C636 The Ultimate Boss Behind the Scenes

Wu Tian was puzzled. This girl didn't come here for no reason.

The last time she came to find him, it was to let Wu Tian go with her to find that extremely expensive medicinal herb to treat her father's illness.

Luckily, the two of them finally found the medicinal ingredients. After that, Wu Tian never saw Blanche again. It was said that Blanche had returned home.

He just couldn't figure out why she had suddenly appeared, and how did she know he was in S City?

Wu Tian didn't think too much about this question. With Blanche's methods, it would be easy for her to figure it out.

He did not waste any time and rushed to the top floor. Blanche was sitting on the sofa, leisurely drinking black tea and looking at Wu Tian with a smile.

"Beautiful lady, you're such a rare guest."

"You, man, your mouth is still so slippery. Don't tell me all the boys from your China are like this? I heard that the people from the China are the most loyal and honest people.

"Enough, enough, I know, I can't outsay you, you foreigners, you know even more about China people like me, who are born and bred here. I think you must have been born wrong in your previous life, it's still too late for you to quickly change your mind."

The two of them bickered back and forth. It was their daily program.

"Speak, what is your purpose for coming here?" Wu Tian was very straightforward. Right now, he didn't have the time to talk nonsense. Since Blanche came to find him, she must have something to ask of him.

"It's like this. Recently, there has been a large-scale international consortium that has gobbled up a large amount of the currency of our Cha Er Country ..."

After Wu Tian heard this, he smiled, took a sip of his tea, and slowly said, "You aren't asking me to contribute to your country, are you? You're overestimating me, I don't have that much money ..."

This kind of national budget was not something that a single person, two people, or even one or two families could compare with.

Even if the Four Great Families were included, their money would not be of much use in this kind of currency war.

"Of course I'm not asking for your money, I just want you to help me out. Our investigators know that there is a giant corporation called Shuangxing Company Group in this consortium, so I hope that you can think of a way to break through with us."

Blanche smiled faintly. Of course, she knew Wu Tian's strength. She also didn't intend to rely on others to help her country through this crisis.

"Shuangxing Company Group?" Wu Tian had heard Loong Yun and Su Cancan mention this name many times. It was possible that there was still the Shuangxing Company Group's funds behind the Moka Company. However, it was unknown how deeply rooted the organization and relationships were behind this.

This time she mentioned this Shuangxing Company Group again, and also participated in the purchase of Cha Guo's currency. The motive behind this is intriguing.

"That's right, this time the backbone of the consortium is this Shuangxing Company group, I don't know what's going on with them, they used to keep doing business, but suddenly they became high-profile and started purchasing assets in other countries. It is said that there are already many multinational companies that have been emptied out by them." Blanche was also very puzzled. Just what was going on with Shuangxing Company Corporation? She had sent out many intelligence agents, but was unable to find any useful information regarding them.

Almost all of them were Korean, and no one else could get in.

"So what do you want me to do? Does this Shuangxing Company Group have any investments in China? I really haven't heard of it. " Wu Tian had already

begun to suspect that this Mecca Company might be related to the Shuangxing Company Group.

"Of course there is. Otherwise, I wouldn't be looking for you." As Blanche spoke, she handed over a document. Inside were some photos as well as a photocopy of the contract.

Wu Tian took it over and frowned.

The picture on it was actually a picture of Shangguan Junyi and the Shuangxing Company Group together, as well as attending various Shuangxing Company Group meetings. Those contracts, were even more eye-opening for Wu Tian.

So it turned out that this Shangguan Family had been with the Shuangxing Company Group for a long time, and this time, when the Shangguan Family came out to cause trouble, it was also with the approval of the Shuangxing Company Group, and even with direct financial support.

The Shuangxing Company Group's objective was very simple. It was most likely to purchase an outstanding China asset, strengthen itself, and then purchase them nonstop. It was like a black hole, harvesting wealth throughout the world.

Although this motive was not very pure, who could do anything to this rich and overbearing Shuangxing Company Group?

"So that's how it is. No wonder." Wu Tian sorted everything out from the beginning to the end, and he basically came up with a reliable answer.

