

Hidden Billionaire Chapter 596 - Things Have Been Discovered

C596 Things Have Been Discovered

Although Wu Tian was reluctant to admit it, but it had to be said that many things were within Baili Zhenlin's guess.

He had already said from the beginning that Wu Tian would agree to their cooperation.

So, this guy probably has a very flexible intelligence source and knows a lot more than Wu Tian.

Furthermore, this guy was willing to express his goodwill towards Wu Tian. All of a sudden, Wu Tian felt like he wasn't that bad.

"I've decided to cooperate with Baili Zhenlin. This is probably our only chance now."

Although Wu Tian had a lot of concerns, they had already become unimportant at this time. His biggest task now was to let the company continue to exist. Everything else had to be left to the side.

"Young master, we can't let old master know about this. Otherwise ..."

How could Wu Tian not understand Loong Yun's worry? He was well aware of it.

"Of course we can't say it, I'll think of a way to buy back the stocks I sold as soon as possible. This time, we won't sell too much, at most 15%, right?" Wu Tian felt that this number would be relatively safe.

He had more than 50% of the shares in his hands. Even if he gave out 15%, Wu Tian could still firmly occupy the position of the largest shareholder to ensure his control over the company.

Wu Tian and Loong Yun discussed about the details of the matter and prepared to finalize it.

"As long as the funds from Nanhe Securities Corporation arrive, the companies that you had previously consolidated in the Luzhou would be able

to operate directly in the S City according to the original mode! Tianmu Technology s can be used for online software development here, Tianhao s can directly open branch stores here, we can do high-end dining, live broadcasts, websites, and all sorts of companies that can be expanded, all can set up branch companies here, S City's resources are better than Luzhou s, our companies can also get more benefits by coming over earlier.

"But, aren't these businesses that we set up ourselves? Are you trying to merge them into Wu Group?"

Loong Yun was slightly shocked. It wouldn't have mattered if Wu Tian had only transferred a few companies over, but Wu Tian was planning to send all of his companies into S City.

"Of course not, how can that be? If I merge all of my companies with Wu Group, then we will be at a disadvantage, I have to separate them, and their Wu Group will do some related work, I will carry out a joint venture in the name of Wu Group, and as long as I open up the market, I can definitely guarantee the normal operation of this company."

Wu Tian didn't want to waste all his efforts, but he also thought of a very good way, which was to form a joint venture.

Although Wu Tian couldn't form a joint venture with other families, if Wu Tian asked Wu Group and his own company to open a new branch in S City, Old Master definitely wouldn't be able to say anything even if he found out.

What Wu Tian did was to guarantee that all the profits would fall into his own pocket and spread out the risks.

"There's actually such a way, Young Master, you are really a genius!" Loong Yun flattered him, but it made Wu Tian feel very comfortable.

When he talked about these things, he felt that it had been a long time since he had returned to Luzhou.

Although he had a good life in the castle, Wu Tian still missed Shen Xue's food a lot ...

He still missed his own Aifei Castle ...

Truly, only when people were outside would they feel that what they once possessed was worth cherishing.

Wu Tian sighed with emotion. Wu Tian organized everything in an orderly manner. Wu Tian's heart also relaxed a bit, but he immediately contacted Baili Zhenlin, and told him his thoughts. Baili Zhenlin also agreed to use the method of investing to fund Wu Group.

On the other side, Loong Yun quickly transferred a group of people from Luzhou over to Wu Group for a meeting to discuss the establishment of a joint venture.

Although no one knew what would happen in the future, Wu Tian still felt that he had taken a step forward. Regardless of whether things would go smoothly or not in the future, he would continue moving forward.

It was best if he didn't meet with any difficulties. If he met with any difficulties, it would be fine as long as he could think of a solution.

However, just before he was happy for long, Old Master made an urgent call, which disturbed Wu Tian's happy mood.

"Tian, is there something that you didn't tell me?" Wu Zhi sounded very serious on the phone, it didn't seem like he was joking.

Wu Tian suddenly felt a little guilty. He had too many things that he didn't tell Old Master. It wasn't something that could be explained in a short period of time. He didn't know why Old Master was so angry, but he didn't know how to answer.

