

Hidden Billionaire Chapter 771 - Shared Bed but Nothing Happened

C771 Shared Bed but Nothing Happened

Wu Tian had never felt such an awkward moment.

He himself was already over twenty years old, and he had been going to the toilet alone for over twenty years.

Now that things had developed to this point, he was actually in need of someone else's help when he went to the toilet.

Right now, even his hands and body were tightly bound. There was no way for him to untie his pants.

It was just that Wu Tian wanted Loong Yun to call Azure Dragon over, or just call a man to help him.

However, Loong Yun didn't care about this at all and directly carried Wu Tian to the toilet.

The two men were silent again, facing the toilet.

What a joke! Wu Tian's heart was about to explode. You're standing here with such a great beauty and your figure is so good, how could I let you help me untie my pants ...

"That, President Wu ..." Loong Yun seemed to have made up her mind. She stretched her hand down tentatively.

"Wait a minute!" Wu Tian immediately shouted.

"Forget it ..." Wu Tian's voice was already starting to tremble. Actually, he was almost unable to hold it in anymore. Right now, he was wondering if he should pee his pants or ask Loong Yun to help him.

"President Wu, it's not good for your body to hold back. Also, if you dirty yourself, it won't be easy to recover from the infection." Loong Yun's tone was very even, as if she didn't care about this at all.

After saying that, Loong Yun didn't care about what Wu Tian said anymore. She reached out and quickly pulled down the zipper on his pants.

When he came out of the bathroom, Wu Tian just wanted to close his eyes and find a hole to hide in. Perhaps it was to make him lose his memories, or perhaps it was to make Loong Yun lose her memories.

He had experienced almost all the awkwardness of his life at that time.

"President Wu, wait a moment." Loong Yun helped Wu Tian pull the quilt away and helped him onto the bed.

Wu Tian didn't dare to meet Loong Yun's gaze because he didn't know how to face this person.

After covering him with the blanket and listening to Loong Yun's high-heels as she walked towards the door, Wu Tian finally felt a little relieved.

The lights in the room were turned off and everything turned dark.

However, the sound of high heels did not leave his ears. Instead, it came back.

"Why are you ..." Wu Tian felt strange. Why didn't Loong Yun leave? This was his bedroom.

Loong Yun didn't answer immediately. Instead, she sneaked into Wu Tian's blanket quietly.

She was wearing a silk dress, which seemed to be a pajamas. She gently hugged Wu Tian from behind.

"The doctor said that the wounds on your body are all over your body and you can't stay in one position at night to sleep. That's why I helped you roll over at night. "President Wu, just sleep well."

Loong Yun's body was sticking closely to Wu Tian. Her skin was burning hot like a furnace.

"How can that work? If others find out, wouldn't that mean I ..." Wu Tian quickly refused, but before he finished, Loong Yun's arm was already wrapped around his.

"I am President Wu's secretary, it is only right for me to take care of you. If it was Miss Shen Xue and the others, I think they would not hesitate at all. "

Wu Tian was about to say something when he smelled a faint fragrance coming from Loong Yun's body.

The smell made him feel very at ease. His entire body was comfortable and even the wounds didn't seem to be painful anymore. Unknowingly, Wu Tian fell asleep.

The next morning, the sunlight shone through the gaps of the curtains and onto Wu Tian's face. This was the most natural way to wake him up.

Wu Tian sat up slowly. He felt empty around him. When he turned around, Loong Yun had already left without him knowing.

Originally, this was a good thing. Wu Tian didn't have to worry about meeting Loong Yun in the morning, but inside Wu Tian's heart, there was a trace of disappointment.

He felt that he was starting to miss the feeling he had last night before going to bed.

This time, Wu Tian really slept very happily. Right now, Loong Yun's scent was still lingering in the blanket.

While he was still daydreaming, his phone vibrated at an untimely moment, interrupting Wu Tian.

"President Wu, we are almost done here. All of the money we have on hand has been retracted. We have also repaid the money that we had President Guan borrow."

The person who called him was Wu Zaibin. His tone was very happy, as if he was very happy.

"Alright, alright then. Not bad, you've worked hard this time. Why don't you come back?"

