

Hidden Billionaire Chapter 606 - Fall into Black Hand

C606 Fall into Black Hand

Shen Xue didn't remember the rest of the incident clearly.

She knew that the security guards had put on a black hood and brought her into a room. Yu Naixin, who was outside the wall, was luckier and escaped as soon as she saw that something was wrong. At least the two of them didn't perish here.

When someone came to remove Shen Xue's hood, she found herself in an unknown room, her hands and feet tied to a chair.

"What are you guys doing?"

Shen Xue panicked as she looked at the people in front of her. They were dressed in the uniform of the security guards, but all of them looked like hooligans. Their eyes were filled with lust for sex.

"What is it? Nothing! It's just catching a thief. Why don't you let us interrogate the thief? "Tell me what are you doing!"

A man who looked like the leader of a security team moved a chair over to Shen Xue with an evil grin on his face. He crossed his arms and looked at her coldly.

Shen Xue finally started to panic a little. She realized that she had probably fallen into a very troublesome situation.

"I am not a thief... I'm just here to look for someone! "Hurry up and let me go, I really didn't do anything."

"If you say you're not a thief, then you're not? I said I'm the big boss, is that it? "I advise you to tell us quickly. Perhaps our security team can let you off the hook this way, or else we'll have to send you to the Public Security Bureau. At that time, we can sentence you to a year or two."

The leader of the security guards had a fierce-looking face. He looked extremely fierce. Just a few words from him had scared Shen Xue to death.

She had never seen such a scene before. The moment she heard that they were going to be sent to the Public Security Bureau, her legs immediately went soft.

"I really didn't do anything bad. I really came here to find someone. I really didn't lie to you!"

Shen Xue quickly expressed her attitude, afraid that people would mistake her for a thief.

"You said you were looking for someone. Alright then, who are you looking for?" "Which department does he work in? What's his name? How old is he?"

The security team didn't really care if she came to look for someone. Even if she did, she would need to have a receptionist's name and other information.

But how could Shen Xue tell? How could she know what Wu Tian was actually like in the Mecca Company ...

She had only vaguely heard some scattered information, so she didn't know what plans they had for the future.

"This... He doesn't seem to be working here at all ... "

"Then you said you came here to look for someone? I think you're just a thief yet you still refuse to admit it! "

The captain of the security guards had already worn out the last bit of his patience. He shouted in a flustered manner before winking at his subordinates. Then, a group of burly men surrounded him.

"I really didn't lie to you guys. If you guys don't believe me, you can ask me. My friend is in your park right now, and he seems to be meeting with your leader. You guys should know about it."

She knew that she couldn't hide any longer. Shen Xue could only look out for her safety. Right now, she was a little frightened.

The security chief heard her say that it was indeed a car that had driven directly into the park. He suddenly felt that Shen Xue was probably right.

If she really was the boss' esteemed guest, then if he offended her, then his job would definitely be ruined.

"Look at her!" I'll go ask the Leader! " The security chief pondered over and over again. He felt that there was nothing out of the ordinary about this matter. He decided to leave Shen Xue to his security team members while he went out in a hurry to seek confirmation.

Wu Tian and the others were currently in the living room. Nangong Ying had already arrived at this place before him and had already seen quite a lot of Mecca Company.

It had to be said that the aura this Mecca Company gave off was especially good. It took up a large amount of space and also had a lot of employees.

The only disharmony was that most of their employees had nothing to do because they didn't have much to do.

Chen Cheng obviously knew about this phenomenon, but for the sake of hollowing out the people with Wu Group, they had to spend money to keep them alive.

"Director Chen, has our business been unable to keep up?" As an investor, Nangong Ying felt that his company wasn't that good. If it was purely from the perspective of the company, there was no competitive advantage at all.

All of the items in the Mecca were purchased and many of them were incorporated into the company. This caused the management to be extremely complex and most of the departments were able to maintain their previous personnel structures.

To put it bluntly, it was a piece of scattered sand, which was easy to get together and scatter under the influence of external forces.

"It's like this now. The main thing is that it's still in the process of being absorbed. After all, there are too many companies that have been acquired, so it's quite troublesome to combine them. It takes time." Chen Cheng also sighed. He knew that this problem was quite troublesome, but he still chose to speak everything he knew for the sake of investing.

