C581 Agreement Complete

Wu Tian wasn't worried at all about this.

He had no doubt about Su Cancan's business ability. To them, it was a very simple and easy task.

After a comfortable bath, Wu Tian could finally lie down on his bed. He recalled everything that had happened today, and everything felt so tense.

While he was thinking about it, Wu Tian suddenly thought of Chen Cheng. He didn't know why, but he always felt that he cared a lot about this guy and felt that there was something out of the ordinary about him.

However, he didn't know what exactly this feeling pointed to. After pondering for a while, a deep sense of exhaustion swept over and Wu Tian fell into a deep sleep.

When he woke up again, it was already noon of the second day. Ever since he started cultivating, his body had been in a very conscious state. He could only sleep for five to six hours at most.

And then even if he didn't sleep, he would still be full of energy the next day.

It was quite rare to have slept for so long this time. It seemed that he was really tired.

At this moment, there was a knock on the door.

"Eldest Young Master, Old Master has rushed you to go eat." It was his maid, and for the first time, Wu Zhi rarely came to wake Wu Tian up. But when he turned around and looked at the time, he realized that it was already time for lunch.

"Okay, okay. I'll be right there." Wu Tian quickly replied and quickly washed his face and got out of bed.

Not long later, he arrived at the dining room. Wu Zhi had been waiting for him for a long time at the dining table.

"What are you doing? I don't see Cancan at home either. What the hell are you two doing?" Wu Zhi looked at Wu Tian curiously. Then he sized him up with a complicated look and said leisurely, "Grandpa is telling you, although young people are vigorous, they still need to pay attention to one thing! If you overindulge yourself, it will harm your body. "

"Grandfather, what are you talking about? I don't understand at all. " Wu Tian quickly sat down and started to eat. He had a good appetite today and the food was very delicious. In an instant, he stuffed most of the food on the table into his stomach.

"Eat slower, eat slower, no one is going to steal from you!" Old Master knocked the table with his hands, feeling helpless. He did not care about his image at all.

No one tried to snatch it from him, and no one did, but Wu Tian didn't want to waste any more time here. After finishing his meal, he had other things to do.

"Alright, I'm full. Old Master, take your time, I'm leaving first! Just leave the matters of the company to me. There's no need to worry! " With these words, Wu Tian hurriedly left the castle and found a driver to take him to Wu Group Corporation.

Since Su Cancan wasn't in the company, Wu Tian could only go up to the top floor by himself. Actually, today was the time of the gambling agreement he made with Nangong Ying.

The agreement states that regardless of whether the share price rises or falls, Wu Tian will buy away their 5% share.

Like this, in his hands, they should hold at least 50% of the shares right now. In other words, they wouldn't have to worry about their Wu Group being bought by others anymore.

However, what happened afterwards was just as Nangong Ying said. The stock purchase was just the beginning, the real trouble was yet to come.

With such a large company like the Shuangxing Company Group, they could already be considered a tycoon of the nation. Against a regional tyrant like the Wu Group, they had plenty of tricks up their sleeves.

Wu Tian's first concern was today's stock price. At the same time, it was just as he imagined. Wu's stock price was green and fell crazily at the peak of the previous two days.

This was a plan that he had prepared beforehand. It seemed to have finally taken effect.

This way, he would have 5% of the shares in his possession, and he would even be able to buy them at half the price!

He didn't know what Nangong Ying's situation was like at the end. Wu Tian thought about it and felt that it would be better for him to give Nangong Ying a call.

After knowing that Nangong Ying was in the hospital, Wu Tian immediately took a taxi to the hospital. When he was leaving, he even brought with him the contract they had previously worked out.

Although Nangong Ying was in the hospital, his business had to continue. He had to fulfill the promise he made when the time came.

Nangong Ying seemed to live in a VIP ward. The ward was huge and was only him. It was very quiet and elegant.

