

## Hidden Billionaire Chapter 626 - Tooth for Tooth

C626 Tooth for Tooth

Wu Tian was puzzled, he had originally been looking for trouble with this Red Power, and in the end, this group of people took the initiative to look for him.

Putting everything else aside, the first thing he should do was call the police. With the company being attacked, this loss was definitely not small. If he didn't call the police, Wu Tian wouldn't be willing to swallow his anger.

When he arrived at the scene and took a look, the police hadn't arrived yet, so the people from Red Power had already scattered like birds and beasts upon hearing the news.

Wu Tian looked at the mess on the floor and was extremely angry.

Su Cancan was not much better off than him. She was busy checking to see if anyone was injured. Fortunately, the security guards noticed that something was wrong and quickly dodged them.

After all, the people from the Red Power were approaching in full fury, and they even had weapons in their hands. There was no need for them to fight them head on.

"Where's Azure Dragon, where's Azure Dragon?!"

The only thing he wanted to know now was what exactly this Red Power wanted to do, and if it didn't want to live anymore.

He had been hiding the entire time and didn't dare to use his full strength to deal with these people. He simply wanted to save some money.

Furthermore, he had to make Wu Group company grow on its own.

However, this didn't mean that Wu Tian was easy to bully. They had truly angered Wu Tian this time.

"President Wu, I'm here!"

As Azure Dragon said this, he ran over from afar. However, he was carrying a person on his back, but he didn't know who he was.

"I caught someone who should be from Red Power."

Azure Dragon gasped for breath as he put this guy down. The captive had already fainted.

However, this was good as well. He had at least captured someone.

"Leave him to me."

Su Cancan volunteered herself. Azure Dragon saw that she didn't quite believe in his abilities.

"I've already beaten him up. His body is rather weak, you better not kill him."

Su Cancan nodded. They were the professionals in this kind of thing. If they didn't kill him, it would be a piece of cake for them to dig up more information.

Very quickly, Su Cancan's own people also arrived. That was her Wudu Sect junior brother. They took the prisoner away.

Wu Tian's eyes were filled with fire, but his expression was calm.

"Are Shen Xue and the rest alright?"

Azure Dragon nodded. Their reactions were pretty quick, these Red Power were not too high.

"They stopped on the tenth floor and the police came and ran away. Shen Xue and the others were on the 30th floor, no problem. I told the security guards to go over there and stand guard. "

"We need to reinforce this security a little bit more. The other floors down here are fine except for Shen Xue's floor. Nothing can happen to them."

Wu Tian gave Azure Dragon a death order. This matter was really important to him.

"The only thing left is to think of how to deal with these people. Damn it, I was just about to let out a sigh of relief, but they just did such an outrageous thing."

Usually, Wu Tian wouldn't say that, but now, he couldn't hold it back anymore.

"How about we get a group of people from Luzhou to come here and beat them up?"

Azure Dragon was also rubbing his hands together, but this place wasn't a Luzhou after all. They have too few people, so fighting the locals will be a loss.

"President Wu, Young Master, there's something new here!"

Loong Yun was in a slightly sorry state as she jogged over from afar, a document in her hand that she did not know what for.

Wu Tian looked at him coldly. Then, he lost all interest.

"If you have something to say, say it later. Can't you see that I'm busy?!"

"Young Master, this is a message from Chen Cheng!"

Loong Yun pointed the piece of paper in her hand to the ground. Her expression did not look good.

Wu Tian didn't want to pick it up at first, but when he thought about whether it was Chen Cheng's, he wondered if it was related to this matter, so he picked up the piece of paper.

Azure Dragon's expression became more and more angry as he watched Wu Tian read the words one by one.

"What's wrong?"

"This guy said he wanted to teach me a lesson. He also said that tonight was only the beginning of the matter and S City is my grave."

"F \* ck, I'm going to kill this grandson right now!"

Azure Dragon was furious. He rolled up his sleeves and was about to leave. The situation had already become like this, they couldn't bear it anymore.

"Wait a minute, let's not bother about him for now. It seems like I've exposed my identity at some point. He's warning us. If that's the case, then let's not hide anymore and just openly deal with them."

Wu Tian gritted his teeth fiercely. This way, it would mean that all of his original thoughts would be wasted, and he would still want to find a chance to destroy Mecca Company. But now, it seemed impossible.

