C611 Unlucky Manager

After one round, these violent people who came to cause trouble were all defeated by Wu Tian. They didn't even have a chance to resist.

Even the surrounding crowd cried out in alarm. No one expected that this man who didn't look particularly tall would be so strong.

"He's so powerful, but he beat up people from Red Power. If something were to happen in the future ..."

"The owner of this shop is really unlucky. If he had paid the protection fee, then it would be fine. But now that their people have been beaten up and Wu Tian has left, this shop will be met with retaliation from Red Power ..."

Although everyone approved of Wu Tian's way of doing things, this wasn't necessarily the right thing to do.

Wu Tian, who was originally happy, instantly became gloomy when he heard what they said.

This Red Power is too bullying.

The people on the ground let out weak sounds, as if they were all about to die.

Wu Tian looked at them coldly, "Scram, don't let me see you again!"

Those people from Red Power ran away as fast as they could, but the surrounding crowd of spectators did not disperse, they were still commenting on Wu Tian.

By this time, the bespectacled man had already stood up from the ground and dusted off the dust on his body.

He walked to Wu Tian's side and said gratefully, "Thank you. If it wasn't for you, I would probably be beaten up ..."

Wu Tian looked at him and then looked at the store behind him. That was just a store that sold some dried fruits and snacks. Naturally, this man wouldn't be able to earn much money.

"Aren't you going to the police after being bullied like this?"

Wu Tian was curious. When he saw their argument, he heard them say that this was not the first time something like this had happened. It was likely that these Red Power people would often come to them for protection fees.

"You're right, the police are indeed useful, but the power of Red Power is too great. Even if the police capture these few people, there will still be others who will retaliate against me. At that time, I will only be in an even more miserable state ..."

The bespectacled man said what was on everyone's mind.

He really had no other choice but to endure this kind of thing. It wasn't that the police didn't want to care, but they couldn't do anything about these people until they had solid evidence. The police couldn't catch everyone.

In order to keep their business going, they had to pay when they needed to. To be able to buy peace with it was better than nothing.

"I never thought that things would turn out like this ..."

Wu Tian seemed to be deep in thought after hearing this. He felt that if this happened, he would have an even more reasonable reason to deal with the S City and the underground organization.

To be honest, an organization like Red Power was completely a hooligan, a tumor of the entire city.

Without them, the peddlers would have been better off than they were now.

It was just that this matter was not that simple to deal with, and people of Red Power were not easy to bully.

"There's no other way. I can only take things one step at a time. If that's not possible, then I'll sell this shop to someone else. I don't want to work anymore. I can't just take my life as a joke, can I?"

The bespectacled shop manager, on the other hand, smiled. He had thought about this very clearly.

With that, he turned around and returned to the inside of the store. The surrounding crowd also dispersed to do whatever they needed to do. For a moment, it was as if nothing had happened in this place.

Only the puddle of blood on the ground was still there, a testament to the battle that had just broken out.

"It's so chaotic here ..."

Shen Xue was not worried at all when she was in the crowd watching the whole time. With Wu Tian's capability, it was easy for him to deal with these hooligans.

"That's right. I see that everyone hates this matter. If it goes on like this for too long, something big will happen."

Wu Tian sighed. He had made up his mind that he would come here to get involved, not only for himself, but also for the people here.

"Let's go to that shop and have a look." This matter made them sad. Shen Xue felt that this matter wasn't suitable for them to discuss when they were shopping. She quickly changed the topic and pulled Wu Tian to the milk tea shop to have a drink.

Not long after, the streets outside started to get noisy again. Wu Tian looked out the window and saw a group of people holding a steel pipe knife. They were aggressive. There seemed to be a few hoodlums who had appeared just now — they had appeared again.

The group of people immediately surrounded the bespectacled man's store. The shop manager was grabbed like a rag from the shop.

The thugs held onto the steel pipe and didn't say anything. They went up and smashed his dry fruit shop into pieces. The glass was shattered on the ground and all the goods inside were thrown onto the street. His little shop had been reduced to ruins.

The bespectacled man stared dumbly at the scene before him. He sat paralyzed on the ground. His glasses had already shattered, along with his heart.