Wu Tian walked in quietly and looked at Nangong Ying, who was wrapped in a lot of gauze. He was sitting on a wheelchair beside the window looking at the flat plate in his hands.

"It seems like you are already fine." Wu Tian smiled as he walked over, because he saw the bitter smile on Nangong Ying's face.

"You win!" Nangong Ying said helplessly. He was looking at the stock price just now, but who knew that while it was rising the previous day, it suddenly started to fall crazily.

Wu Tian chuckled. That was for sure. That was his plan. If the price didn't drop, he wouldn't be able to afford that much stock right now.

Initially, he had spread out so much in order to reduce the heat in the market, but he had not expected it to be like this. The effect was surprisingly good.

After all, he didn't have much money on the Wu Group, so Wu Tian didn't dare to transfer his money over. This was because it was very easy for something to happen, and it could also be caught by some people.

"It's good that you're fine. I didn't realize it when I got into the car accident yesterday. When I woke up, I was already in this hospital. You saved me, right? I, Nangong Ying, don't like owing favors!"

"Then hurry up and sign this!" Without wasting any time, Wu Tian directly handed over his contract, and only after Nangong Ying signed it did he put the contract away.

Nangong Ying suddenly changed his expression and became very serious. Wu Tian thought he was going to do something.

"Alright, alright. You can't be blamed for the accident. Someone was messing with us. At least we managed to survive. Maybe you were just involved in it."

Of course Wu Tian wouldn't be greedy for his favors. Actually, Wu Tian should be the target of those killers. As for this unlucky bastard, because he was together with him, he became a sacrifice.

"Don't worry, since this matter involves me as well, I don't plan on letting him pass just like that."

Nangong Ying squinted his eyes and said fiercely from afar. He was not a merciful person.

## **Hidden Billionaire Chapter 582 - Cues**

C582 Cues

It wasn't that Wu Tian looked down on Nangong Ying, but since he was already like this, what else could he do?

"You just stay here and recuperate. If there's anything I need your help with, you can help me when the time comes!" Wu Tian quickly pressed Nangong Ying down and started to persuade the patient instead.

"Don't worry. I was the owner in the first place, but now something happened to you in my car, I can't bear it! If you don't let me care, I would rather give up

my life right now! " Nangong Ying became more and more excited. As he spoke, he pretended to jump down from the stairs.

Wu Tian quickly ran over and persuaded him to get down from the window.

This fellow seemed to have delicate features. How could he be so impulsive when encountering something like this? On the contrary, he seemed to be a young man who looked forward to the future of the martial arts world.

"Alright, alright, I'll leave the cause of the accident to you. I still have other things to do, so I won't disturb you. Please rest well!"

Wu Tian felt that his phone was vibrating in his pocket. If he guessed right, there should be news about it.

Since that was the case, he couldn't stay here any longer. After Wu Tian comforted them for a while, he hurriedly returned to Wu Group Corporation from the hospital.

The news was both about Loong Yun and Su Cancan. No matter which side, Wu Tian was very interested.

"How is it?" Wu Tian looked at Su Cancan's face and wanted to find something, but nothing came out.

This girl was still as distant as ever.

"What do you think?"

Su Cancan felt that Wu Tian's question was nonsense. Would she still be standing here if she didn't get the answer?

"Who the hell sent them?" Wu Tian looked at Su Cancan with expectation. He wasn't afraid or nervous at all, on the contrary, he was excited.

He finally had a competitor, so he could finally find a place to vent his boredom.

"They've already admitted it. The people who covered their faces are all little brothers. They are the subordinates of that sunglasses guy. Usually, they do kidnapping, murder, and the like. They don't have anything to say. Whoever pays will do anything. "That sunglasses guy ..."

At the most crucial point, Su Cancan actually stopped.

"What's wrong? What exactly did he say? " Halfway through his words, the person who heard it felt the most pain. Wu Tian was extremely worried.

"He's dead. Died in the middle of the night... He took the poison himself. The poison was hidden in his collar. We didn't find it at first. " Su Cancan's tone was as calm as usual, as cold as ice. There was no sense of remorse in her tone.