"Grandfather, what are you talking about? I'm a bit busy right now, can you tell me the specific details so that I can reply?"

Wu Tian hurriedly pretended to be in a daze and planned to first probe Old Master Wu Zhi's intentions.

"Don't play dumb. I'll give you 30 minutes to come back. Tell me clearly about this matter. Otherwise, I'll personally go to the company and pull you out!" Old Master hung up the phone angrily. This was the first time Wu Tian saw him angry at him.

If Wu Tian was not nervous, then that was definitely a lie. Old Master's temper was not something that ordinary people could handle. Everyone in the family was afraid that Old Master would be angry. However, Wu Tian had never been scolded by Old Master, so he wasn't too clear about Old Master's power.

However, he had this chance now. Wu Tian didn't want to go back, but he didn't dare to disobey his grandpa's orders.

"Loong Yun?" Wu Tian called for his secretary. After looking around, he finally remembered that she went to do something else. This time, there was no one to go back with him.

Wu Tian was at a loss. He was prepared to leave the company and take a taxi back home.

While he was in the elevator, he ran into Yu Naixin, who had just finished her errands.

"President Wu, what are you doing in such a hurry? Do you need me to drive you?"

Yu Naixin asked enthusiastically. Now, everyone in the company knew of Wu Tian's existence and admired him greatly.

His previous trouble was suddenly resolved. He was just worrying that no one would follow him back when Yu Naixin took the initiative to appear.

"Great, I don't have a car. Take me back!" Wu Tian immediately responded to Yu Naixin. Then, he forcefully pulled Yu Naixin along, preparing to let her drive him home.

"What's wrong with you? You look very anxious. " Yu Naixin had seen Wu Tian's anxious look before. But now, there seemed to be a trace of fear and nervousness in Wu Tian's eyes. This was an expression that Wu Tian had never had before.

Hidden Billionaire Chapter 597 - Scolded

C597 Scolded

Of course, it was impossible for Wu Tian to tell Yu Naixin about this. He was just making an excuse to say that he had something important to do at home.

Fortunately, Yu Naixin didn't pursue the matter any further. She only took him back in a hurry, afraid of delaying Wu Tian's time.

Fortunately, they didn't encounter any traffic on the way, so Wu Tian returned to the castle on time. In order to let him have a companion when he was being scolded, Old Zhang even dragged Yu Naixin along to let her enter with him.

It was Yu Naixin's first time coming to this place, and she had only heard of it before. She went in now and looked around, her eyes wide and curious.

"I'm going to see Old Master in a while. Come with me. If you have anything to say to Old Master, you can take this opportunity to say it." Right now, Wu Tian was thinking of a way to bring her with him. In any case, he had to think of a way to keep Yu Naixin by his side.

Being scolded alone, or being scolded together with two or more people, was a completely different feeling. Wu Tian was well aware of this, so he had to pull Yu Naixin along no matter what.

"But will that work?" When she heard that she could meet Old Master Wu Zhi, Yu Naixin was overjoyed and extremely excited.

Old Master Wu Zhi was a legendary figure in the company. His deeds were always passed from one post to the next. He was almost a symbol or a believer of his company.

"What's wrong with that? You'll know when you get there." As Wu Tian spoke, he flirted with Yu Naixin. The two of them chatted happily as they walked towards Old Master's room.

When she pushed the door open, Yu Naixin was immediately attracted by the furnishings. At the same time, she noticed that other than Wu Zhi, there was also Su Cancan who was wearing a long blue skirt.

Good god, this meant that all three leaders of the company were here. Are they going to say something confidential? Was it really okay that she was still here with him?

Wu Tian didn't have the opportunity or time to care about Yu Naixin's mood at this time. He had yet to figure it out on his own.

Old Master's eyes were very unfriendly, and it could even be said that he was angry.

"Take a look and explain to me what this is!"

Seeing that Wu Tian did not say anything, Wu Zhi pushed a document towards him. Liu Tie picked it up and took a look, good god, wasn't this the agreement he made with Nangong Ying when he pawned the Wu Family Castle? How did this thing come out?

