

Hidden Billionaire Chapter 561 - Surprise

C561 Surprise

Wu Zhi looked at the expression in Wu Tian's eyes and couldn't help but smile.

"You didn't expect this, right? I still have a trump card for you, haha."

Seeing that his grandpa was so happy, Wu Tian really didn't know what to say anymore. If it was another person, then it would be fine too. But this Su Cancan ...

Of course, there was no doubt that she was a great beauty. All of her body parts had been verified by Wu Tian.

However, what happened in the cave behind the mountain didn't take long.

Even though Wu Tian was very thick-skinned, he couldn't pretend that nothing had happened so quickly.

Su Cancan's expression changed from surprised to shocked, then she wanted to glare at Wu Tian to death. This change could be said to be very complicated.

"You two can have a nice chat. It's almost time to eat, so I'll go to the restaurant to check on the preparations. Grandpa will tell you about our situation later."

Wu Zhi smiled and lightly patted Wu Tian's shoulder. He could be said to be very confident towards his children, and his ability to flirt with girls wouldn't be bad.

Moreover, this Su Cancan was a girl that had been meticulously selected by the Wu Family back then. Regardless of the strength of the Su Clan, their foundation was definitely reliable.

This Su Cancan was also very ambitious. When she grew up, she became even more slender and graceful. Wu Zhi had also brought Su Cancan into Wu Family for her to recuperate. Although there was no longer a 'child bride' in society, it was more or less the same. Everyone was already aware of Su Cancan's status in Wu Family.

"What's there to talk about with him!" Su Cancan glanced at Wu Tian and immediately pouted.

Wu Tian wanted to say something, but Wu Zhi had already walked away quickly, as if he was afraid that he would become the third wheel for them.

"That ..." Wu Tian also felt a bit awkward, so he rubbed his hands without knowing what to do.

Su Cancan was wearing a white shirt and a pair of wide-legged pants, which showed off her figure.

Even though Wu Tian was an experienced and knowledgeable old driver, he couldn't help but swallow his saliva at the beautiful scene before him.

"Humph!" Su Cancan looked at the way Wu Tian was looking at her. Inwardly, she was infuriated.

"What are you looking at? Have you never seen it before?"

As soon as she finished, Su Cancan regretted it. She remembered that day in the cave when she was seen naked by Wu Tian. She suddenly felt like she was naked in front of Wu Tian.

Her face immediately turned red, and even her ears started to feel hot.

Wu Tian looked at it for a while and quickly came back to his senses. This time, he came for a major event and it wasn't to see a beauty. Furthermore, the thing he should be worried about shouldn't be this.

"Erm, the one grandpa said just now was just for fun, right?"

It wasn't that Su Cancan hated him, it was just that Wu Tian wasn't prepared for such thoughts. There were many girls around him, and he and Liu Yueyao had a certain relationship long ago ...

Su Cancan suddenly became angry when she heard Wu Tian's words.

"Wu Tian, what do you mean? "Don't think that you can bully me just because you're one or two years older than me!"

Amongst the voices, Yanran seemed to cry a little. Wu Tian was stunned.

What kind of situation was this? He didn't say anything excessive.

"No, grandfather's words were too sudden. Moreover, before this, he had never mentioned this matter ..."

Wu Tian also felt helpless ... If he agreed, wouldn't that be the beginning of chaos and the end of it all?

But if he didn't agree, this would be the order of his parents. Furthermore, this was at his grandfather's request ...

Su Cancan's face was filled with righteous indignation. She pointed at Wu Tian's nose and stomped her feet in anger.

"You just don't like me, wuu ~

This girl's focus seemed to never be on the right path.

Wu Tian saw her run out of the room while covering her face and crying. He scratched the back of his head in confusion. What was this all about?

"Master, the master is waiting for you in the dining room."

A maid knocked on the door very respectfully and said in a low voice.

Wu Tian nodded. At this time, he was too lazy to think about what was going on with Su Cancan so he followed the servant girl to the dining room.

Wu Family was a very big castle. Wu Tian had not lived in this place for a long time. If he was allowed to search for it, he would definitely get lost here.

Fortunately, the servants in the castle all seemed to know him. He didn't need to say it, they would lead the way.