As long as he could show the future of his company, he could probably attract the attention of these two rich young masters.

Wu Tian nodded, but he did not express his opinion. He felt that this Mecca Company was not as hard to deal with as he had imagined.

From the looks of it, this Chen Cheng didn't have a backer. If he really had a rich backer supporting him, then Chen Cheng wouldn't need to curry favor with Nangong Ying and him like this.

If that was the case, then this fellow had probably lost all of his previous resources.

Frankly speaking, he was just a paper tiger.

Just as they were talking, Chen Cheng's secretary suddenly walked in quietly and whispered in Chen Cheng's ear, "The security chief said he found a suspicious person, and he's locked up now. He wants to know how you're going to deal with her."

Chen Cheng didn't have the mood to deal with this kind of thing. He waved his hand impatiently, "Let him handle it himself. Don't bother me with this kind of thing!"

"But the security chief said he was afraid this person was a friend of some customer, so he came to ask."

After hearing what the secretary said, Chen Cheng wanted to reject him directly. But then he thought, what if he was right and he couldn't make this mistake, so he had to ask first.

"Gentlemen, may I ask if you have brought any of your friends here? Our security said that we caught a suspicious person and we suspect that it was a thief. We were just about to send him to the Public Security Bureau."

Wu Tian looked at Su Cancan. It was only the two of them this time, so he shook his head. The situation with Nangong Ying was pretty much the same.

Chen Cheng was relieved and quickly said to the secretary: "Let the captain handle it as he wishes. It shouldn't have anything to do with the customer!"

After receiving the order, the secretary rushed out and passed the news to the security chief.

Shen Xue, who was still locked up, sneezed unexpectedly. She trembled as she looked at those security guards who harbored malicious intentions towards her.

Hidden Billionaire Chapter 607 - Escape Day

C607 Escape Day

This was originally a small episode, but Wu Tian didn't know why, but he kept thinking about what Chen Cheng had just said. He felt that something was off.

Therefore, he gave Su Cancan a look and told her to investigate the situation.

Chen Cheng also didn't care about Su Cancan's sudden disappearance. He didn't care about anyone else at all. In other words, Chen Cheng only had Wu Tian and Nangong Ying in his eyes now.

"Chief Chen, from the looks of the scale of this project, I'm afraid we have to invest at least 20 to 30 billion dollars."

"Brother Wu's words are reasonable, but this is after all, against the Wu Group, so this scale is actually not that big."

Nangong Ying's face turned red as he looked at Chen Cheng. He smiled and said, "Boss Chen, you don't have to be surprised. As an investment bank, we naturally have witnessed the actions of Mecca Company. We naturally have an idea of how many of you are aiming at Wu Group. "

Chen Cheng quickly wiped off the sweat on his forehead. He was afraid that he would screw up the financing issue. Although Nangong Ying was right and everyone knew what was going on, this matter couldn't be revealed in public.

On the other side, the leader of the security guards went back to where Shen Xue was being held. He looked at her in annoyance.

If he had not listened to her and asked Chief Chen for confirmation, he would not have been scolded by her secretary.

"Bastard, you woman, how dare you lie to me!"

The head of the security team looked furious, he came up and slapped Shen Xue's face. He didn't show any mercy at all.

"What are you doing?" Shen Xue was struck dumb. She didn't know why she was suddenly beaten up.

"What is it? "You're a thief, but you still dare to ask us what we want to do?" The security chief said coldly. He saw that Shen Xue's face was covered with tears. On the contrary, she seemed to have a different charm to her. Suddenly, his interest was piqued.

"Didn't I say I'm not a thief? If you don't let me go, you won't have a good ending. Have you heard of Wu Tian? He will make you want to die!" Shen Xue gritted her teeth and forced herself not to cry. She knew she had to be strong. She couldn't compromise here, and she couldn't fall down.

The Security Captain didn't listen to what she said and just slapped her again.

"I don't care who you are. Even if God has come, you still have to listen to me. This is my territory!"

Suddenly, he had an idea. He chased away all of his security guards and stared at the beautiful woman before him with a lewd smile.

"What are you doing?" Shen Xue instinctively tensed up. She could clearly feel that the man in front of her had other thoughts.

