

Hidden Billionaire Chapter 764 - Abduction

C764 Abduction

Wu Tian chuckled. As the saying goes, there are policies, and there are countermeasures.

Although the China General Chamber of Commerce did not have the authority to force enterprises to not do business with anyone. However, their words were still very binding.

Even Baili Zhenlin had to think carefully before making the decision to help Wu Tian.

"It's like this, our Wu Group company, didn't we already raise fifteen billion from you previously? Now, we don't even have the raw materials anymore, and there are still some products that no one wants to buy, so I want to use the debt repayment method to get you to help me."

With Wu Tian's words, Baili Zhenlin roughly understood what had happened.

In other words, Wu Tian didn't need to use cash to repay the money he borrowed before. Instead, he used his products and some services to mortgage the loan.

If he did this, it wouldn't be considered as doing business, but as paying off his debts.

Baili Zhenlin couldn't help but raise his thumb, "You really have every way you can think of, why can't I figure it out?"

Wu Tian smiled. He had a lot of ways to deal with such petty tricks.

"Oh right, I am planning to buy an island at the Korea. Are you interested in investing in me or something?"

Wu Tian remembered that he still had a huge project that had not been implemented and needed more funds. He could just pull Baili Zhenlin in.

"What, buy the island?" Baili Zhenlin's expression was almost the same as when Loong Yun first heard it, "What are you buying that thing for?"

"Shh, I haven't released this news yet. I'm planning to set up a new company here that specializes in high technology."

The advantage of the island was that it was relatively sealed off, so there was no need to worry about anyone stealing it. Furthermore, these people from China who disliked Wu Tian, would also not be able to reach this place.

"High technology? Don't you have your own Tianmu Technology? Is that not enough? " Baili Zhenlin even wondered if this Wu Tian had the addiction of starting a company. There were so many companies, yet he still wanted to open a new one.

"Although Tian Mu is also a member of the Technology Company, the two of them are in completely different positions. Don't get confused with him. The new company that I'm planning to build is doing a big thing!"

Wu Tian also didn't want to provide Baili Zhenlin with any more clues so early on, so he decided to first catch Baili Zhenlin's curiosity.

At that time, as long as he asked for money, Ye Zichen would obediently take out the money.

"I admire you. I've invested for so many years, but I've never seen someone like you. It seems like you have a share in all the businesses." Baili Zhenlin felt that he was like an ancient fossil compared to Wu Tian.

"Hehe, of course." Wu Tian toasted another glass of wine. The two chatted happily, and the atmosphere became very happy.

He originally thought that the meeting between the two would end so easily, but what Wu Tian didn't expect was that Azure Dragon hurriedly made a call.

"President Wu, our Huaxing TV's Zhang Chi suddenly called to say that Xi Chengwen has been kidnapped!"

"What did you say?" Wu Tian suddenly stood up. He spent a lot of money to nurture Xi Chengwen and intended to make her a celebrity, even though she was just a small artiste before.

However, after this period of exposure, she already had quite a few fans, so it could be considered that he had a certain amount of fame.

But at this time, Xi Chengwen was kidnapped. If this matter got out of hand, Xi Chengwen's film and television career might come to an end.

"Come to the company right now and explain this clearly."

Baili Zhenlin heard that Wu Tian seemed to have some troubles on their side. He also knew that he couldn't stay here any longer. He said goodbye to Wu Tian and quickly left.

Azure Dragon came quickly. Wu Tian called Su Cancan over to discuss the matter.

"It's like this. Zhang Chi said that they just finished filming a program, and on the way back, the car was intercepted. Xi Chengwen was taken away by a group of people."

Su Cancan frowned as she felt that someone was targeting her again.

"Who did it? Does he know the identities of these people? "

Azure Dragon shook his head. Zhang Chi had never seen those people before. He only saw some tattoos on their bodies. They seemed to be an underground force.

However, the other party's actions were very fast and the division of labor was very clear. This made them seem like more professional criminal gangs.

"Did you call the police?" Wu Tian's face was livid. He was already beginning to suspect that Liang Zhenhai might have caused this.

Now that Wu Tian had just taken care of Chang Zairong, they immediately started to have other actions to cause trouble for Wu Tian.

"Not yet. It just happened not long ago, not even half an hour."

"In other words, those people should not have left too far away at this time. If we were to look for them, we might be able to find where they took Lili to." Su Cancan immediately came up with an idea. It wasn't without reason that they had established that Security Team.

Wouldn't it be useful now?

"Are you confident that you can find them?" Wu Tian shifted his gaze to Su Cancan. This matter was extremely important to them. Every minute that passed, Xi Chengwen's danger would increase.

Most of the artist's value was on that face. If Xi Chengwen was attacked, it was very likely that she would be left out of the film industry.

"I'm not sure. Even if there's a slight possibility, we should go and try. One of my seniors is very sensitive to smell, and he also has a dog, which is even more so, who can use smell to scout the area within a few kilometers. "

It had to be said that Su Cancan's seniors were truly talented, and could always be of use at critical moments.

Wu Tian didn't waste any time on nonsense and directly went to change out of his suit and put on a sports outfit.

"I'll go with you."

Su Cancan glanced at Wu Tian with disbelief, "You? What if you go and drag us down?"

"Don't worry, I'm confident that I won't."

Wu Tian moved his body and made creaking sounds.

Although he usually didn't train his muscles much, the strength in his body was full of explosive power.
