### C566 The Behind-the-scenes Capital Attack

Wu Tian directly returned to Wu Family's castle. Although he saw Wu Old Master, he did not say out the agreement he signed.

Loong Yun didn't say anything on the side. She and Wu Tian had a great synergy. If Wu Tian didn't want to say it, she definitely wouldn't say it.

Wu Zhi knew Wu Tian left with Su Cancan today. When he came back alone, he was puzzled for a long time.

He wondered if they were fighting.

"You've only just met, you definitely need to get along. Don't be too anxious brat, things are only a matter of time."

Wu Tian was speechless. He had been eating Su Cancan's dark face all day...

"Grandfather, why don't we not talk about her first ..."

Hearing the name of this girl, Wu Tian was a bit upset.

How could Wu Zhi have such a good temper? When he saw that Wu Tian's attitude was off, he became even more serious.

What happened to the two of you? Did you encounter some trouble? You tell grandpa, I'll tell you, I understand this little girl too well. Although she has a cold expression, she is actually a very weak child.

Wu Tian could only choose to listen to his grandfather's teachings.

Not long after that, Su Cancan also came in with a face full of excitement. She thought that Wu Zhi was the only one there, but she didn't expect that Wu Tian was also beside Wu Zhi. Her happy face immediately turned gloomy, and it seemed as if her face had been stretched taut at that moment.

She was still angry ... Wu Tian was convinced.

He didn't think that this girl would be so petty. Did he just look at her? It's not like he did anything ...

"What's wrong with Cancan? So excited, do you have any good news? "

Looking at Old Master's smile, Su Cancan didn't say anything. "I just received the news that the capital which buys a lot of our stocks in the market has finally shown up!"

Wu Tian immediately pricked up his ears when he heard that. This was a very important piece of news. If they knew what was behind this, it would be easier for them to be fully prepared.

To put it bluntly, if the other party wasn't very strong, then they should have already reached their limit of strength. Even if Wu Family were to do nothing right now, a stock with such a high price would still continue to drop in price due to the lack of funds. At that time, as long as they sold their stocks, Wu Family would be able to buy back all these stocks.

Su Cancan looked at Wu Tian's expectant expression. She snorted coldly, then turned her head to Wu Zhi and said, "It's from a fund outside the country. It's a newly established fund. The shareholders behind the scenes are said to be the Pu Zaichun family."

When Wu Zhi heard this name, he also took a deep breath. It wasn't because of anything else, but because this person was too famous.

His Shuangxing Company Group could be said to be the largest group in the entire Korea Country, or even the corporate world. The Shuangxing Company Group had already infiltrated every nook and cranny of people's lives within the nation of Korea.

A citizen of Korea was born, he could even be born in the hospital of Shuangxing Company Group, grow up in a house in Shuangxing Company Real Estate, and then go to school in Shuangxing Company's kindergarten. As long as he was a person from the Korea, it would be impossible for him to get rid of the influence of the Shuangxing Company Group.

Therefore, the Shuangxing Company Group had contributed almost a quarter of the finances of the Korea Nation, so this kind of wealth was probably second to none even in the entire world.

"How could it be them? Our Wu Family shouldn't have anything to do with Shuangxing Company, right? "Has there been any business dealings?" Wu Tian also realized that things might start to get complicated again. They never would have thought that Shuangxing Company Group was actually buying shares in their family.

"No, I don't think so in my memory. Even if there had been a collaboration, it should have involved a small transaction. Otherwise, I would have known nothing at all." Wu Zhi was very familiar with the major affairs of Wu Family. In any case, he really couldn't think of any place that could be related to Shuangxing Company.

Su Cancan had long accepted this, looking at them calmly and said, "Things are already like this, what we should do the most is to pool our shares and prevent further loss of shares. I suggest that we pool all the shares of the family members together!"

Although Wu Family's share was greater than fifty percent, it was split among several tens or even a hundred people. As for the actual number of people, it wouldn't be much when it came to each person.

Wu Zhi's eyebrows frowned, while the wrinkles on his face also bunched up.