"I'll give you a chance. If you take it, I won't send you to the Public Security Bureau. After that, you can leave on your own." The captain of the security guards grinned, making people tremble in fear.

"Bastard!"

Shen Xue could only express her most sincere indignation in this way.

The only thing she could move was her mouth.

"I haven't said it yet, you don't need to be in such a hurry. I can see that you look pretty good. If you can make me feel refreshed ..." The Security Captain's face was like a demon's, causing Shen Xue's entire body to tremble.

Without any further explanation, the leader of the security team slowly walked up and extended his hand in an attempt to scheme something.

It was at this moment that the door flew in, almost crashing into the leader of the security guards.

Shen Xue looked over with tears in her eyes. She was surprised to find that the one who came to save her was not Wu Tian, but Su Cancan.

"Fuck, where did this woman come from!"

The Security Captain was furious. He almost succeeded, but was interrupted by Su Cancan.

He called out to his men, but no one answered him for a long time.

"Fuck, where did all this trash go?"

What he didn't know was that the security guards under him were now lying unconscious on the ground one by one.

The Security Captain wasn't afraid at all, because he could only see such a delicate girl in front of him.

Although he didn't know what was going on with that door, he didn't feel that the woman in front of him could pose any threat to him.

"Su Cancan ..."

Shen Xue's tears directly flowed down. Regardless of the things she did with her before, now that she was saved without a care for the past, it really moved Shen Xue.

"Are you okay? I'll immediately rescue you from this place."

Su Cancanran smiled at Shen Xue and even winked at her. This simple action mysteriously calmed Shen Xue down.

"Do you think I don't exist?" The security chief was in a bad mood. Since his good fortune had been interrupted, he might as well forget about it. How could she not take him seriously when he was such a big guy?

"You? "I advise you to get the hell away from me now. Maybe you can still live."

While she was talking with the captain of the security guards, Su Cancan had returned to her previous icy cold appearance, giving him no face at all.

The Security Captain didn't say anything. He wasn't the kind of person who was inflexible, nor was he the kind of person who didn't want to hit women and children.

Suddenly, he launched an attack on Su Cancan.

Even though he was big, his speed wasn't slow at all. His fist was like a gust of wind as it swept towards Su Cancan.

"Be careful!"

Shen Xue couldn't help but cry out when she saw it, because Su Cancan was about to be punched.

However, nobody expected that at the last moment, Su Cancan's body twisted at an extremely strange angle and then she forcibly dodged it.

Soon after, Su Cancan's body suddenly straightened up and her knee directly hit the head of the security team. She clenched her delicate hand into a fist as she fiercely punched him in the throat, knocking him down in just a few hits.

Everything happened too suddenly and smoothly. Before Shen Xue could understand what was going on, she heard a crash and the security chief fell to his knees, fainting.

Su Cancan didn't care about the people on the ground. She stepped over him and ran straight towards Shen Xue. She quickly untied the rope for Shen Xue.

"How did you know I was here?"

Shen Xue was very curious. If Su Cancan hadn't arrived in time, it would have been impossible for her to imagine what kind of situation she would be in right now.

"Guess?"

As they spoke, the two girls looked at each other and smiled.

Unknowingly, the enmity between the two of them had started to melt like a glacier. There was no longer any estrangement between the two girls.

Hidden Billionaire Chapter 608 - Failed

C608 Failed

When Wu Tian saw Shen Xue, he was stunned on the spot.

She should be in the company ...

At the same time, Wu Tian's phone also rang. He looked at it blankly and saw that it was Yu Naixin. After greeting her, he ran to the side to answer it.

"President Wu, something big happened!" Yu Naixin's voice sounded anxious, as if her eyebrows were on fire.

"What's wrong?"

"Chief Shen, Chief Shen has been captured!"

Hearing that, Wu Tian didn't say anything and just hung off the phone.

So that was what happened. Shen Xue definitely pulled Yu Naixin to follow him over. He had truly miscalculated and did not realize it.

"Why are you here? Didn't I say that I won't allow you to come here? " Wu Tian said while looking at Shen Xue helplessly. Since they were already here, he might as well admit it.

