C702 The Decline of the Tang Clan

It was this Shangguan Junyi again. Honestly speaking, if he didn't want to deal with Shuangxing Company Corporation now, he would definitely skin this Shangguan Junyi alive.

Wu Tian was already unhappy with him.

Didn't this person do anything good?

In Wu Tian's impression, every time Shangguan Junyi appeared, it was definitely a bunch of bad things.

"At this point, I have nothing else to say. The money's yours, but I'll take him away. Let me tell you by the way, this shop will officially close from today onwards. "

Wu Tian was too lazy to argue with these people. After throwing down those words, he was ready to leave with Tang Yanrou.

The manager didn't dare to stop them. Someone was pointing a gun at his head.

"Sir, you can take her away, but what does it mean to close the shop?"

The manager was a bit stunned. He was the manager of this store. If the shop was closed, Shangguan Junyi would skin him alive.

"If I say close the door, then close the door! If you don't believe me, you can wait and see. "

Wu Tian didn't even bother to explain and just left. He didn't care about the expressions of the people behind him.

After they left, Wu Tian brought Tang Yanrou to the hospital as soon as they arrived. Tang Jun was still undergoing surgery, but his life was basically not in danger.

Wu Zaibin was bored to death waiting here. When he saw Wu Tian's arrival, he finally felt relieved.

He was really scared that something would happen to Wu Tian if he was outside.

He really couldn't afford this responsibility.

"President Wu, where did you go?"

Wu Zaibin quickly came over to greet him and saw a very pretty girl following behind Wu Tian.

"This is?"

"Her name is Tang Yanrou, she's this kid's elder sister."

Wu Tian gave a brief explanation. Seeing that the operation wasn't over, he found a chair and sat down.

"President Wu, your methods are really quick ... It's only been half a day and you've already found him. "

Wu Zaibin couldn't help but admire him. In any case, he would not be able to do this.

"Oh yeah, if anything happens in the future, ask Soong Minji to help you as well. I've called him over."

Wu Tian pointed at Soong Minji and introduced him to Wu Zaibin. Wu Tian just did not have the time to buy that street to him...

Otherwise, Wu Zaibin would probably be even more shocked.

"Just now, Loong Yun made a few phone calls. She always wanted to ask where you were. I said she was here."

Wu Zaibin thought about this and quickly spoke with Wu Tian.

Actually, he didn't have any other intentions, he just wanted Wu Tian to go out and do something, as his subordinate, he had to cover up for him.

"Then just let her come over. I don't know what's the matter with her." Oh right, I was just about to ask you a question, how much do you know about this merchant guild in Korea? "

Wu Zaibin had come into contact with the Chamber of Commerce much earlier than Wu Tian. Even Commerce Chamber Chairman and Guan Ruonan were recommended by him.

"Just some basic stuff. Why do you ask?"

Wu Zaibin scratched his head in confusion.

"My father is Tang Liansheng."

Tang Yanrou, who hadn't said anything for a long time, suddenly said.

"Tang Liansheng? Isn't that the previous guild leader? "

Wu Zaibin knew about this, he instantly understood what Wu Tian wanted to ask.

"Earlier on, I heard that Tang Liansheng suddenly disappeared and the company went bankrupt. He owed me a lot of money and there was no news of him after that, so this Guan Ruonan was recommended as the new Commerce Chamber Chairman."

That was roughly the situation, but no one knew what was going on.

"Tell me, what exactly happened? Also, what conflicts did you have with the China headquarters?"

Wu Tian cast his gaze at Tang Yanrou again. Since things had already come to this point, there was no point in hiding it.

"My father is Tang Shan, and the head of China, Commerce Chamber Chairman, is related to him as a classmate. Previously, their relationship was very good, so my father was chosen as the national Commerce Chamber Chairman of Korea."

Tang Yanrou explained slowly, slowly clearing away this extremely sad part of her past.

"Go on." Wu Tian silently noted it down as he listened.

He suddenly realized that he did not know much about the business world. This sort of thing contained many profound secrets, and it was very worthy of him pondering over.

"Then, for some reason, my father started cursing Chief Commerce Chamber Chairman at home. From then on, their relationship was not good, and the Chamber of Commerce issued a ban on my father's company, not allowing companies that are connected to the company to cooperate with my father's company."

The immediate consequence of this is that Tang Liansheng's company is getting worse and worse, and eventually has to borrow a lot of money to keep the money going.

However, even with this method, Tang Liansheng still went bankrupt in a very short period of time and even carried a large amount of debt.

"That is to say, there was a conflict between the two of them, so he owes the money."

Wu Zaibin nodded. Then, this matter didn't seem to be that big of a deal since it was too common.