It had to be known, the sunglasses guy was still alive and kicking when Wu Tian handed him over to them.

But with just a slight oversight, he was gone?! This man in shades had a very important information value. Moreover, it didn't matter if he dug up the information before dying. This time, things were going to be difficult.

"Dead?" Wu Tian was surprised. He opened his mouth and wanted to say something, but in the end, he kept it shut.

"Dead."

Su Cancan spoke very plainly as if this was a very normal thing, as if a passerby on the street fell down and it was no big deal.

"Whatever, so be it. After all, he committed suicide, and we can't stop him from doing so. There's still another way! " After a while, Wu Tian felt relieved. No matter what, this sunglasses guy was still a bit professional.

He knew that he couldn't reveal the truth in his profession. Otherwise, there wouldn't be any customers who would come looking for him in the future.

"Our foundation in S City is still too shallow. Although our Wu Family is powerful, we don't even know anything about the things that are hidden in the shadows." Wu Tian sighed. Not only did he not understand much about this place, but Su Cancan also knew very little about it.

Su Cancan rolled her eyes at Wu Tian and snappily said, "Even if you knew, you wouldn't behave yourself. If you don't, don't blame others for causing trouble for you."

It seemed like there was no way to carry on the topic. Su Cancan didn't intend to show Wu Tian her good nature. She just wanted to get back at him whatever she said. Otherwise, she would just ignore it.

"Alright, at most, I won't go out. As long as there's someone who can help me. " Just as he was speaking, Wu Tian suddenly remembered that he could have met Chen Cheng and entered Jingou Club.

Only after entering that place could one be considered to have truly assimilated into the entire S City of the merchant guild.

Wu Tian also felt it was strange that a lot of people should have guided Jingou Club, but why didn't the people from Wu Family join in as well.

By the time Su Cancan was about to leave, Loong Yun had already returned.

She quickly ran to Wu Tian's side and told him everything that she had investigated.

"I went to check the scene. The reason for the accident was that a row of nails had suddenly appeared on the road, piercing through the tires and causing the accident."

A row of nails? Wu Tian recalled that he had heard before that this thing was usually when the police were chasing fugitives, sometimes they would use this method to stop a car.

But he had suffered for a while, and there was no place for him to say it.

"Can you find out where it came from?" Since someone had done it that way, they might even be able to find out where the row of nails came from.

If he followed the clues, he might be able to find the culprit.

"There are no fingerprints on it, and it did not flow out from the Police Station. The only possibility is that this was done by the enemies themselves. The only clue I have is a lighter. "

As Loong Yun spoke, she took out a lighter that was wrapped in a plastic bag from her pocket.

This lighter was made of metal, square, with almost no human patterns or words on it.

"Did they drop this?" Wu Tian looked at Loong Yun carefully. After seeing her nod, he carefully received the lighter.

It seemed like their only clue was on this lighter.

## **Hidden Billionaire Chapter 583 - Happy too Early**

C583 Happy too Early

At first glance, this lighter was nothing special.

Wu Tian was about to put it aside when he suddenly looked at it from a side angle. There seemed to be some patterns on the surface of the lighter.

This was a big discovery. He quickly took out the lighter. Under the sunlight, this pattern that could only be seen from certain angles was indeed interesting.

It was a string of signs in English. Wu Tian didn't know what it was, but luckily, Loong Yun saw it and knew what it was.

"This is Shuangxing Company company's logo. On the surface, it seems to be a completely new material for their company, and it's often used on limited products that are unique to their company."

Just by touching it, Loong Yun was very sure about it. This made Wu Tian very surprised.

"When I was investigating Shuangxing Company Company, I understood that this is the first time I have seen it. If you hadn't discovered it, I really might not have been able to."