"Since someone is helping you, then I'll let you show your face today!"

A man who already looked very fierce, wearing sunglasses and a tattooed body, kicked the glasses man viciously. He didn't even hit him or scold him, and just left with him.

No one dared to interfere in this matter, not even the security guards.

There wasn't even anyone who called the police. Even if they were to call the police, if they were caught by the police, they would have enough money to bail themselves out ...

In short, if they were to offend the Red Power because of this, they would immediately receive even greater vengeance.

What happened just now is a typical example...

Wu Tian saw this scene and almost crushed the cup in his hand in anger. He stood up abruptly and walked out of the tea shop.

"These people are going too far!"

Wu Tian suddenly looked at the bespectacled shop manager and felt guilty. If he didn't injure the hoodlum just now, perhaps the bespectacled shop manager wouldn't have to be beaten up and his shop could at least be preserved.

"Whatever, what can I do? I don't want to work anymore either ..." The bespectacled man's face was ashen. He muttered in his mouth as he groped his way back to his own shop. As he sat at the door, he suddenly laughed as he watched the people on the street walk in and out.

Wu Tian looked at him blankly. That feeling was very strange. It made people feel that it was funny, sad and hateful.

Suddenly, the shop manager pulled out a knife from somewhere and was about to stab himself in the chest.

Just at that moment, Wu Tian rushed forward and kicked away the knife. He immediately controlled the shop manager who wanted to give birth to someone lightly.

"What are you doing, don't kill yourself!"

The bespectacled man suddenly cried. In the face of Wu Tian's questioning, a man could only cry and not say anything.

Wu Tian suddenly felt sad and took out a stack of money from his body.

"I have 10,000 yuan here as a small compensation to you. I'll buy this shop of yours! "Come with me!"

Hidden Billionaire Chapter 612 - Azure Dragon Arrival

C612 Azure Dragon Arrival

The shop manager stared at Wu Tian blankly and didn't accept the money.

It was true that this money was a comfort to him, but to someone like him who had lost his entire store, this money was nothing.

It was just a drop in the bucket. It actually made him feel even worse.

"Put it away ..." My ten years of hard work have all been wasted ... What are you doing alive? "

The bespectacled man's face was ashen and his heart was filled with despair. If there really was a way out after being forced into this situation, he wouldn't have had to seek his own death.

Wu Tian smiled. He took out a cheque book and signed a string of numbers.

"This 10 thousand is a little too little. Your store was smashed because of me. Take this money. Firstly, I will let you make up for the losses. Secondly, just take it as the price for hiring you." These people from the Red Power were too infuriating. Don't you want to do something? "

The bespectacled man was stunned. His eyes lit up with fire again.

"I don't want the money, you're right, I can't just let it go like this. If I really committed suicide just now, what difference would there be between me and a dead dog by the roadside? I might as well let this life die with more value!"

The shop manager suddenly came to his senses. He felt that he should go and find trouble with these influential people. Even if they were to perish together, he would be in his place.

Wu Tian shook his head. This kind of blind impulse was highly undesirable.

"Listen to me. Take this. If you rush over like this, what can you do? Come to me. I will let you eliminate them in one fell swoop!"

He looked at Wu Tian without saying anything. After thinking for a while, he slowly stood up. His eyes no longer had the cowardice from before, it was as hard as steel. Although he wasn't very tall, no one would doubt his determination.

"You really can do it? Can you really let me deal with these villains? "

Wu Tian nodded and smiled without saying a word.

"I believe you!" The shop manager wasn't depressed at all. He didn't doubt Wu Tian's suggestion at all and directly agreed to it.

However, he hadn't taken a single look at the cheque since the beginning.

"I'll give you my address and phone number. You should come find me here once you're ready." After Wu Tian left these messages, he rushed back to find Shen Xue.

Shen Xue looked curiously at what Wu Tian said to this shop manager just now. In short, the shop manager seemed to have changed.

"Right now, I am lacking in manpower. He's not bad, I was thinking of staying, and coincidentally, I want to deal with this Red Power. At the end of the day, I still need some local people." Wu Tian didn't think too much about it, but he had a good impression of this shop manager right now.