"I thought you were talking about something. So that's why you are talking about it." Although Wu Tian was panicking, he still maintained a calm expression and said naturally, "The agreement is clearly written on it, I don't need to repeat it."

"You still have the face to say that?" When Wu Zhi heard that Wu Tian didn't have the slightest intention to go back on his words, it instantly exploded.

"About this, I didn't have a choice then, at least I had to rely on Wu Group Corporation first." Wu Tian started to defend himself. It sounded reasonable, but the other side didn't want to hear about it at all.

"Don't give me these excuses, do you know how much this castle means to us? If the castle is gone, then our Wu Family will have no roots! This plot of land belongs to our Wu Family since a few hundred years ago. We grew up in this very place, and now you actually pawned it out?! "

The more Old Master Wu Zhi thought about it, the angrier he felt. He didn't ask anything about the company, though. But what Wu Tian did was a bit too much!

"This... I really didn't think too much about it ... However, I will repay the debt as soon as possible and take back the land. " Wu Tian knew that he definitely wouldn't be able to convince Old Master, so he didn't say anything and tried to stabilize Old Master first.

"You have mortgaged this place for billions of dollars, what are you going to return it with?"

At this time, Su Cancan suddenly spoke up. She had always been cold and elegant, but the moment she made her move, she used her killing move. Old

Master had already eased up a little, but when he heard Su Cancan's words, he immediately glared at Wu Tian.

This little girl is really harming me!

In his heart, Wu Tian had an indescribable feeling. He only mortgaged the land, but Old Master had such a huge reaction. If he knew that he planned on cooperating with Nanhe Securities Corporation, or even with Baili Family, he still wouldn't be this angry.

Next was this Su Cancan. She was the one who was angry and ran away, so Old Master probably knew about this matter and it was related to her too.

"Billions? Why are you getting so much money?" Wu Zhi's expression immediately became complicated. Although he couldn't ask about the current situation of the company, it didn't mean that he didn't understand. Since when was the company so poor that they had to rely on the Wu Family castle to exchange for billions.

"You, you better stay here and recuperate. You were the one who handed this matter over to me!"

"I didn't give you a person. I gave the company to the two of you!" Wu Zhi immediately corrected Wu Tian's mistake. Then, he looked around at Wu Tian and Su Cancan.

"Yes yes yes, then you don't need to worry about it. I, Wu Tian, do not guarantee anything else, that the land you are standing on will forever be named Wu and that the company will also forever be in our Wu Family's hands!"

Wu Tian's promise sounded rather invigorated, and Wu Zhi slightly nodded to express his satisfaction.

However, Su Cancan still felt that something wasn't right.

"I think it's in your hands. Right now, the company that the Wu Family people belong to has been separated by you, and the entire Wu Group is already following your lead! I think you've already achieved your goal. "

As Su Cancan spoke, her ice-cold gaze swept across Wu Tian's face in disdain.

"Tian!" Wu Zhi immediately roared when he heard that. To him, a family was equally important. Although Wu Tian was very strong, he couldn't destroy all the pillars of Wu Family little by little like this.

It took him a long time to explain the situation and how Wu Tian was going to deal with it.

Although Wu Zhi was unhappy, but if he was put in Wu Tian's shoes, he might not be able to do better than Wu Tian.

"Forget it, forget it, Tian, you go and busy yourself. What happens to Wu Family in the future, I will listen to you. But there's one thing, if that day comes when Wu Family runs out, then bury me and Wu Family together."

With that, Wu Zhi left without any expression, leaving the three of them looking at each other. They didn't have anything to say to each other.

Hidden Billionaire Chapter 598 - A Showdown

C598 A Showdown

No one had expected things to turn out this way, especially Yu Naixin, who didn't even know where she came from and didn't say anything.

She just stood there, witnessing their fight, and she heard something they said.

Whether she left or stayed, Yu Naixin had a fierce mental battle going on in her mind.

"Yu Naixin, what are you doing here?"

Su Cancan looked coldly at Yu Naixin, her eyes like a sharp blade, seemingly wanting to cut open every part of a person's body with this knife to see what was inside.

Yu Naixin felt that she was right in front of her. No matter how deep her thoughts were, they would all be seen through.

"That ..."

