department. Just how much money is allocated for this phase of the development?"

Wu Tian didn't want Loong Yun to follow him, so he had to arrange some work to trip her up.

Loong Yun could only helplessly nod.

Wu Tian walked out of the company and drove the luxury car all the way to the Half Moon Mountain that Azure Dragon mentioned.

As soon as they drove onto the mountain road in the suburbs, Wu Tian immediately saw a car following them in the rearview mirror.

And it was a Rolls-Royce.

Judging from the luxury of the car, the person following them was definitely someone with a lot of money and power.

Wu Tian bit his lips and revealed a naughty smile.

"I've been followed, interesting!"

After saying that, he sped up immediately. However, due to the mountain roads and the rugged roads, the car's speed was not very fast.

The car behind was in hot pursuit.

At the turn, a van suddenly appeared in front of them and sped away quickly.

To avoid being hit, Wu Tian quickly turned the steering wheel and hit the fence beside the road, causing a burst of noise.

Smoke rose in front of the car. Wu Tian had no choice but to jump out of the driver's seat when he saw that the car was about to combust.

At that moment, the van's door suddenly opened.

A dozen men with iron rods and steel tubes in their hands walked out of the van.

"You are Wu Tian?"

The leader wore sunglasses, and there was a glaring scar across his nose and left cheek. His face was grim as he asked the question.

Since Wu Tian was already unhappy about being stopped halfway, he immediately gave a naughty smile and replied.

"So what if I am?"

"You are right, the day of your death has come!"

After the leader of the sunglasses said this, he waved his hand towards the people behind him, making a gesture as if he was going to kill them all.

A group of people rushed over with a steel tube in their hands.

Wu Tian grabbed one of them with each hand and threw it towards the foot of the mountain outside the fence.

There was only the sound of screaming as the two of them were thrown to the foot of the mountain, never to be seen again.

The other people's iron rods were already smashing towards him.

Wu Tian grabbed the leader of the men with his hand and slapped away the sunglasses on his face.

"You're so ugly, no wonder you need sunglasses to cover your face!"

He slapped him again.

The person who was caught had already been beaten into a pig head. Adding to the pain on his face, it was extremely comical.

He kicked away the sunglasses guy who was rushing over, then immediately felt his hands go numb and let go of the sunglasses guy who had been beaten into a pig head.

At this moment, the sound of Senior Taoist's brakes could be heard behind him. The Rolls-Royce quickly came to a halt behind Wu Tian.

As the door opened, the man in the black suit stepped out, gun in hand.

"Wu Tian, you better stop. Otherwise, I can't guarantee that my bullet will not pierce the back of your head!"

Wu Tian slapped the sunglasses guy hard, knocking him down to the ground, then turned his head disapprovingly.

But at this moment, the gun was pointed at him. He smiled.

"You'd better surrender!"

"I'm so scared!"

Wu Tian didn't care at all. He pretended to be scared and took a step back. At this moment, he was already thinking of how he could attack when the opponent wasn't ready.

The gun in the other party's hand was not a threat to him at all. However, the weapon in the other party's hand was a gun after all. If he was not careful, it could lead to a disaster.

"It's good that you're afraid. Come with us!"

The man in the black suit was extremely arrogant when he spoke. After all, he had a gun in his hand and Wu Tian's momentum was suppressed.

"Lead the way!"

Wu Tian pointed at the road they came from and pretended to be nervous.

The man in the black suit, since he was on guard, immediately followed up with a sentence.

"You walk in front!"

"No problem!"

After Wu Tian said that, he walked towards the black suit. When he brushed past him, he quickly grabbed the gun holding hand and kicked his armpit.

The man in the black suit quickly took a step back in pain, the gun in his hand was already in Wu Tian's hand.

He instantly panicked and glared at Wu Tian as if he had seen a ghost.

He didn't even have time to clearly see the other party's movements before he had actually lost the gun in his hand.

For a trained killer, this was the biggest mistake.

