

Hidden Billionaire Chapter 648 - Su Wenxin's Unscientific Means

C648 Su Wenxin's Unscientific Means

A few black lines had already appeared on Su Wenxin's beautiful face.

Gritting her teeth, her cold eyes swept across Tianying Sect and Left Guard's body. Taking a deep breath, she turned to face Wu Tian and said slowly: "Brat, are you scared to death?"

Wu Tian was surprised. The two of them were busy, why did they suddenly ask him?

Furthermore, she even asked him if he was afraid of death ... What did she want Wu Tian to do...

"That, luckily, I'm not afraid of death anymore ..."

"Alright then!" Su Wenxin didn't care too much about that. She moved behind Wu Tian and patted his back.

Wu Tian only felt that he suddenly charged towards Left Guard with Tianying Sect. His body seemed to not be his and was not under his control at all.

However, his movements and speed were both extremely quick and fierce, even surpassing his own speed.

Wu Tian didn't know what was going on, but he was still thinking about what was going on. His body had already started to fight with this enemy.

What was going on? Wu Tian found that he was like a martial arts master, whether it was dodging or punching and kicking, they were all completely different from before. He had become much stronger.

"..." From the looks of it, he had neglected training too much ...

"Wenxin, do you really not want me to get close to you? You even use this brat to replace you. "

Left Guard was casually dealing with Wu Tian's attack, but his attention was still on Su Wenxin.

Wu Tian was puzzled. Left Guard seemed to be at least in his fifties. No matter how he looked at it, he wasn't suitable to be with Su Wenxin. How on earth did the two of them end up as a couple?

"I hope you don't even have to say anything. My originally good mood completely crumbled the moment I saw you!" Su Wenxin's words were said by Wu Tian. She still stood far away with a dark face and controlled Wu Tian.

Wu Tian was very curious, how did he get controlled by someone? This was too strange, there was no scientific explanation for this!

"Alright, alright, I'm afraid of you. We aren't enemies, so seeing that you've been doing well recently, I feel relieved. Forget it, I won't disturb you guys any longer.

Left Guard probably didn't think it was worth it. He jumped back, out of the fight with Wu Tian.

"Wait! If you want to leave, that's fine, but you have to promise me one thing! "

Wu Tian always felt that the words that Su Wenxin wanted to say made him express himself seemed very weird, as if something was going on between him and Left Guard.

"Speak, no matter what it is, I will do my best to agree. It's just like before. "

Left Guard smiled in a gratified manner. Su Wenxin's willingness to talk to him had already exceeded his expectations.

"Tell your people to stay away from this brat. Don't let me know that your Tianying Sect is detrimental to him."

Su Wenxin was expressionless. This time, it was her who said it. Wu Tian also instantly felt that his control over his body had been restored. He turned around and looked at Su Wenxin in surprise. He didn't expect this master to treat him so well.

"I'll think about it. If it's related to the core interests of our Tianying Sect, then I won't follow your orders." Left Guard smiled and nodded. His figure flashed and he disappeared from the street.

Wu Tian quickly ran to Su Wenxin's side, very excited.

On one hand, Su Wenxin had helped him speak up. On the other hand, he was curious as to how he had been controlled. He clearly saw that Su Wenxin didn't do anything.

"Let's go, we should continue to play. I was really disheartening just now, but now I want to have some fun!"

At this time, Su Wenxin had already returned to her previous tone. She was no longer angry.

This change in attitude was too fast. Even Wu Tian was a little frightened. He didn't expect Su Wenxin to be so powerful.

"Alright, master, can you tell me what happened just now? Why am I suddenly unable to move ..." Wu Tian wanted to know about this the most, so he didn't delay and immediately asked.

"If you want to know, then that's fine. You have to show some sincerity. I want to find an entertainment club to play with. Go find a handsome guy for me!"

Su Wenxin laughed evilly, pointed at Wu Tian's nose and lightly tapped it. Just like that, Wu Tian felt as if his heart was hit by something.

"Alright, Master, you can say whatever you want. You can do whatever you want!" Since Su Wenxin had a request, he couldn't delay it any longer. Wu Tian quickly ran to the side and caught a taxi, taking Su Wenxin with him as he prepared to continue playing.

At the beginning, Wu Tian had never thought that Su Wenxin was a veteran of the night scene. She knew a lot of things about this place, Wu Tian didn't know a lot of them, but Su Wenxin could be said to be very familiar with it.

As expected, the elderly had experience, although Su Wenxin looked no different from a twenty-year-old person.