Yu Naixin stammered, not knowing how to explain herself. Truth be told, she might even be scolded by others ... Furthermore, offending Wu Tian because of this incident was not worth it for her.

"She sent me back. I can't possibly let her wait outside."

Wu Tian explained for her with a troubled expression, while his heart was in chaos.

"You should take care of yourself ..."

Su Cancan seemed to not want to talk to Wu Tian on purpose, so she left those words to Wu Tian and left.

"Wait a minute!" Wu Tian suddenly stopped her, walked up to Su Cancan and grabbed her hand.

Yu Naixin was stunned. This Wu Tian was too bold. Yu Naixin had never seen anyone dare to do this before. Usually, when Su Cancan was in the company, there wasn't even someone who dared to speak loudly to her.

Now, Wu Tian actually grabbed her and held Su Cancan's hand, preventing her from leaving.

"Let go!"

"I'm not letting go! If you walk out of this house, I won't let you go!"

However, Wu Tian unexpectedly persisted and didn't care what kind of gaze the woman in front of him threw at him.

"What the hell are you doing? "Don't think that I'll really marry you just because Old Master said that I'm your fiancée!"

There was no emotion in Su Cancan's words. She looked down on Wu Tian and felt that talking to him was the biggest insult she could get.

Yu Naixin, on the other hand, widened her eyes and covered her mouth, afraid that she would scream out in shock.

Su Cancan was actually Wu Tian's fiancée?! This was an earth-shattering event!

I'm afraid only Yu Naixin in the company knows. No wonder... No wonder Wu Tian could take over Su Cancan's place as soon as he arrived...

After the excitement, Su Cancan considered whether it was appropriate for her to stay here. After all, she knew something she shouldn't know. Would these two people come and kill her to keep her mouth shut?

That's what they do in TV dramas...

"You know that's not what I care about. Old Master just said that he handed the company over to us, and I did it alone, if you still don't come back ... You don't care what the company will become in the future? "

Different from the past, Wu Tian could be said to be giving it his all this time. He was very clear that with his own methods, although he could still regain his Wu Group, this price might be huge ...

"You can't have forgotten what I said back then, right?" Su Cancan had questioned him about this before, but Wu Tian didn't pay much attention to it and didn't even bother to look Su Cancan in the eye.

This matter was not that simple for girls to let go of. It was a fundamental matter of principle, which meant that Wu Tian had never paid much attention to Su Cancan.

It concerns the life and death of the company, so I have to make a decision first. If I had to come back and discuss everything with you, it would be too late, but now the company is different. It's already over.

Wu Tian's intention was to get Su Cancan to come back. He didn't have to make her work, as long as he could make Old Master feel at ease.

Wu Tian's biggest idea was actually that simple. It would be good if Su Cancan could help him in any way, but if she couldn't, then he would just raise an extra person.

Su Cancan stared coldly at the man in front of her. She tried her best to peer into Wu Tian's mind, but no matter what, she couldn't see through him.

Honestly speaking, she was still angry, but Su Cancan knew that the overall situation was more important. Now was not the time for her to be angry.

However, since she let go of this matter, she definitely wouldn't be willing to do so. After all, no one would want to let it pass if they were wronged.

"You mean, you want me to go back to the company?" How could a smart person like Su Cancan not know about this? She knew that Wu Tian just didn't want Old Master to feel that he had taken care of everything by himself.

Wu Tian sighed. Although he knew that was what he was thinking, but from a certain point of view, he also wanted someone to come and advise him.

"If you were still here, I would have discussed this a little bit more with you. Perhaps it wouldn't be like this today."

Wu Tian's sudden compromise made Su Cancan a little flattered. She didn't expect Wu Tian to suddenly say such a thing.

"That's what you think now. It's already too late! "

Su Cancan didn't know if she could remain calm after this, but she quickly got rid of Wu Tian's hand and ran out of the room.

Damn it, she didn't know why, but when Wu Tian said those words just now, her heart suddenly wavered.

She had already made up her mind that she would never help Wu Tian again ... However, the moment the other side submitted, her heart immediately softened.

How annoying, why did she keep thinking about that man? He was so annoying! He didn't even take her seriously!