"Are you interested?" Blanche looked at Wu Tian with interest. This time, she came to him very confidently. At least, as long as she took these out, Wu Tian would definitely agree.

Wu Tian nodded, "Of course, but after this is done, how will you reward me?" Of course we have to cooperate, but it can't be just Wu Tian who will pay alone. Furthermore, Blanche is a very rich person, her Wu Group just so happens to lack funds, and if he doesn't kill her, Wu Tian will feel sorry for Blanche.

"My God, are you a rake in a field? Seeing me, I had to cut up a few pieces of meat. We don't have that much money right now, so we really don't have

many ways to support you. " Blanche immediately expressed her opposition and started to cry for Wu Tian. But when it came to crying poverty, Wu Tian was the number two who dared to admit that he was number one, not to mention that he was really poor right now.

"No way, no way. You have to give me some benefits, or else it won't work."

Wu Tian shook his head. He would never agree to work for others for free. Actually, this wasn't like working for others, their cooperation would benefit Wu Tian's Wu Group by a lot too. As long as he could eliminate Moka Company, Wu Group would once again return to being at the top of the leaderboards. If they could defeat Shangguan Family, then naturally, Wu Family would be the best of the Four Great Clans, and the situation of the Four Great Clans controlling each other would be forever gone.

What replaced it was the rise of Wu Family in Jiangnan. It might even be able to soar into the sky and become a famous wealthy family in the world.

"O Virgin Mary, forgive this greedy man." Blanche prayed for a while, but finally gritted her teeth and waved three fingers at Wu Tian, "3 billion, I can only give you that much money. However, the requirement is that within three months, you must destroy all investments the Shuangxing Company Group has made in your China Nation. "

Wu Tian chuckled, his face full of happiness.

"Deal!"

## **Hidden Billionaire Chapter 637 - Find a Helper**

C637 Find a Helper

After Nangong Ying heard about the Wu Group being attacked. While he was at it, he was also very worried. He even requested for the Nanhe Securities Corporation's security team to send more people over, to be strictly guarded.

He even invited a few heads of the police station and ate a few meals, hoping that their Nanhe Securities Corporation would not be affected like his Wu Group.

Who was the mastermind? Even if no one said anything, Nangong Ying knew, because he also received a letter from Chen Cheng. His and Wu Tian's plans had been completely ruined.

Nangong Ying was still very worried. He had lost such a good opportunity. Where would he find a large amount of cash to make up for his previous loan to Wu Tian?

One had to know that he did not report this two billion yuan to the higher ups. Right now, Baili Zhenlin was mobilizing funds from the Nanhe Securities Corporation and preparing to invest it into the Wu Group company.

If he found the gap in this part of the fund. At that time, he would be at a loss of what to say. It would be equivalent to him taking the money away from Nangong Ying.

When he thought of this, Nangong Ying was so worried that he couldn't even sleep. He wandered around his room all night. By the time the next morning, when the sun rose, he was already prepared to be expelled by Baili Zhenlin. Even if he was expelled, it would be for the best. In the worst case scenario, he would still have to go to jail.

As for discussing with Wu Tian, that was even more impossible. Wu Tian also lacked money. If he had money, he would have already given it back to him.

While he was frowning, Nangong Ying suddenly heard a ring from his phone. He picked it up and saw that it was a transfer of 2.5 billion yuan.

And the person who had transferred the money over was none other than Wu Tian. Nangong Ying was so excited that he almost went outside to put out some firecrackers. Now, he could finally make up for the shortage of funds.

However, Nangong Ying didn't know where Wu Tian's money came from. It just so happened that he could go with the mortgage agreement and ask him about the situation.

After hearing about the incident at the Wu Group Building, he came over to take a look. It was much more powerful than Nangong Ying had imagined.

The mess on the floor had been cleaned up by now, except for the broken pieces on the wall that were still being cleaned up. Many construction teams

were speeding up their work here. It had to be said that their efficiency was quite high.

They started doing it the next morning.

Nangong Ying sighed in his heart. Just as he was about to walk into the hall, he saw Wu Tian walking out of the company with a beautiful woman from a foreign country. The two who were talking and laughing seemed to have a very good relationship.