Not long after he left, Wu Tian arrived at the most luxurious restaurant in the castle.

The area wasn't very big, but the decorations could be said to be extremely extravagant. Although there weren't any gold or silver decorations, every piece of furniture and decorative parts was extremely expensive on the market.

"Ah, you're here. How was your chat with Cancan? I think the two of you should be well-suited for each other." You don't have to worry, grandpa has already prepared everything. Once you finish settling our family's matters, we can start a wedding for the two of you. "

The moment Wu Tian sat down, he almost stood up in shock.

"Grandfather, you don't have to be like this. I haven't thought about this matter!"

His grandpa didn't want to discuss it with Wu Tian at all. He didn't need him to say anything, he already planned to settle this matter.

Could this be the legendary feudal parents' way of doing things ...?

"What are you thinking about? However, your mentality is pretty good. As a man, you should first establish your career before you start a family. If you don't have a career, how can you be worthy of a woman?"

Wu Zhi didn't know how he understood it, but he started to praise Wu Tian.

Wu Tian also smiled bitterly. He didn't want to talk about this matter anymore.

"You want to tell me about S City? Let's talk about this first."

Wu Zhi finally remembered and nodded.

He nodded to the maid beside him and served them first.

Although their Wu Family lived in a western-style castle, it was said that Grandma liked this style, so Wu Zhi built the house like this.

However, the dishes served to them were completely Chinese style.

Colourful scents were the best of the best. In terms of living and living, the Wu Family had never been very casual.

If they want to eat, they eat the best.

"It's like this, although our Wu Family industry is the best in terms of quality, but recently, there has been a portion of capital that is nibbling away at our shares."

Wu Zhi's expression was clearly a bit gloomy. It was obvious that he was unhappy about this matter.

Hidden Billionaire Chapter 562 - Secondary Market

C562 Secondary Market

Originally, when he heard Wu Zhi say this, Wu Tian didn't take it to heart.

This was because in the world of capital, it was not too common to purchase shares or to have other people purchase them.

However, the reason why Old Master Wu Zhi was so angry this time was because he felt that the sudden appearance of this mysterious capital was related to the people from Wu Family.

"Grandfather, you can't speak carelessly. What evidence did you get?"

Wu Tian said somewhat nervously. This sort of thing was no small matter, to earn the family's wealth with an outsider, this was something that could not be accepted in Wu Family.

Wu Zhi shook his head helplessly and said with a wry smile, "No, this guy is very cunning. I've suspected a lot of people before, but I couldn't figure out who did it. Moreover, this capital is currently buying shares in the secondary market, and I don't see any change in the amount of shares held by our family. "

Speaking of this mysterious capital, Wu Tian was interested, the industry in Wu Family was not a small one.

S City were already very developed, and various industries were very powerful. There were simply too many rich people here.

To be able to become the leader of the group due to S City, the strength within must not be underestimated. It could be said that Wu Family was one of the top auction places in the entire country. It had always been about Wu Family buying from other people, and this time, it was also a very special occasion for people to buy a large amount of shares.

"Do you know anything about the mastermind behind this? Since it's a secondary market, can you find out where they traded their stocks? How much shares have we lost?"

Wu Tian asked a bunch of questions in quick succession, but Wu Zhi didn't answer immediately. Instead, he started to eat with a smile.

"Although work is more important, you still have to eat." Wu Zhi pointed at Wu Tian's bowl and chopsticks and looked at him with a smile.

Only then did Wu Tian start to eat with ease. Since Old Master could eat with such ease, he must have made some preparations.

"You don't need to ask me about this. I know you will be interested, so I have arranged for you to have Su Cancan take you around. She knows everything that I know, so you two can move out together."

Wu Zhi suddenly smiled maliciously. He clearly did this on purpose.

Wu Tian was aware of something, but it was not good for him to refute Old Master in this situation.

After all, he had agreed to do it well. As for Su Cancan, he had no choice but to do it this way. He had no other choice but to do it for the sake of his work.

If he could find out that the two of them weren't very suitable during this period of time, perhaps this girl would go and talk to Old Master. Thinking about it like this, Wu Tian was no longer afraid of this.

After eating, Wu Tian accompanied Wu Zhi to walk around the castle. However, they were sent to find Su Cancan very early on.