Wu Tian looked at her dancing on the dance floor to her heart's content, and suddenly felt that this master of Wudu Sect, seemed to always be very sad.

Thinking about it this way, it seemed to make sense. She was always by herself, going to some nightclub every day. If she wasn't lonely in her life, would anyone do that?

The two of them toiled for an entire night. Su Wenxin tired Wu Tian out. She dragged him to several bar clubhouses, even had a drink with someone else, and then went to dance as if nothing had happened.

Wu Tian was shocked. Was she even human? Where did she get such a strong body function?

"Looks like I'm enjoying myself now. I'll continue tomorrow!" Su Wenxin was finally in high spirits as the two of them, accompanied by the morning sunlight, started to prepare to return to the Wu Group Building.

Only Wu Tian was now withered like an eggplant.

The thing he disliked the most was staying up late, not to mention drinking a lot of wine.

"Ah, I still have to go tomorrow. Master, I can't take it anymore. Can you change people?" Wu Tian begged for mercy. Su Wenxin did almost nothing to subdue him.

Seeing Wu Tian like this, Su Wenxin shook her head and patted his shoulder like a brother.

"Lad, you're no good. I thought you youngsters could cause a ruckus, but you're not even as good as me! Hahaha!"

"Yes, I can't do it anymore. I don't have the strength to make a ruckus now." Wu Tian felt that if he were to come a few times, it would be better for him to face the two elders from Tianying Sect.

He was truly afraid that one day, he would suddenly die in a place like this.

"Alright, alright. I won't make things difficult for you anymore. I'll have Su Cancan accompany me tonight. You can rest for a day while you rotate."

Hidden Billionaire Chapter 649 - Truth That Should Not Have Been Known

C649 Truth That Should Not Have Been Known

Wu Tian couldn't believe his ears. However, since Su Wenxin had already said so, he couldn't reject her offer. After all, his teacher was kind to them and asked them to change shifts.

"Oh right, Master, the thing I asked before was about how you controlled me. I'm very curious about that, can you tell me?" Wu Tian curiously went over, his two big eyes were filled with words that I was very curious about.

"Sigh, seeing how tired you are today, I'll tell you. But you have to keep it a secret, this is my secret!" Su Wenxin could no longer be bothered to keep it a secret. It wasn't easy for her to hide the truth from this brat. If she didn't tell him for a day, he might be able to pester her everyday.

When the time came, she would be annoyed to death by him.

"Actually, it's very simple. Even though I'm someone of Wudu Sect, I also know some other things, such as this insect Gu ..."

Su Wenxin said as she clenched her hand into a fist and slowly opened it in front of Wu Tian.

In her delicate palm, there was actually a small, flesh-colored bug that looked like it was the size of a sesame seed. It was moving slightly.

Wu Tian was instantly dumbfounded. He instantly felt like there were bugs crawling all over his body.

Could it be that Su Wenxin used this method to control him?

Wu Tian almost didn't dare to think any further. He already felt disgusted, so he ran to the side to support himself against the wall and vomited out.

"It's you who insisted on asking, you can't blame me for that. After all, I'm also from the Wudu Sect, so knowing this method isn't considered an unorthodox method." Su Wenxin, who was standing at the side, was still a little unconvinced. She had a reasonable look on her face.

Wu Tian vomited for a long time. He felt that his stomach and intestines were about to come out and he was about to run out of energy.

"Master... I... Right now, are there still bugs in my body ...? "

Thinking about that, Wu Tian felt like his head was about to explode. He couldn't sit still at all.

You don't have to worry, these little bugs are disposable. They won't live for long, they only last for ten minutes. You don't have to worry, they are very weak, if you don't believe it, you can go to the hospital for an examination. Su Wenxin covered her mouth and laughed non-stop. Wu Tian's current appearance looked very funny.

Although it was funny, it was actually caused by Su Wenxin.

"Master, what you said is true, you can't lie to me!" Wu Tian looked at Su Wenxin nervously. He always felt that this guy was laughing and joking, not talking about serious matters.

"I really won't lie to you. It won't do me any good to scare you. In the future, you won't go out with me again."

Wu Tian was indeed frightened. Su Wenxin could only restrain herself a little and no longer openly ridicule Wu Tian.

Hearing Su Wenxin's guarantee, Wu Tian finally let out a sigh of relief.

"Alright, can we go back now?"

