### **C769 It Was as Easy as Reaching out with One's Hand**

Hearing Su Wenxin's words, Wu Yingqiu's eyes became a little cautious. She carefully held the whip in front of her.

From the looks of it, she seemed to be very familiar with her master.

"Who are you? How dare you call my master an old woman! " At this time, she seemed to have been provoked and didn't hesitate to express her dissatisfaction towards Su Wenxin.

When Su Wenxin heard her words, she sized up Wu Yingqiu with great interest before letting out a snort from her nose.

"Looks like the old woman can't do it either. She actually took in such a disciple. This is truly embarrassing."

"Who the hell are you?" Wu Yingqiu's attitude wasn't good. She was certain that this strange woman in front of her was her biggest threat.

Although she didn't know how Su Wenxin found out about her master, she must have known her master to be able to say something like that. Maybe she was her master's enemy.

"Who am I? When it comes to seniority, you have to call me Martial Uncle. Your master, Old Lady Huang, is my senior sister. "

Su Wenxin actually said such a shocking fact. This world is so small.

Wu Tian felt that something was not right, wasn't Su Wenxin from Wudu Sect? Wu Yingqiu said that she was the right protector of Tianying Sect, so it was obvious that they were enemies.

"..." Wu Yingqiu didn't know what she should do. If this Su Wenxin had some other identity, then it would be fine, but this was her martial uncle. This time, she couldn't fight so easily.

Even though she said that she would kill people without blinking an eye, her master, Old Lady Huang, had still taught her to be very strict in this aspect.

"Then what exactly do you mean? Even if you are my martial uncle, if you obstruct my business, I will still not let you off the hook."

Wu Yingqiu's attitude was slightly better, but it was only a little bit.

Su Wenxin had long used her attitude to express her attitude.

"Wu Tian, when you get back, you have to come to the bar with me for a whole day!"

Wu Tian quickly nodded his head. As long as he could live, that was enough. Don't even mention accompanying her to a bar for a day, Wu Tian was willing to even go for eight to ten days.

"Wait!" Seeing that Su Wenxin wasn't paying any attention to her, Wu Yingqiu moved her body and stood between Su Wenxin and Wu Tian.

She wrapped the whip around Wu Tian's neck and was about to strangle him.

"What are you doing?"

Su Wenxin was bored. It was a waste of time.

"This person is my prey, I won't let you take him away. If you want him to leave this room, either he or I will die!"

Wu Yingqiu had already made up her mind. No matter what her identity was, she had already made up her mind.

"Do as you please. Wherever you want to die, just die. I'm just advising you not to block my way. Otherwise, I'll let you find you a good grave."

Su Wenxin's eyes suddenly became sharp, like a knife, piercing straight into Wu Yingqiu's heart. This kind of pressure and killing intent wasn't something an ordinary person could resist. This showed that Su Wenxin wasn't joking.

However, although Wu Yingqiu felt quite uncomfortable, she was also very strong and wasn't in a state where she couldn't even stand up.

"Don't come back, I will really strangle him!"

Wu Yingqiu tightened her grip on the metal whip, making Wu Tian unable to breathe. His face and neck turned red, and his eyes were almost popping out of their sockets.

This whip was not just a rope; it was much stronger than those ropes. A bloody wound was already left on Wu Tian's neck.

"Strangle him. I'll let you guess if he or you dies first." Su Wenxin looked at Wu Tian and her calmly.

She didn't seem to be in a hurry at all. Her expression almost made Wu Yingqiu go crazy.

This person was simply too tough. Threats were useless to her. Su Wenxin's absolute confidence in herself made her extremely scared.

"Hahahaha, you think that just because you say it like that, I'll let go?" Wu Yingqiu suddenly laughed. She turned around and restrained Wu Tian. This time, she was really going to kill him.

Since that was the case, if she didn't show her a little bit of ruthlessness, this Su Wenxin definitely wouldn't compromise.

Wu Yingqiu felt that she had plenty of chips in her hand, so why should she be worried about this? She should be the one taking the initiative.