"Loong Yun, quickly hang up all the information you have on those branches of mine on that phone and auction them off! Now. "

The ownership was already in his hands. Since Chen Cheng wanted to fall out with him, he didn't need to pretend to be okay. He could just directly sell it.

This was how he signed the contract. Chen Cheng could only blame his bad luck.

"Azure Dragon, you and Wei Jiaming, investigate the location of this Red Power headquarters and attack it!"

This time, Wu Tian was going to do it himself. Since he taught him a lesson, they have to fight back.

The matter had just been settled when a large group of police officers rushed over.

Needless to say, they knew that there had been serious violence in the area.

"Are you in charge here?"

A young police officer, who looked young but had a serious expression, found Wu Tian immediately.

His eyesight seemed to be quite good, and he was able to tell that Wu Tian was the boss here with a single glance.

"That's me!"

"Hello, I am Sunn Hongsheng, the captain of the anti-riot team from the S City Security Bureau. Can you tell me what the situation is? "

While Sunn Hongsheng and Wu Tian were chatting, the police under his command had already entered the Wu Group building and started to carefully inspect the situation at the scene.

Wu Tian briefly told them what he knew. Of course, he didn't mention Chen Cheng and what he said before. After all, business secrets couldn't be told to others.

After all, what Wu Tian did in these matters was against the law.

"You mean to say, the one who attacked you was Red Power?"

Sunn Hongsheng frowned. He felt that it was very troublesome.

"Boss Wu, leave this matter to us. We, S City Security Bureau, and our riot squad, will do our best to get rid of these thugs!"

Wu Tian looked at him and sneered: "If you guys had the ability, would the Wu Gang do as you wish?"

## **Hidden Billionaire Chapter 627 - Assault of Red Forces Hq**

C627 Assault of Red Forces Hq

Sunn Hongsheng was stunned by Wu Tian's words. He stared at the man in front of him in disbelief.

He's a cop, he'd say.

"Do you know what you're saying? I demand that you immediately apologize!"

Sunn Hongsheng said with a stern face as he looked at Wu Tian. They, the police force, had also put in a lot of effort in order to apprehend these criminals. For so long, they had not been able to catch a single clue regarding Red Power, and that was why their Red Power had no choice but to become stronger and stronger.

"Apologize? If this hadn't happened, maybe I would have apologized. But look at this now, you all are allowing Red Power to wreak havoc here, and this isn't the first time they have done such a thing, right? What have you all done?"

Wu Tian looked at Officer Sun in front of him with ridicule. Normally, he would not have any bad attitude towards these officials, he still respected them more on the whole.

After all, he was a businessman, and he still had to act within the framework of the rules.

They were the framework's defenders, so it was impossible for Wu Tian to fight against them.

However, this time, Wu Tian was already very angry. Once he saw these policemen, he couldn't do anything. Sunn Hongsheng's words just now were already a little interesting.

To put it bluntly, it was very likely that Wu Tian would pinch his own nose and admit it. They, the police officers, did not plan to pressure the Red Power right away.

"You ..."

Sunn Hongsheng was so angry that he was almost at a loss for words. However, he had no way to refute Wu Tian's accusation.

"Brother Sun, you take the lead, I'll talk to him."

A valiant and valiant looking female police officer with short hair hurried over when she saw that their conversation wasn't going well.

Sunn Hongsheng left in anger, but Wu Tian didn't look too happy either.

"Boss Wu, please treat our police personnel with some respect. Of course, we won't just let bygones be bygones. And, if the culprit this time is truly Red Power, we will definitely make them pay the price. "

The policewoman looked pretty pretty, about twenty years old. She was in her prime.

Her tone was a little aggressive, probably because she had been in the riot squad for a long time and was under a lot of pressure.

"You drew that for me again? "What's the point?"

Wu Tian didn't take her words to heart at all. The answer he wanted right now wasn't like that at all.

"Boss Wu, we also have our own difficulties. If we help you capture these people, would Red Power be completely destroyed? If we don't get rid of him completely, what about the next time he attacks you even more? "

On the contrary, the policewoman asked Wu Tian a rhetorical question. She wasn't angry, and her attitude was very calm.