Wu Tian nodded. He followed behind Su Wenxin and the two of them returned to Wu Group. Actually, they didn't need to hide it so deeply, because no one knew their faces.

Recently, a lot of people came from inside and outside Wu Group and recruited a lot of new employees. Although Chen Cheng might arrange for people to stand guard here, but it's impossible for their people to recognize everyone here. They could only keep an eye on the key figures.

Initially, Wu Tian thought Su Wenxin was a person with a unique personality. But now, he felt that this beautiful master of his was truly a person that couldn't be described in a single sentence.

If anyone was going against her, they probably wouldn't even know how they died. When he looked at Su Wenxin again, there was only deep respect in Wu Tian's eyes. He didn't want to have to do it again. It was an experience that would make him want to vomit his intestines out.

"That ... Where is my room? Take me there." Su Wenxin said straightforwardly and naturally held Wu Tian's hand.

If it was anyone else looking at them, they would probably think that the two of them were a couple. However, Wu Tian was the only one who would not think like that. He was extremely nervous at the moment.

Although his hand was holding Su Wenxin's soft little hand, so soft that it seemed boneless, he really cared about whether there were bugs in her hand or not. He was really scared out of his mind by Su Wenxin.

"Upstairs." In fact, Wu Group company has many guest rooms. Almost all the rooms on that floor were guest rooms. Shen Xue and the others lived there. There were still plenty of spare rooms, and he didn't need any waiters to arrange them for him. Those rooms will be cleaned every day.

The elevator on that floor required a password to enter. Wu Tian obviously knew the password, so he could just directly bring her to live there.

He carefully selected a room facing the sun. Temperature, vision, etc. He had chosen the best.

"Master, you can stay here. If you need anything, just tell me." Wu Tian led Su Wenxin to the place, then he planned to go out.

Su Wenxin looked at him and then pulled him back.

"Where are you going?"

"I'm returning to that secret chamber ..."

As the two were talking and chatting, Shen Xue happened to pass by the corridor and stared at them with her eyes wide open. She probably was wondering what the two of them were doing because she didn't know any of them.

Wu Tian was afraid that Shen Xue might have misunderstood them when she saw them. In the end, he forgot that he was wearing a mask, it wasn't Wu Tian's appearance at all.

"Go back to what secret chamber? Just stay here with me."

"How can I do that? Master, if I let Su Cancan know, she'll skin me alive!" This was probably the best ending.

"Cut the crap, you dare to disobey me?" Su Wenxin stared at Wu Tian with his eyes wide open. Wu Tian was immediately terrified. He had never felt like he was so weak and powerless before.

He had faced some very powerful enemies in the past, but he never retreated. But now, he had no choice but to submit to Su Wenxin. He had to listen to her.

That bug was too powerful, and most people wouldn't be able to accept it.

Furthermore, Wu Tian had also heard that there were many kinds of insect Gu, and their functions and uses were also different. Moreover, the most important thing was that there were all sorts of ways to use them.

Wu Tian didn't know how he was drugged previously, so he suspected that he also had bugs on him.

If he rejected Su Wenxin, then the worms on his body would suddenly explode ...

Thinking about it, Wu Tian felt that his throat started to feel weird.

"Just what are you going to do? Are you going to listen to me?"

"I'll listen to you. Whatever you say!" Wu Tian shed tears of humiliation.

Hidden Billionaire Chapter 650 - Good News and Bad News

C650 Good News and Bad News

Although they were living in one suite, there were more than one room inside.

Su Wenxin lived in the bedroom while Wu Tian rested on the sofa in the living room.

He didn't know why she told him to stay here. Wu Tian rested for a long time and then received a message from Loong Yun.

He hurriedly prepared to leave. It was said that Chen Cheng had already made his move, and a surge of funds suddenly appeared in the market, wantonly purchasing Wu Group.

Needless to say, this was definitely because Shuangxing Company Group had seen that the opportunity was being destroyed. I think that Shangguan Family should also be participating in it.

Since that's the case, Wu Tian couldn't just let them go so easily. Of course, he had to create some trouble for them.

Su Wenxin still hadn't woken up. He moved carefully, afraid that he would wake her up.

After quietly leaving the room, Wu Tian looked at Shen Xue, who was wiping her tears on the windowsill. He immediately felt his heart ache.

Indeed, he didn't tell the news that he was still alive to Shen Xue because he wanted to keep this matter under control so that the fewer people who knew about it could know, the better.

This way, the more realistic their reaction was, the more Chen Cheng would believe. His next move would not be noticed by Chen Cheng.