"Could it be that this matter is related to Shuangxing Company company?" Wu Tian had a huge problem with himself now. Although he was indeed fighting against Shuangxing Company Corporation's counterbid, there shouldn't be a need for him to kill them so viciously.

"That's hard to say, but that's all we found." Loong Yun had no choice but to come to this conclusion.

Wu Tian thought for a while and decided to keep it under wraps for now. He would find some clues later on.

Right now, most of the stocks had already begun to stabilize, so Wu Group's stocks shouldn't have any big waves for a while.

Just as he was about to take a break, the phone in his office suddenly rang.

The silence in the office was broken instantly. Since Loong Yun wasn't here, Wu Tian had to answer the phone himself.

"Hello, I want to talk to General Manager Su."

"She's not here. If you have anything to say, just tell me." Wu Tian was very worried about something important as he listened to the woman's voice on the phone.

"No, this is a secret of the company. I don't know your identity!"

He did not expect this little girl to be so stubborn. However, she could still be considered responsible. At least, she did not forget her principle just because of this.

"Haha, how about this, you go up and tell me, I'll be waiting for you in the office on the top floor." Wu Tian smiled and hung up the phone straightforwardly.

He had no idea what kind of person this little girl was. If she had the ability, she should perhaps be properly nurtured. From a certain point of view, she should be much better than those with Wu Family.

Ding dong. With the sound of the elevator, Wu Tian went over and pressed a button. The elevator door slowly opened.

It was a ponytailed little girl. She wore glasses, and her oval face looked quite pretty. However, there was a worried expression on her face. Instead, it added a sense of beauty to her beauty.

"I'm here, I was talking to you on the phone just now. If you have anything to say, just say it." Wu Tian sat on the boss's chair and looked curiously at the girl.

"Who are you?"

"My name is Wu Tian, I'm Wu Zhi's grandson." Wu Tian gave his name simply. He did not want to emphasize this point. After all, he did not think that he was a rich second generation foppish fool.

"Hello, President Wu ..." little girl was a bit nervous. She didn't think that the person who answered her call was actually Chairman Wu's grandson. She quickly recalled if she had said anything bad on the phone.

Only now did she remember that her attitude towards President Wu wasn't very good. He probably wouldn't make things difficult for her over this matter.

"What's your name? I can take care of anything." Although he didn't have any official position on the surface, he could definitely say so now.

"Um, my name is Yu Naixin, I'm the treasurer."

little girl was still very nervous, but when she thought that she still had things to do, she immediately strengthened her courage.

"Speak, let's get straight to the point." Wu Tian sized up Yu Naixin.

"Um, President Wu, we already have no money on our account. There are already a lot of supplier here to rush us for money." Yu Naixin was upset. If it wasn't for the fact that she didn't have any way to turn the funds around, she wouldn't have found the office on the top floor.

"How is this possible? Weren't there tens of millions on the account previously?" Wu Tian was very surprised. Two days ago, he looked at this and was planning to take the money to buy the shares from Nangong Ying.

Yu Naixin spread out her empty hands. There was no need for her to lie about this.

"I'm in trouble!" Wu Tian covered his head. Things were getting a bit tricky now.

With such a large shortage of funds, what would he use to make up for it? He had already distributed a portion of the Wu Family out, so he wouldn't be able to get it out from Old Master Wu Zhi.

"Wait!" Wu Tian suddenly had an idea.

"President Wu?" Yu Naixin looked at Wu Tian in confusion. This guy suddenly stood up. Could it be that he has a good solution?

"I have an idea. You just wait for my news. Let those people who have to settle their debts return first, and within three days, we will make up all of our arrears. "

Wu Tian said confidently to Yu Naixin. Right now, he was no longer worried at all.

Yu Naixin was a little skeptical, but she couldn't ask too many questions. She could only listen to Wu Tian's arrangements since the company's Wu Family was on their side, so she couldn't make the decision herself.

After little girl left, Wu Tian quickly took out his phone and called Loong Yun.

"Hey, Loong Yun, can you help me calculate how much we can sell for for for for a castle with Wu Family?"