"You ... How did you do it? "

"You don't need to care about that. Bring your group of people with you and scam. Otherwise, don't blame me for having the gun in my hand go off!"

At this moment, Wu Tian also said what the black suit said just now. The most important thing was that his smile seemed to be extremely mocking.

If this was in the past, he would have to surrender, but now it was different. His long time practicing empty-handed fighting wasn't for nothing.

He turned around and threw the gun to the foot of the mountain outside the fence. He saw that the car was still smoking.

Wu Tian kicked away the black suit in front of him and got into the luxurious Rolls-Royce sports car.

"I'm leaving!"

He coolly said the next sentence and started the engine.

A group of men in sunglasses and a group of men in black suits did not dare to stop them.

What Wu Tian did just now was something they had never seen before, and it was shockingly fast.

Even if all of them were to join forces, they might not be a match for him. At this moment, if they wanted to preserve their lives, they could only make way for him.

The car quickly approached Half Moon Mountain.

Just as they reached the foot of the mountain, a clear stream of spiritual energy instantly appeared around Wu Tian.

Wu Tian felt refreshed.

"Such a dense spiritual energy is truly lacking in the noisy city!"

After he finished speaking, he walked into the Half Moon Mountain step by step, letting his body absorb the surrounding spiritual energy to its fullest.

"Young Master, I'm here!"

At this moment, he heard Azure Dragon's voice coming from halfway up the mountain.

Wu Tian excitedly walked up the mountainside. Azure Dragon stood at the entrance of the mountainside cave with a blood-colored lingzhi mushroom in his hand.

"Kid, you can do it! You actually found the blood-colored lingzhi mushroom!"

"Young Master, when I entered the cave earlier, I found this Lingzhi, so I hurriedly called you to inform you."

With that, he handed the Lingzhi in his hand over to Wu Tian.

Wu Tian extended his nails and cut the surface of the Lingzhi, but he didn't find any red liquid.

"Strange! How could there be no blood colored liquid? Could there be a problem with this Lingzhi? "

Wu Tian said while inspecting the Lingzhi. He took out a knife that he brought along with him and cut open the surface of the blood-colored Lingzhi.

He took out a silver needle and inserted it into the needle. The needle turned completely black.

Azure Dragon was instantly shocked.

"How could this be?"

"This isn't an authentic blood-colored lingzhi mushroom, and it already contains a highly toxic poison."

Azure Dragon heard this and looked scared. He thought, luckily he didn't eat it himself just now, otherwise the consequences would be hard to predict.

Hidden Billionaire Chapter 559 - Health Nourishing Pool

C559 Health Nourishing Pool

Wu Tian was also a bit disappointed at this moment. He thought he could find the blood-colored lingzhi mushroom and improve his own cultivation.

He did not expect that it would be poisonous. Moreover, he had fought a fight halfway. If he had known earlier, he would not have come.

"You're quite funny, you can't even identify poisonous ones. I don't know how you got it wrong."

After saying this, he wanted to go down the mountain.

Azure Dragon immediately stopped him.

"Young Master, although the Lingzhi is poisonous, there are still many novel things inside the karst cave. Should we go in and take a look?"

"Alright!"

Wu Tian thought that since they were already here, there was no harm in taking a look.

The two of them quickly entered the cave.

Just as he entered the cave, a delicate fragrance assaulted his nostrils. The pleasant fragrance was extremely similar to that of a young girl.

Wu Tian carefully observed his surroundings. The stone pillars formed by the magma were still downcast. A dark green pond appeared in the middle of the magma and smoke lingered around it like a paradise on earth.

"Young master, this is the map I obtained from the previous analysis. The pond in this karst cave has the ability to improve one's health and cultivation!"

Azure Dragon reminded him.

Wu Tian took out another silver needle and placed it on the surface of the pool. However, the needle didn't turn black.

Wu Tian immediately put his hand into the water. A wave of warmth penetrated his pores, and it was as if his entire arm's pores were opened.

