

Hidden Billionaire Chapter 794 - Disposal of Underhanded Losers

C794 Disposal of Underhanded Losers

Wu Tian looked at the girl and started to feel conflicted.

She was indeed very dangerous, but Wu Tian also felt that she shouldn't die.

With all the grief she had suffered, who could help her?

However, this was not a simple excuse for her to be innocent.

"Treat her wounds first. I told Loong Yun to call her father over and see if he could treat her first. " No matter what, this Wu Yingqiu was still a member of the Wu Family, so Wu Tian was used to protecting his own family.

If possible, he didn't want this Wu Yingqiu to die just like that.

As for Zheng Taiwen, who was beside him, he was also a bit troubled.

"Did he never wake up?" Wu Tian looked at Zheng Taiwen who was motionless and muttered in his heart.

"That's right. Even until now, I haven't had a reaction. We still don't know what happened to him." Even now, Su Cancan did not dare to go over to check on his situation. She could only observe from afar, so she did not know what was going on with Zheng Taiwen.

"Ai, what exactly did your master say?" Wu Tian suddenly raised this question. Honestly speaking, he didn't have any good ideas. He couldn't possibly keep this person in his hands forever, right?

"Why is there the matter of my master here?" Su Cancan was puzzled. She didn't understand why she had to ask for Su Wenxin's opinion.

Wu Tian frowned, he didn't know if what he said was appropriate or not.

"Have you forgotten? This Zheng Taiwen and Master Su might have been lovers before ..."

With that said, Su Wenxin also remembered that it seemed to be true.

If he hadn't said it, she would have forgotten.

"Wait here, I'll be right back." Su Cancan left in a hurry, leaving Wu Tian to stare at the two scoundrels through the glass.

Wu Tian's gaze basically stayed on Zheng Taiwen. He still vividly remembered what happened at that time.

If not for that mysterious man, they would have died a long time ago.

However, Wu Tian couldn't understand what was going on with the mysterious person's metal ring that could float.

He was also extremely curious, because he wanted to know a few things about it.

If he was able to uncover this secret, then it might affect the entire world.

Just as she was thinking, Su Wenxin walked in drunkenly from the door. She saw Zheng Taiwen, who was being controlled in the glass room, and immediately became clear-headed.

"How could he ..." Su Wenxin didn't know how to react. She was a bit surprised that Zheng Taiwen would appear here in such a way.

Looking at her master's current state, Su Cancan immediately felt that what he had just done was right.

If not for that, there was a chance that something else might have happened.

"Erm, Master Su, this is how things are. Look at how we're going to deal with this guy ..." Wu Tian went over and briefly explained the situation.

Su Wenxin had a strange expression on her face. Even now, no one knew what she was thinking.

"So what did you mean when you called me over?" Su Wenxin had already made some guesses in her heart.

It was just that this was a little difficult. Su Wenxin was momentarily at a loss as to what she should do.

Wu Tian cleared his throat and exchanged a glance with Su Cancan. They could be considered to have reached an agreement.

"The main reason is because he has been opposing us for the past few days, so I hope to cripple all of his martial arts and hand it over to the police to deal with."

Killing people at any time was definitely not a good idea. If something was exposed, the police might even investigate.

Therefore, the way Wu Tian thought about it was the more gentle way of handling it. Furthermore, he tried his best to think about what would happen in the future.

It was impossible to just let Zheng Taiwen go like this. It would be troublesome if he went back and brought more people to take revenge on Wu Tian.

"Since you've already made your decision, let's do it. As for what to do, Su Cancan should know." Su Wenxin didn't seem to be too interested in this matter. After looking at it for a bit, she turned around and was about to leave.

"Master, wait a moment." Su Cancan quickly told her master to stay. She did know what to do, but she didn't do it until now because she didn't dare to let go of Zheng Taiwen without a super expert around.

If this fellow suddenly went on a rampage, the entire building would be destroyed.

"Please help us here. I will give you a surprise later." As Su Cancan said so, Su Wenxin didn't have much of a reaction to her words. She just nodded silently.