Wu Tian finally revealed a smile. Although this was something he had met before, the feeling he had after hearing it for himself was still different.

"Great, we can finally return. Also, President Wu, we got the company here before, what do we do now? Furthermore, Secretary Loong had sent me a message, asking me to look for the homeland of Korea for a talk, saying that I wanted to buy an island. "

It was fortunate that Wu Zaibin had mentioned it, otherwise Wu Tian would have almost forgotten about it.

"Right, right. You can't come back yet. Listen to Secretary Loong. "Buy that island first, don't you have money? If the price is right, then it's a deal. Now should be the time for them to run out of money."

Wu Tian quickly changed his words and a lot of passion started to rise in his heart.

He had already started planning something in secret.

In the past, Wu Tian had never been as excited as he was now. When he thought that he was about to enter the field of aerospace, he couldn't help but feel his blood boil.

"Alright then, just wait for my good news. Right, there's one more thing. Guan Ruonan and Tang Yanrou both sent me a message, saying that they will be flying back today, and asked me to let you know. "

There were still two more people like that. Wu Tian quickly slapped his forehead. This was a huge matter and he couldn't afford to neglect it.

After hanging up the phone, he quickly put on two sets of clothes and left the room in a hurry.

Outside in the living room, Loong Yun was sitting beside the workbench, tapping on the keyboard.

There was a thick stack of papers in front of her, and it seemed like another very busy day.

"Good morning, President Wu." Loong Yun's voice was unperturbed, as if nothing had happened.

Wu Tian felt a bit nervous and embarrassed, so he quickly shifted his gaze elsewhere.

"Good morning." Breakfast was already prepared for him and placed on the dining table.

Wu Tian went over to eat and said, "Guan Ruonan and Tang Yanrou are here today. We need to pick them up."

Loong Yun nodded without raising her head.

"I've already arranged the car. Their room, I've already arranged it diagonally opposite of yours."

Wu Zaibin first told these things to Loong Yun, so she was already prepared.

Hidden Billionaire Chapter 772 - Longer Pain Is Better than Shorter Pain

C772 Longer Pain Is Better than Shorter Pain

After breakfast, Wu Tian cleaned himself up and tightly wrapped himself up, trying his best to not let people see the bandages on his body.

After all, he represented the company's image. If he went out with a body full of injuries, it would result in his employees not having any confidence in the company.

Especially at this crucial moment, the concentration of the human heart was far more important than anything else.

Yu Naixin held morning meetings in the conference room every day, which meant that she had to arrange matters regarding the company.

Today was different from the past few days. The people in the meeting were more enthusiastic because they finally had a way to buy supplies and sell products.

This at least proved that Wu Group company did not get abandoned by all the companies.

Previously, when they were restricted by the China Chamber of Commerce, many people thought that their company was done for.

But who would have thought that not only did Wu Tian not give in, he even found a viable path and successfully got rid of some trouble.

If there was hope, then anything was fine.

"This Seafood TV and the problems with the Odd Fish broadcast, I think that we've gotten a little better in the past two days. Don't let the rumors spread around and let them get away, these are public relations matters, they're just the enemy's methods."

Yu Naixin was very concerned about this issue because many employees in the past few days had started to doubt whether their company was really as the people on the internet described it.

"Director Yu, it's not good to continue like this. There are millions of comments scolding on our website every day ..."

"That's right, the employees have a lot of opinions now as well ..."

"There are some people who can't handle this kind of pressure. It's already a resignation letter to the office."

The leaders in the meeting all started to voice out their difficulties. In fact, it was understandable for them to have such thoughts.

After all, there won't be many employees who will see the company as their home.

Even though Wu Tian always gave his employees the best and highest salary.

However, in the end, both sides still maintained the identity of an employer and an employee.

In this way, the two sides will never be able to get together, and employees will not always be the same as the company.

"You don't need to keep those who want to resign."

At this moment, Wu Tian stood up from the back of the meeting room, which surprised everyone present.

"President Wu ..." Yu Naixin stood up immediately as she felt a little embarrassed. She was obviously the center of attention, but something like this still happened in the company.