"Old Master, we should be like this right now ..." Wu Tian also felt that Su Cancan had said a lot of things. With their family's strength, they couldn't contend against Shuangxing Company Group, so the first thing they had to do was to quickly hug what they had right now.

How could Wu Zhi not know about this? It would be fine if it was that easy.

"Your uncles aren't so easy to deal with ..." Wu Zhi originally wanted to say that these worms had ulterior motives, but it wasn't good to say this in front of Wu Tian and the others.

Although he didn't have much contact with them, Wu Tian had heard about it during this period of time.

In the past, when his relatives split the money, they were all very active. Now the old man wanted them to pay to help the group through the crisis, and they were all gone.

Wu Tian also said why he didn't see many people in the castle. So it turns out that these fellows had all run out.

"But we have to think of a way to deal with the situation. We can't just sit by and watch as the group is taken away, right?" Su Cancan's tears almost flowed when she said this, but with her status, she could only do this.

If Old Master was not here, the people from the Wu Family would not take Su Cancan seriously. This was why Su Cancan had such a cold expression; she was forced to do this by the people from the Wu Family.

"Leave this matter to me." Wu Tian saw that they didn't have any better ideas, so he decided to stand out.

"You? What good idea can you come up with? " Su Cancan directly rolled her eyes at Wu Tian. It was obvious that she didn't think Wu Tian was reliable.

Seeing her attitude, Wu Tian also stood up, "If I can handle this, what will you do?"

"Whatever you say, I will do it!" In any case, she felt that this fella definitely wouldn't be able to solve the problem. Even if he was struck by lightning, Su Cancan wouldn't mind.

### **C567 Unexpected**

"Grandpa, you heard it. With grandpa as your guarantor, you can't go back on your word!" Wu Tie pulled Old Master along as a guarantee. He threw down those harsh words and rushed out with Loong Yun.

Su Cancan didn't care about Wu Tian's threat at all. Instead, she glanced back at Wu Tian provocatively.

It was already late, so Wu Zhi arranged dinner for the three of them to eat together with Loong Yun. Wu Tian had been absent-minded the whole time and didn't even pay attention to what Old Master had said.

He knew that Su Cancan seemed to have said something very rude to him ...

After eating, Wu Tian hurried back to his room. He didn't know if Wu Tian had any ideas or not.

The next day, this guy came out of his room with a thick document and dark circles under his eyes.

Wu Zhi felt heartache when he saw Wu Tian like this.

"Child, you don't have to work so hard. If you need anything, just tell grandpa. grandpa can help you."

Although Wu Tian was a bit tired, he was still full of energy now. He waved the document in his hand and said to Wu Zhi mysteriously, "Old Master, I already have an idea of what we were worried about yesterday. As for the rest, you can take a good look."

Although Wu Tian reported the news, he didn't reveal his plan. It was just that the voice he heard from the clear document bag meant that there was something inside.

Wu Zhi didn't say anything. He just urged him to go back to his room to rest. No matter how smart or smart he was, he still needed to have a good spirit first.

When Su Cancan woke up, she heard that Wu Tian still hadn't woken up, so she planned to knock on his door.

Luckily, Wu Zhi saw it, so he quickly stopped it.

"Grandfather, although he's your eldest grandson, what's the situation now? How could he have the time to sleep in?"

"About that, he didn't sleep all night and only went to rest after he saw me in the morning ..." Wu Zhi hurriedly explained. He didn't dare to speak too loudly for fear of waking Wu Tian up.

Su Cancan wanted to say something, but she noticed that Wu Zhi's expression seemed to be a little happy.

"Grandfather, did he have any thoughts?" Su Cancan, who was extremely smart, immediately thought that Wu Tian might have already thought of something.

However, Wu Zhi wasn't sure what exactly this method was either.

"Then I don't know. You should wait for him to wake up first."

How could Su Cancan be so obedient? Seeing Wu Zhi leave, she secretly sneaked into the room next to Wu Tian's bedroom.