Shen Xue's eyes were filled with tears. When she looked at Wu Tian, she could no longer hold back her tears. She rushed over and hugged Wu Tian.

This commotion not only stunned Wu Tian, but also stunned Nangong Ying and Chen Cheng. They didn't know what was going on.

If they didn't know, perhaps some of them would think that Wu Tian bullied Shen Xue.

"What's wrong, what's wrong? Don't cry, tell me what you have to say."

Shen Xue cried even more in one day. Seeing that he couldn't communicate with her, Wu Tian could only focus on Su Cancan.

"This matter... "You should ask the security guards under his command. I found them in a secret room of their security team ..."

Su Cancan pointed at Chen Cheng with her finger and remained expressionless.

Wu Tian immediately became angry when he heard that.

What did he mean by finding Shen Xue in the secret chamber? So this was the treatment for Wu Tian's woman? After being bullied to this extent, how could he not say anything?

"Chen Cheng!" Our cooperation is over! "

Wu Tian looked at Chen Cheng coldly and changed his face instantly.

Chen Cheng was shocked. He was still trying to figure out what was going on.

However, looking at Wu Tian's expression, he was not joking. On the other side, Shen Xue was crying. Suddenly, he remembered that his secretary came over and told him that the security team leader had caught a thief ...

If this matter was related, then this so-called thief should be this beautiful lady in front of him ...

My God, what a disaster this is!

Nangong Ying, on the other hand, watched the scene gleefully. This incident had actually made the whole world more interesting.

"Hurry up and get that captain back!" Also! Get all the security guards who were present at that time to come over here, I want to ask them something now! "

Chen Cheng could only vent his anger on his secretary and shout at him. After finishing this matter, he immediately rushed to smile towards Wu Tian.

"President Wu..." Look, this is also a misunderstanding. If we say something, our security guards are in the wrong. We will take responsibility for whatever responsibility it is! As long as it can help you vent your anger, you can do whatever you want! "

No logic would work at this time. Since things had reached such a stalemate, he could only accept it quickly.

"Hmph, your subordinates can actually do such a thing, who can guarantee that your management isn't like this?" Wu Tian said with a cold smile, but he had already carefully observed Shen Xue earlier. Fortunately, there were only some traces of ropes on her body, and her clothes were still considered intact.

There were no serious injuries on her body, only a slight redness and swelling on her face.

She was probably beaten, but she probably wasn't hurt any further. Otherwise, Wu Tian would have to raze this place to the ground!

Chen Cheng broke out in a cold sweat. He was unable to say anything about this, because he really shouldn't have recruited such a security guard.

However, he was really lacking people at that time, so he couldn't care less. But now, all the mistakes he made in the past had exploded.

"Don't worry, I won't forgive him!" "I can assure you that there won't be any similar situations happening in the company, and our management can definitely guarantee that they will be a professional!"

When he said that, Chen Cheng's body was clearly trembling because he felt a little weak in his heart.

How could he not know what his subordinates were doing ... A little high salary was enough to attract them over. They would eat and do nothing here. How could these people be high quality talents?

However, Chen Cheng didn't have any other choice but to follow the dark path. The mission given to him by the higher-ups must also be completed!

At this moment, Nangong Ying finally spoke.

"Brother Wu, you don't need to come to a decision so early. Let's ask him when he calls the captain over. It won't be too late to do so at that time." Besides, your investment hasn't come yet, so this doesn't count as the beginning. "

It was hard to say if this fellow was here to cause trouble or to solve the problem. In short, it was as if he was just watching the show.

Wu Tian did not have the time to care about the two of them and quickly coaxed Shen Xue on the side. This time, Su Cancan wasn't jealous, nor was she in any other mood.

Not long after that, the group of security chief who caused the trouble was captured. Chen Cheng's secretary personally led them and made them kneel down in front of Wu Tian.

"Tell me what happened!"

Chen Cheng tried his best to suppress his anger. His eyes were wide open as he looked at the group of idiots below him. He really wanted to kill them all.

"Boss Chen ..." "This really isn't our fault ..."

The security chief was still unconscious, so the other security guards had to excuse themselves.

"Yeah, we caught this back then ..." The security guards originally wanted to say that Shen Xue was a thief, but seeing the current situation, they were sure that she was courting death. So he quickly corrected himself, "This lady, and then the captain let us take her away. This lady, she said she was looking for someone... "But captain didn't believe ..."