Loong Yun was completely confused after she heard that. She didn't understand what the question meant at all, so why did he suddenly ask this all of a sudden?

"This has never been counted before, but I estimate it to be at least 7 or 8 billion."

The area of the Wu Family Castle was extremely large, and the decorations were extremely luxurious, so it didn't require too much money. The most important thing was that this place was extremely good, and right next to the extremely famous mountain scenery of the S City Castle, one could see the scenery of the distant mountains from within the Wu Family Castle.

"7 or 8 billion, that should be enough. Alright, I got it." Wu Tian was quite satisfied with this number. He already had a way to fill up the gap in the funds.

It's very simple, we just need to borrow money from some potential customer, and mortgage out the castle in Wu Family.

If not, sell it then and there.

## **Hidden Billionaire Chapter 584 - Continuous Loss**

## C584 Continuous Loss

The situation was special now, so Wu Tian couldn't care that much anymore. The most important thing was to get through the current crisis.

But where did all the money on the Wu Group go, then tens of millions couldn't possibly disappear in just two days.

There had to be a place for him to go. Thinking of this, Wu Tian suddenly regretted not asking Yu Naixin earlier. Since she was the one in charge of the account, she obviously knew about it.

Wu Tian had no choice but to ask about it himself. Honestly speaking, although he had been working in the Wu Group for the past few days, he had never been to other floors. He didn't even have much contact with other people.

In order to find the location of the Finance Department, Wu Tian asked around for a long time before finally finding that place.

As there were too many branches under Wu Group, the Finance Department was abnormally huge, occupying the entire floor. This style was similar to the chairman's office, just that it was not that closed.

The Finance Department, which was supposed to be filled with people, was now very quiet. Not many people were sitting in their seats. Most of the seats were now empty.

Wu Tian really didn't expect it to be like this. His face was full of surprise. Since when did the company become like this? As the general manager, Su Cancan also didn't tell him anything.

He had to find her and find out what else she had hidden from him.

"May I ask who you are looking for?" A staff saw Wu Tian standing there in a daze, so he quietly walked over and asked.

Wu Tian quickly came back to his senses, "About that, I want to find Yu Naixin from Finance Department."

"The Minister is in the inner office. Just follow this route and you'll see." The employee told him enthusiastically, but the smile on his face only appeared for a short while before it disappeared.

Seeing that he was about to leave, Wu Tian quickly stopped him.

"About that, may I ask why there's no one here?" Wu Tian pointed at the empty seats. That was what he was most curious about.

"They've all resigned in the past few days. Many of them were dug away by a newly opened company."

"A new company?" Wu Tian's keen sense of smell noticed that something was wrong. This so-called new company was probably here to cause trouble for him.

There were only a few people left in the company now, and with their method of poaching, most likely in a day or two, the entire Wu Group would be hollowed out by them.

"President Wu?" Yu Naixin's voice sounded from behind him. She was very surprised that Wu Tian was here.

"It's great that you're here, I wanted to talk to you about something." Seeing that it was Yu Naixin, Wu Tian En was very happy. This way, he could save himself the trouble of going to find her again.

Seeing that, Yu Naixin quickly brought Wu Tian En into her office and made him a cup of coffee.

"What's going on outside? Why is there no one outside?" Wu Tian was not in the mood to drink coffee at this time. The company was already like this. If it wasn't for Yu Naixin, he would have thought that the company would gradually improve.

President Wu, you should know that there are a lot of rumors in our company recently that caused people to be anxious. The Mecca Company has come over to recruit a person, and they offered a high price of two times, so it became like this right now. Yu Naixin smiled bitterly. Right now, as a finance minister, she was basically fighting alone. However, she wasn't particularly busy right now. The company's accounts were very easy to manage and she no longer had the money to manage them.