Wu Tian obviously knew this logic, but he didn't want to use it to deceive him at the moment to comfort himself.

"What you do is your business. If there's a next time, if this Red Power attacks my company again, I will report this to your higher ups!"

After Wu Tian said that, he left angrily, because he saw Azure Dragon waving at him from afar. It was probably because he already had news on him.

The policewoman looked at Wu Tian's back and stomped her feet in anger. This guy doesn't know how to say anything.

"How is it? Is there any news?"

Wu Tian was a bit excited. He couldn't wait any longer.

Azure Dragon nodded. He drove a car and signaled for Wu Tian to get on.

In the back of the car were some sticks, some weapons he had prepared,

"It's Wei Jiaming, he's been following the people from the Red Power for the past two days. He noticed that some of their higher ups would gather at a restaurant in the S City, so we guessed that it should be their headquarters."

Azure Dragon explained the situation to Wu Tian while driving the car.

They didn't have much time to understand the interior structure of the hotel, so this time they could only force their way in.

"Why don't I go find some more people? Aren't the two of us a little too little? "

Azure Dragon was more or less a bit worried. For a gang like this, they might have a gun in their hand. This was a big threat to them.

"No need, we don't have that much time, they just attacked our company, they definitely would not have expected us to attack! This time, we don't need to hold back, we don't need to hold them back, if it's time to kill, we'll kill! "

Wu Tian said viciously. He truly had a murderous intent in his heart. No matter what kind of trouble he would cause, he didn't care right now.

The key thing was, he had to let this Red Power know that he, Wu Tian, was not someone that was easily bullied. Wu Family wasn't something anyone could pinch!

Azure Dragon looked at Wu Tian. In the end, he didn't say anything and just pinched his own trap. His body started to tremble from his excitement.

Soon, they arrived outside the restaurant. Azure Dragon parked the car a bit further away, it wasn't convenient for him to bring a weapon that was too long, even if he brought it with him, it wouldn't be convenient for him to bring it close, so he just picked a knife from the back seat and put it in his pocket.

Wu Tian didn't even take anything as the two walked towards the restaurant with their hands in their pockets.

The restaurant was inconspicuous and its size was not big. There were at most a dozen or so tables. Nobody would have thought that this was actually the Red Power's headquarters.

The only anomaly here was the fact that there were quite a few people smoking outside. From his appearance, one could tell that he was definitely a hoodlum.

This made Wu Tian and co. even more certain that they didn't find the wrong place.

"What are you two doing?"

Just as Wu Tian and Azure Dragon were about to enter the restaurant, they were stopped by these hoodlums.

"Let's go in to eat. Isn't this the restaurant?"

Azure Dragon pointed at the restaurant's signboard with an innocent look.

"What are you guys eating? The restaurant is full, hurry up and f \* ck off!"

Red Power's little brother arrogantly pointed at Azure Dragon's nose, then blocked their path.

"But, aren't there a lot of empty tables ..."

Azure Dragon pointed to the inside, as if he was unwilling to give up so easily.

That subordinate seemed to be annoyed by Azure Dragon, so he slapped him.

"If I tell you to scram, then scram. Why are you spouting so much nonsense? You don't want to live anymore, do you!?"

When he said this, all the surrounding hoodlums laughed out loud together.

Wu Tian suddenly made his move and punched the hoodlum's nose. His arrogant laughter instantly turned silent.

"You guys are so noisy!"

## **Hidden Billionaire Chapter 628 - Tooth for Tooth**

C628 Tooth for Tooth

Things happened too quickly, so suddenly, the gangsters didn't even have time to react.

The scene instantly turned silent, leaving only the sound of the unlucky guy with a broken nose snorting on the ground and Wu Tian and the others charging in.

"F \* ck him!" It was unknown who it was that only after a long time did they remember that they were beaten up. In a split-second, everyone was like a puppet on a clockwork, crazily rushing towards Wu Tian and Azure Dragon.

There were 20-30 people outside, but only two people could pass through the door at the same time. Wu Tian and Azure Dragon were alone against the gangsters inside the restaurant and the gangsters outside. The two of them seemed to be guarding the Sword Tower, like a monarch that could block ten thousand enemies.