To be honest, Wu Tian had seen too much of people who opened their eyes to money. There were all sorts of snobbery. Seeing Wu Tian's plain and simple clothes and not showing any kind of expression, and then knowing that he was truly rich, and then licking it so badly, this kind of behavior was really disgusting.

"Then you must be careful, aren't we just starting our S City now? Such a big movement would probably be too eye-catching."

Shen Xue did not object. She always knew Wu Tian's temper. If she decided on something, she would definitely not give up.

"Don't worry, I'm not stupid." Wu Tian actually had some ideas now. What he would do next, he would see the situation later.

After finishing his milk tea, Wu Tian didn't have the mood to continue strolling around anymore.

This was the only thing that had happened to the thugs, and it had made him very upset.

Fortunately, just as he was doing nothing, Azure Dragon finally came to S City.

Now that he was here, Wu Tian was happy. He quickly took Shen Xue back to the company.

As long as everything was settled, he would just wait for Azure Dragon and the others to bring him good news.

Although Shen Xue was a little unwilling, since this was a shopping spree that they had gone through with great difficulty, she still understood Wu Tian's idea for the sake of the overall situation.

After returning to the company, Wu Tian quickly prepared food for Azure Dragon and cleaned up another room.

Fortunately, Wu Group Company had many guest rooms, at least taking care of them wouldn't be a problem.

"We'll stay here for now. You guys can go buy a house as your base in a few days."

Wu Tian also roughly stated his purpose of calling Azure Dragon to come here, which was to directly start a war with the local gangs.

Of course, this kind of battle was also omnidirectional, and didn't necessarily rely on force. As long as they could eliminate the Red Power, it would be the greatest benefit to them.

This was also a very good thing for the people who were oppressed by the local forces.

"President Wu, you're being too courteous ... " We brothers are not particular about people, we can stay anywhere. "

Azure Dragon scratched his head in embarrassment.

"You can't put it like that. This time, you have a very heavy task on you, so I'm pointing at you." Wu Tian didn't have that much time to get involved in this matter. Most of the time, he would have to leave it to Azure Dragon to handle.

"Tell me the details."

Azure Dragon didn't waste any time and immediately began to understand the task he had to do.

Wu Tian roughly told the forces of S City about it. Azure Dragon finally had a rough idea of what was going on.

Actually, other than Red Power, the remaining forces were not very large, and their influence was also very limited, almost negligible.

It was just that this Red Power was so unique and so deep-rooted, that wanting to eradicate him in such a short time was not that easy.

"So that's how it is ..."

Azure Dragon nodded as if he had thought of something after hearing this.

"You don't have to be in such a hurry. Everything will be done slowly, as long as it can be done." Azure Dragon was only taking one step, he had thought of another way to suppress the Red Power.

The easiest way was to go to the police.

Only then did they have the right to attack these criminals. Wu Tian did not have any connections or connections in S City, nor did he know any police.

It seemed like he still had to think of a way. It would be better to get to know some police officers, and it would be much easier to notify them.

"Don't worry about that. I, Azure Dragon, don't dare to say anything else, but this thing will definitely be done well!"

Azure Dragon patted his chest and guaranteed that Wu Tian could be at ease as well. Then, he could temporarily focus his attention on other things.

Now, the entire Wu Group company had begun to slowly resume its business, and the new business was constantly expanding as well.

If this continued, the growth of Wu Group could be said to be just around the corner.

If that was the case, then the Mecca Company should not just sit there and do nothing. They must have some tricks up their sleeves.

Hidden Billionaire Chapter 613 - South and Securities Are Buying Shares

C613 South and Securities Are Buying Shares

Wu Tian was about to take two days off, so he wanted to think carefully about what to do next.

In the end, two uninvited guests came to the door.

This time, it was Nangong Ying and Baili Zhenlin who came together.

Wu Tian was actually quite nervous, because to a certain extent, these two guys happened to be his creditors.

Although it was not yet time for him to repay the money, the fact that the two of them came to visit together was something that people would inevitably think about.

"Hello, President Wu."

Baili Zhenlin was still smiling. His clothes were no different from before. Those who didn't know might still think he was Nangong Ying's follower.