"Those who want to leave, we don't need to stay. Staying behind might not be beneficial for us." Wu Tian was very straightforward. This kind of thing should be seen more easily. It would cause a huge problem if he kept holding on to the old idea.

"President Wu, then our people ..."

"If we don't have enough manpower, then we'll recruit more. If not, then we'll slowly cultivate them."

Wu Tian didn't care at all. He would never let an employee take control of the department, he only made everyone take charge of a small part of the department. In this way, the entire department could become a line of water, and everyone could carry out their duties.

If one person resigned, it would not have much effect on the work of the whole department.

"President Wu, you don't know. Right now, it's not that easy for our HR Department to recruit people. Quite a few recruitment websites outside do not accept our company's move in ..."

Yu Naixin also didn't want to contradict Wu Tian on purpose. It was precisely because of this matter that the leaders of these departments were scared and didn't dare to carelessly agree to the resignation of their employees.

Wu Tian furrowed his eyebrows. This Chang Zairong really wasn't giving him any chance, he had banned Wu Group Company from all sides. It seemed that this position of China Chief Commerce Chamber Chairman was not for nothing.

"Since we can't find anyone on the website, then let's go to a place that is more friendly to the citizens. Go and confess to the university!" Wu Tian gritted his teeth. Although this kind of efficiency was much slower and it cost a lot of money and manpower, it was the only feasible method they had right now.

"This ..."

Yu Naixin was still a bit hesitant. If they did this, they definitely wouldn't be able to replenish a large number of experienced employees that quickly.

"Don't worry, things will happen sooner or later. It's better for everyone if it hurts later than earlier. Just do as I say. "

With Wu Tian's words, Yu Naixin no longer hesitated and quickly gave her orders.

"Each department will send out one or two elites or elites. In a day or two, we will start to enter the university to recruit students." All the employees who want to resign are approved and approved. All salaries shall be paid, and bonuses shall be paid to those who perform well. "

Since this matter had already been decided, the department heads could only agree and go back to arrange things.

Although this would definitely affect the department's benefits towards Wu Group company, Wu Tian wasn't particularly concerned about the profits at this time. As long as he didn't lose anything, he could accept it.

In any case, the majority of the company's shares were in his hands, so it was not up to him to decide what the company's rules were.

Money didn't mean much to Wu Tian anymore.

"President Wu." As soon as the meeting ended, Yu Naixin hurried over and called out to Wu Tian, who was about to leave.

"What's wrong?" Wu Tian turned his head and looked at Yu Naixin. Ever since she was promoted to "ceo", she had become very capable and decisive when she spoke.

She was actually feeling a bit awkward now.

"About that, I'm really sorry. I didn't manage the company well." Yu Naixin lowered her head in self-reproach, waiting for Wu Tian's reprimand.

"What are you apologizing for? It wasn't you who caused this, Chang Zairong was the main culprit. It's already good enough that you can do this, at least the company hasn't collapsed yet. If the company were to collapse, I would definitely come to you to find fault. "

Wu Tian smiled and patted Yu Naixin's head, telling her to stop blaming herself.

If he didn't completely trust Yu Naixin, he wouldn't have given her the job.

Looking at the time, Wu Tian realized it was already late. Loong Yun was already waiting at the door for Wu Tian to pick her up.

"If you have anything to say, just tell me. I have other things to do, so I'll be leaving first." Remember, don't be afraid. Think carefully about whether there are any solutions.
"

Wu Tian threw down those words and staggered a bit as he rushed towards Loong Yun.

Yu Naixin looked at his back and raised her head as well, straightening her back even more.

Hidden Billionaire Chapter 773 - Helper Drives to

C773 Helper Drives to

Although they had all grown up in China, only after living abroad for a period of time and coming back would they have a good feeling about being in a home.

On the contrary, they would not pay attention to this point when they were at the China everyday.

Guan Ruonan watched as the plane landed on the ground, feeling a little excited in her heart.

The moment she landed, it meant that Guan Ruonan was about to return to China and develop.

The number one target, was naturally the man who was at the peak of the China headquarters, Chang Zairong.

Similar to her, Tang Yanrou also came with her own thoughts and mission in mind. She wanted to take revenge for her father.

She clearly investigated what happened at the beginning and whether it had anything to do with Chang Zairong.