"I don't need you to do anything." Su Wenxin's face was calm. She just stretched out her hand gently with her palm facing up. Then, she looked at Wu Tian who seemed to be really suffocating. She clenched her fist gently.

As if time had stopped at this moment, Wu Yingqiu only felt a heart-wrenching pain in her chest. She could no longer hold the whip in her hand, so she clutched her chest and leaned against the wall.

Wu Tian got a chance to catch his breath and quickly ran over and hid behind Su Wenxin.

At this moment, Wu Yingqiu was trembling all over, her body twisting in a strange posture like a shrimp.

"Master Su, what happened to her?" Wu Tian asked curiously as he wiped the blood from his neck. Honestly speaking, he didn't really hate this woman anymore.

Although she was fierce and brutal, her body ... In short, it was a long story.

But no matter what was said, she was still someone from the Wu Family, and she was even a victim.

Wu Tian was also very curious as to why she had so much hatred towards Wu Family.

Su Wenxin released her fist, and Wu Yingqiu immediately stopped screaming and wriggling.

"Of course it's my old job's method, it was her who took your Spirit-Sobering Pill, there's my insect Gu in that thing."

She spoke with a relaxed expression, but she didn't expect Wu Tian to have such a deathly pale face.

One had to know that this Spirit-Sobering Pill was given to Wu Tian to eat at the beginning, which meant that he had kept this insect Gu in his mouth for so long.

It was fortunate that it was taken away by Wu Yingqiu. Otherwise, Wu Tian would have immediately started to sweat and feel nauseous whenever he thought of the worms in his stomach.

"Alright, you can do whatever you want with this woman. I still need to go back to dress up and prepare for the bar tonight."

With that, Su Wenxin slowly walked out of the room while Wu Tian turned to look at Wu Yingqiu. She was lying on the ground, completely powerless. The pain from earlier had almost taken away her life.

If Wu Tian were to kill her now, it could be said that it would be easy.

After hesitating for a moment, Wu Tian still followed Su Wenxin.

"Aren't you going to kill her? She's the right protector of the Tianying Sect."

Su Wenxin felt it was strange that Wu Tian had come out so early in the morning.

"Forget it, she's a pitiful person."

## **Hidden Billionaire Chapter 770 - It's Not All Good to Know too Much**

### **C770 It's Not All Good to Know too Much**

After escaping from the warehouse, Wu Tian was still thinking about what just happened.

The news quickly reached Su Cancan and the others, and they hurried over.

"Master, how did you know I was caught in this place?" Wu Tian was curious about this point. If it was later, Wu Tian felt that his life was in danger.

Su Wenxin turned around and smiled at Wu Tian, revealing her teeth.

"You really want to know?"

Hearing Su Wenxin say that, Wu Tian recalled Wu Yingqiu's expression and immediately hesitated.

"About that, could it be ..."

He started to worry, it was not as if such things had never happened before. Wu Tian's hair was already standing on end, as if ten thousand ants were crawling on his back.

"More or less. Luckily, I left some bugs on your body. Otherwise, I really wouldn't know how to find you." Su Wenxin laughed in a very unkind manner.

However, the price was that Wu Tian rushed to the side and choked on his own throat as if he wanted to spit out everything he had inside.

"Master Su, didn't I say not to give me any more Insect Gu ..."

Wu Tian almost vomited his stomach out, but he still felt worried.

He hadn't interacted much with Su Wenxin during this period of time. Since when did he get infected by her Gu?

However, there was no need for him to consider this issue. There were simply too many methods of using the insect Gu, and it was almost impossible to guard against.

"Even if you puke, it's useless. This insect Gu isn't something you ate. Furthermore, if you eat the worms into your stomach, they would be digested. How could they possibly give me information? "

Su Wenxin looked at his expression and mocked him nonchalantly. It was just that she didn't look too elegant right now.

When she appeared just now, she was wearing pajamas. Now, her hair was disheveled, and she was wearing pajamas as she ridiculed Wu Tian. From a distance, she seemed to be a crazy woman.