What this woman was wearing wasn't any ordinary luxury brand, but the top of the top brands, limited amounts. In other words, she couldn't be bought even if she was rich.

At the entrance of Wu Group Building, a limousine convoy drove over. Wu Tian had been sending this beauty to the car all along, waving goodbye.

Nangong Ying looked at Wu Tian with a meaningful look as he covered his mouth and snickered. Did this guy sell himself out? Or did this foreign beauty fall for Wu Tian?

Needless to say, the money must have been given to him by this foreigner.

After Wu Tian sent Blanche away, he turned around and saw Nangong Ying looking at him with an understanding smile.

"I don't even know when you arrived."

"Let's not talk about this first. Tell me, what is the relationship between you and that woman just now?" Nangong Ying pouted at Blanche's team with a gossipy expression.

Wu Tian suddenly realized and said, "Oh, you're talking about that Miss Lillise, ah, she's so beautiful, I've never seen such a beautiful woman before. For a moment, I was thinking, if only I was a foreigner, I could perfectly act out Romeo and Juliet! Do you know what it means to be a perfect couple? It's talking about me and Miss Lillise! "

Nangong Ying was really convinced. This guy was really good at changing the topic. However, Nangong Ying understood that the identity of this woman was definitely not simple. Otherwise, Wu Tian would have definitely mentioned it. Since he didn't want to talk about it, there was no need for him to ask.

"Alright, alright, I brought the mortgage agreement over to you. Now your family's Old Master should be relieved, right?"

Nangong Ying handed over the mortgage agreement. Honestly, he was reluctant to part with it, but there was nothing he could do. The money was exchanged and the goods were delivered in one go. Since he had already settled the bill, he couldn't keep this thing any longer.

"Give it to me, why are you grabbing it so tightly? If you like Wu Family Castle so much, then why don't you come and stay there for a few more days?" Wu Tian beckoned Nangong Ying upstairs. Coincidentally, he also wanted to go and find him, so this guy sent him to the door.

"Brat, what kind of luck do you have? Let me hear it! If you have a way to earn money, you can't hide it from me alone!"

The office on the top floor, which had undergone a simple recuperation, now looked even more nimble than before.

The office removed a lot of equipment that Wu Tian didn't need, but other items that gave off the scent of life increased instead.

If one didn't know, one might even think that this was some kind of scenic spot or a place to recuperate.

"I'm already in such a miserable state, why are you still talking about luck? Why don't you let Red Power go and cause trouble at your Nanhe Securities Corporation?" Wu Tian laughed and scolded. He and Nangong Ying often talked in such a joking manner. The two of them joked with each other.

"Come on, our small business can't afford it." Nangong Ying paused for a moment and said seriously, "Did you make a move on them?"

Wu Tian's eyebrows suddenly twitched as he calmly replied, "Why do you say that?"

"If others don't know, then forget it. There was a fire at a restaurant in the west of the city, and many people were killed. I don't believe you would say that this has nothing to do with you. That place is the headquarters of the Red Power, so the only person who can do this kind of thing is you." Nangong Ying did not doubt his judgment at all. He was very clear about how fierce this man in front of him was.

"Haha, since you've guessed it, then I have nothing to say. This time I pulled you up to tell you something, behind this Mecca Company, is the Shangguan Family! They're all looking for trouble with me now, so I have to find a way to kill them all. "

Nangong Ying stared at Wu Tian. He was sure that this was not Wu Tian talking nonsense and it was not a sudden thought, but a real plan.

"I finally understand. Your words are just amazing. Fine, I will personally cooperate fully on this matter. As for Baili Zhenlin, you can talk about it yourself."

## **Hidden Billionaire Chapter 638 - Bai Ying Tzu**

C638 Bai Ying Tzu

Wu Tian was already very happy to have Nangong Ying's promise.

Wu Tian didn't have a good plan yet, but time was tight, so he had to start preparing soon.

"Whatever you want me to do, I will do my best to help you."

Nangong Ying knew that the person in front of him wasn't that easy to get rid of, so he decided to be more direct. I'll give you what you want, it's no big deal.

As long as it was normal business cooperation, it was fine as long as there were benefits to them. After all, Nanhe Securities Corporation was a company that pursued benefits.