It seemed like Old Master really wanted to urge them on.

Su Cancan was already waiting for him in the hall of the castle. The main industry of Wu Family is in the name of the company of Wu Group, branches throughout the city. And this group is the overall planning.

"Once you're ready, hurry up and get on the car!" Su Cancan didn't give Wu Tian any face after all. She was still angry about what happened just now.

Wu Tian still didn't understand what was going on with this guy.

"Where are we going? Right, Old Master told me to get to know you a little ..."

The two of them got into the car. Wu Tian was still talking when Su Cancan stepped on the accelerator, causing Wu Tian and the car to almost collide intimately.

"..." Wu Tian was speechless and angry at the same time. However, he couldn't offend this guy at the moment. After all, the bigger picture was more important, the bigger picture was more important.

Honestly speaking, Wu Tian didn't really care about Wu Family at all. His current company had also succeeded. Although his family couldn't compare to his Wu Family, they were still considered to have reached a certain level of mastery.

Wu Group was the most flourishing part of the S City, and it was a building that was almost a hundred floors tall.

Humans were indeed insignificant in the face of such a colossus.

"Let's go, don't just stand there."

Su Cancan casually parked the car in front of the door and left the keys inside. Soon, someone would come and park the car in Su Cancan's usual parking space.

The people inside were bustling with activity. Many of them were walking in a hurry, and it seemed as if there was something on their faces.

"Hey, look at these employees. Why are all of them looking so depressed ..."

Wu Tian whispered into Su Cancan's ear.

"Right now, there are many rumors in the company. Some people actually say that someone wants to buy Wu Group s, and some people even say that they are going to cut their jobs very quickly ... All in all, the company's current stock has dropped a lot because of these rumors. "

Although Su Cancan looked very young, she was extremely familiar with Wu Group.

However, because Su Cancan was leading them along the way, no one came to greet them, not even to say hello. However, Wu Tian didn't mind, he didn't want to be pointed at here.

After all, this was a company, not a Wu Family.

They came all the way to the top floor of the Wu Group Building. This floor was a huge office, and if Old Master Wu Zhi came, he would be working in this place. However, in this place, Su Cancan was the one who stayed the most.

Wu Tian looked around when he got out of the elevator. He had never seen such an exaggerated office before.

There was no wall on this floor, so the entire floor was open. Standing at the elevator, one could clearly see the entire floor.

As the office was rather large, there were even entertainment facilities installed inside.

This elevator was the only way out.

When he came back, Wu Tian noticed that when Su Cancan came in, she used a bracelet on her wrist to brush the inside of the elevator.

It seems like not everyone can enter and exit at will ...

If he didn't have this bracelet, he could only let Su Cancan bring him here.

"Alright, we're already at the place. What's the situation with Wu Group?"

Wu Tian sat on a sofa that was as big as a bed and tilted his head to look at Su Cancan.

Su Cancan didn't answer directly, but pointed at a huge screen in the office. Wu Tian also looked over.

It shows the current stock situation of the Wu Group, the ownership structure, liquidity and other information that is very critical.

And what Wu Tian did not expect was that Wu Group's shares had already dropped to about 55%.

They were only 5% away from their bottom line.

Hidden Billionaire Chapter 563 - Nanhe Securities Company

C563 Nanhe Securities Company

Since when have stocks dropped to this level, and liquidity is pitifully low.

A large company like Wu Group should at least have a few billion in liquid capital, but in reality, it was only a few tens of millions.

"Why is it only this little money?" Wu Tian pointed at the liquidity, even he couldn't believe what he saw.

Su Cancan smiled coldly and crossed her legs in a very comfortable position. She poured a cup of coffee out of nowhere and took a small sip.

"Or maybe there's a problem with the company, and that's where the problem is. We've recently invested our money into a project and we can't get it back in a short while."

As she spoke, Su Cancan's expression immediately became stern, as if someone had angered her.

"I don't know if they did it on purpose or not, but so many of the branches below have started to report their projects to the higher ups. The funds were immediately taken out and our shares were purchased in large quantities at this time!"

The meaning behind her words was obvious. There might be a connection between these two matters.