They got off the plane and saw Wu Tian waving at them from afar.

The two of them also ran over excitedly. Although they didn't spend a very long time together, it was a touching feeling when they met.

"You've all worked hard on the way here. Come, quickly get on the car." Wu Tian didn't waste too much time, he first invited the two into the car.

"I didn't think that you would actually come personally to pick me up, President Wu. It really makes me scared." Guan Ruonan was rather flattered.

She had thought that Wu Tian would send someone over, or perhaps he would just tell them where the company was and let them go by themselves.

However, he didn't expect him to come personally and Wu Tian didn't have anyone else besides Loong Yun as his secretary.

Wu Tian didn't look like a person with tens of billions of gold, and he was even the Patriarch of the Wu Family.

If someone didn't know, they would think that he was just a small boss. Who would think that he was the one fighting against Chang Zairong?

"Why do you care about this? You guys have come at the right time. I'm lacking manpower right now." I don't know if you've heard the news yet. "

Wu Tian did not care about the mess at all. He never let himself be surrounded by a bunch of people.

Of course, it wasn't because he was short of money, but because he felt that doing that would make his goal even bigger.

He had always liked to keep a low profile.

"I heard a bit about it. It seems like Chang Zairong has already taken action."

Guan Ruonan didn't actually know that much. Recently, she had been busy handing over the things in her hands.

"Actually, it's much more ruthless than what you guys are experiencing. Right now, he is not only requesting the China company to not make a sound with us. We are not even capable of recruiting personnel. Furthermore, he even incited the underground powers of S City to give me trouble, did you see that ... " With that, Wu Tian lifted up his clothes slightly, revealing the layers of bandages underneath.

"I almost died in his hands, so the two of you have to think carefully. If you were to turn back now, it would be too late."

Actually, Wu Tian didn't mean to scare the two girls.

However, this was not a joke. The risk was very high.

After all, the two girls had a family and business, Wu Tian didn't want them to get into danger.

"I'm not afraid. Even if he comes to kill me, I will not retreat." Tang Yanrou did not hesitate at all. If she had even the slightest bit of fear, she would not have boarded this plane.

Guan Ruonan looked at Tang Yanrou with some surprise. She didn't expect this young girl to have such a firm will.

In that case, as an experienced person, she couldn't show her fear.

"Of course we are mentally prepared for this. Even if I was in Korea, I might have died. Didn't something happen to the previous Commerce Chamber Chairman?"

Wu Tian was very relieved to see that the two of them did not show any fear.

"That's great, we'll have to fight side by side in the future." Wu Tian shook hands with the two girls and quickly brought them to Wu Group Corporation.

The room was naturally arranged well in advance, even to the point of being very close to Wu Tian. This gave the two of them a sense of security.

As soon as they entered the company, the four of them bumped into Su Wenxin and Su Cancan.

Su Wenxin was still the same as before. She looked at Wu Tian and quickly came closer to him.

The two of them seemed to be a couple.

It's just that people from the Wu Group had long since gotten used to it and did not feel that it was strange at all.

But it was the first time Tang Yanrou and Guan Ruonan had seen one of them, staring at each other with wide eyes.

Actually, there was something even more surprising that happened later on.

Su Cancan looked at her master doing such a thing in front of so many people. She suddenly became angry and rushed over to pull her master aside.

She looked several times back and forth between Tang Yanrou and Guan Ruonan.

Although Guan Ruonan was over 30 years old, her skin, body, and the like were still extremely healthy. Furthermore, her entire body was exuding a mature aura.

Tang Yanrou, on the other hand, was the opposite. The collagen on her face made countless women jealous.

Moreover, there was a pair of eyes on her somewhat immature face that did not match her appearance.

It was a pair of eyes that had seen many things. Normally, it would not appear on a girl in her twenties.

"You've found yourself a new woman?"

Su Cancan said coldly. It could be said that her attitude was extremely bad.

During this period of time, she noticed that there seemed to be new women appearing every so often around Wu Tian. It was as if it was a theorem, this rule definitely wouldn't change or make any mistakes.

Guan Ruonan and Tang Yanrou started to look a little embarrassed, lowering their heads in a hurry.

