

# Hidden Billionaire Chapter 767 - Masked Man

## C767 Masked Man

If he could really solve the problem with money, then it wouldn't be a problem for Wu Tian.

"How much did he give you?" Wu Tian looked straight back at her. He didn't know what this masked woman was thinking, but she always did one thing or another.

This made Wu Tian feel very uncomfortable.

Although she was a beauty, she was a stranger that Wu Tian disliked. He didn't like to have too much physical contact with a stranger.

"What he gave me wasn't money, but something else he couldn't buy with money." The masked woman signaled to her subordinates with her face. They quickly brought Wu Tian to a room at the back, leaving the masked woman and Wu Tian alone in the secret room.

There was nothing else in the room except for a bed. The four walls were airtight. Besides the door, there were no windows. A dim light hung from the ceiling, making it look like it was on the verge of collapse.

"What are you doing?" Wu Tian felt as if he had become a little rabbit in the mouth of a big bad wolf. A boy and a girl in a room together, could it be that this guy was going to do something to him?

The masked woman did not say anything. Instead, she placed a finger in front of her mouth and spoke softly.

Then her fingers slipped to the top of her leather jacket, found a latch, and slid it gently down.

Wu Tian thought he would see something he shouldn't have and quickly closed his eyes.

Although he liked beauties, he didn't want to get into any trouble because of such a thing.

There was only one exit to this room. Wu Tian was thinking if he could break free from the rope and defeat this woman who was in heat, and escape through the door.

The real trouble should be with the masked men outside. They shouldn't be so easy to deal with.

"Look at how scared you are, could it be that you're still a virgin? When I open my eyes, I still don't have the habit of exposing myself in front of men. " The masked woman's voice became a bit more gentle, but she was not wearing anything under the leather jacket.

Wu Tian opened his eyes a little bit, but what appeared in front of him was a series of shocking scars.

The masked woman's entire body was covered in scars two to three centimeters wide. Although she was naked right now, her beauty couldn't be brought up. It was truly a pity.

"Do you think that the current me and I, who are dressed in clothes, are completely different from demons and angels?"

The masked woman's bell-like laughter, coupled with the scene she was in, made people feel as if it was a huge blow.

Even someone as experienced and knowledgeable as Wu Tian was speechless.

"What are you trying to do!?" While Wu Tian was talking, he had been quietly struggling to free himself from the rope behind him.

The masked woman looked at Wu Tian with a smile. She gave people a feeling that she was scary and would go down to the bottom of their hearts.

"You want to run so much? "It seems that you don't like me."

After saying that, the masked woman slowly zipped up her car. Suddenly, the figure charged over, leaving only a black shadow behind.

She kicked Wu Tian's stomach, her thigh locked Wu Tian in a very strange position, and the two of them fell onto the bed.

Wu Tian quickly broke free from the rope and tried to grab the woman behind him.

However, the leather clothes she was wearing were extremely smooth and she couldn't exert any strength at all.

The masked woman was not the least bit sloppy as she hit Wu Tian with punches. It was all underarm and soft.

Although her strength wasn't great, every movement made Wu Tian feel a lot of pain. He grit his teeth and grimaced. He felt a surge of anger.

He knew he couldn't go on like this. Wu Tian forced himself to stand up and, with the pendant on his body, rammed it into the wall.

However, this step of his seemed to have been seen through by her. The masked woman had already dodged the hit, while Wu Tian himself crashed into the wall, producing a rumbling sound.

He only felt that his head was shooting stars. Just now, he had too much strength, so he did not control it well enough to affect himself.

"You want to fight me even though you're acting like this?" The masked woman was as nimble as a snake. She couldn't even catch the snake, and her speed was extremely fast as well.

But this time, Wu Tian was really angry. His eyes started to turn red and his breathing became rapid.

"You're courting death!" Wu Tian saw the opportunity and used one foot to step on the wall behind him. Borrowing this force, he suddenly rushed forward.

His speed was extremely fast. In such a small room, it could not even be counted as a blink of an eye.

Wu Tian punched at the masked woman. However, what he didn't expect was that the moment he was about to hit her, she twisted her body at a very strange angle and dodged to the side of Wu Tian's body.

Looking at this scene, Wu Tian did not feel the slightest bit of worry. Instead, a smile appeared on the corner of his mouth.

The door to this room was behind her, where the masked woman had been standing.

Wu Tian gathered all of his strength into his fist and punched the door.

If there was no surprise, this door would easily shatter into countless pieces, and Wu Tian could use this opportunity to escape out of this room.

However, the masked woman just stood there quietly covered her mouth and laughed, watching what Wu Tian did.

Wu Tian's fist came into contact with the door. A huge rebound force hit the door and sent Wu Tian flying back.

His fist just now seemed to have hit a mountain. In front of this door, he was like an egg striking a stone, unable to shake this door in the slightest.

Wu Tian looked back in disbelief. He saw the wood scraps on the door start to fall off, revealing the black metal underneath.

It was an iron gate!

Wu Tian immediately wanted to curse. Wasn't this crazy woman a bit too harsh?

"Continue! Why did you stop? Didn't you want to run out?"

The masked woman started to mock Wu Tian at the right time, but Wu Tian only glared at her angrily.

"Then I'll beat you down first!" It was impossible to deal with this masked woman with just his brute force. Wu Tian knew that this woman was much faster than him.

However, it wasn't that he wasn't prepared. Just as he spoke, Wu Tian quietly crushed a small bottle. A transparent liquid started to evaporate from the bottle.