The balcony of the two rooms were basically connected, Su Cancan easily crossed over.

She carefully touched Wu Tian's room. Her eyes were like a thief as she carefully observed Wu Tian's room. Then, she saw the folder in Wu Tian's hand on the bedside.

Old Master should be talking about that thing, and Wu Tian's idea should be in that thing.

Su Cancan suddenly moved closer to the front and quietly touched the side of the folder with her hand. She wanted to take it out.

Wu Tian slept soundly on the side, and his breathing was very even, not like he was about to wake up.

"What am I doing? I actually sneaked into that pig-like person's bedside to do this thing like stealing chickens and dogs ..." Su Cancan couldn't help but criticize herself in her mind, but in the end, she couldn't match her curiosity. She grabbed the folder and was ready to steal it from Wu Tian.

"Who is it?" Unexpectedly, Wu Tian suddenly woke up. Su Cancan had her back facing him and was shocked.

But before she could stare blankly, Wu Tian had already jumped up from the bed. He had already noticed that this uninvited guest was stealing his documents. He reached out his hand to grab the thief's shoulder.

Su Cancan, who had yet to recover from the shock, was hit by Wu Tian's attack.

During this period of time, Wu Tian's martial arts practice had finally come in handy. He easily pushed Su Cancan onto the bed and restrained her with his hands and feet.

Wu Tian finally came to his senses. He felt that there were two balls of softness under his body, but they were also a bit elastic. When he looked again, he saw that the person he was restraining was actually Su Cancan.

"Let me go!" Su Cancan's face was red and green. It was really because she was afraid of something. Why did this guy suddenly wake up? This was going to be troublesome.

The two of them were very close, they could even feel each other's body temperature. If it wasn't for Su Cancan's words, Wu Tian wouldn't have moved.

"Why is it you?" Wu Tian was also a bit embarrassed. Previously, Su Cancan had always been against him because of the incident in the cave. Now, there was one more thing that happened.

Su Cancan quickly sat up from the bed, tucking her clothes in tightly. Without a word, she ran out of the room.

Wu Tian was still watching from the back. He was hesitating whether he should apologize, but he didn't do anything wrong in this matter.

In the distance, Old Master Wu Zhi happened to be passing by the corridor. When he saw Su Cancan running out, he shook his head and laughed. These two little guys were still as timid as ever. They said that they hated each other, but in the end, they still ran into the same room.

When Wu Tian reappeared, it was already lunch time and Su Cancan did not appear this time.

He had been thinking about what kind of expression he should have when facing Su Cancan, so he didn't have to worry about it anymore.

"Wu Tian, you're already old. I can understand why, but our family has too many people. It's best to restrain ourselves and not spread rumors. Let your uncles laugh at you."

Wu Zhi looked at his grandson with a meaningful smile. On the contrary, he was mocking him more than lecturing him.

"What are you talking about? Nothing happened between her and me..." Wu Tian also realized what Wu Zhi was saying and quickly explained.

No matter how he explained, Old Master's smile was as if he understood what was going on and Wu Tian finally gave up on that idea.

After hurriedly finishing his lunch, Wu Tian took out the folder and handed it to Wu Zhi.

"Old Master, I have already thought of a plan. Please release the information in the document, those people will naturally come back."

## **Hidden Billionaire Chapter 568 - If You Don't Accept It We'll Split the Family**

### **C568 If You Don't Accept It We'll Split the Family**

In the meeting room of the Wu Family, there were no longer just three or four people; it was bustling with noise and excitement that had not been seen for a very long time.

However, Old Master Wu Zhi's expression was still unhappy.

If Wu Tian didn't advise him to transfer the shares in the family, these guys would probably still be waiting outside and not come back.

The news that the family was going to sell their shares immediately caused the entire family to explode. These people came back to question Old Master.

"Dad, what's wrong with you? To suddenly do this, could it be that you don't want our family's foundation?" Wu Yongan was the one with the biggest share in the family, so he was the first to speak.