Wu Tian looked at Su Cancan with a calm expression. After pondering for a while, he slowly said, "No wonder. I'm afraid there really is a mole in his family."

Old Master was so worried. It seems like it wasn't for no reason. He wanted to empty out our company with his move.

"Let's not talk about this. The most important thing right now is to quickly take back the stocks on the secondary market. I'm afraid our stock isn't even 50%."

Although Wu Family had less than fifty percent of the shares, they were still the largest shareholder. Who could guarantee that they would not have any problems controlling the company?

Su Cancan seemed to have known that Wu Tian would think this way. She took out the document that she had prepared beforehand and handed it to him.

"This is our current documents, the shares in our Wu Family are around fifty-three percent, and we still have about five percent in the second tier market."

This so-called secondary market meant that ordinary citizens could still have some funds on the exchange, and the primary market was the direct owner.

Of course, under the current situation, as long as one wasn't an idiot, there wouldn't be a single Wu Family person who would think of selling off their own shares. One must know that even if they only occupied 5% of the shares, their annual dividends would still be innumerable large amounts of wealth.

"Fifty-three percent isn't much, and there might be people in the family who are willing to sell their shares. We have to find a way to get all these secondary market stocks back." Wu Tian quickly made his judgment.

"Needless to say, I started a long time ago, but there's no money left in the company now. The price of the stocks has been subtracted, and many investment banks are already following suit. The price has risen two to three times ..."

That was Su Cancan's problem. They didn't have enough money.

"To borrow money from banks, or from investment banks?"

Wu Tian was still a bit unwilling to give up. As long as they could stabilize the stocks and drag it out for a period of time, the other party would not be able to support such a large investment and would naturally choose to surrender. At that time, a large amount of stocks would definitely be thrown out.

"I've already borrowed everything that I can. Moreover, it will be very difficult to buy the remaining 5% of the shares ..." Su Cancan let out a sigh. Her ice-cold, jade-like face was also filled with worry.

"What's wrong? Whose hands is the stock? "

"The local S City has a very powerful investment institution called Nanhe Securities Corporation. Their strength is very strong, and before this, they had some conflicts with our Wu Family in business ... Also Old Master's biggest rival, I don't know how they managed to get these stocks. I went to find this Nan He, they won't sell it to us no matter what. "

"Nanhe Securities Corporation?" Wu Tian repeated this name in a low voice. In his memory, this company's name rarely appeared, but he seemed to have seen it before.

Previously, when he had asked Loong Yun to investigate Jinzhou Group, she thought that this Nanhe Securities Corporation had appeared in their shares!

That's right! That's it!

He did not think that the two would be linked here.

"Forget it, there's no use telling you ..." Su CancanliLeng glanced at Wu Tian and walked away on her own. It was unknown what she was busy with.

Since he had already come, it seemed that he would have to go meet this Nanhe Securities Corporation first.

This Su Cancan refused to acknowledge him, so Wu Tian could only helplessly take out his phone to send a message to Loong Yun.

Loong Yun was sent to his side by Wu Family so she should be familiar with the situation here. Therefore, Wu Tian didn't think that Su Cancan would tie his hands and feet.

Not long after, Loong Yun drove the car and hurried over. She brought Wu Tian and the two of them rushed towards Nanhe Securities Corporation.

According to Wu Tian, knowing yourself and knowing your opponent is the best way to win a hundred battles.

This Nanhe Securities Corporation was not too far away from the Wu Group building, it was just that this building seemed to be newly constructed, and it looked extremely grand.

"We have to be careful when we enter this place ..." Loong Yun looked at Wu Tian worriedly as she reminded him carefully.

Wu Tian smiled, he wasn't nervous at all.

"What are you afraid of? They don't recognize me." He had basically never shown himself in S City, moreover, he hadn't interacted with Wu Family in any kind of business. Unless something unexpected happened, this Nanhe Securities Corporation wouldn't notice him.

Entering into the hall of Nanhe Securities Corporation, one could see a very large stock exchange, where many people and traders were gathered.

Such a lively scene made Wu Tian think that there was some kind of gathering going on.

