C645 Beautiful Women

The one who broke all these peace was Loong Yun, who had rushed over in a hurry.

She fiercely pushed open the door of the secret chamber and rushed in. At a glance, she saw Wu Tian and the person beside him.

Loong Yun was momentarily stunned. She had originally wanted to call out Young Master, but when the word "Young Master" came out of her mouth, the Lord behind her actually lowered his voice.

Wu Tian was awakened by her voice. He rubbed his hazy eyes and raised his head from the table.

"It's Loong Yun, what's the matter?" In such a hurry. "

He still hadn't woken up yet, and his mind was still somewhat numb, unable to make any turns.

Loong Yun stammered as she looked at Wu Tian and then at the person beside him.

"What, what do you mean?"

Wu Tian was puzzled by her actions. Was this guy playing a charade with him? What exactly was the meaning behind her body movements?

He looked in the direction Loong Yun pointed and suddenly found a great beauty with a very refined temperament sitting next to him.

She didn't say or do anything, so Wu Tian didn't notice at first.

A faint fragrance wafted from the beauty's body. It was like the fragrance of rice under the sun, or the fragrance of a fruit in autumn. It was always very soothing and comfortable, without any worries.

Only now did he notice that he seemed to be wearing a lady's jacket, so it was very obvious that it should be the beauty beside him.

"Hello, hello." Wu Tian suddenly stuttered. He quickly stood up and paid his respects to the great beauty.

"You are?"

Wu Tian looked at her suspiciously. Only now did he remember that he was in the Wudu Sect's secret room. Logically speaking, no one else should have appeared.

"My name is Su Wenxin."

The great beauty lightly moved her lips. Her voice was so sweet that it was as if one had drunk sugar and eaten honey.

Su Wenxin, by the way, isn't this Su Cancan's master!

Only then did Wu Tian connect the dots. He quickly bowed to her in fear and trepidation. Then, he gestured at Loong Yun with his eyes and the two of them stood to the side very politely.

"I didn't know master was here. I'm really embarrassed to let you see me lose my composure ..."

Wu Tian scratched his head. He thought that their master would come in a more obvious way, so he didn't say anything. At least, she walked in with dignity.

Her almost soundless appearance really caught Wu Tian off guard.

Furthermore, she had arrived way too fast. They had just finished talking about her earlier. Just as mentioned earlier, their master had already arrived.

"There's no need to be so polite, I don't have to be so particular about it anymore." Su Cancan has given you trouble. This girl is just a bit hot-tempered, but she has a good heart. Those brats are quite honest, they should not have caused any trouble. "

Su Wenxin spoke very politely. She didn't have the airs of a master just because of her identity, which made people like her very much.

Su Wenxin also looked to be in her twenties. She was very well maintained and did not look like she was 40 at all.

Just this was enough. Her figure was extremely well-built and could be said to be exceptionally hot. She was in stark contrast to Su Cancan's two women.

Even someone as experienced and knowledgeable as Wu Tian couldn't help but look at her a few more times, not to mention what reaction ordinary people would have when they saw her.

Wu Tian could clearly feel a mature woman's aura from her. It had to be said that she was the nemesis of men.

"I didn't expect you to come so fast. If I knew that I would be prepared to entertain you, I wouldn't be able to leave. How about I let Loong Yun take you out for a meal?"

Wu Tian felt that it was a bit awkward to continue like this. After all, he was an elder, it wouldn't be good if he didn't express anything.

"You don't have to be so nervous, it's okay, I came this time because I heard that elders from the Tianying Sect have come. I'm afraid you guys will be at a disadvantage. "

Su Wenxin, on the other hand, didn't hold it in. She looked at Wu Tian with a smile and explained her intentions clearly.

At this moment, she had already looked Wu Tian up and down and couldn't help but to nod her head.

"You look pretty good, kid. If Su Cancan follows you in the future, she probably won't suffer any grievances."

Wu Tian immediately felt cold sweat after hearing this. Why did her master even say that?

"You are flattering me. The marriage contract still depends on how the two of them feel at the end ..." We can't force it. "

His words were very tactful, but it didn't mean that he hated Su Cancan. It was just that Wu Tian didn't like this sort of arranged marriage, not to mention that he didn't even want to get married right now.

"I think the two of you are pretty good. I know Su Cancan very well. Once you're married, I will tell you everything that has happened to her. This way,

you two can be considered as having a secret weapon when you quarrel in the future."