Obviously, the two of them knew that Su Cancan misunderstood the both of them and thought that Wu Tian had found them a woman.

"What nonsense are you talking about? These are my friends. Come over and help us. They are both Chang Zairong's enemies."

Wu Tian explained slowly. Of course, he already knew what Su Cancan meant. Her bad mouth was not something that could be said for a day or two. She was already used to it.

"So that's how it is." Su Cancan forced a smile as she left with her master.

Wu Tian didn't say anything as he watched them leave. He continued to bring Tang Yanrou and the others upstairs.

"I say, Su Cancan, when are you going to accept the marriage certificate with Wu Tian?" If you drag this on, I don't think you'll get the chance. "

Su Wenxin looked at Su Cancan with a strange expression and began to talk to her.

"Who would marry him!" Su Cancan might have said that, but her face was red.

Hidden Billionaire Chapter 774 - The History of Wu Yingqiu

C774 The History of Wu Yingqiu

The arrival of Guan Ruonan and the others also brought a bit of surprise to Wu Tian.

Although Tang Yanrou said that she had mentally prepared herself, she knew that Wu Tian was a very good boss.

But a company with such a large Wu Group would also have such a tall building. This building was practically the landmark of the entire S City, and this was something she had never expected.

"You guys should go rest first." Wu Tian no longer had any plans to follow them. In fact, there were still a lot of things waiting for him to decide.

Su Cancan had interrogated them for an entire night, and by now, it was about time for the results to come out.

In the small dark room, they had captured a total of seven or eight people. Now, most of these people were tied up, as if they were about to die.

Su Cancan's methods could be said to be extremely brilliant. She wouldn't let them see any injuries on the surface, but the blow she dealt to them was definitely more terrifying than going to hell.

Everyone's feet were covered in a puddle of water. This was their sweat.

"How is it?" When Wu Tian entered, he clearly felt his body tremble.

Even Wu Tian might not be able to endure such pain.

"What I should know should be made clear. They just don't know the details. "

Su Cancan looked relaxed as she sat there eating her melon seeds.

"The position of the leader behind the scenes is a little special. You still have to pay more attention to this. Her name is Wu Yingqiu, one of our Wu Family. " Wu Tian's expression was very ugly. If it was someone else, he wouldn't think so much and just think of a way to deal with him.

However, this Wu Yingqiu really made him feel somewhat conflicted.

"Wu Yingqiu? I've never heard of that name. " Su Cancan had a face full of suspicion. This wasn't really a lie, Su Cancan had stayed in the Wu Family for such a long time, and she had even helped to manage the Wu Group company.

She knew most of the people from the Wu Family, even someone like Wu Zaibin and the others who weren't really close to the Wu Family knew their names.

But this Wu Yingqiu seemed to have appeared out of nowhere.

Not many people knew what her true identity was.

"I don't know either. I think only Old Master knows."

The key thing now was to investigate Wu Yingqiu thoroughly. What was going on with her?

If other Tianying Sect people had come, Wu Tian wouldn't be so scared, it would just depend on who had more money.

But this Wu Yingqiu was different. She seemed to be filled with hatred towards Wu Family, because even if there was no money in this matter, there was still enough reason for her to make a move against Wu Family.

Wu Tian didn't want to be on tenterhooks every day after that.

"What about these people? Should we silence them?" As Su Cancan spoke, she made a gesture to draw a line across her neck.

The main thing was that these Tianying Sect people were mostly people who had committed crimes, and each of them had a few lives on them.

"Forget it, let's just send them all to the police. There's a captain called Sunn Hongsheng, we can send him a message and then throw all of them to them."

Wu Tian did not want to continue tormenting these people.

Wasting time, Su Cancan had more important work to do, so she couldn't focus on this place anymore.

Wu Tian came out of the small dark room and called Loong Yun over. The two of them immediately went to look for Wu Zhi.

Old Master was still living in the village of Loong Yun's father's clinic. He really liked that place.

He felt very comfortable, far away from the hustle and bustle of the city.

Wu Zhi was happy at first when he saw Wu Tian's arrival, but he started to worry soon after.

Wu Tian looked at the frown on Wu Zhi's face and quickly greeted him before asking him why he was unhappy.