"That's right, that's right. We also felt that there was nothing wrong with this lady, so we should put her down. However, the captain said that he wasn't willing to do anything, so he let us take her into that secret room. He even chased us all out ..." We don't know what happened inside ... "

A few security guards told them everything that had happened, and most of them were able to figure out what had happened.

Chen Cheng's face was ashen. This was originally a very small matter, but now it had become a very big and extremely troublesome matter.

"You guys, pack your bags and get out of here."

Hidden Billionaire Chapter 609 - Retribution

C609 Retribution

These security guards, who were not the main culprits, had already been expelled.

As for the culprit, the Security Captain, he was still unconscious.

Chen Cheng didn't waste his breath and chased out everyone who had nothing to do with him.

"President Wu, now that we know about this, the main responsibility is on our side. I will not reject you for this, but I will give you an explanation! "Take a good look!"

As he said that, Chen Cheng gave his secretary a look. Then, the secretary drove a truck and rushed over, causing the huge tire to fall heavily on the captain's leg.

Immediately, blood flowed all over the ground. The captain of the security team, who was unconscious a moment ago, was awakened by the intense pain on his body. However, in front of him were two thighs that had indeed turned into mincemeat.

He looked at his empty lower body blankly, then looked around and saw Wu Tian and their CEO Chen.

And the woman he wanted to rape ...

Wu Tian was holding Shen Xue and stroking her hair. His expression was cold and serious. He looked at the captain as if he wanted to cut him into pieces.

"I'm really sorry." Chen Cheng immediately tried to apologize to Wu Tian. Wu Tian didn't expect this guy to be so ruthless.

He had originally thought that he would beat up this security chief to keep him in the hospital for a year or so, and that would be the end of it.

However, Chen Cheng was even more ruthless than him and directly crippled his thigh.

Perhaps, this was all because of the fact that he had tried so hard to commit a crime ... If he really did do something to Shen Xue ... He probably wouldn't be able to keep his little life.

With his vicious personality, he didn't even blink when doing this sort of thing. Nangong Ying, who was at the side, looked expressionless, but when he thought about it, he immediately frowned.

To have such a person working together, it was akin to asking a tiger for its skin.

Right now, Chen Cheng may nod his head and bow to you, but once you have no use for him, he will most likely end up dead.

"Let's go home ..."

Wu Tian didn't say anything else as he prepared to leave with Shen Xue and Su Cancanran.

Chen Cheng also knew that it wasn't appropriate for him to press further. Since Wu Tian didn't say that the partnership would be abolished, it meant that there was a turning point in this matter.

Nangong Ying looked at Wu Tian and then looked at Chen Cheng. Finally, he sighed and followed Wu Tian out.

On the way back, Wu Tian kept a straight face. Yu Naixin, who didn't know the situation was very nervous, but it was actually the first time she saw Wu Tian be this serious.

It was at this moment that she realized what she and Shen Xue had done that they shouldn't have done.

"That President Wu ..."

Yu Naixin wanted to say something, but she felt that admitting her mistakes was better than being cleared afterwards.

"You don't need to say anymore ..." I'll give you a good scolding when I get back! Now that this matter is over, do not bring it up again. "

Of course he knew what Yu Naixin wanted to say. But he wasn't in the mood to listen.

All in all, he did not take this into account.

What happened just now made Wu Tian sink into deep thought.

What happened to Shen Xue this time wasn't as simple as it seemed.

In the end, it was still because Wu Tian did not have any status in the S City.

If he acted like he was in the Luzhou, then no one would dare to touch his people just by saying his name.

But it was different in S City. Who knew what ability he, Wu Tian, had.

"Don't talk about this matter anymore. I will let my seniors handle the rest."

Su Cancan said in a bored manner. She knew that Shen Xue was very important to Wu Tian, but no matter how important she was, she shouldn't have become depressed because of this.

"I have to think of a way, do you know of S City, what kind of gang are there?"

Wu Tian thought about it and felt that since he could support Bai Shatang, then logically speaking, he should be able to support his own faction in the S City as well.

Black and white both shared, which was more developed and convenient for him to do business.