Su Wenxin didn't care that her elbow was turned outwards. She knew very well that her disciple wouldn't be at a disadvantage outside. If she didn't help Wu Tian a little, he might become a serious wife.

"This ..." Wu Tian didn't know what to say. If he said no, it wouldn't be appropriate to say no. After all, her master had just arrived and she was in a good mood. It would be rude of him to say that.

"That's enough, are they out already? We have nothing to do anyways, why don't you accompany me out to eat?" "Coincidentally, I didn't eat anything on the way here. My stomach was so close to my chest that it almost touched my back."

Su Xin looked at Wu Tian and asked him to accompany her.

"That... Master, actually, I have a bit of a secret... Now people outside think I'm dead... "If I am going out, wouldn't this plan be exposed ..."

How could Su Wenxin know about this? Hearing Wu Tian's words, she finally understood. So that's what he meant when he said he couldn't just go out.

"You should have told me earlier."

As Su Wenxin spoke, she took out two extremely thin things that looked like masks from her bag and placed them on the table.

"This is the secret treasure passed down through our Wudu Sect, a thousand man mask. If you bring that along, it will change your appearance and no one will recognize you."

Wu Tian looked at Su Wenxin and then at the mask. He thought that since her master had already done this, it would be too unreasonable if he refused again.

"That's good. Master, if you want anything to eat, I will definitely accompany you!"

Hidden Billionaire Chapter 646 - The Maniac in the Bar

C646 The Maniac in the Bar

In contrast to the traditional feeling Su Cancan represented, Master Su Wenxin looked very fashionable.

The dinner that she requested to eat was also the Western restaurant with the best S City. Actually, one could tell this characteristic from the way she was dressed just now.

She was wearing a close-fitting evening dress and looked as if she had just come out of a ball somewhere.

"This is my first time coming to the S City, I'm not familiar with this place, you better take care of me in the future."

When Su Wenxin talked to others, she would always smile and her large eyes would squint, making others unable to stop.

Because Wu Tian looked at her too many times, Wu Tian didn't even eat much this time and his eyes were fixed on Su Wenxin.

He had thought that his actions might have offended Su Wenxin, but he couldn't bear it any longer. He didn't know why, but he just wanted to keep looking at Su Wenxin. He really couldn't take it anymore.

"I should take care of you, you are an elder!"

Wu Tian quickly said politely. After they finished eating, Su Wenxin wanted to do something else, so she pulled Wu Tian to the bar.

Su Wenxin's openness was beyond Wu Tian's imagination. As soon as she arrived at the bar, she directly entered the dance floor and began to twist her body along with the music.

Even if she didn't do much, her body still looked very coquettish, and every move she made was filled with the aura of a woman.

As expected, when she appeared, almost all the girls in the bar were outclassed by her. There were a few who were originally pretty, but in the end, because of her appearance, they became ordinary.

Su Wenxin quickly became the center of attention of the entire bar, with quite a few men surrounding her.

Seeing this scene, Wu Tian wanted to walk up to them cautiously, afraid that these people would take advantage of Su Wenxin. After all, he was in charge of taking care of Su Wenxin. If something happened to Su Wenxin, how would he have the face to explain it to Su Cancan?

"Can you dance?"

It was probably because Su Wenxin's dancing alone wasn't very enjoyable. Su Wenxin walked to the edge of the crowd after playing for a while. She pulled Wu Tian in and asked urgently.

"I'm not very good at dancing ..."

When Su Wenxin talked to him at such a close distance, Wu Tian's heartbeat started to quicken.

"Just a little bit will do. Just follow my footsteps."

When Su Wenxin heard that Wu Tian could do it, she directly took his hand and pulled him into the dance floor.

The two of them stuck closely to each other. Wu Tian could feel Su Wenxin's body temperature at a very close distance, as well as the smell of her body.

This made him very intoxicated. For a moment, Wu Tian felt that he would never have any regrets in his life again.

However, this kind of good thing didn't last long. Their actions attracted a lot of people's attention, especially in a very chaotic place like the bar. If their actions were different from others, it would be easy for them to attract some people's attention.

"Can you dance with me?"

A greasy looking guy brought a group of people to Su Wenxin and Wu Tian, interrupting them from dancing very impolitely.

Wu Tian looked at this person and was about to flare up, but he was stopped by Su Wenxin who quietly tugged at the corner of his shirt.