Although Su Cancan scolded happily on the surface, in reality, she couldn't help but think of this arrogant and despotic fellow.

Although he was usually very arrogant and haughty, at least he didn't let the company go out of business like this. Instead, he received financing.

Should I help him or not? To be honest, Su Cancan really didn't know what to do.

"President Wu... President Wu? " Yu Naixin called out to Wu Tian in a low voice. She didn't know whether it was appropriate for her to call him Wu Tian

at this time or not ... But Su Cancan had been gone half a day, and Wu Tian was still standing there, motionless.

"Let's go."

Wu Tian said suddenly. He almost scared Yu Naixin out of her wits. Looking in the direction where Su Cancan had gone, Wu Tian sighed and turned his head away.

Hidden Billionaire Chapter 599 - Back Again

C599 Back Again

On the way back, Yu Naixin didn't dare to ask. The two of them remained silent on the car.

This kind of awkwardness was nothing to Wu Tian. He had a lot of things to think about, so he couldn't be bothered to pay attention to them.

It was just that Yu Naixin was really excited inside. Today, she finally experienced it and witnessed some gossip about Wu Tian and Su Cancan with her own eyes.

"You are not allowed to speak of anything that you have heard and seen today."

Wu Tian thought of this at this moment. His tone was very calm, but the feeling he gave off when he spoke made Yu Naixin feel chills down her spine.

"Don't worry, I didn't see anything and I didn't hear anything ..."

Yu Naixin hurriedly expressed her loyalty, as well as her ignorance.

Even if someone was pushing her with a knife, Yu Naixin would still keep it in her stomach.

"By the way, how is the company doing now... You should have already done the splitting. "

Wu Tian hadn't talked to Yu Naixin about this in the past two days, so he didn't know how they were doing.

"The branch company has already been distributed, and the debt has been clearly stated. It's just that we don't have any business right now. We just guard such a building every day, and the losses are in the tens of thousands yuan range."

A few hundred thousand is not a lot for us right now. I have already thought of a way to deal with this business here, after that you can contact Loong Yun. I have some assets over at Luzhou.

Hearing Wu Tian's words, Yu Naixin's heart calmed down. No matter what, they should stick to it for a while.

Of course, there were some things that Yu Naixin herself did not know. For example, Mecca Company.

As for how he was going to deal with them, Wu Tian hadn't completely decided yet.

The car sped away on the highway. Wu Tian started to feel sleepy as he looked at the neon lights flying back from the window.

Just as he was about to fall asleep, his phone suddenly rang.

Wu Tian picked it up and saw that it was from Nangong Ying.

"What's wrong? "You actually have something to talk to me about, it's really strange."

"I did indeed have something to talk to you about. That Chen Cheng from Jingou Club, did he want to meet with you again?"

"Chen Cheng?"

Wu Tian paused, why did this guy suddenly reveal this matter, wait! Since Chen Cheng wanted to see him, it meant that he did not know Wu Tian's identity.

Now was the time for the other party to use their money. Most likely, the reason he wanted to recruit him into their clan was so that he would be able to invest some money into their Mecca Company.

Thinking about this, Wu Tian suddenly had an idea.

"It's that Jingou Club Division Minister. That guy is pretty rich, previously when we were on the road in a car accident, our meeting with him was cancelled, but now that he remembered this matter, he called me and said that he wanted to meet up."

Nangong Ying said endlessly. I don't know if he has recovered or not, but I heard some activity over the phone. Wu Tian guessed that this guy should still be recuperating in the hospital.

"Alright, I got it. If you're still in the hospital, then there's no need to come. Give me an address and I'll go over myself."

Since it was Chen Cheng who sent people to kill him, he should at least bring a present for Wu Tian this time. It was a good habit for Wu Tian to take revenge whenever there was enmity.

"How can that be? I told you that if I didn't go, it wouldn't be fair to be on either side. You don't have to worry about me anymore because my wounds here are fine."

Nangong Ying insisted on going, so Wu Tian didn't stop him. It was just that when the time came, something might happen that could drag him into the water.

Let's not think about this for now. We can talk about it when the time comes.

After hanging up, Wu Tian told Yu Naixin to drive to the company as soon as possible. He wanted to prepare something and bring it there.