"What's going on outside? "What's wrong?" The commotion outside was too great, to the point that the leaders and officials inside the restaurant noticed that something was not right and went out to check it out.

They had never been worried that someone would come looking for them at this place. The main reason was because they were very confident that no one would come looking for them.

"Azure Dragon!" Wu Tian growled in a low voice and let the people at the door go. He changed his direction and started rushing towards the leader.

Azure Dragon understood tacitly and immediately took up the previous position. He pulled a few tables from the side and blocked the door.

There weren't many hoodlums in the restaurant. Although these people from Red Power were very arrogant, when it came to strength, Azure Dragon could beat them all by himself, let alone Wu Tian.

The person who came out to look at the situation was one of Red Power's big brother, Zhang Huan. Before he could even figure out what was going on, he saw a slightly skinny stranger suddenly charging towards him, and striking Zhang Huan's face with a fist.

The bodyguards quickly rushed over to stop Wu Tian, but their punches and kicks were like child's play. Wu Tian only slightly attacked them a few times before breaking their arms and legs. They laid on the ground and couldn't get up.

Zhang Huan touched her face. The current him could no longer speak. He spat out a mouthful of blood. Half of his teeth had been knocked out, and blood mixed with it as he spat out from Zhang Huan's mouth.

"Run! Why aren't you running?" Wu Tian looked coldly at Zhang Huan. With a fiendish smile, he walked towards him step by step. At this moment, Zhang Huan could no longer be bothered with the pain on her body. She desperately crawled backwards with her hands and feet.

Wu Tian chased after her in a few steps. He grabbed the guy's neck and kicked Zhang Huan's stomach with his knee. This overweeningly arrogant big brother was like a dead pig, he was dragged in Wu Tian's hand and lost consciousness.

There seemed to be a few rooms inside. Wu Tian pulled Zhang Huan with one hand and kicked away the very hidden room in the innermost area.

Followed by a loud sound, the door was kicked flying in, and coincidentally bumped into a person with unlucky Red Power.

It was in the middle of playing around, and everyone in Red Power who were drunk and dreaming were shocked. But right after, Zhang Huan's body slammed into the door.

Wu Tian threw Zhang Huan in as if he was throwing a small chicken. The interior was very chaotic and Wu Tian didn't want to enter.

"Brother Huan, fuck him, take out your weapon and beat him up!" When bald head man, who had a scar on his face, saw this, he immediately became furious. He called for his subordinates to flank the guys. How could Wu Tian give him such an opportunity?

Wu Tie used his sleeve to cover his nose and mouth, then with a stride, he rushed in. He kicked bald head man right on the throat, causing his screams to instantly stop. Then he picked up a baseball bat on the side and started to fight with his subordinates.

The difference in strength between the two of them was simply too great. This baseball bat was specially designed to be solid. It was very heavy, but in Wu Tian's hand, it was like a match. The weapons that came in contact with it were either broken or bent.

These people from the Red Power had never seen such a scene before, and were all stunned for a moment. After falling over a dozen more people, they gave up resisting, threw away the weapons in their hands and planned to run outside.

These little bastards, Wu Tian didn't think much of them. He saw another guy with bodyguards beside him and rushed towards him.

However, this time, it actually shocked Wu Tian. Originally, he swung his fist out, but he didn't expect that the target he wanted to attack would kneel down to Wu Tian at this moment.

Even Wu Tian couldn't help but admire this reaction and action.

"You are quite clever, but do you think you can escape death by doing this?"

"Big brother, spare me ..." Before he could finish his words, the begging guy was kicked by Wu Tian. Wu Tian kicked his crotch. The guy didn't even have time to cry out in pain and fainted.

The entire meal was messed up by Wu Tian. He ran to the kitchen, turned on the gas stove and let out the oil and gas.

Not only that, he found some gas and other things from the room, along with some beer bottles that were scattered everywhere. Wu Tian was getting curious, were these guys planning to make combustion bottles here ...

However, Wu Tian didn't waste any of the gasoline, as it filled up the entire hotel's floor. He saw that the situation was getting better, so he ran to Azure Dragon's side.

"Alright, we can leave now!" Wu Tian could already smell the rich liquefied petroleum gas inside.

Azure Dragon nodded and stopped blocking the door. He followed Wu Tian and ran towards the back of the restaurant. Wu Tian had just found a back door at this place.