"I haven't thought about it yet. Maybe I should find someone to lead a few families and establish a joint venture to fight against Shuangxing Company Group." With the current situation, just with his family's funds, it definitely wouldn't be enough. His Wu Group also didn't have much money, so he had to get some external help.

"The other clans, don't tell me what you mean?" Nangong Ying had already noticed something. He felt that the person in front of him was thinking about something similar to what he had expected.

"That's right. Why can't the four great clans of Jiangnan join hands?" Wu Tian tapped the table with his fingers. He had a confident smile on his face, as if this matter had already been settled.

Nangong Ying frowned, he raised his head and looked at Wu Tian, "This doesn't seem to be that easy. Among the Four Great Families, I know that Ouyang Family is on good terms with you, and the other families such as Baili and Shangguan are on the same side. If you join Ouyang Family, with your current strength, it should not be enough to fight against Shangguan. "

What he said was the truth. In the past, his Wu Family was the strongest, but now it had become the weakest.

"Therefore, I want to unite the three families. Other than Shangguan, I also want to contact them for a hundred miles."

To be honest, the reason why Wu Tian did not reject working with Nanhe Securities Corporation was because their chairman was Baili Zhenlin.

Even though he did not know what conflicts they had with Wu Family ... However, in this situation, he had to unite with everyone who was in his favour.

Don't you dare think that Baili Zhenlin can take the place of the Baili Family. To tell you the truth, our Nan Gong Family and the Baili Family are rather close and we understand their attitude. There is absolutely no possibility for negotiation.

Nangong Ying felt that this matter was impossible as he was extremely clear of their personalities. Other than a weirdo like Baili Zhenlin, the rest of the people in Baili Family were all stinky and hard, old-fashioned and pedantic.

"If we don't try, how would we know? We don't have anything good to do anyway, so why don't we try? Maybe there's a chance."

Of course, Wu Tian knew about the hardships. It was definitely not that easy. It was still the same line, "Things are done by the hands. If you don't try, how would you know?"

"Then I can only wish you good luck. Baili Family, if possible, I can help you pass down a recommendation, but it's impossible for me to interfere with their

decisions, our Nan Gong Family isn't any kind of special big family, he wouldn't listen to us. "

Nangong Ying saw how persistent Wu Tian was and could only sigh and support him in the end.

After all, if they really let Shuangxing Company buy assets everywhere, it might not be a good thing for them. It was very likely that there would be a large area of land in the capital market, which would then lead to their capital outflow.

"Thank you, thank you. I'll need to trouble you on this matter." With Nangong Ying's words, Wu Tian quickly smiled and relaxed. It seemed that the guy he knew was quite reliable.

"Nothing, I'm going back first. You have to be careful in the next few days." What should we do about Chen Cheng? We can't just let it go like this. "

Nangong Ying was a little worried. This Chen Cheng was not a good person to begin with, but now that they had openly torn off their pride, who knew if this guy was up to something.

Since he had already started arranging Red Power to come over to do odd jobs, would he not organize people to assassinate them in the future?

"Chen Cheng, if you don't say it, I really forgot about this person. He's like an annoying fly, leave this matter to me. I'll think of a way to shut him up."

Wu Tian nodded and clenched his fist. The corner of his mouth curled up. With a snort of disdain, he let go of his fist again.

"You're the one who said that. If something happens, I'll come straight to you." Nangong Ying joked as he tried to defuse the tense atmosphere.

"Alright, alright. Don't worry, you don't even know my abilities. Isn't it easy to deal with such a small fry?"

The two chatted and laughed as they walked down the stairs.

They happened to meet Su Cancan, who caught sight of the two of them with their arms around each other's shoulders. They looked like gangsters who had just finished drinking on the street.

"Brother Nan Gong, I won't send you off. I still have some matters to attend to here." When she saw Su Cancan coming up to Wu Tian, she knew that something must have happened and wanted to find him.

Nangong Ying didn't waste any time, he left alone.

"What's wrong? Did you figure it out?" Wu Tian looked at Su Cancan. The moment they returned to the office, the two of them closed the door and discussed secretly.