In China, brothers become enemies, and the partners become enemies.

Actually, it was all for the sake of the word 'benefit'. People would choose to do what was most beneficial for them.

"Then one day, my father went missing and a group of people ran over to our house. They said that we owed a lot of money and we couldn't pay it back, so they took over our house, cars, and even me ..."

Tang Yanrou said as she was about to cry again, but she held back at the last moment.

If she couldn't be strong and could only cry, then what was the point in living.

"I don't think there's anything out of the ordinary about this... If there is a place to take a liberty, please forgive me. "

Wu Zaibin was a bit straightforward, but this story was indeed very simple.

"Then why isn't Shangguan Junyi willing to let you go? They're obviously trying to keep you in this place. "

Wu Tian felt that this matter wouldn't be as simple as she said. Besides, what Tang Yanrou said had nothing to do with Shangguan Junyi.

"I don't know about that. In my impression, Father has never seen anyone from Shangguan Family before. He has always been doing business in Korea countries."

Tang Yanrou had already tried very hard to tell her what she knew. As she didn't know much about the family's business, the things she could provide were very limited.

"Right, then what happened to your company in the end?"

Wu Zaibin suddenly asked as if he remembered something.

"In the end, it was the Shuangxing Company company that bought it, and this money was taken to repay the debt ..."

Listening to Tang Yanrou's words, Wu Tian vaguely felt that he had a little idea about what was going on.

No matter how he felt, it seemed like Shuangxing Company Corporation was behind all of this ...

Hidden Billionaire Chapter 703 - Exciting Bath

C703 Exciting Bath

When they returned to the hotel, Loong Yun was already waiting for them in the room.

When she saw Wu Tian coming back with a girl, she wasn't surprised at all.

"President Wu, this is what I gathered about Shangguan Junyi's assets in Korea. Take a look."

The moment Wu Tian walked into the room, Loong Yun handed him a document.

After Loong Yun finished speaking, she intentionally blocked the path between Wu Tian and Tang Yanrou, as if she wanted to separate the two of them.

"So many?" Wu Tian looked at the list of documents and was shocked.

"This is only a part of it. In my opinion, the Shangguan Family is probably moving their assets to Korea now ..."

Loong Yun was investigating this matter for a reason. When Wu Tian and the others went to save Tang Yanrou, she did not stay idle and immediately knew what Wu Tian would do next.

"It seems like they've already made their preparations and are now digging holes for us to jump into." Wu Tian put down the document as if he was deep in thought.

However, it's also good if he transferred the assets. If we can destroy Korea Country's economy, then the Shangguan Family will naturally suffer huge losses. At that time, they won't be able to blame anyone else.

"If we can get the money in place in the next few days, the only thing left is to watch them cry." Wu Zaibin was already rubbing his hands together on the side.

For a man of financial background like him, the chances of a financial war on such a scale are slim.

Many people might not even be able to experience it for themselves once in their lives, let alone become the mastermind of this war.

"Let's rest for today, I'll go and see the current Commerce Chamber Chairman Guan Ruonan tomorrow. Didn't she want our mortgage? I gave her the certificate for Wu Group first, then asked her to lend us some money."

Wu Tian was tired after a long day of tormenting. He didn't want to think about so many things anymore.

"Young Master, I've reserved a bath for you. You can go take a bath now." Loong Yun was very considerate when it came to these things. Seeing that Wu Tian was a little tired, she quickly passed him a towel.

"Thank you. Loong Yun, bring her to a room and let her rest first. " Only now did Wu Tian notice that Tang Yanrou was still standing beside him and forgot to arrange everything properly for her.

Loong Yun nodded silently and left with Tang Yanrou.

Wu Tian went to the bath. This hotel was very luxurious and had a single person's bath. However, the price was quite high and most people couldn't afford it.

This flaw couldn't be called a flaw for Wu Tian. After he pushed open the bathroom's door and entered, he found that the bathroom was shrouded in mist.

Wu Tian took off his bathrobe and carefully walked into the bath. He leaned against a nearby table and lied down. All the soreness in his body suddenly vanished like smoke in thin air.

"So comfortable ..." If only he could take a bath like this every day, it would definitely be great.

Wu Tian, who had his eyes closed, fell asleep. When he woke up again, he felt a pair of hands on his chest, gently stroking it.

Putting everything else aside, this feeling was indeed very comfortable. Wu Tian had not fully awakened, so he did not move.

However, he felt as if a soft and smooth body was beside him. The smooth skin slid across his arm. Wu Tian immediately felt like he was electrocuted and became very excited.

He slowly opened his eyes. The fog was still lingering in front of him.