Although Wu Tian really wanted to hug Shen Xue, he knew he definitely couldn't do that now. He steeled his heart and walked past Shen Xue resolutely. Wu Tian's heart was about to break as he looked at the tears that rolled down the corner of her eyes. He couldn't stand to see a woman cry in front of him.

After returning to the secret chamber, Wu Tian took off the mask on his face. Loong Yun was already waiting for him there.

"Tell me about the situation."

"Yes, young master. You've gone out. Are you all right like this?"

Wu Tian nodded and pointed at the mask in his hand.

"I have a mask, don't worry, no one will recognize me."

Seeing this, Loong Yun did not ask any further.

"Now it's like this, the branches under Moka Company Companies that we previously listed have been bought. The money has already been transferred to our account. " This was their first piece of good news. No one knew who the buyer was, but Wu Tian didn't care too much about it.

"Very good, we can use this money to do something else now. It should be around 2-3 billion yuan."

"Actually, it wasn't just that. There was a total of four billion. The other party's offer was very generous, and very generous. He directly purchased it at our price. There was no negotiation at all." Loong Yun had no idea what kind of rich person this was, but she was regretting that she didn't set a higher price. Otherwise, she would have made another fortune.

"4 billion!" Wu Tian was so happy that he couldn't close his mouth. This was really good news, it could be said that Wu Group could begin to reverse the tide.

Although this was a good thing, but there were also bad things.

"Also, according to the reports, the Moka Company has received a large amount of funds. Chen Cheng should be very rich right now, so it won't be that easy for us to fight against him."

Wu Tian frowned. He had originally forced Chen Cheng to a point where he was in dire need of money. Who was it that had spent so much money to support Chen Cheng? Shangguan Family?

It shouldn't be possible. If even the Shangguan Family was willing to pay, they would have paid during the last meeting, but in the end, they only gave 1.5 billion, which was completely useless for Moka Company.

"Could it be the Shuangxing Company Group?" Wu Tian thought over and over again, to have such a large sum of money and also have the desire to attack these markets of China, perhaps only Shuangxing Company Group would be able to lead a consortium formed by a lot of transnational corporations, like a crocodile, and conduct financial harvests in various countries.

They are very rich, so they are very generous.

But at the same time, if they succeeded, they would take a lot of wealth with them in this country, and it would not be a joke once they were back before liberation.

If the Shuangxing Company Group were to really rely on his wealth to purchase a large number of companies with China, then it was very possible that it would directly control the entire economy of the China.

Based on the current situation, City S should be their primary goal and their main battlefield.

It had to be known that in the China, S city was considered the largest city, and the economy here was like a barometer for the entire nation's economy.

As long as this place was good, the economy of the entire country would be very good.

"Personally, I think it's quite possible."

Loong Yun nodded. The other party was no longer secretive now, and most likely had made good progress abroad, exposing his fangs immediately.

"In that case, we should find some helpers ..."

Wu Tian smacked his lips. Just relying on himself, relying on his Wu Group company would definitely not work. There was simply no way to go against the Shuangxing Company Group at all.

"Right now, we can only rely on Nanhe Securities Corporation, right ..."

Loong Yun recalled that the one they had a deal with in S City was this very company.

If he added in the friends of Wu Group company from before, perhaps he could have many more people.

"No, this alone is not enough. The entire Jiang-Nan region is the most powerful of our four great clans. Right now, this Shangguan Family can basically be excluded. They share the same heart as the Shuangxing Company Group, so we will have to look for other families to work with. "

Wu Tian thought about it for a while before he finally cast his gaze at the four great families.

Amongst the Four Great Clans, there definitely wasn't any problem with their Wu Family s. The two families were like brothers, sharing honor and disgrace with each other.

The only thing left to fight for, was Baili Family.

"What you mean is, Baili Zhenlin's side is the breakthrough?"

He nodded, and then shook his head, "I'm not sure about that either. Nangong Ying once told me, within the Baili Family, this Baili Zhenlin is an exception. The people in the family don't seem to like him very much, so Baili Zhenlin and I are close, so we might not have any benefits from the Baili Family."

Thus, after some thought, Wu Tian and Loong Yun discussed and finally decided to let Wu Tian personally visit the Baili family.

No matter what, they still had to see the other party's opinion. They could discuss anything. The market was in turmoil now, and the waves were raging behind it.

If they couldn't even see what was going to happen in the future, then the four great families wouldn't need to be in the business circles anymore.