Wu Tian really hoped that he didn't hear those words. He thought that what he did should be enough.

Now, he could no longer remain calm. He only wanted to hurry to the hospital to check his body.

Not long after that, Su Cancan and the others arrived in their car. She had just got out of the car and saw Wu Tian and her master here. She had a weird expression on her face.

"Master, why are you here?"

"If I'm not here, who's going to save this guy?" Su Wenxin said in a bad mood. Although Su Cancan was her disciple, on the contrary, she cared more about her in daily life.

"Then you shouldn't dress like this ..."

Su Cancan had some objections. Thankfully, most of the people in this team were on Su Cancan's side, so they didn't have to worry about losing face for their master, Su Wenxin.

"Do you think I want to do this? If I didn't feel that Wu Tian was in danger while sleeping, I wouldn't have gotten up at this time. "It's too early. I feel like I still haven't woken up from yesterday's drinking."

Su Wenxin greeted her as she spoke.

She saw that her own apprentices had all arrived, so she decided to get on the car and rest first.

The security team quickly searched the warehouse and captured the masked criminals.

However, in the room with the iron gate, there was only a messy floor but not the masked woman that Wu Tian talked about.

If there was no surprise, Wu Yingqiu must have run away.

"Let's go back first." Su Cancan was leading the convoy and retreating. The journey was smooth sailing for them.

He reckoned that the right Guardian of Tianying Sect, Wu Yingqiu, did not dare to pick a fight as well.

Unless she didn't want to live anymore.

"Wu Tian, are you alright?" Su Cancan looked at Wu Tian's body which was covered in blood. She was initially very concerned about him, but halfway through her words, she felt that something was wrong and her tone became cold again.

"I'm fine, I'm fine ..." What Wu Tian suffered were mostly superficial wounds. He was whipped by Wu Yingqiu several times. Luckily, he did not injure the vital parts of his body. Otherwise, Wu Tian would be miserable for the rest of his life.

However, if one looked under Wu Tian's clothes now, they would see bloodstains.

Although the wound had already stopped bleeding, it was still a shocking sight to behold.

Wu Tian didn't feel any resentment because of this. He just didn't understand what happened to Wu Yingqiu and what happened to her.

However, he really didn't have any memories about Wu Yingqiu, so he couldn't come to any conclusion. He could only go back and ask Wu Zhi to see if he had anything to say.

After returning to the Wu Group company, Wu Tian quickly went to the infirmary and got someone to treat his wounds.

The disturbance this time had little effect on the company. The enemies were also relatively calm, so they did not hurt Xi Chengwen.

In other words, they didn't lose much this time, and they even brought back a lot of people. Now, Su Cancan's little dark room could be considered to be open for construction.

The transformed Little Black room was still inside the Wu Group Building at this time, but it would not let anyone hear even the slightest sound from the outside.

Su Cancan happily went to do her own thing. Wu Tian could only sit on a chair without a backrest and look at the documents that Loong Yun handed to him.

"President Wu, why don't you go and rest?" Loong Yun's heart ached as she looked at Wu Tian, who was covered in bandages and looked like a fresh mummy.

Wu Tian waved his hand. This little problem was nothing to him.

"There's no need for that. Right now, our situation is a bit more complicated. It's better for us to prepare as soon as possible."

Since they had already reached an agreement during the day with Baili Zhenlin, at this time of night, both of them had already started working on some projects.

Actually, the amount of money they had traded wasn't that big. Most of it was for the hotel.

After signing the documents, Wu Tian felt that he finally completed a day's worth of tasks. A wave of tiredness swept over him.

He stretched lazily and Loong Yun helped him into the bedroom.

Loong Yun originally wanted Wu Tian to lie down and take care of him before she left.

However, Wu Tian stood in front of the bed and then stopped moving.

"What's the matter with you?" Loong Yun thought that Wu Tian had something else on his mind.

"That... I want to go to the bathroom... "