Nangong Ying was more honest this time, perhaps it was because he came with his boss, but more or less, he was more or less restrained.

"Hello hello, hello. You haven't been here in a while. Those who don't know might think that our matter is going to turn sour ..."

Wu Tian also joked and made the two of them sit down.

The people in the office immediately left as they knew what was going on. The bosses talked business, so it was best for the staff to not participate.

"From what you said, we came this time to fulfill the agreement. You should have already started setting up this joint venture, right? Then, can we enter as well?"

Baili Zhenlin did not waste time talking and went straight to the point.

"The problem of funding has now been largely resolved..." Wu Tian pondered for a moment. However, they had spent almost all of their cash. These businesses also needed to be continuously invested in in order to continue to develop.

And it was impossible to get the money back as soon as possible.

"It doesn't matter if we can continue to agree on the amount of funds we need, since the requirements of our Nanhe Securities Corporation aren't that high either. We just want to work together and win. To be honest, I don't really care about the rivalry between us. It doesn't really mean anything. "

Baili Zhenlin was very realistic when it came to these aspects, he did not seem to care at all what kind of disputes he had with Wu Group.

Wu Tian was also curious. No matter what, this guy did pretty well in this aspect.

However, their Baili Family had resisted the Wu Family for many years. They were practically enemies amongst enemies. Making him believe Baili Zhenlin so quickly, it was more or less difficult to be honest.

"With your words, I'm relieved."

While they were talking, Su Cancan heard that the two had come and didn't dare to leave Wu Tian alone with them. She was afraid that they might come up with some kind of decision and sell the company...

She hurriedly walked in and immediately saw Baili Zhenlin.

After knowing his identity, Su Cancan was stupefied for a long time.

Everyone knew about the relationship between the four great clans of Jiangnan.

Wu Family and Ouyang Family, Shangguan Family and Baili Family, they were divided into two factions that opposed each other, and also fought over each other's territory and stole business.

Now that the Wu Family had suddenly declined and something so big had happened, there was no reason for the other three families to not make a move.

Only, Su Cancan would never have thought that Baili Family would actually find Wu Family first, Wu Tian.

What was the point of this? If they continued to exert pressure on the Wu Group in the market, that would clearly be a better choice.

Su Cancan didn't say anything and just quietly sat beside them. She didn't even attract their attention.

"I know what you're thinking, and what you're worried about, but you don't have to worry too much about it. "I came here mainly for the purely business purpose to earn money. I don't care which family you are from. This has no other meaning to me."

Baili Zhenlin saw through Wu Tian's worry and told him the truth about his thoughts.

Wu Tian took in a deep breath after listening to Baili Zhenlin's explanation. Baili Zhenlin could be said to be as rare as a phoenix feather in the Four Great Clans.

Since young, every family had been instilled with a sense of honor and disgrace, as well as glory and all sorts of other random things.

Honestly speaking, this kind of thing shouldn't exist. Although the four of them had developed a certain amount of strength due to the confrontation, they could still cooperate for a longer period of time.

For the sake of some illusory hatred, they had been fighting till now. They had wasted a lot of resources in vain.

"Brother Baili is truly worthy of my admiration. I am ashamed of myself."

Wu Tian glanced at Su Cancan when he said that.

Su Cancan suddenly felt her face turn red. She understood what Wu Tian meant by that. He was talking about Su Cancan.

If she had not revealed the matter of Wu Tian mortgaging the Wu family castle, Wu Old Master might not have worried about this matter and would not have scolded Wu Tian.

Baili Zhenlin's current attitude sounded very admirable.

"Needless to say, this kind of courtesy is a waste of my life."

Baili Zhenlin waved his hand indifferently. Right now, he was waiting for Wu Tian's attitude. Whether he succeeded or not, it all depended on that one sentence.

If he did, he would bring the agreement over now and then everyone would sign it and prepare to carry it out.

If that didn't work, then they would just have to do their own thing and do whatever they needed to do. They didn't want to disturb each other any longer.

After thinking it over, Wu Tian finally nodded in agreement.