The two of them ran out the back door and hid far away at once. Suddenly, huge fireballs exploded inside the restaurant, and many of the Red Power that had just rushed in were hit.

The ones in the innermost area were definitely done for, and the Red Power members that were closest to the outer area weren't much better off either. A large piece of their skin had already been burnt.

This restaurant was completely ruined. After the explosion, a huge fire was ignited inside, burning everything down to nothingness.

Wu Tian didn't feel that there was anything cruel about this. At most, it was called "treating others in their own way".

These gangsters, when they were committing evil, how could they have ever thought that they would be punished like this?

"Let's go back." Along the way, Wu Tian and Azure Dragon acted as if nothing had happened and calmly walked outside. Many Red Power cultivators who had heard the news rushed over and passed by them, but still could not recognize them.

## **Hidden Billionaire Chapter 629 - Breakout**

C629 Breakout

Hearing the harsh sirens of the fire trucks behind him, Wu Tian didn't feel happy and proud of his success.

Because this was only the beginning.

The power of Red Power was spread throughout the entire continent, so it was easy for them to find Wu Tian and the others. Furthermore, if they were to launch a counterattack, they would definitely be more vicious than Wu Tian.

"Azure Dragon, let's not go back yet."

Azure Dragon heard Wu Tian's words and parked the car near an intersection. The two of them started to think about what to do next.

"Do you know this big brother from Red Power or something?" Wu Tian rubbed his eyebrows. He was currently troubled by this matter, if he wanted Red Power to settle down, then he had to let a struggle within them.

Azure Dragon shook his head, "I really don't know. Wei Jiaming probably knows more about this than me. Maybe he knows something."

"Give him a call and we'll go find him. If he knows, that would be great."

Azure Dragon nodded and thought for a moment. He thought that he might have guessed what Wu Tian wanted to do.

"Are you trying to bribe one of them?"

This was Wu Tian's usual method. With Red Power at such a large scale, it was impossible for it to be made of iron, so it was most convenient to divide from the inside.

This was probably the most effective and convenient method. Wu Tian had always believed in one dogma. Any problem that could be solved with money was not a problem.

"If we can bribe one person, I'm afraid it won't be that easy. Even if he accepts the money, he might not be able to do anything. " Wu Tian knew this kind of person quite well. To put it bluntly, if they saw that it was useless, they would immediately become informers.

Azure Dragon quickly called Wei Jiaming. He didn't know if this guy was really a genius or not, but he had actually investigated and found out about Red Power's big brother.

"President Wu, let's go. There's news from Wei Jiaming's side."

Azure Dragon quickly started the car and drove away with Wu Tian.

Soon, they found Wei Jiaming. After not seeing Wei Jiaming for a few days, Wu Tian almost couldn't recognize him.

Previously, Wei Jiaming gave people the feeling of a weak and weak citizen.

But now he was wearing a thick turtleneck and a hat, and no one could see what his face looked like.

He was wearing thick sunglasses, making him look like a classical secret service agent.

"President Wu, good morning, Brother Azure Dragon." Wei Jiaming got on the car, greeted the driver, and then started to untie his own equipment. After tossing and turning for a long time, Wu Tian was shocked to see him.

"What's wrong?" Wei Jiaming looked at Wu Tian and Azure Dragon with a stupefied expression. He didn't know what they were looking at.

"It's nothing, it's just that I feel that you're really amazing. The temperature outside is so high, aren't you afraid of getting sunstroke ..." He was wearing such thick clothes in this weather, so he couldn't be treated as a lunatic when he went out.

Wei Jiaming let out a huge breath. It was obvious that he was also extremely hot.

"Of course it's hot. I have no other choice. It's not that simple for me to pretend to be insane."

After Wei Jiaming took off his clothes, he felt a lot more relaxed. He had lost a lot of weight these two days. This kind of work really used up a lot of energy.

"Alright, let's not talk about that nonsense anymore. Jiaming, what about the news that you found out?"

Wei Jiaming nodded and took out his phone. He found a few photos and showed them to Wu Tian and Azure Dragon.

"I got this. This is the mighty big brother Liu Zhendong from Red Power." In the photo, there was a burly looking guy with a coquettish looking woman in his arms. He turned around and was about to enter an apartment building.