At this moment, Wu Tian was completely awake. He noticed that there seemed to be someone beside him.

"Who is it?" This bath was for personal use. Logically speaking, there shouldn't be anyone else here.

Furthermore, Wu Tian was currently on guard as if he had gone crazy. It was really because of those people from Tianying Sect that he had a shadow in his heart.

Who knew if they would make a move again ...

Wu Tian grabbed the guy who was stroking him and pulled him over.

This change was too sudden. The person who was caught didn't have time to react and directly crashed into Wu Tian's chest with a pull.

"Ah!" This sneaky person was actually a girl.

Wu Tian only felt that the voice sounded familiar. However, before he could think about it, the two balls of soft and soft liquid landed on Wu Tian's chest.

To be able to feel someone's body temperature at such a close distance was truly a wonderful thing.

"You're Loong Yun?" Wu Tian immediately blushed, but the fog was too thick. Even though he knew that the two were sticking closely to each other, Wu Tian still couldn't see what was going on below.

Perhaps it was too sudden, Loong Yun hugged Wu Tian tightly and buried her head in his chest.

The two of them stood in the water, their bodies entwined in a way that could make a person's blood boil. For a moment, both of them were silent.

In this sort of situation, it was best to not say anything.

After Wu Tian heard who it was, he didn't know what to do.

Normally, even though he saw Loong Yun almost every day and knew that her figure was very good, this ... This kind of exaggeration made Wu Tian feel that he couldn't take it anymore.

This was way too tempting.

"That ..." The two would meet again in the future. Wu Tian felt that he couldn't go on like this. What if he didn't have control over himself and did something he shouldn't have done?

"Don't go ..." Loong Yun took the initiative to hug herself even tighter. Her voice sounded a bit awkward.

Wu Tian felt that the gap between Loong Yun and the old days was too big ... Moreover, from her tone of voice, he could smell the scent of alcohol.

"Are you drunk ..." No wonder this guy appeared in his bathroom ... So she didn't come on purpose, Wu Tian felt a lot less burdensome.

But he could barely move.

Loong Yun grabbed onto Wu Tian like an octopus.

Although only his head was above the surface of the water, Wu Tian's heart was beating faster and faster under the heat wave. He even felt that his breathing wasn't going well.

"Is anyone there?"

While the two of them were busy fighting, the bathroom door was pushed open by someone else ...

Tang Yanrou's voice came from the door. Wu Tian was busy dealing with Loong Yun. He didn't know what was going on with this guy either, so she kept pressing her head on Wu Tian's head.

In the end, he did not have the time to pay attention to her. Hearing the sound of water splashing, Tang Yanrou also slowly walked into the bath pool.

Although this pool was not small, it was only for one person. The three of them didn't have enough space to move around.

Wu Tian quickly held his breath and didn't dare to move at all.

Fortunately, Loong Yun had calmed down a little at this time, so she didn't reveal where she and Wu Tian were.

Hidden Billionaire Chapter 704 - Confiding Heart Sound

C704 Confiding Heart Sound

What was going on?

Why did the two girls go to the wrong place?

Wu Tian even wondered if he went wrong and went to the girls' bathroom ...

However, when he came in, there was no sign outside. Wu Tian felt that no matter how dumb he was, he wouldn't do such a thing.

"Ah, so comfortable." Perhaps it had been a long time since Tang Yurou had such a comfortable bath. While she was soaking in it, she couldn't help but let out such a sigh.

Although she felt great, the naked man in front of her was extremely nervous.

On the one hand, Loong Yun was still tempting him. He had no idea how she could be like this when she was drunk ...

On the other hand, Wu Tian was a man of honor, he saved this girl from the red light district.

If they were to meet here, what would she think of Wu Tian? Did she think he was a hypocrite...

"Don't move ..."

Loong Yun seemed to feel that Wu Tian was still pressing down on her arm, so she grumbled unhappily.

Tang Yanrou immediately jumped in fright after hearing her voice. She then abruptly stood up from the water ...

"Who is it? Who's there?" Tang Yanrou immediately covered her private parts with her hands as she looked at the person in front of her with a panicked expression.

It was just that the water was too thick and she couldn't see anything clearly.

"I already told you not to move ..." Loong Yun continued to grumble as her body continued to twist.

Wu Tian felt that Tang Yanrou was walking towards him step by step, so he didn't care too much about it. He quickly lowered his head into the water.

If he was hiding underwater, she wouldn't be able to find him ... In any case, he should be able to dodge for a while ...

Tang Yanrou walked over and saw that it was Loong Yun. She was lying by the side of the pool.