"It's too complicated for you to say that. I know you have mixed these kinds of things in the Luzhou before, but it's different here, it's the S City here! "

Su Cancan knew what Wu Tian was thinking about, so she poured a bucket of cold water on him right away.

"What do you mean?"

"Of course there are organizations like this one, our Wu Family is very well-cultivated in this area. It's just that you personally cut off all the people in this area, so Wu Yongan is the one who eats the most with the underworld."

Su Cancan looked at Wu Tian with a hint of sarcasm. No one had expected the situation to turn out this way.

"It can't be ..."

"Why not? Let me tell you, when Wu Yongan was in high school, he had a best friend called Liang Zhenhai. He is now the leader of the Red Gang, the largest underground organization in S City." "You have offended Wu Yongan, so you have basically offended Liang Zhenhai."

Hearing Su Cancan's words, Wu Tian became even more distressed.

If that were the case, wouldn't it be difficult for him to take even a single step? If the Red Gang was really determined to make Wu Tian look bad, then there were ten thousand ways.

"Is there no other way? "There are no other organizations that I can win over ..."

Wu Tian still hasn't given up. He can't just let people hang themselves on a tree.

"Compared to Big Red, the scale is much smaller. However, there were also some like the Black Star Association, Grand Blessed Union, South City ... "It's just that, to be honest, there's no point in playing around with them. If you go and find them, it'll be useless other than spending money."

Su Cancan suddenly felt that it was fun to pour cold water on Wu Tian again and again. She looked at the helpless expression of the man in front of her. On the contrary, it made her feel very good.

"Will I have to detour around them in the future ...?"

Wu Tian pounded his thigh. He already had the thought of pulling Azure Dragon over if that wouldn't do!

"There's nothing we can do ... " What I'm talking about here is very complicated... Big Red's power is too great ... "

Wu Tian thought about it, gritted his teeth, and said with determination, "Even if this won't do, it still won't work. I don't believe that this is still an iron plate!"

Saying that, he took out his phone and called Azure Dragon. He didn't say it in detail, he only told him to pack up his things, saying that he would bring him here to develop his S City in the near future.

Su Cancan looked at Wu Tian in disbelief. To think that this man in front of her was really unwilling to lose... He was prepared to do everything himself.

"You ... You are planning to do this in the S City ... "

"I have to let them know that I, Wu Tian, am not someone to be trifled with! Even though he is a local snake, a strong dragon like me is not someone that can be easily suppressed! "

Hidden Billionaire Chapter 610 - It's Not Fair to Meet with an Unfair Situation

C610 It's Not Fair to Meet with an Unfair Situation

Seeing that Wu Tian had already decided to do so, Su Cancan could only sigh.

This was because this situation was truly a dead end for them. No matter what they did, it wouldn't be easy.

Although Big Red said that it didn't directly attack the Wu Family, it was just that the Wu Group didn't have any assets or operations outside. For gangsters like them, they couldn't do anything about this seamed egg for a short while.

They can't just mess with someone for no reason at all...

However, everyone knew that it was impossible to win them over. If they still wanted to continue mixing in the S City in the future, they would definitely have a good relationship with Big Red. It was most likely a matter of money, so they would definitely ask for it.

Although Su Cancan was not afraid of the big red, Wu Group Corporation was a little afraid. As a corporation, his industry was too huge and he had so many assets. If it wasn't for the local gangs taking care of him, they wouldn't be able to stop those petty thieves.

In the past, because of Wu Yongan, the relationship between Wu Group and Big Red was pretty good.

But now that such a thing had happened, Wu Tian and Wu Yongan had been completely separated. In other words, they had openly broken off. Since that was the case, it was only a matter of time before Big Red came looking for him.

After that, Wu Tian didn't even think about his office and sent Shen Xue back to the company's guest room.

The decorations here were pretty good, so it was quite comfortable to stay there.

The reason why she didn't bring back Shen Xue's castle was because she didn't want to scare Shen Xue in that place. Who knew what attitude Old Master would have towards her ...

If it was before, Wu Tian wouldn't be afraid. However, he had recently angered Wu Zhi, so it was more appropriate for him to avoid Wu Zhi's attack first. Hence, he decided not to go back and accompany Shen Xue.