He absorbed the surrounding gas to his heart's content.

"This is indeed a top-grade life support pool."

When he was done, he immediately took off his clothes and jumped into the pool wearing only a pair of boxers.

It was as if all the pores in his body had been opened up, and the blood in his body flowed unceasingly; it was extremely comfortable.

"Azure Dragon, come down quickly. It's really not bad!"

Since Wu Tian had something good, he naturally wouldn't forget Azure Dragon. He opened his mouth and urged Azure Dragon to come down quickly.

"Young Master, such a good place would naturally be discovered by others, the poisonous Lingzhi from earlier is the best proof, I have to go outside and guard it."

Azure Dragon seemed to have thought of something and walked out of the cave.

Wu Tian was soaking in the natural hot spring within the cave as his body felt comfortable. Unknowingly, he fell asleep.

"Plop!"

At this moment, Wu Tian felt as if something fell into a pool of water and was instantly shocked.

Just as he opened his eyes.

Within the misty water, a charming and beautiful figure quickly appeared before his eyes. Her soft body instantly leaned against his chest.

He reached out and pushed the soft body in his embrace, then quickly took a step back.

At this moment, he finally saw clearly that the person standing in front of him was a delicate and pretty petite girl.

She looked to be 18 or 19 years old, and her long hair was draped over her shoulders. Her big eyes were filled with surprise as she stared at Wu Tian with her mouth wide open.

Her delicate figure was extremely tempting under the translucent white dress.

A hint of pink appeared from within the white, causing people to think about it. Wu Tian and Sun Yongjian were stunned.

Although this woman wasn't as valiant as Su Ruyun, she was extremely charming and gentle.

Although her face was not as delicate as Su Ruyun's, her devilish eyes could indeed captivate souls.

"You, who are you?"

When the girl asked this question, her face was filled with endless terror.

"You've thrown yourself into my arms, and you still don't know who I am?"

Wu Tian asked in a teasing manner, causing the girl to look even more shy.

"Should... It should be you barging into my territory. This place was originally mine! "

After Su Cancan recovered from her shock, she spoke up.

"Yours? Where is your name written around here? "What unreasonable nonsense."

When Wu Tian saw Su Cancan's puffed up cheeks due to her anger, he immediately had the thought of flirting with her.

"You ... You are causing trouble for no reason! "

The girl was speechless, so she could only say so.

Only then did she realize that Wu Tian was staring at her secret place, while she covered his face with her hands.

"You can't hold it, there's more down there!"

A mysterious pink tinge was faintly discernible in the mist, which was extremely tempting.

Su Cancan instantly lowered her face in shame, and then she immediately took action, preparing to touch Wu Tian's Acupoint.

However, just as she reached out her soft white hands, they were grabbed by Wu Tian. Due to a misstep, she slipped and fell.

Wu Tian immediately reached out his hand and grabbed her small waist to prevent her from falling into the water.

The way they held each other was extremely ambiguous. His flawlessly handsome face was very close to hers.

Su Cancan pushed him away.

"You're shameless! Dirty. "

Wu Tian's pretty eyebrows frowned slightly.

"I was just saving you, you ungrateful woman."

After he finished speaking, he pulled her into his embrace, purposely hugging her tightly. He rested his head against her ear, trying his best to absorb the young girl's fragrance.

"Since you've already said I'm shameless, if I don't do anything, I'm clearly not worthy of the name that you gave me."

After saying that, he bit down on the other party's earlobe.

Su Cancan only felt her body heat up. Her heart was pounding like a little deer, and she casually pushed Wu Tian away.

She fled from the pool.

She stood on the pool and warned Wu Tian.

"You'd better leave this place as soon as possible, or I can't guarantee that you'll be smashed into smithereens in the next second."

With that, she took out a handful of powder from her pocket and sprinkled it into the pool.

Wu Tian leaped up to the surface and stood opposite. He looked at the pool that was already emitting green smoke.

Ye Zichen frowned.