Remembering that he had never gotten his hands on any stocks before, Wu Tian said to Loong Yun in surprise, "We came here so hard. Why don't we open an account or something and see if we can buy some stocks? If only we could buy someone with Wu Group, that would be even better. "

Loong Yun, on the other hand, didn't say anything. She looked around the hall and saw a VIP reception center not far away.

"Let's go there. There should be someone here to receive us." Saying that, the two of them quickly walked over. Along the way, they could hear the constant sounds of people conversing with each other.

"Did you buy the shares in Wu Group this time round? Now it's up and up again! "

"No way. I sold it two days ago when I saw it rise. It would have been great if I just kept it for now!"

When Wu Tian heard this, he frowned. It seemed that there were a lot of people who had their eyes on Wu Group, and even these retail investors followed suit.

Hidden Billionaire Chapter 564 - Gambling Agreement

C564 Gambling Agreement

When they arrived at the reception desk, the girl at the front desk smiled at Loong Yun. It was a dazzling smile, giving off the feeling of a spring breeze.

"How can I help you, lady?"

Loong Yun shook her head, stepped aside and pushed Wu Tian up.

"It's not me, it's this guy. He wants to open an account and invest in some stocks."

The front desk girl looked at Wu Tian's casual clothes. The difference between him and Loong Yun was like heaven and earth. His clothes must have been bought from a roadside stall.

"Sir, you have to watch out. We are in the VIP reception area, and the regular customers are over there."

As she spoke, the smile she had towards Loong Yun instantly disappeared and was replaced with a mocking expression.

This person was definitely a bumpkin. Coming here was simply a waste of time.

Wu Tian was already used to it. This wasn't the first time, so he didn't have much of a reaction.

"Why, can't I open an account here? Don't forget that the customer is God! "

When the front desk girl heard Wu Tian's words, she sneered and laughed mockingly along with her colleagues.

"Sir, only customers with more than 5 million RMB are qualified to do business here. I suggest that you go to the general reception to save time."

Hearing this, Wu Tian's face immediately darkened. What do you mean, who are you looking down on?!

"Cut the crap. Call your manager out. I'm not leaving today. I have to open an account here no matter what!"

Wu Tian's loud voice quickly attracted the attention of the receptionist's leader. He quickly walked over to check on it. This place served the rich, and the front desk was especially important.

"What is it?" The VIP manager walked over, looked at Wu Tian, and then asked his subordinate.

"You're the manager?" Wu Tian snorted and looked at him with his arms crossed.

"Yes, it's me. What can I do for you?"

"I want to open an account with you. Tell me about the situation. How much is it?"

When the manager heard this, he was actually amused. It seemed like a kid who didn't know his limits had come.

"Sir, we have five million at the minimum."

After Wu Tian heard this, he didn't hesitate and looked at Loong Yun. Loong Yun then took out a cheque book and wrote a string of numbers on it.

"This is the amount of money I'm going to invest, see how it's arranged." Wu Tian took the cheque and threw it on the manager's body in disdain.

The manager picked up the cheque with a skeptical look. When he saw it in front of him, he almost stood up.

"50 million?"

Not only this manager, even the face of the little girl at the reception desk instantly turned pale.

"Is it too little?" Wu Tian sneered at the two of them. If it wasn't for him wanting to come in and find out the true nature of this Nanhe Securities Corporation, he really wanted to teach these two snobbish lackeys a lesson.

"Sir, Boss, I wonder what your name is? What is your name?" The manager's tone suddenly became tactful. Sweat covered his forehead. This was a big client. He could write a cheque worth 50 million at any time. This meant that his assets definitely weren't just worth a little more than that.

"My surname is ..." Just as Wu Tian was about to say his name, he suddenly thought about it and realised that it might not be good if he exposed his name right now. He might even be found out by the people with Wu Family, "My name is Loong Qing."

Saying that, Wu Tian winked at Loong Yun who was behind him and borrowed Loong Qing's name.

"Mr Long, please come in. Come sit." The manager hurriedly helped Wu Tian into the reception area. It was even better than treating his own dad.

Wu Tian didn't say anything. Apparently, he was very angry.

The manager wasn't an idiot, he knew what was going on just by looking at Wu Tian's expression.

"Just now, it was our front desk that didn't have any discernment ability. She offended you, so I will fire her now!" The manager smiled along with him, carefully coaxing Wu Tian. Then, he decided to slowly get in touch with Wu Tian.