Yu Naixin didn't know what they were talking about, so she sped up.

Since this Chen Cheng was able to send assassins to kill him, there might be someone else under his command that would protect him.

The first point was that he couldn't act rashly. If it was before, Wu Tian would definitely have Bai Sha Tang do this, but they were far away from the Luzhou, so it was too late for them to come.

Wu Tian didn't take anything special, he just took the lighter and some clothes and props that could be used to change clothes. He told Loong Yun where he was going and then went downstairs in a hurry.

When he first arrived at the door, Wu Tian didn't expect to see Su Cancan standing by the door with her arms crossed in front of her chest, staring at him with her chest puffed out.

"Why are you here? "Did you agree to it?"

Wu Tian was overjoyed. Since Su Cancan would come, she must have tacitly agreed to come back to help him.

"What are you thinking? Stop thinking too much, okay? I'm afraid that you will cause more trouble so I came over to monitor you."

Su Cancan looked at Wu Tian with disdain before turning her head to the other side.

"But ..." This time, Wu Tian was in a bit of a dilemma. He had to go to this Chen Cheng now, there might be some danger. If he brought Su Cancan along, would it be inappropriate?

"But what? Let me tell you, from now on I'll be watching you around you 24 hours a day. Don't think about anything that you can hide from my eyes ..."

Su Cancan's expression did not seem like she was joking. She seemed to be able to do this.

"Then I'll go to the toilet and take a shower or something ..."

I don't believe this. She's just a girl, how could she possibly come to this kind of place? If she said that she's monitoring us 24 hours a day, how could there be any openings?

"Then I'll cripple you. I'll let you use a diaper for 24 hours!" Su Cancan's reply was even more cruel. Wu Tian was the first one to be defeated.

Without a doubt, she was a young miss right now, so she could do whatever she wanted, while Wu Tian couldn't do anything to her.

Moreover, this fellow was even someone from the Wudu Sect. In terms of abilities, there was a high chance that she was not inferior to him ...

"I'm going to see someone right now. It might be a little dangerous ..."

Wu Tian took a deep breath and told her in detail what he was going to do. He didn't tell her this before, but there was no need to keep it a secret from Su Cancan now.

"You don't have to worry about me. Just take care of yourself."

Su Cancan wasn't the least bit scared. On the contrary, she had a relaxed expression on her face.

"Let's go, let's go. Get in the car."

Wu Tian had no choice but to pull Su Cancan along with him as they got into Yu Naixin's car, running towards Jingou Club.

Hidden Billionaire Chapter 600 - Tell the Truth about Everything

C600 Tell the Truth about Everything

Su Cancan had already heard of Chen Cheng.

Although she was the general manager of Wu Group, she knew more about this underground information than anyone else in the Wu Group.

"This Chen Cheng, I've sent someone to investigate before, his background is very ordinary, I don't know where all his money came from, his bank account is all fake, his money flow is a mess, I can't tell where his money came from at all, and in the end, my investigation of him also failed."

This guy was far more complicated than she had expected. After all, it was impossible for someone to reach this position without some ability.

"I have some information about him, so don't be surprised when you see it."

As Wu Tian spoke, he took out the picture of Wu Yongan and Chen Cheng eating together.

Su Cancan opened her eyes wide in disbelief. Her usual haughty look had vanished at this moment. Shock and astonishment filled her eyes.

Yu Naixin saw the look in Su Cancan's eyes in the rearview mirror, but she didn't dare to say anything. She only stole a glance before carefully looking ahead and driving the car.

"How could they ..."

Wu Tian smiled slightly, and said slowly: "The two of them came into contact with each other a long time ago, the moment I started investigating Wu Family. In other words, we are now a chess piece in someone else's chessboard, and all of this is just for a complicated and huge layout. "

It took Su Cancan a long time to sort this out. Only then did she realize how amazing Wu Tian was, who could understand everything clearly.

Putting everything aside, just this information alone left her far behind Wu Tian.

"This means that they had already started plotting against Wu Group Companies a long time ago. In that case, what other tricks will they prepare in the future?"

Su Cancan seemed to be muttering to herself. The more she said, the more shocked she was. If it wasn't for Wu Tian who was in charge of the Wu Group company, the company might have already closed down or become someone else's.

