

Hidden Billionaire Chapter 759 - Explosion

C759 Explosion

Liang Zhenhai then asked some random questions, since it had nothing to do with this matter.

Liu Zhendong no longer had his initial panic. He answered his questions in a fluent manner.

In the end, Liang Zhenhai had no other choice but to let Liu Zhendong go back.

However, before he left, he patted Liu Zhendong on the shoulder and meaningfully said that he should be careful and take care of his own safety.

This was a naked threat!

After getting back to the car, Liu Zhendong felt like he was in a dream. He felt that he was almost killed by Liang Zhenhai just now.

"You did well!"

Wu Tian truly felt that Liu Zhendong did very well just now. There was nothing to say about this.

"First, let's not talk about this. I'm afraid your recent situation is very dangerous."

Azure Dragon was a little worried. This Liang Zhenhai clearly wanted to deal with Liu Zhendong. He probably felt that Liu Zhendong had a great influence on his power.

After all, he was the Acting Head. If something were to happen to Liang Tian from one day to the other, who could guarantee that Liu Zhendong wouldn't be reinstated.

"Then what should I do? Should I run?"

Liu Zhendong was a bit panic-stricken. He wasn't an idiot, he knew better than anyone else what was going on.

"Do you think running will solve the problem? As long as they can find you, you will still die."

Wu Tian said coldly. Red Power was actually quite strong, and it involved crimes of all kinds.

The key point was that behind Liang Zhenhai, there was also Chang Zairong.

Although the Red Power was not spread throughout the entire nation, the China Main Chamber of Commerce had it everywhere.

It wouldn't be too difficult for them to locate someone with their current strength.

"Then what do we do? I don't want to die. President Wu, I'm still useful to you. You have to save me!"

Liu Zhendong could only put all his hope on Wu Tian.

Wu Tian squinted into the distance and started to silently think about what to do next.

The car soon arrived at Liu Zhendong's house. However, the moment they got off the car, they saw Yin Rumeng running towards them in a disorderly manner.

Her hair was loose and her clothes were torn in several places. Even a shoe was missing.

This looks like a deserter...

"What's wrong?"

Azure Dragon frowned. Yin Rumeng's safety was equally important to them.

Yin Rumeng cried miserably as she looked at her snot and tears and Wu Tian and the others' appearances.

"You finally came. Just now, a group of people barged in and searched the house. They even tied me up and asked where the money came from ..."

Yin Rumeng looked really frightened. Her body was still trembling.

"Let's talk inside." Wu Tian frowned and felt that it wasn't a good place to talk outside.

Upon taking a look, sure enough, the interior was a mess, as though it was a rubbish dump.

"How did you escape?" Azure Dragon asked very carefully. This was not something that could be done carelessly.

Yin Rumeng wiped her tears and took out one or two pieces of clothing to put on her clothes.

Her clothes looked tattered, even revealing her undergarments. It was truly an unsightly sight.

"When they came in, I secretly pressed the button to call the police. Afterwards, the sound of a police car came over, and they ran away."

This woman was quite quick-witted and fearless in the face of danger. It could be said that she had saved his life.

"Looks like things are getting serious." Wu Tian frowned even more.

Judging from the time of the incident, Liang Zhenhai probably did not plan to end it.

Furthermore, he directly sent someone to investigate. He was probably already prepared to deal with Liu Zhendong later, so he shouldn't be afraid of Liu Zhendong's revenge.

What was behind it?

Wu Tian couldn't figure it out for a while, so he looked around the room. Suddenly, he noticed something shining under the pile of furniture.

He leaned over and found that there was still some faint dripping sound coming from there.

A thought exploded in Wu Tian's mind like a grenade.

"Not good, it's a bomb! Run!"

Wu Tian shouted loudly and ran outside desperately.

The sound of the bomb was getting louder and louder. It was about to explode.

Azure Dragon was also the fastest to respond. Without saying anything further, he pulled Yin Rumeng along with him and ran outside with Wu Tian. Only Liu Zhendong didn't react for a while. When he finally understood what was going on, a loud explosion came from the room.

A huge flame suddenly burst out. Liu Zhendong didn't even have the time to escape from the door before he was enveloped by the fireball.

Wu Tian and the others reacted quickly. When they heard the sound of an explosion, they had already run to the staircase and escaped death.

However, of the three survivors, none of them looked good. The explosion left the three of them a little dumbfounded.

"F * ck, this Liang Zhenhai!" Azure Dragon brandished his fist in anger and slammed it against the wall.

He was angry because if Wu Tian had not reacted quickly and discovered the bomb, they would have probably died here.

Furthermore, this Liang Zhenhai was too ruthless. He wanted to kill someone without saying a word. He didn't even care if it had anything to do with the incident.

"We can't stay here any longer, let's hurry up and leave." Wu Tian panted heavily. He still had some lingering fear from what happened just now.

That was close. He nearly died here.

The three of them went downstairs and looked up. Liu Zhendong's house was on fire. The explosion had destroyed almost everything around them, and had even implicated the two neighboring families.

The flames that shot into the sky quickly attracted the attention of fire engines, and the police quickly rushed to the scene to set up a cordon.

"Let's go, we don't need to come to this place for now."

The three of them were filthy. If they were still here, they would easily be seen as people who had something to do with the explosion. When the police came looking for them, it would be really hard for them to get out of this mess.

Yin Rumeng had been in a trance ever since she got on the car. The feeling of life and death hanging by a thread made her feel scared and excited.

In that instant, Yin Rumeng felt that she was still alive, which made her very happy.

She was so happy that she started to laugh wantonly in the car.

She gave Wu Tian and Azure Dragon a fright. They didn't know if she was scared or not, but there was something wrong with her mind.