"Then let's do it this way. Your Nanhe Securities Corporation funds will come in, and you will have 20% of the shares."

Wu Tian gritted his teeth and said this.

This was a huge concession. 20% of the shares didn't look like much, but it was enough to become a very important shareholder.

"If only you had said so earlier, I wouldn't have been so worried. "Okay, we are willing to buy 20% of the shares at 150% of the current market price."

Baili Zhenlin did not hesitate and directly raised the price.

It was very simple. Once Nanhe Securities Corporation was invested in a share, it meant that Wu Group would receive a large amount of funds that could be reorganized. The confidence in it in the market would definitely rise rapidly.

At that time, the price of this stock would surely rise by more than 10%.

How could he, Baili Zhenlin, do business with a loss?

Su Cancan's heart skipped a beat when she heard this, but she couldn't say anything as she looked at the trade.

Wu Tian didn't say anything more. The two of them quickly signed the contract and stamped their seals.

Hidden Billionaire Chapter 614 - Strength Equivalent

C614 Strength Equivalent

After the contract was signed, Baili Zhenlin left in a hurry. He left the rest of the work to Nangong Ying.

After sending Baili Zhenlin off, Wu Tian looked at his back and let out a long breath. He felt very relaxed. It was his first time doing business with someone like that. He felt really refreshed in his heart.

They made their decisions very quickly, without the slightest delay. If only everyone could be like him.

"I never thought that you two would actually hide it from me and come to such a large-scale agreement ..." Nangong Ying seemed to have a hidden bitterness as he muttered.

He was obviously blaming Wu Tian for not telling him about this, and Baili Zhenlin only found out about it when he told him. He could imagine what Nangong Ying's expression would be like at that time.

"Haha, this matter is so important, how could I casually reveal it to an outsider? Moreover, didn't you also not tell me that your boss is a member of the Baili family ..."

Wu Tian also smiled. It could be said that the two of them were on par with each other. No one could blame anyone, and no one could blame anyone. All the crows in the world were the same.

Seeing the two of them talking and laughing, Su Cancan walked over with a frown.

"Wu Tian, is it bad for you to do this? Aren't you taking too much risk? The family definitely won't agree to it."

As she stayed in the Wu Family all year round, Su Cancan knew more about Wu Family than Wu Tian. She was well aware that if this matter were to spread, it would create a huge uproar.

Putting aside the people from the Wu Family, just Old Master Wu Zhi alone would not be able to accept this matter from the bottom of his heart.

"I don't care about that anymore. The contract is already signed. In addition, the current Wu Group was no longer the same as it used to be. It no longer belongs entirely to Wu Family, and is not a simple family business. "

Wu Tian didn't take this to heart at all, and it was just as he said. After all the branches were split, Wu Group Corporation had become a relatively more complicated joint-stock company.

Since it was a joint-stock company, its sources of financing should be diversified. The mother is the person who has breast milk. Whoever could pay for it would theoretically become their shareholder.

Even if it was Nanhe Securities Corporation, this matter was still valid.

"But, let's not worry about other things for now, what if Old Master doesn't agree to it?"

This was the problem Su Cancan was most worried about. She really didn't care about the others. Now that they had achieved financial independence, they no longer had anything to do with the branch companies, so they didn't need to care about their faces.

Wu Tian scratched his head. To be honest, there was nothing he could do.

Although he could summon the wind and rain outside, he could not act recklessly in front of Old Master.

"There's nothing I can do about it. I can only take things one step at a time. To be honest, I can only hope that Old Master can figure it out for himself. If Wu Group continued to exist as a family business, sooner or later, it would be eliminated by the world. I'm also doing this to let the company live, it's actually that simple. "

In the end, Su Cancan had no other choice but to agree with Wu Tian's actions. Now, she could only think of a way to hide it from Old Master Wu Zhi, although saying that it was against her original intention.

However, she definitely couldn't let Old Master Wu Zhi know about the inside story before everything ended.

"Oh right, I have to return the money that we got from mortgaging the castle to you as soon as possible. I want to redeem our Wu Family's castle. "

Wu Tian finally remembered this matter and quickly told Nangong Ying.