She finally let out a long sigh of relief in her heart.

"So it's Sister Long. You scared me to death. I thought there was a hooligan here ..."
Tang Yanrou originally wanted to blurt out that person's name, but after thinking about it later, it didn't seem appropriate for her to slander others.

Wu Tian looked rather serious after all. Although his eyes would occasionally glance at a woman's body, he hardly ever stopped.

It was precisely because of this that Tang Yanrou chose to come with Wu Tian, because she believed in him.

Wu Tian finally let out a sigh of relief as he heard Tang Yanrou leave step by step.

Loong Yun accidentally found him just as he stuck his head out and took a deep breath.

She squinted her eyes and her vision blurred. Then, she hugged him and pressed her lips tightly against Wu Tian's.

Before Wu Tian could react, he was forcibly kissed by Loong Yun ...

What was going on?

Wu Tian was about to take Loong Yun off his body, but unfortunately, Tang Yanrou approached him at this moment.

Although the two of them were quite close to each other, they couldn't see each other clearly.

"Sister Long, can I ask you something? It's all about President Wu ..." Tang Yanrou's voice was very gentle and pleasant to the ears, and when she said those words, there was a little caution in her tone.

Ye Zichen could tell that she was very curious about Wu Tian, but she didn't dare to ask too much about him.

"Um, what kind of person is President Wu exactly? "And him, what kind of girl does he like?"

Although Loong Yun didn't answer her question, Tang Yanrou continued talking to herself as if she didn't care whether Loong Yun was listening or not.

"I've been locked in that place for so long that I've given up all hope. "I didn't think that President Wu would actually save me like this. It wouldn't be wrong to say that he is my benefactor."

Tang Yanrou recalled what had happened today and felt deeply moved.

If it wasn't for Wu Tian, she might not have died, but would it be a good ending for her to be locked up for her entire life?

"I've never paid so much attention to a guy before, but today, I don't know why, but when I look at President Wu, I'm very nervous. My heart is always thumping ..."

Wait a minute, why did her words become more and more outrageous the more she said them ...

Wu Tian felt that something was wrong the more he listened, but Loong Yun's kiss was still not over. This caused him to be unable to take care of himself, and he did not have the time to think about so many things.

"That's right, President Wu. How could such a big boss fall for me? Plus, I came out from the red light district ..." As she spoke, Tang Yanrou became depressed instead. This matter was simply an inescapable imprint for her.

This imprint caused her to feel ashamed. It also caused her to lose her confidence from a noble girl to a deep sense of inferiority.

"Sister Long, I'm really sorry for making you listen to me talk so much. It's getting late, I'll be going back first." Perhaps she felt that her words were too excessive, Tang Yanrou hurriedly stood up and left the bath pool.

Wu Tian finally let out a sigh of relief. If she left, he wouldn't have to worry so much.

The only thing left to do was to resolve this problem. Wu Tian struggled to get away from Loong Yun's body and let out a breath of relief.

She made him blush, but that feeling was still beautiful. Loong Yun's skin was so delicate, and her hands were so soft.

When she touched Wu Tian, it was as if she was caressed by an angel, making her feel extremely comfortable.

Loong Yun seemed to be even more drunk than before. It wasn't necessarily a good thing for her to soak in a hot spring after drinking the wine.

Wu Tian didn't know what to do with her either, because Loong Yun had started to grumble. The tone of her voice made people blush.

To prevent himself from making a mistake, Wu Tian quickly ran out of the water, hurriedly wiped his body, and sneaked out of the bathroom in his bathrobe.

Of course, before leaving, he even called for a service staff for Loong Yun, saying that someone had fainted in there and wanted them to look after it.

He then hurriedly returned to his room. Luckily, he didn't meet Tang Yanrou along the way. If she saw him walking out from there ... Wu Tian probably didn't know how to explain it.

Hidden Billionaire Chapter 705 - Negotiation

C705 Negotiation

That night, Wu Tian slept restlessly.

In his dreams, he always recalled the feeling he had when he was in the bath ...

He had been with Loong Yun for a long time, and it was his first time seeing her like this, catching Wu Tian off guard.

It wasn't easy for Wu Tian to wait until daybreak. He specifically went to take a cold shower, calmed himself down, and then walked out of the room as if nothing had happened.

The hotel they had booked was a presidential suite with a spare room for each of them.

Outside was a very large living room, where they had discussed some matters previously.

Because he was worried that there were eavesdropping devices in the guest rooms, Wu Tian would never say anything important here.

After all, they had to be wary of others. Who would know what kind of people would be eyeing them?