"I will think of a way to solve the problem of the money. We will not delay the payment of those who owe the supplier. The salaries of the staff will also be given out as usual." Wu Tian first comforted Yu Naixin. What he needed to do the most right now was to win over the hearts of the people. However, Wu Tian subconsciously believed that no matter who left, this Yu Naixin wouldn't leave the company just because of such a thing.

"I do have confidence in the company. Actually, General Manager Su has been manipulating a lot of things recently ..." Although she didn't know who was the boss between President Wu and General Manager Su, Yu Naixin still decided to say whatever she wanted to say.

"Mecca Company ..." Wu Tian En repeated himself a few times. He had really never heard of this company before. Who runs this company? Shuangxing Company Group?

"I've come to find you this time to ask you about the money in our account. Wasn't there still tens of millions at that time? It should be able to last for a few days. "

At this point, Yu Naixin frowned.

"President Wu, don't you know about this? Yesterday, your uncle, Mr. Wu Yongan, came over to spend the money. "They said that there was an accident at the construction site and they wanted to use the money to compensate for it. They even took out a notice from the police station, so we didn't dare to stop them and could only give the money to them."

When Wu Tian heard this, he immediately knew where the problem lay. Alright, as expected, a thief would be hard to guard against. The person who gave them the most direct attack turned out to be Wu Yongan.

When the meeting was held, Wu Tian knew that this Wu Yongan definitely wasn't a good person, but he didn't expect him to stab them in the back at this time. If he didn't take care of them, his Wu Group probably wouldn't be able to hold on for more than a few days.

"Wu Yongan ..." Wu Tian gnashed his teeth as his heart was already in turmoil. Ever since he came to the S City, he had never been this angry.

"Then President Wu, what should we do next? When will the money you mentioned get to us? "

Yu Naixin was very concerned about this, she was going to deal with those suppliers who came to collect their debt. Actually, it wasn't the time to pay, but when they heard that there was a problem with their Wu Group and were afraid that they wouldn't be able to take back their money, all of them squeezed in to ask for money at this time.

At this time, Wu Tian was angry, he couldn't care so much anymore.

"Just wait for the money to arrive. I'll let you know." With that, he stormed off. Although he wasn't really angry at Yu Naixin, but Yu Naixin was also shocked.

Other than the Finance Department, Wu Tian sent a message to Su Cancan, asking her to provide all the information related to Wu Yongan and his team.

It was not only this person, but also the disciples who were hung under the Wu Group. These people were attached to a tree like Wu Group like tumors, and were madly absorbing its nutrients. They were finally going to empty their Wu Group.

To be reborn from the flames of Wu Group, they had to use these people as sacrifices.

## **Hidden Billionaire Chapter 585 - Bankrupt**

C585 Bankrupt

Su Cancan sat on the sofa with her legs crossed and looked coldly at Wu Tian.

This time, Wu Tian wasn't smiling like before. From the beginning, he didn't have a good face.

"Did you already know this before? Why didn't you tell me?" Wu Tian stared at Su Cancan and questioned her in a rare manner.

Although Su Cancan was an indispensable person for Wu Family, and was even a big celebrity in front of Old Master, she definitely could not be careless in such a serious matter.

"I am the general manager of Wu Group. What is your identity? Why should I report to you?" Su Cancan had no intention of lowering her head.

In the past few days, Su Cancan rarely went home, and even if she appeared in Wu Family Castle, Wu Tian had never seen her rest. If Su Cancan did not go to work properly during this period of time, then it was definitely not like that.

This is the main reason why Wu Tian is so angry.

"Stop putting on such airs in front of me, it's fine if I don't care about it normally, but what's the situation now?!" Unexpectedly, Wu Tian actually retorted. Su Cancan was completely shocked by Wu Tian.

"You!" Su Cancan glared at Wu Tian. This time, she was choked by him and couldn't say anything.

Suddenly, Su Cancan felt like crying. As a general manager who didn't have any real power, there weren't many people who would listen to him within the Wu Group. Those disciples of Wu Family were even worse off, and no one cared about Su Cancan's opinion.