Wu Tian was standing with Loong Yun in a corner of the meeting room. They looked coldly at their uncle who was talking.

He still had some impression of this person when he was young, but he didn't have any good thoughts about this person in his memory.

Looking at the faces of these people, Wu Zhi's heart was as cold as steel. Old Master sat on the chair and suddenly slammed his teacup on the table. The sound was so loud that it stunned everyone in the meeting room.

"In my opinion, it would be better if this Wu Group were to disband as soon as possible!"

Old Master scanned the people below with his sharp eyes. The more he looked, the angrier he got.

Seeing this situation, Wu Yongan immediately changed his appearance and said with a mischievous smile, "Old Master, don't worry. If there's anything you want to say, just say it out loud. We're all outside. We wouldn't know if you didn't say."

His words garnered the approval of many of the tribe members as they echoed his words.

Hearing them say that, Wu Zhi felt like his lungs were about to explode.

"Alright, you're sharp-tongued now. You can say anything you want! What is the current situation of the group? "One by one, stop pretending to be garlic!" Wu Zhi pointed at the noses of these Wu Family people and started to scold them. If it wasn't for them, perhaps Wu Family wouldn't have entered its current predicament.

Seeing that Old Master was really angry, Wu Yongan rolled his eyes and said seriously: "Yes, you're right! I've only known about our group since I got off the plane. I understand Old Master's mood very well, and I'm very sad too, is that how you guys did it? "

It was just that this time, Wu Yongan actually pointed his spear at the other Wu Family people, as if he was standing with Old Master Wu Zhi.

"Wu Yongan, stop putting on an act there. You're both the same, you're not much better either!"

"That's right, I heard that the shares in your hands have already been sold. If anyone wants to sell it, it would have to be you!"

This action caused the other Wu Family people to become somewhat indignant, and in an instant, the entire meeting room became noisy once again.

Wu Zhi looked at the scene and suddenly laughed.

The Wu Family people who were noisy a moment ago instantly focused all of their attention onto Old Master. No one knew what he was laughing at right now.

"Old Master, Old Master?" Wu Yongan cautiously probed. It was actually normal for them to quarrel like this. Every time Wu Family called a meeting, if they did not turn the whole meeting room upside down, they would definitely not let it go.

Everyone wouldn't back down for the sake of a little bit of profit, but no one was thinking about Wu Family right now.

To say that they were worms was to say that they were even insulting them. These people were nothing more than blood sucking fleas on their Wu Group. Besides greedily seizing the benefits, they would do almost nothing that was of any significance.

"You guys keep arguing, I'm waiting to see. Why aren't you arguing? When you're finished, I'll sign this document. " Wu Zhi smiled as he clicked on a document beside him.

Wu Yongan's eyes immediately lit up when he saw this document. Although he didn't know what was written on it, he felt that there must be some benefits that he could take.

"Stop arguing!" He first turned around and shouted at his people, then ran to Old Master's side with a flattering look, "What is that thing? Can you tell us more about it? "

"It's nothing, it's just a separation contract. I see that all of you want to dip your blood in Wu Group to eat steamed buns, so I'll just help you guys out. I am currently the largest shareholder with twenty-five percent of the shares under my command, and at the same time, am the chairman of the board of directors. Here, I shall announce the separation of our Wu Family! "

Wu Zhi slowly said without batting an eyelid. After these Wu Family s heard these words, it was as if they were struck by lightning, and every single one of them froze on the spot, with their mouths wide open.

"You mean separate?" Wu Yongan's voice trembled. He originally thought that he might get them to pay to buy back the shares, but he didn't expect Wu Zhi to use this move ...

"Are you joking? How can we split up?"

The Wu Family s below also started to speak one after another. They had never imagined this situation.

"What's wrong with that? You guys have companies too; after separating, the group will no longer care about you. Of course, it has nothing to do with the group whether you earn more or earn less; even if Wu Group falls from here on, it doesn't matter. "Which change will not be accompanied by bloodshed?"