"Who are you? Don't you have a partner? "

Su Wenxin smiled faintly. Although she said that, her hands were holding Wu Tian's arm tightly. The fingers of her hands were also holding Wu Tian's hand tightly.

"Who am I? You can ask the people in the entire S City, and no one won't know me! "Girl, you look pretty good. If you can, why don't we go to the side and have a drink after the dance?"

Gao Yue looked at Su Wenxin greedily as he spoke. He did not try to conceal his true intentions.

Before Su Wenxin could say anything, Wu Tian took the initiative to step forward and stood between Gao Yue and Su Wenxin. He glared at the person in front of him in displeasure.

Truth be told, he had never heard of any Gao Yue, nor had he heard of any Second Master Go, so he was in no mood to pay attention to these things.

Normally, he could kill several of these people with a slap.

No matter what backer they had, a little money would make them lose all their backers.

It was just that he couldn't reveal his identity right now, but he couldn't tolerate this either.

"What Second Master Go? You look like the second master of a dog to me. I advise you to get the hell out of my way quickly. Don't make me angry!"

Wu Tian gritted his teeth as he spoke. He was so fierce that he did not care at all that there were more than ten brothers standing behind Gao Yue. Because even if their numbers doubled, he could defeat them all.

When he first went to Red Power's headquarters, there were more people there than the current number of people, and the expression on his face was even more vicious. But he wasn't afraid either.

"Where did you pop out from? You dare to challenge me, do you not wish to live?! "

Gao Yue screamed with his sharp voice. The lackeys behind him rushed up and surrounded Wu Tian.

When the customers in the surrounding bars saw this scene, they all started to fearfully step back. They were left on the dance floor. No one dared to say a word as they watched the scene unfold.

Even the boss of the bar didn't dare to casually approach them. They were indeed afraid of Second Master Go's power.

"I don't usually see someone who talks like you a second time. Either he took the initiative to run far away, or he was already dead! Which one do you want to choose? "

Wu Tian normally wouldn't be this fierce with his words. He didn't have the habit of doing so because he felt that he was very, very childish to use such a way to show off.

But now, Wu Tian wanted to use such a childish method, because Su Wenxin was still behind him. No matter what, he couldn't show his cowardice and lose to someone else in terms of momentum.

"It seems that you are unwilling to listen to my advice. You must want to oppose me. Lady, I am truly sorry. It is not us who are causing trouble. It was him who took the initiative to provoke us. You saw it, too. We'll drink together when this is over. "

Gao Yue shifted his attention back to Su Wenxin. Unexpectedly, Su Wenxin smiled at him.

He immediately felt that Su Wenxin was definitely interested in him, which meant that this girl had a good impression of him. Then he had to strike while the iron was hot. He did not care about how he would punish Wu Tian. As long as he could get Su Wenxin today, he would not have come here for nothing.

Hidden Billionaire Chapter 647 - It Seems like an Old Friend Had Come

C647 It Seems like an Old Friend Had Come

Seeing Gao Yue's arrogant attitude, Wu Tian had the impulse to pinch him to death.

He didn't wait for this guy to pick up any trouble and took two steps forward with the intention of throwing a punch. However, just as the punch was about to hit Gao Yue's face, Wu Tian felt his vision go black and immediately fell to the ground powerlessly.

"Hahahaha ..." "What? I thought he was a very powerful person. That's all. I didn't even want to hit him when he fell on the ground like that. That's just an insult to me!"

Gao Yue and the rest mocked loudly. This was the first time they saw someone faint in a fight ...

Although Wu Tian was indeed a bit arrogant, Gao Yue and the others felt it was beneath them to beat him up when he fainted.

"Miss, there's no one left to bother you either. Let's go and have a drink."

Su Wenxin looked at Wu Tian, then looked at Gao Yue and nodded happily.

"Sure, but how much can you drink?"

"Let me tell you, I, Second Master Go's title didn't come from fighting, it came from drinking! In terms of S City, if I am ranked second in the competition for alcohol, no one would dare say that he is first! "

"Oh? "Are you so amazing? Then I want to experience it for myself."

Su Wenxin said with a smile. She didn't show much emotion on her face. She quickly asked the bartender for a bunch of wine and then said that she would prepare a cocktail for him at the scene.

When Gao Yue heard that Su Wenxin wanted to personally make the wine for him, he was instantly overjoyed. He quickly ordered the people in the bar to listen to her orders.