Forget it. Actually, it wasn't that big of a deal. Su Cancan had long ignored the opinions of others. However, after working so hard for so long, she still couldn't get the approval of anyone other than Old Master Wu Zhi.

Now, Wu Tian had suddenly returned and threatened to take over the Wu Group. Her previous efforts might not be anything in front of others.

In that instant, all the grievances she had endured for a long time gushed out. Su Cancan could not hold it in any longer. Two clear streams of tears flowed from the corners of her eyes and down her cheeks.

She did not cry. Even she did not realize that she was crying.

Wu Tian looked at Su Cancan in surprise. He didn't expect that this icy beauty would cry because of him.

The tears that fell down were like needles, piercing Wu Tian's heart with each drop.

"Sorry, my words just now were a bit too harsh." Wu Tian's anger completely dissipated. He instantly realized that he went too far just now and was only concerned with venting his emotions. He didn't care about Su Cancan's feelings at all.

"No need to say anymore." Su Cancan shook her hand and turned around to leave.

She didn't want to see the man again, and she didn't want to hear him speak.

Wu Tian was stunned, he didn't know if he should chase up to her. Initially, he had wanted to find Su Cancan to discuss what to do in the future, but in the end, he ended up like this ...

In that instant, Wu Tian felt as if he was in a trance. Only when Loong Yun walked in did he come back to his senses. He had no idea how long he had been in a daze for.

"President Wu, this is the value of the castle you told me to get." Loong Yun handed over a thick stack of documents and looked at Wu Tian in surprise. She had never seen Wu Tian in such a daze.

"Alright, leave it here." Wu Tian didn't say anything. He just nodded and took the stuff. He looked up at Loong Yun and thought about Su Cancan.

"What's wrong? You seem to be feeling a little unwell? Is it too tired? "

Loong Yun looked at Wu Tian with concern. This fellow usually was as good as a cow, but now that his S City had arrived, he looked more and more exhausted.

"I'm fine. There's something I want to discuss with you." Wu Tian calmed himself down. Right now, he didn't have time to think about other things, so he should first solve the most important problem.

Loong Yun looked flattered. Although she had been by Wu Tian's side most of the time, it was Wu Tian who told her to go do something. It was really rare to talk to her seriously like this.

"President Wu, just say it, no need to be so polite."

"There's a huge funding gap in the company right now. I want to mortgage out the castle of my family to solve this urgent problem."

Wu Tian had already thought about it before, he even planned to get someone else to do it for him.

However, now that he thought about it, it was not a good idea to decide on his own. After all, it was an important matter.

"That's not so good. "Old Master's side ..." Loong Yun also held a similar point of view. She felt that it was impossible and Old Master would not agree.

Wu Tian smiled bitterly. How could he not know about this? Thus, he had no intention of revealing this matter to anyone from the start.

"There's no other way. If I could get money from somewhere else, I would have done it a long time ago. Now that the company could no longer be split, there was no longer much oil to squeeze out of Wu Group, so he could only use this method to get money. And I don't intend to directly sell the castle, it's just a mortgage. After we pay the money back, the castle will belong to us. "

Wu Tian thought so. He knew that Loong Yun would definitely understand him. Both of them leaned towards rational thinking. However, the others might not know. Wu Tian originally wanted to discuss this with Su Cancan. If Su Cancan agreed, then this matter would be flawless and flawless.

"Can't you sell some companies? Wu Group is such a big industry, there are so many branches, and if you just sell a few companies, the total market value would probably be more than a billion. "

Wu Tian had also thought about what Loong Yun had mentioned, but he was rejected immediately.

"No, it won't work." Wu Tian repeatedly waved his hand. The branch companies below, were even more related and had direct contact with the Wu Family disciples. Selling these companies meant that they had a direct conflict with these people.

If this was easy to handle, when they had the meeting back then, there wouldn't have been so many people looking for all sorts of reasons to reject handing in their shares.