He could even work more here.

Su Cancan still left early and returned late. Wu Tian didn't know why she left, so he was too lazy to ask.

After two to three days, Shen Xue's mood finally became better. Wu Tian felt that he had yet to bring her around this place, so he decided to play around here with Shen Xue.

The two of them quietly went out. After coming out of the building, they casually caught a taxi and prepared to head to the biggest shopping mall.

Guangtai Merchant Shop was the largest shopping mall in S City, and its owner was also the famous Everlasting Capital Holding Co., Ltd.

Previously, Wu Group had also wanted to take a break from a shopping mall of a similar scale or even more powerful than Grand Dominance's Merchant Shop, but before the plan could be completed, the crisis of Wu Group had already erupted.

Until now, he could no longer continue to do so, and Guantai Trading Company could also continue to maintain its name as the biggest shopping mall in the world.

However, this place did look very bustling. There were a lot of people coming and going.

The interior of the store was also decorated very well. There were many shops. There were even many outsiders who came to shop due to admiration. This meant that this place could really be said to be pretty good, and its reputation was spread far and wide.

The two of them wandered around aimlessly in the mall. Suddenly, they heard a loud noise coming from the front.

The two of them followed behind the crowd in the spirit of watching the show, and they also stood there to watch the show.

They only saw a few fierce-looking people in the crowd pulling a weak looking man with glasses, constantly slapping him on the face.

"Kid, when will you pay us the protection fee you owe us? I've already delayed it for two months. Can't I hand it in now? Do you think we are easy to play with? "

The leader of the group fiercely grabbed the man's clothes. He could almost use one hand to pull him up.

The bespectacled man was somewhat frightened. However, in front of others, he was no different from a little chicken. He was powerless.

"Big brother ..." I really didn't mean to... It's just that my shop hasn't been doing very well these few days ... I really can't take out that much money. "

"Can't take it out? It didn't matter if he couldn't take it out, he just needed to find something to push it out. "How about you mortgage your property right to me, or your share of the store to me, and when you are able to pay the royalties, you can then redeem it from me."

The big man laughed as he spoke, his eyes full of greed.

Of course, the bespectacled man knew that what she said was nonsense. How could he spit it out when it entered their mouths?

"This won't do ..." No! This is what my parents left for me, I can't leave it to you! "

The bespectacled man wouldn't agree no matter what. Not to mention what this meant to him, if he agreed to my request, then even if he earned some money, he wouldn't be able to return to his lost shares or real estate.

"Oh, no? Then quickly hand over the protection fee! Otherwise! I'll tear down your shop! "

The large man is still threatening us as before. The surrounding crowd is whispering among themselves but no one dares to stop us. "

Wu Tian finally could not stand watching on any longer. He separated the crowd and walked out ...

"Stop!" Wu Tian shouted and was about to hit the big man. He really couldn't watch any longer. Even if he bullied the weak, he couldn't be so reckless. Did he really think that there was no law in this place?

Hearing the voice, the thug glanced at Wu Tian and harrumphed, "Oh, is this the act of seeking justice? "What, you want to try the taste of a human meat bun too?"

He waved his fist at Wu Tian. The threat was very obvious. Simply put, if he continued to approach Wu Tian, then Wu Tian might get beaten up.

If it was an ordinary person, they would have been scared. However, Wu Tian was not an ordinary person. Instead, he took a few steps forward.

"You're right, I'm here for justice, so I suggest you get out of here as soon as possible!"

Wu Tian said word by word while staring at the man in front of him. However, he was not nervous at all. He had long been used to the storm. This small matter was not a big deal in his eyes.

"Hehe, I've never seen such an arrogant person in my life!" The big guy threw the glasses man on the ground, rubbed his fist and walked in front of Wu Tian.

Just at that moment, he suddenly threw a punch towards Wu Tian.

Such speed was already pretty good, but it was a pity that he had chosen the wrong opponent.

Wu Tian only moved his body and dodged the punch before his feet could freeze.

There was no point in hiding it now that the opponent had already made a move. Wu Tian kicked his foot out like lightning and hit the man in front of him hard.

The burly man who weighed almost two hundred kilograms was kicked flying with a scream. A crisp crack came from his leg bone.
