

Hidden Billionaire Chapter 777 - Wu Zhi's Self-relief

C777 Wu Zhi's Self-relief

Zheng Taiwen saw them run away, but he didn't chase after them. Instead, he calmly lit another cigarette.

"What are you doing? Don't let them escape!"

Wu Yingqiu looked at Zheng Taiwen with a strange expression, questioning why he didn't go and stop them.

She finally found a clue about Wu Tian and the others, but she didn't want to let her hard work go to waste.

"What are you in a hurry for, they can't get away."

With that, Zheng Taiwen's figure flashed and chased in the direction of Wu Tian's car. Because his speed was too fast, he could only leave afterimages in the air.

They thought they finally made it out. Wu Tian and the others let out a sigh of relief. However, when he looked back, his face turned pale.

"Hurry, hurry! He's catching up!"

Loong Yun had already stepped on the throttle to the limit, but due to the collision with the car just now, she was unable to increase her speed even a little.

In the blink of an eye, Zheng Taiwen had already rushed to their side.

He punched the car, forcing it to change direction and hit a tree on the side of the road.

The impact caused the few people in the car to crash into each other.

Luckily, they didn't move fast. Loong Yun was in too much of a hurry and didn't even have time to buckle up her seat belt before she hit her head on the steering wheel. At this moment, there was no movement.

At the last moment, Wu Tian had blocked Wu Zhi behind him and relied on his own body to block the violent impact.

However, it wasn't over yet. After the car stopped, Wu Tian quickly struggled to get out of the car.

There was still an enemy outside eyeing him covetously. If he stayed in the car, it would only be death.

"You are indeed strong. Last time, such a big fire didn't burn you to death. Now it seems that you really do have some skills." I really can't underestimate you. "

Zheng Taiwen looked at Wu Tian with a smile on his face. He was also holding a cigarette in his hand and was puffing out smoke.

"You don't need to say such sarcastic words. I know you want my life. Last time, you took their money so I can tell you now that I can give you more money."

Wu Tian knew that he had no chance of winning against Zheng Taiwen. It was impossible for him to win just by himself, so he had to think of all means to increase his chance of winning.

At this time, Wu Yingqiu had already hurried over. This time, the two protectors of Tianying Sect had already appeared in front of Wu Tian;

"Really? I'm just afraid of you, I can't afford this price."

Zheng Taiwen's smile was very cold. He didn't show any signs of worry or panic, and the pressure he gave was also the greatest.

Wu Yingqiu stood to the side. Although she was the newly ascended Right Protector, it did not mean that she was weak. Although she might not be able to compare to Zheng Taiwen, she was still considered a ruthless character in Tianying Sect.

"Finally, I've found a big fish." Wu Yingqiu was laughing so hard that she could barely straighten her back.

Wu Tian stared closely at the two people in front of him. He was looking at the surroundings to see if he had any chance of escaping.

In short, living on was Wu Tian's biggest thought. Other than that, he didn't care about anything else.

"What exactly do you want? If you want my name, then I'll stay, but you should let them go, they aren't people of Wu Family. " Wu Tian calmed down and started to seriously think of a solution.

If this was possible, perhaps Loong Yun would think of a way to get some help.

"Naive, just now, I heard the conversation between you and Wu Zhi. Actually, I also thought about it, you don't seem to be that hateful, after all, I don't know you, you seem to have already left the Wu Family since you were very young, so I'm willing to be open with you. However, Wu Zhi must die. "

Wu Yingqiu actually said something that Wu Tian did not expect. He originally thought that Wu Yingqiu wanted to get rid of him as soon as possible, but she actually said that she was willing to let him go.

"What, no!" That's my grandfather, I can't possibly let him make the sacrifice. " Of course Wu Tian wouldn't agree. What a joke.

Although Wu Zhi was responsible for this matter, but it wasn't to a degree that he deserved to die. As the saying goes, there is always a debt for the wrongdoer. Wu Yingqiu really shouldn't blame Wu Tian and the rest for this.

"Then I have no other choice. I've already given you the chance. If you don't fight for it, don't say that I didn't give you the chance."

Wu Yingqiu let out a cold snort. Zheng Taiwen started to walk towards Wu Tian. The huge pressure suddenly came on him, making it hard for him to breathe.

"Wait!"

At this moment, Wu Zhi's voice sounded from behind Wu Tian.

Wu Tian turned his head around in surprise and saw Wu Zhi walking out of the morning light that had already started to change shape while trembling.

"I am willing to accept your suggestion. If I stay here alone and let them go, I can agree to your request. "

Wu Zhi's face was calm. His gaze was very calm. The tone of his voice was so calm that it sounded like he was saying something that was only natural.

Previously, Wu Zhi still looked like he was blaming himself. Now that he came out, he looked completely different.

"What are you doing?" Zheng Taiwen turned around and looked at Wu Yingqiu. He had to ask for her opinion on this matter.

"Alright, you don't have to do it now."

Wu Yingqiu thought for a moment. After all, Wu Zhi's suggestion was very consistent with her previous request, so there didn't seem to be anything wrong with it.

"Grandfather, what are you doing? No, I don't agree. Hurry up and go back, I definitely won't let you get injured."

Wu Tian quickly stopped Wu Zhi. He just didn't expect that his own grandpa wouldn't go back.

He had already made up his mind. Wu Zhi was not an idiot, he could understand the situation.

If she wanted a person's life no matter what, Wu Zhi felt that he could sacrifice one.

He was already a very old man, he had even completely handed over the matters of the company. It was still good to be able to help his grandson at this moment.