"I asked, but I did ask, so it's not really a big deal. It's just that they're an organization from the Red Power, which seems to be called the Hall of Trust. Their big brother is called Zhang Huan. Rumor has it that according to the latest news from the outside, Zhang Huan died in the fire yesterday. "

Wu Tian smiled meaningfully. This was his masterpiece. I didn't think that a blind cat would meet a dead rat. He had really found the right culprit, and he had succeeded in taking revenge on him with an eye for an eye and a tooth for a tooth.

"That's good. Oh yeah, help me investigate this Chen Cheng again and don't let him get away. He messed with us, so we can't let him get away so easily!"

Thinking about this, Wu Tian was a bit angry. This Chen Cheng really couldn't be played with. He was probably the one who did the incident in the car accident. Bastard, this person seems to be good at this kind of trick.

"That's only natural. What I wanted to talk to you about today, my senior brother told me. He is currently in the S City and I heard that there are people from the Baiying Sect."

Su Cancan immediately frowned. Wu Tian had never seen her this nervous before.

## **Hidden Billionaire Chapter 639 - Uninvited Guest**

C639 Uninvited Guest

Bai Ying Organization. This was the first time Wu Tian had heard of this name, but he vaguely felt that it wasn't that simple.

"This Baiying organization, what's so special about it? I think you're a little off ..." Wu Tian looked at Su Cancan with concern.

"You don't know, this Baiying Sect is also a very famous organization in the martial arts world. They are ruthless and like to be hired as assassins. As long as they can make money, they will do anything." And there seemed to be some companies that were also their businesses, involved in all sorts of things. The most important thing is that they all have a very powerful Eagle Claw Art in their hands. "

Su Cancan said a lot in one breath, but Wu Tian didn't take it to heart.

"After you said this much, why do I feel like you are trying to strengthen the will of others and extinguish the majesty of your own family? It is as if all the capable people in the entire martial arts world are part of this Baiying Sect, or is your Wudu Sect so afraid of them?"

Su Cancan blushed when she heard Wu Tian.

"Why would we be afraid of them?" Why would we be afraid of them? Such an enemy cannot be dealt with with with with just your ability, not even with my ability. "

Su Cancan gritted her teeth and then carefully suggested, "How about I ask my master to come over. If we have experts here, they won't act so rashly."

Although he knew Su Cancan was being cautious, Wu Tian still felt it wasn't appropriate to trouble an old man for such a small matter.

"There's no need for that. Let's just act carefully. Since we can't afford to offend them, then we can't afford to hide. If we don't provoke them and don't provoke them, then this White Ying School will not be able to do anything to us."

Knowing that she couldn't win against Wu Tian, Su Cancan could only hold her tongue, although she was still a bit worried.

But what Wu Tian said wasn't unreasonable. They still couldn't tell whether the enemy was really going to deal with them or what. They could only observe the situation first.

On the other side of the city, in an extremely luxurious hotel, Chen Cheng looked at the two white-haired old men opposite him. A chill suddenly spread through his heart, causing his entire body to tremble.

"Elders, how about today? Our preparations are not good, please forgive us." We'll have some plain rice and some coarse tea. We'll have to trouble the two of you to take care of the rest of the matters in the future. "

Although he was scared, but they were really capable. Chen Cheng was happy when he thought of how his plan could be perfectly executed.

"Boss Chen, what are you saying? We take the money and we know how to do things. Isn't it just two lives? To us, it's as easy as taking something. "

The one who spoke was an old man with white eyebrows. His eyes were extremely sharp, and his body was skinny. He had a very serious expression.

On the other side of him was another old man with a white beard. It was the complete opposite. His figure was relatively more plump. His face was also smiling, and his eyes were narrowed into two slits.

"With two elders from Tian Ying, Tian Gui, how can I not be worried? As long as it's successful, I promise that I will definitely give you two a great reward. " As he said that, Chen Cheng pushed the prepared contract to the front.

There were some agreements on the transfer of shares in Mecca Company written on it. Although he wasn't very willing to do it, at this critical moment, he could only use this kind of method to get people to do things for him.

"That's right. You did a very good job in this matter. You made us very happy." Tian Ying said with a smile, as if there was never any other expression on his face.