"Why are you in such a hurry? We originally set a time of two years, but it's only been a few days now. There's no hurry."

Nangong Ying immediately expressed his rejection. The reason he was willing to lend Wu Tian the loan was because he had his eyes on the Wu Castle. Now, if he put the Wu Castle back, he would definitely be unwilling.

"How can that be? We agreed on that at the beginning that this is just a loan and not a sale."

Wu Tian was also unwilling to back down. He clearly knew what was going on in this guy's mind. Even though the two of them seemed to have a good relationship, but when it came to benefits, both of them were unwilling to back down.

"About that, come on, I really admire you. I only have this little dream, and you're still not letting me have a few more days of beautiful dreams."

Nangong Ying had no choice but to nod in agreement. After all, they still had a bigger cooperation waiting for them at the back. Baili Zhenlin's contract was clearly more important than their mortgage castle.

No matter how greedy Nangong Ying was, he couldn't possibly pick up the sesame seed and lose the watermelon.

"Did you see that? Do you know why I contacted Baili Zhenlin directly? If I didn't do that, I guess our Wu Family's castle would have had to change its name."

Wu Tian received Nangong Ying's promise and immediately teased him with a smile. The two chatted happily in the office for a while, then nothing happened after that.

Half a day later, Wu Tian's phone suddenly rang. He picked it up and saw that it was an unfamiliar number.

Wu Tian never casually answered calls because he didn't want others to disturb him, especially those that were useless.

However, if he didn't answer this strange phone call, he felt that he might miss something ... In the end, he chose to answer.

"Hello?"

"Hello, is this President Wu?"

Wu Tian frowned and slowly said, "Yes."

"President Wu, how do you do? I'm the manager of the dried fruit shop that you saved at Guangtai Merchant Shop."

With that said, Wu Tian finally remembered who the caller was. No wonder he had his own phone.

"So it's you. You finally figured it out. If you're willing to come, then you might as well just meet me if you're unable to speak clearly on the phone."

The other side of the phone went silent for a moment, then agreed to Wu Tian's request.

In less than a few minutes, the elevator door opened and the glasses man walked out.

Wu Tian looked at him in surprise and asked curiously, "Why are you so fast?"

The bespectacled man chuckled. "I was downstairs when I called you just now. I didn't know if you were in the office, so I called to ask."

This guy was quite considerate and was very thorough in his work.

Wu Tian felt even more satisfied. This kind of talent was rare, so he had to make good use of it.

"Come, come. You don't have to be polite. Sit down. I'll tell you what I think. "

Hidden Billionaire Chapter 615 - Underground Activity

C615 Underground Activity

Wu Tian sized up the bespectacled shop manager. Although he looked very thin and gentle, he had a fierce spirit to him.

He was the type to not rest until he achieved his goal. If he could endure, then he would endure, but if he couldn't, then he would definitely take revenge.

Honestly speaking, his personality was not necessarily bad. Rather, it could be said to be a personality that could protect him.

"What's your name? I'm Wu Tian. Another person will be coming later. He's my brother, called Azure Dragon. I want the two of you to be responsible for implementing my thoughts and plans."

Wu Tian introduced himself first and then looked at the man in front of him with interest.

The glasses man was a little nervous, he pushed his glasses and stammered: "My name is Wei Jiaming, I'm someone who grew up here in S City. You should know my identity, I'm a very failed shop owner."

Opening this store was his hard work over the years. However, all of this had been destroyed in a single night, leaving nothing behind.

"Wei Jiaming, honestly, I think highly of you. When I came up here, I should know who I am and I won't hide the truth from you anymore. I am the successor of Wu Family, Wu Tian."

Although this matter wasn't completely confirmed, Wu Tian felt that there was almost no one who could compete with him anymore.

What a joke, what right did they have to compete with him? He had spent so much effort to save Wu Group Corporation. Those who would only accept the benefits of the clan and sell out the clan would still want to compete for the successor. Wouldn't there be no justice in that situation?

Wei Jiaming opened his eyes wide in disbelief. However, the moment he thought of the name tag of the giant company and this building, everything told him that Wu Tian's words were absolutely true.