"Ai, I saw you come here. I thought you came here specifically to see me, but then I thought about it and realized that you're so busy right now. If there wasn't something important, you wouldn't have come looking for me. Something must have happened. "

Old Master's way of thinking was very clear, and Wu Tian could not help but secretly admire him.

"You guessed right, I really did not come here for no reason. Now that a very troublesome fellow has appeared, I want to ask if you know anything about her."

Wu Tie paused for a moment, then softly said the name Wu Yingqiu beside Old Master's ear.

Wu Zhi's expression changed drastically, as if he heard something extraordinary.

"Grandfather?"

"Shouldn't she already be dead? How could he still be alive? "

Wu Zhi couldn't believe it, but Wu Tian didn't need to lie to him about this. If Wu Tian didn't know about this person, he wouldn't be able to say this name.

Seeing Wu Zhi's reaction, Wu Tian felt that something wasn't right.

What exactly happened in there actually made Wu Zhi so confused.

"Who the hell is she?"

Wu Zhi looked at the setting sun in the distance. The sky had already started to darken.

"Come in, let me tell you about this. She is also a poor child."

Wu Zhi walked into the room with a worried expression on his face.

Wu Tian and Loong Yun looked at each other. Loong Yun had already prepared a recording pen. Wu Tian wanted to record down this matter.

"This Wu Yingqiu is indeed one of our Wu Family, but she is an illegitimate child."

Wu Zhi slowly pushed away the fog of the past and explained everything.

"If we're talking about this, we have to start from more than twenty years ago."

The time span was not small, mainly because it started with Wu Yingqiu's mother.

"Wu Yingqiu's mother was a servant of one of our Wu Family. When they first came here, she was not very old, and she was also not bad looking, and since she was an honest person, she worked for a cousin of mine. Later on, something that shouldn't have happened between the two of them, she was pregnant. "She was pregnant with the current Wu Yingqiu."

Hearing Old Master Wu Zhi's words, the mystery of the whole matter was unraveled bit by bit in Wu Tian's heart.

"Then what exactly happened to her body? I saw scars all over her body ..."

"You might not know this, but this cousin of mine is Wu Yongan's father. Only a few years ago, a fire suddenly broke out in the place where he lived, burning several people to death. "I thought that Wu Yingqiu was also dead."

Wu Zhi's eyes were full of regret. Now that he thought of such a thing, it made him feel really heavy.

Hidden Billionaire Chapter 775 - Occurrence

C775 Occurrence

"That Wu Yongan's father is your cousin. Could it be that he mistreated Wu Yingqiu?"

Wu Tian guessed boldly that this would not allow anyone to link the two things together.

"Actually, I know a bit about this matter, but I couldn't care less at that time. After that incident, I thought it was over and didn't take it to heart."

Wu Zhi's face was full of regret. When he had just become the family head, his family's business was at a critical moment, so he had put all his heart and soul into his business.

But his own cousin also provided a lot of support to Wu Zhi in this regard. It could be said that without Wu Yongan's father, the Pragmatic Group wouldn't have been as glorious as it was now.

This was also the reason why Wu Zhi didn't pay attention to Wu Yongan.

It was mainly because Wu Zhi was concerned about his father's kindness.

However, it was precisely because of this that Wu Zhi was restrained. Between benefits and morality, he chose to give up on little girl.

The room became silent, while Wu Tian felt even worse.

Wu Zhihe and Loong Yun had never seen Wu Yingqiu before, so they probably didn't feel much.

But Wu Tian knew it, there were so many scars on Wu Yingqiu's body. And her face was like that.

All of this was probably related to Wu Yongan's father. As things stood, Wu Tian finally understood why Wu Yingqiu was so furious, or perhaps it could be said that she had a grudge with him.

If it was him who had suffered such a fate, he would probably do it even more ruthlessly than Wu Yingqiu.

It was her real father who had abused her.

"Alright, Grandpa, since you don't want to think about it, there's no need to think about it. I know what happened already." Wu Tian seemed to have broken down a little when he saw Wu Zhi's mood. He was so old, yet he was crying like a child at this time.

"I've let her down. Even though I haven't seen her for a while, it was still a life after all!"