"They want to buy all of Wu Group company's original branches and stocks. They probably want to take advantage of our lack of people and funds to propose a plan to buy them."

Wu Tian kept guessing and felt that if it was a common tactic, it would just be like this.

They couldn't possibly bankrupt their Wu Group because Wu Group had already existed for tens of years. This signboard was extremely valuable, and even if it was their Jingou Club, they probably wouldn't be willing to give up on their Wu Group's reputation.

Therefore, to them, the only way to maximize their benefits was to purchase Wu Group s.

"As expected, they still wanted to buy Wu Group in the end. To put it bluntly, they wanted to force us into bankruptcy ..." Su Cancan finally understood what was going on. If that was the case, they wouldn't be afraid.

"But that might not be the case. They might really want our Wu Group to go bankrupt, but how could this matter be so easy?"

The two of them chatted for a while. Originally, they had been at loggerheads, but ever since they got on the car, the tension had started to ease up.

Even Su Cancanran didn't realize this. She was no longer as cold as she used to be. Instead, she was full of rationality as she discussed this with Wu Tian.

Wu Tian glanced at Su Cancan's face from time to time as he spoke. He found that if she didn't have a straight face, she was actually pretty good-looking. She was quite lively and had a nice figure ...

He had to admit that Old Master had a good eye. Old Master treated Su Cancan as his fiancée because he liked Wu Tian.

"President Wu, we're about to reach our destination."

Yu Naixin basically didn't dare to interrupt them along the way. Just the content of their conversation was enough to shock Yu Naixin. She didn't understand what was going on right now. However, her driving skills were quite good, and she was very qualified to be a driver.

"It's been hard on you. If it wasn't for you today, I'm afraid I'd have to take a taxi." Wu Tian quickly expressed his gratitude to Yu Naixin. To ask the Finance Minister to drive for him, Wu Tian felt that he was being too extravagant.

"Don't worry, doing things for President Wu is my job."

Yu Naixin wanted to say another word or two, but when she heard Su Cancan cough, she immediately fell silent.

"You two must be careful of your safety. I'll be waiting for you here. Call me if you need anything."

Yu Naixin knew that what happened inside wasn't something she could casually come into contact with, so she had already made up her mind that she wouldn't go in.

Some things were better for her if she didn't know them.

"Then be careful here."

Wu Tian didn't say much. He wasn't willing to involve an ordinary person like Yu Naixin in such a dangerous situation.

Not far away, Nangong Ying was already standing at the entrance of Jin Mao Club waiting for Wu Tian. The hospital was very close to this place, so he had already arrived.

"I'm here, you came really slowly."

Nangong Ying was getting anxious from waiting so he quickly waved his hand towards Wu Tian.

Wu Tian walked over and shook hands with him with a smile, then casually introduced Su Cancan behind him.

"This is my fiancée ..." Wu Tian thought about it and felt that it wasn't appropriate to tell others that Su Cancan was the General Manager of Wu Group. On the contrary, the excuse that he said Su Cancan was his fiancée was very appropriate. No matter how curious Nangong Ying was, he wouldn't pursue this matter. After all, such an action would only make him appear very rude.

"Hello, let's not waste any more time. Let's go in quickly, Chen Cheng is already waiting for us."

Since it was not his first time here, Wu Tian was very calm, and when he entered the Jingou Club, he wasn't nervous or excited at all.

Nangong Ying watched on the side and couldn't help but admire Wu Tian from the bottom of his heart. The first time he came here, his palms were sweating profusely.

This Jingou Club's design was very depressing. It was completely illuminated by the lights, and many places were pitch-black, making it difficult to see anything clearly.

"This way."

The two of them walked around the club for another round and finally arrived at a luxurious office. Outside were some beauties in bikinis and those rich second generations who only had money left.

They were drunk with music and light.

What was different from the outside was that Chen Cheng's office seemed very simple, almost no different from a normal company's CEO's office.

The office had a large desk, a delicate bookcase, and a guest lounge.

If he wasn't sure that he didn't go to the wrong place, Wu Tian would think that he entered the chairman's office of some company.