Wu Zhi could be said to have made a very firm decision this time. This was also a very bold plan that Wu Tian had given him. For these Wu Family people, splitting up was actually a very attractive choice.

If Old Master split up his family and planned to privatize Wu Group or go back on the market, then the stocks in these people could be sold off at a very high price. At least the stocks in Wu Group were still very valuable, although they don't have a lot of stocks, but they could still get quite a bit of wealth.

Su Cancan, who was standing at the side, did not go onto the table to discuss things with them. She was not one of the people from Wu Family, so she did not have the qualifications to do so.

However, when she heard Old Master say such a thing, she was also very surprised.

"Is this your idea? Do you know what you're doing?!"

She looked at Wu Tian in disbelief. This Wu Group was not a small company, if they were to divide it up, then perhaps they would never be able to have a scale like this ever again.

## **Hidden Billionaire Chapter 569 - Embarrassment**

### **C569 Embarrassment**

Wu Tian obviously knew what he was doing. It was also because he knew what he was doing that he didn't say anything.

Faced with Su Cancan's questioning, Wu Tian merely smiled in response. Then he turned his head and continued watching the quarrelling meeting.

"No matter what, our Wu Family has such a powerful strength now, this is the luck of the entire family. If we were to follow what you said, and we were to

split up, outsiders would laugh at us!" Wu Yongan was very good at talking. He said a lot of things, which basically meant that he did not agree to the separation.

It was very simple. Although it seemed like splitting up a family would allow them to get a lot of money, if the brand of Wu Group fell, it would be the biggest loss to them.

Each person who sat had more or less control over one or more of the branches. They had established themselves in all walks of life. Although they were called branch offices, in reality, the company did not care about their account books.

To put it bluntly, they were the ones who earned the money. If they lost, then the company would subsidize them.

This way, these Wu Family people could really get the money if they laid down at home, so of course they didn't want to split up their family.

Wu Zhi looked at their current appearances and found it funny. Now, they called them Wu Group one by one. When he needed them back then, where were they then?

"Enough, you don't need to say anything more. I have already thought about it!" Wu Zhi did not care about them at all. He took out a pen from his pocket and prepared to sign the contract.

Seeing that, Wu Yongan rushed up and snatched the document away. He crumpled it into a ball and stuffed it into his mouth.

"Old Master, you can't sign this no matter what! As descendants, if anything is wrong with what we do, just say so! However, you absolutely cannot split your family now!"

This time, Wu Yongan was going all out and forcefully swallowed the document. The Wu Family people watching from below were all dumbfounded. They never thought that Wu Yongan would actually be like this.

"Yongan, you're a good person. I've always thought highly of you. But there's nothing I can do. There's already a large corporation that wants to buy out our family's shares. If I don't think of a way, this Wu Group will change its name."

Wu Zhi had a helpless look on his face. As he said that, he was on the verge of tears. Wu Tian watched from afar, but he was in no hurry.

This scene was something that he had thought of long ago. He even carefully instructed Wu Zhi on how to put on a good act. From the looks of it, his grandfather really was an experienced actor.

"Old Master, don't worry. Your body is more important. We're here for this!" Wu Yongan hurriedly served Liu Tie, turned his head around, and stared at the Wu Family people below.

"Now that Old Master has said it like this, we must think of a way! If anyone dares not to cooperate, don't blame me for being impolite! "

He was brimming with energy and vitality as he spat out a few harsh words. If there was anyone who didn't know about the situation, they would have thought that this fellow was truly a filial son.

Wu Zhi was very satisfied. At this moment, he couldn't stop crying. He stood up with a smile and walked around the meeting room.

"Actually, it's very simple. I realized that someone from our Wu Family has sold their shares. As for this matter, we must stop it immediately."

The moment Old Master finished his words, Wu Yongan shouted in a flustered manner, "Who did it? Who sold the shares? If you don't want to be someone from the Wu Family, you better erase the name of the family tree and get out of here! "

"Alright, alright, Yongan, don't worry, I've got a plan." Wu Zhi waved his hand and comforted Wu Yongan. He then took out another document and placed it on the conference table.