"Is this his lover?" Wu Tian frowned. Since this photo existed, it meant that they had a breakthrough.

"That's right, he often comes to look for her. The time is uncertain." Wei Jiaming wouldn't keep an eye on Liu Zhendong. If he had the time, he would go check out the other Red Power's situation.

"President Wu, how about we start with this woman?" Azure Dragon felt that this was a pretty good opportunity. The place that this woman lived in should be pretty good for them.

Wu Tie nodded. He was thinking the same thing. Without further ado, Wu Tian directly urged Azure Dragon to go to this woman's residence.

This place was fairly upscale, and the people living in the vicinity seemed to be of high incomes. There were very few random people, and at this time of day, there were very few people walking around.

"Is this the place?" Azure Dragon looked at the door in front of him and confirmed Wei Jiaming's words.

Wei Jiaming carefully compared the photo in his hand with the number on the door and nodded with certainty.

"Right here!"

With that, Azure Dragon took a few steps back and was ready to run at the door.

Upon seeing this, Wu Tian quickly used all his strength to pull Azure Dragon back.

"What are you doing? If you break the door, Liu Zhendong will know that something happened inside."

Hearing Wu Tian's words, Azure Dragon also took a deep breath. Only then did he realize that what he just did was not okay.

"Then how do we get in ..." If they didn't forcefully break in, would this little girl be able to open the door for them?

Wu Tian rolled his eyes and said with a smile, "Just go in like that."

As he spoke, he walked to the door and lightly knocked on it.

"You guys hide behind her, don't let her see you!" Wu Tian pursed his lips towards Azure Dragon and indicated for them to walk towards the back.

"Who is it!" Very soon, a somewhat lazy female voice came from inside. She wore slippers and walked towards the door.

"Hello, we are ..." Wu Tian tried his best to make his voice sound more gentle and amiable. He cleared his throat and said, "Excuse me, is this Li Hong's home?"

Azure Dragon and Wei Jiaming looked at each other with question marks on their heads. They didn't know what Liu Tie was going to do.

"I don't know Li Hong. What the hell are you doing?" The girl inside opened the door a crack and used a metal chain to hang up the door, revealing her own gaze as she continuously looked outside.

However, there was no Li Hong here. The name was invented by Wu Tian.

He just wanted to find a topic to talk about, so that the girl would let her guard down.

"Hey, is that so? We came here to find someone. I remember she's living here ..." Wu Tian muttered and looked around.

His acting skills were very good, making it so that no one could muster up any nervousness.

This woman was called Yin Rumeng, Liu Zhendong's lover who was raised here. Usually, nothing was wrong and he couldn't go out casually. This Liu Zhendong had a strong possessive nature and would not let his woman go out easily.

Now that a handsome guy had appeared, Yin Rumeng's interest was piqued. She hadn't come into contact with anyone else for a while and really wanted to talk to them.

## **Hidden Billionaire Chapter 630 - Behind the Smile**

C630 Behind the Smile

If the young man in front of her wasn't handsome, Yin Rumeng wouldn't have talked to him so easily.

Of course she knew how sensitive her man identity was. Usually, Liu Zhendong would warn her three times that she had to be careful of the police or other forces. There were many enmity between these people outside, so if they weren't careful, it was very likely that they would be found.

For her own safety, Yin Rumeng had firmly complied with his request. However, she felt that the man in front of her should not be a bad guy. After all, he looked so honest and his words seemed to have a trace of inexperience. It was as if he had been raised in a large tent and had never experienced the rain or wind as tender as a seedling.

When a person was used to such slick people, they would have an interest in such simple-minded people. Yin Rumeng was also in the same situation.

"What are you doing? "Do you want to find out if this person lives near here?" Yin Rumeng asked enthusiastically. She was completely unaware of the kind of people she was living in.

Even her neighbors probably didn't know that there was someone living in this house. Yin Rumeng almost never went out.

"That's right, but it should be your family I'm looking for. I'm so worried." Wu Tian scratched his head and smiled apologetically at Yin Rumeng. His smile instantly hit Yin Rumeng.

This guy might not be as handsome as those male celebrities, but the smile on his face gave Yin Rumeng a feeling as if she was bathing in the spring wind and enjoying the sunshine. If she could, she really wanted to stay with this person a little longer.