The more Wu Zhi thought about it, the more he felt like he was responsible for this matter.

"Grandfather, since this matter has already happened, let's think of a way to resolve it. The current situation is that she wants to kill all of us from the Wu Family. Wu Tian smiled bitterly. Although he understood this guy's thoughts, it didn't mean that Wu Tian could accept the fact that he was going to die like this.

What a joke, he still had so many things to do. Plus, why didn't he go find Wu Yongan's family for revenge on Wu Yingqiu's account? Why did she come find trouble with him?

This had nothing to do with Wu Tian and the other Wu Family people.

Many of them had no idea that Wu Yingqiu was such a character.

Just as they were chatting in the room, the sound of footsteps came from outside the window.

Wu Tian and the others keenly felt that something was wrong and quickly ran out.

Loong Yun wore high heels, so it wasn't very convenient for her to move around. She simply took off her shoes, barefooted.

She stood guard inside the room and protected Wu Zhi. At the same time, she pressed a button on her phone. A cabinet in the room was suddenly pushed out, revealing a passageway inside.

"Hurry up and enter." Loong Yun urged Wu Zhi. This was an emergency passage set up by the Long family, so it was time to use it.

Wu Zhi was still in a daze. Loong Yun saw that he didn't have the time to care about that and directly rushed in with Wu Zhi.

"President Wu, come in quickly!"

Loong Yun stood guard at the entrance of the passageway and shouted at Wu Tian's figure.

Wu Tian had just been injured and his fighting ability was not very strong, so Loong Yun was worried about him.

It was a good thing that Wu Tian had only gone to take a look, and after finding no one, he had immediately returned.

However, the killing intent around them did not diminish at all. Wu Tian could feel that this person should be near them.

Once they entered the tunnel, Loong Yun quickly closed the door and locked the metal door from the inside.

"What should we do next?" Wu Tian was finally relieved. This way, the enemy outside probably can't do anything to them for now.

"This place can lead us to the other side of the village. We can leave from there."

Loong Yun did not panic. She first pulled Wu Zhi to the side and asked him to sit down.

Wu Tian looked at Loong Yun's bare feet and frowned. There were only some junk in the tunnel and some sharp objects on the ground.

It's easy to get hurt with bare feet. Wu Tian simply took off his clothes and tore out two long ribbons.

He walked over slowly and picked up Loong Yun.

He didn't say a word and didn't give Loong Yun any preparation for the whole process.

This sudden action made Loong Yun's heart jump to 180 beats. She never expected Wu Tian to do this.

"President Wu ..."

"Don't move!" Wu Tian gently put Loong Yun on a small table while he half-kneeled on the ground with one leg and even grabbed one of Loong Yun's leg with both of his hands.

She was tall and slender, but her feet weren't big. It could be said that they were just right for her, and she appeared very beautiful.

Although the light in the tunnel wasn't very bright, it was still reflected on Loong Yun's face.

"How can you be naked like this? I'll take care of you, grandpa, so just follow us properly." Wu Tian's words were unquestionable. He wrapped the cloth belt around Loong Yun's feet.

Circle after circle, as if bandaged.

There were no other shoes here, so he could only use this method to replace them.

We can just wait until we're outside and find another way.

Not long later, Wu Tian made a pair of such simple cloth shoes for Loong Yun. It was the first time Loong Yun's feet were touched by anyone other than herself. The first time was a man, and it was Wu Tian, who was seen only by himself.

Don't look at how Loong Yun was already a little confused, but Wu Tian didn't have any reaction at all. He didn't have any other thoughts from the beginning, he just didn't want to injure Loong Yun. If her foot was injured, then it wouldn't be that easy for her to escape.

Even Wu Tian couldn't take care of two people at the same time.

"Let's hurry up and go. We can't stay here for too long." Wu Tian heard the banging and other sounds from the other side of the metal door.

The person outside must be trying to figure out how to get in. They're no longer safe here.

"Alright." Loong Yun lowered her head. She didn't want Wu Tian to see her embarrassed look and purposely walked at the back.

Old Master Wu Zhi's legs were still okay, so Wu Tian simply supported him and they quickly went through the tunnel.