The crowd did not understand, and many of them stuck their heads out in excitement, ready to see what this thing was.

"This is a share transfer contract. I hope you can sign it."

Wu Yongan's expression immediately changed. He had a very bad feeling about this. He hurriedly picked up the contract and looked. Sure enough!

That was where Old Master's intentions were. The Wu Family people below were also dumbfounded.

It was because the contract clearly stated that they were required to transfer the shares to Wu Zhi, the largest shareholder of the corporation, at the price of a dollar.

"Old Master, th-this isn't a good idea, right ..." Wu Yongan knew that he was slapping himself in the face when he said that. Previously, he said it out loud with righteous indignation, but in the end, it turned out that he was unwilling when they were about to bleed.

Wu Zhi turned his head to look at him and snorted in disdain.

"What's wrong with that? Which of your shares were not given to you by me in the first place? Now that I'm in trouble and want to take them back, all of you are unwilling. Do you think that I'm useless now?"

The entire arena was extremely quiet, but it could be seen that the faces of the people from Wu Family were not all that good.

The scene suddenly became awkward, especially Wu Yongan. If he hadn't spoken up earlier, he would naturally have opposed this matter.

"What? You were talking so happily just now, but now there's no movement. It seems like I should just split the family up."

Wu Zhi shook his head and took another document from the maid. Then, he went back to his seat to sign his name.

"Hey, hey, you can't do this ..." Wu Yongan took a look. This guy, no matter what, probably only had two choices today.

All of the Wu Family s below the stage finally started to panic. They seemed to have endless choices, but it was likely that they had reached the point where they had no other choices.

Either they would split up and leave the family, or they would have to hand over the shares they held. It could be said that neither side would make a good choice.

"Of course, if you guys are willing to hand over the shares, I won't take it for myself. We can set up a company to manage it, and after this is all over, we can just split the shares. But if you don't believe me, then just pretend that I didn't say anything."

Wu Zhi scowled, but inside, he was overjoyed. Wu Tian had really come up with an ingenious plan. These fellows were greedy and insatiable fellows one after another. It would be harder to make them bleed than to kill them.

"Also, if you guys are willing to split up, then come and separate out your shares. If you're willing to hand it in, then come and sign the contract, and I won't make things difficult for you guys, but I have to say it first, if you guys are willing to split up, then you guys will have nothing to do with Wu Group anymore!"

Old Master's words were very serious, and it was basically the final ultimatum.

## **Hidden Billionaire Chapter 570 - Last Struggle**

### **C570 Last Struggle**

This was no so-called favor. In fact, it was simply something that they had decided to do.

Previously, Old Master was worried about how to get rid of these pests. Now, if they were not convinced, they would have to scam from the Wu Group. Or they could only hand over the shares in their hands and obediently obey.

If it wasn't for the crisis this time, Wu Zhi would definitely be greatly obstructed if he wanted to make such a request.

But it's different now, the people who are worried have already been replaced with the descendants of these Wu Family.

Wu Tian, who didn't say anything at the side, smiled as he looked at everything that happened. His heart was filled with joy.

He didn't even need to show his face to deal with these annoying relatives.

"Could it be that all of this was your idea?" The way Su Cancan looked at Wu Tian changed. She really didn't expect it to be like this.

"Otherwise, what do you think, this doesn't count as anything ..." Wu Tian quickly pretended to be modest, but he was actually very happy inside.

Su Cancan's face immediately tightened up when she saw his complacent look.

"If you think you can succeed so easily, then you're too inexperienced."

Before Su Cancan could finish her sentence, another commotion broke out in the meeting room.

This group of people really didn't make anyone feel at ease.

"Old Master, I definitely support your decision. No need to say, these shares were all given by you. If you want to go back, then so be it!" Wu Yongan patted his chest and promised solemnly.

"Then you should be the first to sign this. Consider it an expression of your promise." Of course, Old Master Wu Zhi wouldn't just listen to his gossip and hand the contract over to him.