"Well, if you don't mind, you can come in and wait. We'll leave after you confirm it." Yin Rumeng said shyly. She estimated that Liu Zhendong wouldn't come back at this time, which was why he said those words with such confidence and boldness.

"Really? But isn't it a bit inconvenient for you to live alone?" Wu Tian didn't immediately agree. Instead, he refused worriedly.

His actions actually made Yin Rumeng feel more at ease. If someone was plotting against him, they would probably be unable to hold back when they heard the invitation.

"No, I live alone, but that person in my family doesn't come back often. "Don't think too much into it. Come in and talk to me. I'm just treating you to a glass of water. By the way, one of the lights in my house has broken. If possible, I also hope that you can help me fix it." As for the reason for the bad news, it was just a lie made up by Yin Rumeng. She just wanted Wu Tian to be able to trust her.

"If that's the case, then I will obey. When I find the real address, I will leave immediately. I will not cause any trouble for you."

Just look at what this young man had said. It was so soothing to listen to him. Yin Rumeng's heart was filled with happiness as she opened the door.

Wu Tian smiled and walked through the door. Then, two people appeared behind him.

Yin Rumeng's bright smile froze all of a sudden, and then it turned into panic.

"Who are you?"

Azure Dragon moved quickly and strode forward. Then, he covered her mouth, making Yin Rumeng unable to utter a sound.

"You haven't been seen by anyone?" Wu Tian cautiously said to Wei Jiaming. They looked outside to make sure that no one was paying attention to them before boldly entering the room and closing the door.

After the three of them entered the room, they inspected his room to make sure there was no one else around before dragging Yin Rumeng into the bedroom.

Azure Dragon made a rope out of the sheets and tied her up. Then he stuffed a towel into Yin Rumeng's mouth.

"It's this woman. It can't be wrong. Looks like we're pretty lucky, this Liu Zhendong isn't home. " Wu Tie said with a deadpan expression. He was sure that the person in front of him was the woman in the photo.

Wu Tie nodded his head and signaled Azure Dragon to let this woman go. He was ready to ask her questions.

"What's your name?"

Wu Tian was still acting the same. There was no change from before. However, this time, Yin Rumeng looked at him with fear in her eyes.

"I'm asking you a question. If you don't want to die, you'd better hurry up and tell us. We don't intend to kill you either. " Azure Dragon said viciously on the side. Whether intentionally or not, he revealed the scar on his body.

Yin Rumeng weighed the situation and knew that she had no chance of winning against the three of them. In order to protect her name, she could only tell them everything she knew.

"My name is Yin Rumeng ..."

"What's the name of the man you live with? What are you doing? " Wu Tian continued to ask. This girl was quite tactful. It could be said that she had made a good start.

"He ... I don't know his name, and I don't know what he does ... " Yin Rumeng shook her head, indicating that she didn't know anything.

Her reaction directly caused Azure Dragon to slap her twice without saying a word. The strength he used was very strong, so he directly left two big handprints on her pretty face.

"Do you think we'll believe you just because you say that?"

Wu Tian stretched out his hand to stop Azure Dragon from wanting to beat him up further.

"Speak, if you don't tell me, it won't do you any good to continue like this. We didn't come for you in the first place, so you should be clear about this in your heart. "

Yin Rumeng's heart was in turmoil. Of course, she was clear that she was just a lover who was being taken care of. The target of these people must be Liu Zhendong.

However, she couldn't say anything about Liu Zhendong. She couldn't offend Wu Tian and the others, but she also couldn't offend Liu Zhendong.

If she said it herself, Liu Zhendong would know that she wouldn't live past the second day.

"I really don't know. He never told me about this information ..." Yin Rumeng was a distant person who would never admit to anything she said. She knew about him, and she didn't say a word.

Azure Dragon gritted his teeth. He had never seen anyone who dared to be so tough in front of him. He truly did not know what was good for him.

Wei Jiaming's eyes also became gloomy as he watched. He said to Wu Tian with ill intentions, "Why don't you give her to me. I can get what we want out of her."

Wu Tian looked at Wei Jiaming, then looked at the girl, smiled and said, "No, I want her to be fine."