"Five Poisons Powder? You are from the Wudu Sect? "

"It's good that you know this. I'll give you five minutes, hurry up and get out of my territory."

With that, Su Cancan turned around and left the cave.

Her clothes were soaked, and her white dress was translucent.

She wasn't going to stand here and let others spy on her.

Wudu Sect, was a church that had long concealed its name. According to the ancient books, there were no descendants at the end.

However, Wu Tian had read a lot of these books, so he recognized the Five Poisons Powder.

From this, he determined in his heart that there was still a successor to the Wudu Sect.

From what Su Cancan had seen just now, the rumors about Wudu Sect and its female disciples were indeed true.

Thinking about this, Wu Tian became extremely curious about Su Cancan.

According to the records in the ancient books, women with Wudu Sect were not allowed to fall in love. When he hugged Su Cancan earlier, he saw the cinnabar mole behind her ear.

This meant that this beauty was a virgin. A smile instantly appeared on his face.

"Young master, are you comfortable bathing?!" I'll give it a try too! "

After making sure that it was safe outside, Azure Dragon turned around and walked into the Dragon Cave.

"If you're not afraid of death, you can go down! The Five Poisons Powder has already been added to the pool! "

Wu Tian casually said. He turned around, put on his clothes and prepared to leave.

"Five Poisons Powder?"

After Azure Dragon said this, he turned his head to look at the green smoke emitting from the lake and quickly left with Wu Tian.

Hidden Billionaire Chapter 560 - Good News

C560 Good News

It was already night when they drove back to the castle.

The moment he entered the hall, he saw Loong Yun pacing back and forth anxiously.

"What's wrong?"

Wu Tian asked and sat down on the Italian leather sofa. He took out a cigarette and took a long drag.

"Master, the old master sent you a video previously. He said that it's a matter of the family and he wants to talk to you. Hurry to the study room!"

At this moment, Loong Yun's face was also filled with anxiety, because Wu Tian had yet to come into contact with Wu Family.

Previously, when Old Master had arranged for her to come over and spent so much money, he just wanted Wu Tian to first train his ability and learn how to spend the money to be a member of the upper class.

Next was the issue of the inheritance of the family.

In the past, when Wu Tian was still young, he almost lost his life due to his family's battle.

Old Master had no choice but to give Wu Tian to the butler to raise him and cultivate his independent ability.

Plus, with the period of training as a rich person, Wu Tian could now take charge of himself. He would have to face all kinds of conflicts in the family.

Thus, she worriedly asked.

"Young Master, Old Master will return home in two days, you must prepare to approach Wu Family!"

"I got it!"

After Wu Tian finished speaking, he walked into the study by himself. In less than 10 minutes, a notification for the video reception came from the computer opposite him.

Wu Tian pressed the Receive button.

Wu Zhi's old face appeared on the screen. He seemed to have aged quite a bit in a short period of time.

His hair had turned gray and his face was much more haggard.

"Grandfather, have you been feeling unwell recently? Why are you so haggard? "

Wu Tian asked worriedly.

Wu Zhi sighed.

"Tian, you can take charge of yourself now, I want to let you see clearly everything that Wu Family is facing right now."

Speaking up to here, Wu Zhi's face revealed a hint of discomfort, and he immediately continued.

"I will be returning home in a few days. Secretary Loong will take you back to the castle. You need to keep a low profile!"

"Grandfather, what exactly is going on in the clan? And about my parents, why didn't you tell me? "

At this moment, Wu Tian became agitated.

The memories of his childhood had all disappeared, as if they had never existed.

Regarding Wu Family, he didn't understand one bit.

He only woke up from his dream at midnight because of the tragic accident that happened in the car.

That was his parents' car accident.

"Tian, after settling the family's matters, I will tell you."

After Wu Zhi finished speaking, he hung up the video call.

Wu Tian instantly fell into deep thought. He didn't know how to describe the anger in his heart.

Since he was young, he had left the clan. He would rather Loong Yun never come looking for him, as he didn't want to get involved in the conflict within the clan.