"How are you going to invest this time?"

Wu Tian smiled and crossed his legs.

"When I was outside earlier, I heard that people were buying shares called Wu Group. I'm not from this city, and I don't know what kind of stock it is, but if I can earn some money, I don't mind buying some."

Hearing Wu Tian's words, the manager quickly let out a breath of relief.

"If that's the case, then I know that everyone is copying the shares of the Wu Group. Many of the consortia have already purchased a large amount of the stock. It is really a bit of a coincidence that you are here right now."

If it was any other stock, there might be some variables, but once this Wu Group was taken out, no matter how high or low the price was, there would definitely be people who would buy it.

Wu Tian's expression suddenly turned bad. Of course, he was doing this on purpose for the manager to see. If it was as he had guessed, then he wouldn't have to worry about not being able to catch fish since this Nanhe Securities Corporation held a large amount of shares in the Wu Group.

"Then is there no other way? Even if I earn less, it's still fine."

Hearing Wu Tian's words, the manager slightly lowered his head as if he was thinking of something.

"Mr. Long, how about this? I can help you keep an eye out for them. If there's a suitable opportunity, I'll help you buy them as soon as possible."

"How about this, I'll make a wager agreement with you. If the stock continues to rise after these three days, I'll buy 5% of the shares at double the current price. If the stock fell, I would buy it at its current price! "No matter which investment bank it is, or if it's a few families that come together, as long as they have the shares in Wu Family, they can sign this agreement with me."

Wu Tian looked at the manager in front of him with a smile. His words almost scared him to death.

"This... This is not a small amount of money! " Even if it was five percent of Wu Group, it would still cost more than a hundred million.

"Humph, you mean our Boss Long has no money left?" Loong Yun, who was standing at the side, could not stand to watch any longer.

The manager wiped the sweat off his forehead. He quickly nodded and bowed, "The two of you should rest here for a bit. I'll go and report to the authorities!"

The gambling agreement was extremely important, and the manager couldn't make a decision either. He quickly went to find his superior.

After Nangong Ying heard everything from the reception manager in his office, he squinted his eyes and couldn't help to guess who this Loong Qing was.

"General Manager, should we accept this agreement?" The reception manager cautiously asked. He was looking forward to this very much. If this deal was successful, he would be able to get quite a large commission.

Nangong Ying looked down at his computer, and then looked at the shares he held in Wu Group. The number seemed to have reached twenty percent.

"Promise him that we won't let such a fool off!"

Hidden Billionaire Chapter 565 - Is It a Loss or Is It a Gain

C565 Is It a Loss or Is It a Gain

Seeing the manager leave, Loong Yun quickly went to Wu Tian's side.

"What you said just now, that agreement isn't that good. No matter how you think about it, we are at a disadvantage!"

However, according to Wu Tian, if they won the bet and bought it at the current price, they would have to pay twice the price if they lost.

It had to be known that in the past, the price of Wu Group wasn't so high, but now, it was high enough to top it.

Wu Tian smiled mysteriously and looked around to see that there was no one around. Then, he decided to explain in a low voice.

But before he could say anything, he saw the manager run back anxiously.

"Great! Mr. Long, you didn't leave. Our general manager heard your proposal and wants to meet you. If possible, it would be best if we could sign the contract on the spot!"

Wu Tian suddenly became happy and almost jumped up from the sofa.

"Quick, lead the way!"

The three of them quickly walked inside. Nangong Ying's office wasn't far from the VIP reception area. They only walked a few steps before they arrived.

As soon as Wu Tian entered the General Manager's office, he sat down on the sofa in front of Nangong Ying in a natural manner.

The manager tactfully poured them some tea and left quietly.

Nangong Ying had been sizing up this man ever since Wu Tian came in.

"You must be Mr. Loong Qing. I really didn't know that you had such strength at such a young age."

Being stared at by Nangong Ying, Wu Tian felt embarrassed and quickly waved his hand.

"Oh? We look about the same age. Perhaps you are only one or two years older than me. I should be learning from you."

The two flattered each other and said some polite words, but soon the topic was brought up by Nangong Ying.