"Then I must definitely make the two of you happy. Everyone is working together, so we can have a mutually beneficial win."

Amidst their laughter, a few people also began to move their chopsticks. If they didn't eat the delicacies of a large table, it would be a waste.

After nightfall, the S City seemed so tranquil and serene everywhere, making one involuntarily want to let go of all of their vigilance and burdens and enjoy this beautiful night.

Since someone was sleeping, of course, there would be others who weren't.

Wu Tian didn't know how long it had been since he returned to Wu Castle. It wasn't that he didn't want to go back, but he really couldn't go back now.

"Young master, are you still not going to sleep? It's already 12."

Loong Yun stood to the side and looked at Wu Tian, who was still reviewing the documents. He had worked continuously for several hours now, but there was still a thick stack of documents on the table.

"It's fine, it's fine. I'll go after reading these."

Now, many branches are just starting out, there are a lot of things that Wu Tian needs to deal with.

This was something that he had no choice but to do. However, Wu Tian wasn't annoyed, he actually wanted to be busy as much as possible.

If he were to hurry and explain that the current recovery of the company was better, then when he faced Shuangxing Company Group in the future, the more chips he had.

Loong Yun knew she couldn't win, so she turned and quietly walked over to the coffee machine, preparing to pour him a hot drink.

Staying up late was not good for his health. Even Wu Tian couldn't keep overdrawing his body like this.

Wu Tian would have thought that the night would pass peacefully like this, but suddenly, the sound of glass shattering came from not too far away.

The voice was so soft that if he didn't listen carefully, he might not even hear it.

However, it was completely silent at night. Even if a needle dropped to the ground, it would be easy to distinguish. Not to mention Wu Tian and the others, who had extremely good hearing, they could easily hear anything even if they had a little bit of wind or grass.

"Loong Yun!"

Wu Tian called out in a low voice. Loong Yun had already noticed the sound and started to move before Wu Tian could say anything.

She pressed a button on her cell phone, then hurried to the wall and turned off the lights.

Wu Tian had only turned on one small light, so if they saw him from a distance, they would think it was pitch black.

As soon as the lights were turned off, only faint moonlight could be seen in the entire office.

Wu Tian and Loong Yun quickly hid in a corner and listened carefully while holding their breath.

As expected, the sound of light footsteps could be heard approaching from afar.

The sound was very soft and the footsteps were very soft, but it was also very orderly.

"Two!"

Wu Tian could hear several footsteps, so he estimated that there should be at least two people.

However, he wasn't scared. He really did what he wanted to do. He originally wanted to find trouble with Chen Cheng, but he didn't expect him to come find him on his own accord.

## **Hidden Billionaire Chapter 640 - Heavenly Shadow**

C640 Heavenly Shadow

Those two figures flashed past Wu Tian and the others. They wore black tight-fitting clothes. In the dark night, they were like two black male Elves and they moved as fast as the wind.

Wu Tian and Loong Yun immediately held their breath. For these experts, it was very possible that their breathing and heartbeat could be heard.

Since he didn't know the enemy's background, Wu Tian didn't want to fight them himself. After all, the lights were out in the dark. If there was any ambush from the enemy, then things wouldn't be good.

"Young Master, they are?"

Loong Yun asked with her lips. She had already informed her subordinates and was in the process of telling Su Cancan and the rest to hurry over.

"I don't know either, but they should be after me ..."

The two of them stretched their heads out. Seeing that the two figures were heading in the other direction, they relaxed slightly.

As long as they could endure for a few minutes, they should be able to wait for Su Cancan and the others to come over and support them. At that time, they would be able to openly step out and see where these two ambushers came from.

"They should have gone far ..."

Loong Yun stretched out her head to take a closer look. She noticed that there seemed to be no one else on the floor.

"Who did you say left? So it turns out that all of you are here. I was wondering why I couldn't find you."

Suddenly, a voice sounded from behind Loong Yun. They were all smiling as they spoke. This tone of voice sounded very joyous.

Not only Loong Yun, even Wu Tian felt a chill down his spine. The two of them turned around and found two men in black standing behind them.

"Who are you people?"