However, in order to investigate his parents' car accident, he had to go to Dragon Mountain Castle this time.

Dragon Mountain Castle was the territory of Wu Family and it was filled with people from the entire Wu Family.

It took up an area of over a thousand acres. According to Loong Yun's previous narration, Wu Family was the leader of the leading enterprises.

"Young master, we will leave in two days! You should prepare first. "

At this moment, Loong Yun had already walked into the study room with Azure Dragon behind her.

"Alright!"

Wu Tian answered without thinking and got up to leave.

"Young Master, I'll go with you this time?"

Azure Dragon was a little worried that Wu Tian would enter the Wu Family with complicated disputes alone, so he suggested following him.

"Naturally, you are not to be absent. You should also go and make some preparations!"

After Wu Tian said this, he went back to his house alone.

Loong Yun sighed. She glanced at the door worriedly.

This was the first time Wu Tian, who was used to wandering, came in contact with Wu Family. No one could predict what would happen in the next second when he faced those people with wild ambitions.

However, Loong Yun also let out a sigh of relief when she remembered that Wu Tian had changed a lot in this period of time.

A few days later.

Ferrari and the Great Rolls-Royce left the castle and gradually left the city.

They drove slowly down the suburban mountain road, through two hours of running.

They finally stopped in front of the huge castle.

The castle covered an area of over 1000 mu.

Just the luxury buildings were enough to stun anyone. The castle was divided into three parts, which was probably the boundary of the family.

As the car entered the castle's entrance, two rows of bodyguards in black suits stood on both sides and bowed respectfully.

"Welcome back to the castle, young master!"

Wu Tian waved at the crowd and the car quickly drove into the castle.

He walked into the lobby. Wu Zhi was sitting on the sofa in the lobby, reading a newspaper. The LCD TV opposite him was broadcasting a local news.

There was a pretty girl following beside him. It was none other than Su Cancan, who he had met in the cave of the Half Moon Mountain.

The two of them looked at each other in surprise.

"Grandpa, Elder Brother Tian is here!"

Su Cancan reminded Wu Zhi.

Wu Zhi immediately stood up, walked to Wu Tian's side and grabbed his hand.

"Tian, all these years you've been suffering outside. Sit down and watch the news with grandpa."

Then, he turned around and said to Loong Yun and Azure Dragon, who were beside him.

"You two have worked hard protecting the young master, hurry up and go take a rest."

"Yes, master."

The two of them quickly left the hall.

Wu Tian looked at the huge castle and didn't know what to say.

When he was young, he had suffered all sorts of hardships with the butler, causing many to roll their eyes at him. Never in his wildest dreams did he imagine that he would be the successor to the rich and powerful family.

His mind was suddenly filled with a myriad of thoughts!

"Tian, are you still blaming grandpa?"

Wu Zhi said, his face full of guilt.

Wu Tian could not bear to see this, so he smiled.

"Grandfather, you want to train me to be independent, why would I blame you!"

"It's good that you don't mind. Sit down and watch TV with me!"

Wu Zhi pulled Wu Tian onto the sofa and sat him down. The local news on the TV was turned on very loudly.

"Ladies and gentlemen, regarding the internal market dispute within Wu Group, the person in charge of the group did not give any explanation. It is said that the mysterious heir is about to appear, we are looking forward to his follow-up ..."

The host's voice came from the television.

Wu Zhi was surprised to find out that the news was related to Wu Group, causing Old Master to frown.

"Wu Tian, it's time for you to take control of the group's destiny. When the family arrives, you have to keep a low profile, understand?"

Wu Zhi reminded him once again with worry.

Wu Tian turned around and glanced at Su Cancan, who was sitting beside him, then asked in confusion.

"Grandfather, this is ..."

"Oh, let me introduce you. This is your future wife. Your parents are engaged to her, so Cancan has always been by my side!"

Wu Tian was shocked when he heard that. He didn't know how to describe his feelings at the moment.