Su Wenxin's move was very professional. The wine jar in her hand moved up and down so quickly that no one could see what she was doing. Within a minute, a clear and beautiful cocktail was prepared.

However, no one had ever seen someone act like this before, so no one knew what their name was.

"What wine is this?" Did you make it yourself? "

"You've really guessed correctly. Not many people have tasted my wine, you're a lucky man."

Su Wenxin pushed the glass of wine towards Gao Yue, hinting for him to quickly taste it.

At this time, Gao Yue didn't care that much. He picked up the glass of wine and tasted it. He was shocked as he had never tasted such a delicious cocktail before.

"Good wine!" After taking a sip, Gao Yue immediately took another sip. He felt like he was conquered by this taste and couldn't stop.

He finished the glass very quickly and urged Su Wenxin to prepare a second cocktail.

After drinking two or three cups of wine, Gao Yue felt really happy and energetic.

"Today, I'm very happy to see you. I still want to drink your cocktail when I have the chance in the future."

Gao Yue said this, but his body started to walk outside.

"Leaving so soon?"

Su Wenxin's reluctant expression made Gao Yue feel like his whole body was going to melt.

"That's right, I still have some matters to attend to, so I'll be leaving first."

Gao Yue walked out of the bar without saying anything. There were a few people who wanted to follow him out, but he stopped them, saying that he alone would be enough.

His pace was steady and he didn't seem like he drank too much, so no one paid much attention to him. However, not long after he left the bar, the sound of a car screeching to a halt came from the street.

It was soon followed by the screams of passersby. Many people in the bar ran out to see what was going on.

When the people that Gao Yue brought all looked outside, they were stunned.

A car appeared out of nowhere and crashed into Gao Yue. The heavy truck wheels pressed down on him and directly broke Gao Yue's body into two halves.

Many people saw that scene and immediately vomited ...

Su Wenxin revealed a faint smile at this moment. She went back into the bar and lightly patted Wu Tian's face. She used a finger that seemed to have been smeared with something and passed it under his nose.

Soon, Wu Tian came to his senses. He looked at Su Wenxin in shock and then abruptly stood up, wanting to find Gao Yue. However, Gao Yue had already become a victim of the wheels of the car.

"Shi ..." Miss Su ... Are you all right? That person didn't do anything to you, right? " Wu Tian looked at Su Wenxin nervously, afraid that she would be bullied.

"It's fine."

Su Wenxin nodded with satisfaction. She felt Wu Tian's performance was pretty good.

"Then I'm relieved. Why did I faint just now ..." Wu Tian was confused, he just couldn't figure out what was going on.

Now that the bar's entrance was in chaos, there was no way to stay inside. The two of them picked up their things and prepared to leave.

Just as they were about to leave, an old man sat beside them. He glanced at the two of them from the corner of his eyes, then softly said: "I didn't expect that I would meet Su Wenxin who was part of the Wudu Sect at the S City."

Wu Tian's heart suddenly skipped a beat. Who the hell was this person! How could he know who they were!

Su Wenxin's expression also changed. She turned her head to look and immediately frowned.

The old man didn't say anything, he just finished the wine in his glass and walked out of the bar leisurely.

Wu Tian and Su Wenxin quickly followed them. They walked to a remote alley.

The old man finally stopped and turned around to look at Su Wenxin and Wu Tian. He smiled at Su Wenxin.

"Why are you here?"

Su Wenxin's face immediately turned cold, and her body began to emit a strong killing intent.

Although Wu Tian had also cultivated before, but even so, staying beside Su Wenxin would still make him feel a huge amount of pressure.

"Long time no see. Is this how you greet old friends?"

The old man seemed to be very familiar with Su Wenxin, and their behavior seemed to indicate that something had happened between them.

"Left Guard from Tianying Sect, what are you doing here?"

Tianying Sect? It's the Tianying Sect again! And it was Left Guard!

Hearing Su Wenxin's words, Wu Tian's muscles immediately tensed up. He didn't know if he could play a role in the battle between Su Wenxin and the old man, but he didn't want to just sit there and wait for death.

It turned out that Left Guard was not the only one who came to S City with Tianying Sect.

"Nothing, just some personal matters. On the contrary, you don't want to say anything when you see your ex-boyfriend?"

The elder showed his pearly white teeth to Su Wenxin and gave her a friendly smile.