Saying those things is nonsense, so it's better to be practical.

Wu Yongan took over the contract very straightforwardly and pulled out a pen to sign it. The Wu Family people on the side all gathered over to see if Wu Yongan was really prepared to listen to Wu Zhi.

"Um, I suddenly remembered something. My company recently did a project and borrowed a sum from the bank. I've already mortgaged my shares. If I sign it now, I'm afraid the bank ..."

He looked troubled, but this didn't surprise Wu Zhi at all.

Amongst the few tens of people in Wu Family, Wu Yongan was the most perceptive of them all. Just now, he was the one who shouted the loudest, and Wu Zhi was already guessing what this guy was planning to do. It seemed that he was indeed prepared.

"Oh really? Then you can sign this." Old Master and Wu Zhi also calmly handed over the branch family agreement.

He really thought Old Master was a fool for trying to escape from such a trick. He had never seen anything like this before. Wu Yongan just stuck his butt out and he knew what shit this guy was trying to pull.

"Old Master, it's not that I don't want to sign. How about this, I'll go back and stop the project now and pay the money. This way, the collateral from the bank can't be counted." Wu Yongan rubbed his hands together before turning around to leave.

Wu Tian looked at it and saw that it was impossible. He immediately ran over and blocked the door with his own body, blocking Wu Yongan's escape route.

"What are you doing? I have matters to attend to and am in a hurry, so I have to come back to sign the agreement after I'm done. The Wu Group is burning hot now, so I have to be the first to set an example." Wu Yongan was shocked when he saw Wu Tian block his path, because he didn't know the young man in front of him.

Wu Tian didn't seem to want to leave at all. He squinted at the man in front of him and smiled, "How can we do that? If everyone sees that you left beforehand and everyone has the same face, then we won't be able to sign any of the contracts."

Wu Yongan was at a loss for words when he heard Wu Tian's words. He originally wanted to escape very quickly, in order to escape by himself before the Wu Family people could even react, but he was stopped by a junior who did not know how high the sky and how deep the earth was.

"I don't care who you are, scram!" Wu Yongan wanted to force his way out, but his entire body was covered in fat. He touched Wu Tian and discovered that he was like an iron tower, not even moving at all.

"Hmm?" Wu Yongan tried again in disbelief. In the end, Wu Tian used his strength and knocked Wu Yongan out.

"Old Master, we have also deducted this share of the shares ... Even if you want us to sign now, we won't be able to do so right now. "

"That's right, that's right. Please give us two days. When we're done with the stocks, we'll come back and return the stocks."

The smart Wu Family people in the meeting room had already learned Wu Yongan's plan. They all started to shirk their responsibilities in front of Wu Zhi. There were obviously dozens of people here, but none of them planned to sign the contract.

Everyone had their reasons. Wu Tian was also shocked. He didn't expect it to be such a situation.

He had obviously forced them into a corner.

Old Master Wu Zhi was also looking at these people with an excited expression, but he didn't say anything.

Because it was useless to say anything, these people were most adept at creating names.

Su Cancan stood at the side with her arms crossed, staring coldly. She had already known it would be like this.

Wu Tian was not willing to lose just like that. He nodded quietly at Wu Zhi. Since it had already come to this, there was nothing left to say. He could only use his last move.

"Silence!" Wu Zhi slapped the table and looked around at the audience with a cold gaze. If it was possible, he would have really wished that he could kick these guys out one by one.

"Since you all have your reasons, then I'll give you all one last chance!" Wu Zhi threw the agreement in front of them, and slowly stared at these children of the Wu family, then said word by word: "Today, for those who have not signed the agreement, if they leave this room, I will treat it as giving up the inheritance right of the Wu Family. From now on, whatever remains of the Wu Group, you can't touch it at all!"

If there was anything else worth fighting over, it wasn't Old Master Wu Zhi's inheritance.

Although Old Master Wu Zhi was very tough right now, he would have to face this sooner or later.

After he said that, everyone became silent. Even Wu Yongan, who was trying his best to leave, fell into deep thought.