"I really didn't think of it. No wonder you would give me so much money at that time ..." Wei Tianming didn't know if this was a good thing or a bad thing. He knew that Wu Tian would definitely be very rich, but he didn't really love money. Deep down, he also had a bit of aversion towards rich people like them.

He felt that the richer one was, the more one would like to bully someone like him, who had no money.

"There's not much point in talking about this now. The most important thing is, do you want to come here and do it?"

Wu Tian stared at the man in front of him with interest. He was looking forward to what kind of answer he could give.

Wei Jiaming was at a loss. He didn't know what he should do, but the opportunity was right in front of him. Plus, with Wu Tian's powerful strength, at least he could guarantee that he wouldn't be in need of money in the future.

"Alright, I agree!" After thinking about it, Wei Jiaming felt that he should still be with him. If Wu Tian didn't come out to help then, he might have been beaten to death by Red Power and those people.

Even if those people committed murder in the street, there might not be any substantial arrest, because there could not be any evidence left behind, much less evidence. No one dared to vouch for a stranger like him and provoke those ruthless forces.

"With your words, I am relieved!"

Wu Tian chuckled as he looked at the person in front of him. His eyes were indeed good.

"Big brother, you called me?"

Azure Dragon's arrival was also very coincidental. Coincidentally, the two of them were here, so they could get to know each other.

"You come, come, come quickly."

Wu Tian quickly called Azure Dragon over, allowing Azure Dragon and Wei Jiaming to get to know each other.

"Azure Dragon, in the future, he will be your helper. He is a local, you can just ask him anything you don't understand."

Wu Tian straightforwardly mentioned this matter to Azure Dragon, causing him to be stunned for a moment.

Azure Dragon looked at Wei Jiaming in disbelief. The size and build of the two of them differed greatly.

This was because Azure Dragon was extremely sturdy, and his entire body was covered with muscles that made him look very strong. However, although Wei Jiaming was not very short, he was very thin and weak. Azure Dragon was absolutely confident that he could knock down this fellow with a single punch.

"This... President Wu, you know what we're doing, it's more dangerous... It's not that I'm looking down on this brother, it's just that this body is too much of a loss. "

Azure Dragon expressed his worry. He didn't want to disappoint Wu Tian, but he couldn't just accept anyone.

"Who said that he would definitely fight and kill with you? Do you think that just because we came here, we have to fight with them?" Wu Tian smiled at him, making Azure Dragon realize that things might not be as he expected.

"What do you mean?"

Wei Jiaming also pricked up his ears. To be honest, he didn't know what Wu Tian was thinking.

"It's simple. Although this Red Power is exceptionally huge, second to none, they still have many enemies with deep grudges. My goal is very simple, to cause this Red Power to fall, but we cannot have any new and powerful forces appear. "

Wu Tian actually didn't plan on taking the baton himself because he felt that it would be too tiring to do such things in the underground organization. To be honest, it was scary.

After all, the police have been trying to get hold of you twenty-four hours a day. He didn't need to do that at all, as long as no one could cause trouble for Wu Tian in this aspect.

At most, they would all return to the same starting line. Wu Tian wasn't afraid of competing with anyone, but he didn't want the other party to have such an unreasonable method that far surpassed him.

"If that's the case, we might not be as troublesome as we thought ..." After Wei Jiaming understood what was going on, he suddenly expressed his opinion, which surprised both Wu Tian and Azure Dragon.

"Why don't you tell me about it?"

"It's very simple. Since we only want him to fall, then as long as we grasp onto their weakness or cause some internal strife within them, naturally, the Red Power will not be able to continue to hold on. However, President Wu just said that he doesn't want to have the same kind of power as us again. That is to say, we have to divide these people as much as possible. "

Wei Jiaming explained it so clearly that Azure Dragon couldn't help but be surprised at him. He didn't expect that this thin man had an extraordinary insight as well.

Wu Tian nodded and asked curiously, "Then tell us what kind of method is available. As for the details, what should we do?"

"It's actually very simple. If it was someone else, it might have been a bit more complicated, but I just happen to have it on hand."

Wei Jiaming revealed a brilliant smile. He never thought that he would actually be able to accomplish something great one day.