"I don't get it. No matter how you look at it, the bet is won by us. What are you thinking?" Nangong Ying wasn't the only one who didn't understand this question; even Loong Yun couldn't understand it either.

Wu Tian didn't make it too hard to understand, so he said very straightforwardly: "Very simple, I just want to earn some money! Everyone knows that the price of this Wu Group has risen a lot, since you all bought all of it from the market, then I want to get some meat to eat as well, and can only spend a bit of it. Honestly speaking, I do not intend to win, if the price of the Wu Group s continue to rise like this, even if I were to eat it at twice the current price, I would not lose.

Hearing Wu Tian's words, Nangong Ying laughed excitedly, "I've really never seen you act so magnanimously. Aren't you afraid it will suddenly plummet?"

This agreement was just a gamble. If he misjudged it, there was a high chance that Wu Tian would lose.

"I believe that it will not fall. If it falls, I will leave it to fate. Manager Nangong, this bet, do you dare to sign it?"

There wasn't much point in continuing on like this. Wu Tian hoped that he could sign this agreement.

"Sign it. How could I not sign it?" Nangong Ying had already prepared the documents and signed his name on it.

Wu Tian was relieved when he received the contract. However, Nangong Ying looked at the name written on the contract and thought about it for a long time. He could not remember which investment bank this Loong Qing was from, or what kind of consortium he belonged to.

If there was such a person, he should know.

"Now that the contract has been signed, we can rest assured. That's right, General Manager Nangong, what exactly is going on with the shares in Wu Group? Why did they suddenly rise so much?"

Wu Tian acted like he didn't know what was going on at all. It seemed like this matter had troubled him for a long time.

Nangong Ying stood up and walked around his office. He smiled wryly, "Do you believe me if I say that I'm not sure?"

How was this possible? Wu Tian's first reaction was that this guy was lying.

He came here this time specifically to investigate this Nanhe Securities Corporation, but this Nangong Ying suddenly said he didn't know anything?

"You must believe that I really do not know. I also saw that this Wu Group's stock was about to rise, so I quickly took some in the secondary market. There aren't many of them." Nangong Ying obviously wouldn't reveal all of his cards because his men already have 20% of the shares.

"That's really strange ..." Wu Tian saw that he couldn't think of anything useful here, so he didn't want to stay here any longer.

After greeting each other, Wu Tian's good contract quickly left the Nanhe Securities Corporation.

When the two of them got into the car, Wu Tian was still guessing if what Nangong Ying said was true or false.

Loong Yun still remembered the question she asked earlier, but Wu Tian still hadn't answered it. It was also likely that he hadn't told Nangong Ying the truth.

"This Agreement... What on earth are you thinking? " Loong Yun felt that Wu Tian was a veteran at the shopping mall. He should have a lot of ideas when doing things, and it should be the same this time.

"It's very simple. What we need the most right now is to keep our shares in Wu Family. Since he's willing to sign the wager agreement, it's already equivalent to buying five percent of the shares from him."

Wu Tian said while shaking his head in the car. Loong Yun immediately understood with her intelligence when she heard that.

"So you're buying at all costs. Can we still go to a few securities or investment banks to buy more shares?"

If this matter could be easily resolved, then the crisis on Wu Family this time would not be that difficult to deal with.

Wu Tian didn't feel very excited. Although it was equivalent to getting 5% of the shares, his Wu Family wasn't as carefree as it was before. Right now, the price of the shares was still rising crazily.

On the other side, Nangong Ying was looking at the continuously rising stock price and was overjoyed in his heart.

Although it was only a 5% trade this time, with the current rising momentum, he would at least earn two to three hundred million, and this was still the most conservative guess.

If he succeeded this time, he would definitely be able to gain a foothold in the Nanhe Securities Corporation Board of Directors!

Thinking about that, Nangong Ying couldn't help but laugh. At this moment, he suddenly remembered his phone number.

"General Manager, we have already found out where the large amount of funds to buy Wu Group came from!"

The voice on the other end was anxious but also excited.

Nangong Ying had a lot of stocks in Wu Group that he owned, and he was also secretly investigating who was behind this incident.

Obviously, his investigation was much more effective than Wu Tian's.

"Hmm, tell me, what is it?"

"The funds came from abroad ..."