Wu Tian shouted and then quickly took a step back. At the same time, he leaned against the wall and hit the light switch. All the lights on the floor were turned on, lighting up the entire office as if it was daytime.

Now he could clearly see the two people in front of him.

One was tall and slender, with a thin face. The other was slightly shorter, but chubby and always had a smile on his face.

"Cut the crap, give me your life!"

The tall old man rushed towards Wu Tian without saying a word. His hand formed the shape of an eagle's claw, and like an iron hook, it struck towards Wu Tian.

Seeing this, Wu Tian quickly dodged and flipped a few rounds. However, the wall behind him earlier was not as lucky. Tian Ying's claw instantly created a few white marks on the wall, and even the skin on the wall was torn.

Wu Tian looked at his claw, but nothing happened.

"I didn't expect you to have some ability. You can dodge Tian Ying's attack."

Tian Gui, who was standing on the side, seemed to have a lot of things to say. As he watched them fight, he started to explain on the side as if he was watching a show.

Wu Tian didn't have the time to care about him because the Tian Ying in front of him was too much for him. He had already used all the skills in his body to dodge the attack.

The two of them, one in front and one behind. The one in front jumped up and down, running around the office like a monkey. As for the eagle behind him, although he was chasing at a steady pace, he was able to ensure that Wu Tian was within his field of vision.

This scene was like the eagle playing with the prey in front of him. It was not because he did not want to catch the prey, but rather, he wanted to relax.

"Wu Tian!"

Su Cancan's voice finally sounded from afar, and a few people rushed over.

When Tian Gui heard this voice, he felt that something was wrong. His figure flashed and immediately rushed towards them, ready to block Su Cancan and the others.

"The people over there will be taken care of by the people over there. I knew that there would be other people under their command."

Tian Gui continued talking as he looked at the people in front of him.

Judging by their clothing, they wouldn't be able to tell what sect they came from, but it didn't matter. They would all die here today anyway.

"Senior-apprentice Brother, attack!"

Su Cancan didn't waste her breath with them and didn't bother to ask who these people were. Since the matter had already been resolved, she couldn't let them return alive.

The people from Wudu Sect all attacked Tian Gui from different directions. Actually, in terms of combat skills, they were not as good as the other sects. After all, Wudu Sect specialized in using poison, and in terms of body techniques, they were slightly inferior.

Normally, they would only train simply, so dealing with an average person at this level was naturally enough.

But against an expert like Tian Gui, it was not that useful.

At first, when Tian Gui saw that they had more people, he was a bit cautious. However, after exchanging blows, he realized that these people were just brats.

After a few slaps, the few people from the Wudu Sect were sent flying. He didn't even have the chance to use his Heavenly Hawk Claws.

Seeing this, Su Cancan knew that it was impossible and she also rushed forward.

Her weapon was a sword. She had trained quite a lot in the past few days and Su Cancan had absolute confidence in this aspect.

However, it was to no avail. The enemy's claws were even harder than Su Cancan's longsword. When her weapon collided with his claws, the sound of metal striking stone could be heard, and even sparks burst out.

When had Su Cancan ever seen such a scene? She was stupefied.

However, the enemy wasn't stunned. His claws fiercely hooked onto the treasured sword and exerted force. Su Cancan's sword was broken in an instant.

"I thought you guys were amazing, but it turns out you only have this little skill! You should go back and cultivate properly in the future, or else it will really be a loss of face for your master."

Tian Gui had a smile on his face the entire time, but this time, that smile was a kind of scorching ridicule to Su Cancanran.

Before he could finish his sentence, Su Cancan immediately moved. Her martial brothers also got up from the ground and reached for their clothes.

Tian Gui was puzzled by their strange actions. However, he soon knew what they were going to do.

Five different colored smoke emitted from their hands, instantly enveloping Tian Gui.

He immediately realized that something was wrong and quickly shut off his senses. He closed his eyes and held his breath, afraid that the dust would be sucked into his body.

He even hurriedly hid his exposed skin inside his clothes, but even so, he moved a little too late. Part of his arm was covered in this dust.

Even Tian Gui's arm started to feel hot. He took a look and saw that his arm, covered in dust, was already starting to turn black. It was still spreading in other directions.