"Young master, you're up? "Eat something, I've already arranged a car for you, you can go and find Guan Ruonan right away." Loong Yun was just as serious and expressionless as before. It was unknown whether or not she remembered what had happened to her the day before.

Wu Tian didn't dare to ask. It was a very awkward thing to say. He still pretended that this had never happened, that he should just rot it in his belly.

After breakfast, Wu Zaibin was already waiting outside. Wu Tie didn't see Tang Yanrou at all. As soon as he asked, he found out that Tang Yanrou had gone to the hospital early.

Her brother was still lying in the hospital, so she, as her sister, had to go and take care of him.

Guan Ruonan had been waiting at the door since she knew Wu Tian was coming over. When she saw Wu Tian, she came over with a happy expression on her face.

"Mr Wu, good morning. Come on in."

A few people walked in familiarly, but this time there were more people in the room.

Wu Tian had three people on his side, and Guan Ruonan had four.

It seemed like they were also here to accompany her in negotiations. Wu Tian carefully sized up these few old men. All of them wore suits and leather shoes, and they looked to be in high spirits.

"President Guan, the thing we discussed before, according to our agreement before, we have already taken the collateral you wanted. This time, it is only a part of it."

As Wu Tian said this, Loong Yun rushed to deliver the documents to him.

Guan Ruonan and a few of their old men took the mortgage and looked at it carefully. After making sure that there were no problems, they nodded to Guan Ruonan.

"Mr Wu, there is no problem with your file. "Then, our previous agreement can now be made."

Guan Ruonan was about to continue, when Loong Yun brought up another document.

"We can't just empty our mouths. We still have to sign the contracts we should sign. I won't go back on your words."

Although Wu Tian's loan this time was a secret operation, he didn't want to use such shameful methods.

Everything had to be according to the law. After all, this was another country. If anyone found out, the first people who would come knocking would definitely be the police.

An old man pondered for a moment, feeling that something was amiss.

"President Wu, can we discuss this a little more? Can we lend you our private funds?"

He listened as if they had something to say. Wu Tian immediately frowned.

He took a closer look at Guan Ruonan, only to see that her guild leader had a serious expression on his face.

"No. We have reached an agreement to let you stand up for us and borrow money from Korean banks or large funds. "What do you mean by giving me the money you got from your private equity?"

There are a lot of problems with private money. Although it was also money, on the one hand, its interest requirement was relatively high, and on the other hand, the source of this money was very suspicious. There might be a lot of informal money.

Wu Tian wasn't an idiot. He was very clear about the thoughts of these old men. Wanting to play this sort of trick in front of him was simply daydreaming.

"Our guild leader has only reached a verbal agreement with you ..."

"That's right, it can't be counted if there isn't a written document."

Seeing that Wu Tian didn't agree, these old men immediately turned hostile on the spot.

Wu Tian sneered. He had never seen such a shameless person before.

"Is that so? If you don't want to, then forget about it, I already prepared 30 billion just for the interest. Since you don't want it, then forget it, there are a lot of people who are willing to take this interest. "

No one had only one choice. Without this option, Wu Tian would not be forced into a corner.

Upon hearing Wu Tian's words, Guan Runan became nervous.

"President Wu, don't reject it so quickly. We can still discuss it over here."

It could be seen that Guan Ruonan really wanted to make this deal, but the few old men beside her seemed to have completely different thoughts from her.

"Then tell us, what should we do? If we agree to it, we will make an agreement. This money must come from a legitimate source!"

Wu Tian didn't have many requests, how could it be so troublesome.

Guan Ruonan gritted her teeth and ignored the looks of the people around her. She nodded her head in agreement to Wu Tian's request.

"President Guan, this is an important matter. I suggest you inform the people in the Chamber of Commerce about it."

"That's right. Although President Wu's family is big, these days, there are plenty of people who run away after borrowing money. We can't take such a risk just because of some small profits."

They didn't even care about each other's face. The two old men immediately started bombarding Guan Runan.

Wu Tian finally understood. He crossed his arms and sneered, as if he was watching a good show.

Even though this Guan Ruonan was the president, it didn't seem like she held any real power in her hands.

The people below didn't want to listen to her. Then what was the point of this guild leader?

"I don't like to hear you say that, sir. What do you mean by 'our Wu Group are insignificant?' If these 30 billion is nothing to you, then we might as well not borrow it. "

At this time, Loong Yun could no longer hold it in. With a cold expression, she viciously spoke to the old man.

If they really were to quarrel, perhaps there would not be many who could compare to Loong Yun. She did not use vulgarities, but was able to hurt others so badly that they could not even raise their heads.

"If I remember correctly, your company's market value is probably only five hundred million. I wonder where your confidence comes from?"