Only then did Su Cancan open the layers of the cage and approached Zheng Taiwen step by step.

Zheng Taiwen opened his eyes slowly as if he felt someone approaching him.

The one that caught his eye was actually Su Wenxin, who was standing not far away.

"A'Xin ..." Zheng Taiwen's condition was not much better than Wu Yingqiu's. He looked like he was half dead after speaking.

"Don't call me that way." Su Wenxin's face alternated between red and white. It was obvious that she was feeling conflicted.

"I'm sorry ..." The corner of Zheng Taiwen's mouth slightly lifted upwards. There was no violence in his eyes at this moment, nor was there any killing intent, he was just calm.

He could only look at Su Wenxin's expression.

Of course, this state didn't last long. A few nails pierced into Zheng Taiwen's body and stabbed into his limbs.

It wasn't over yet. Su Cancan used a steel needle and slowly pushed it into Zheng Taiwen's chest.

This steel needle was not an ordinary one. At the end of the back, there was a small spherical object.

Inside is a bug, this bug will stay asleep most of the time.

However, if it woke up, this bug would push the steel needle forward and pierce Zheng Taiwen's heart.

Therefore, this was a ticking time bomb. If Su Cancan wanted to, she could make him die in a very painful way at any time.

The nails in Zheng Taiwen's four limbs allowed him to maintain basic mobility. As for fighting, there was no need to think about it anymore.

After doing all that, Su Cancan released Zheng Taiwen with confidence.

Zheng Taiwen was quickly sent away, so there was nothing much to say about this.

Su Wenxin went out with him, and her eyes suddenly softened. Su Cancan, seeing this, decided to let her master watch Zheng Taiwen personally.

Regardless of what conflicts existed between the two of them in the past, this was a good opportunity to repair it.

"Is that all that's left?" Wu Tian looked at Wu Yingqiu. Honestly speaking, he didn't dare to look at her. If he took off her mask, the scene would be hard to accept.

"She'll do it for the time being. When the doctor you mentioned arrives, let him take a look." Su Cancan did not have any better methods, since she would not have any medical skills.

The two of them closed the door and walked out.

Wu Tian suddenly realized that there seemed to be a lot more people with this Security Team.

"Did you expropriate this layer already ..." Originally, there seemed to be some other staff on this floor, but now they were all gone.

Those who appeared in front of Wu Tian were all muscular men.

"That's right. After what happened previously, I already knew that just relying on us would be impossible. We would need our own security forces to do so." With just a few Security Team, there was no way to take care of all of them.

After bidding farewell to Su Cancan, Wu Tian went back to his room as it was getting late.

As soon as he entered the room, he could smell a fragrant aroma.

"Is this Shen Xue cooking?"

It had been a long time since Wu Tian had eaten Shen Xue's delicious food. It was fine if he had to make do with the time, but he didn't have the time to enjoy it properly.

"You're finally back. I'm not familiar with this place, so I can only prepare some good food for you at home." Seeing that Wu Tian had returned, Liu Yueyao quickly walked over and helped him to take off his jacket and hang it at the door.

"That's right. It's rare for Sister Huang and Yueyao to be here. I want to come back from outside and show you my culinary skills." Shen Xue carried two plates of food and excitedly walked out of the kitchen. The previously quiet room suddenly had the scent of life.

"I'm really sorry for troubling you. It's really great. It would be great if I could be like this everyday." Wu Tian couldn't help but sigh. Looking at the three beauties in front of the table, his heart was agitated.

"Why are you talking so much? Come and eat something."

Shen Xue had spent so much time preparing dinner. If he didn't eat it, he would have let her down. Therefore, she was urging him with all her might.

The few of them finished their dinner and lay down on the sofa together. Watching the windows by the wall and the scenery of the night, they couldn't help but sigh with emotion.

"Such a life is really good. Everywhere seems to be bustling with activity."

Wu Tian looked outside and thought that if he was accompanied by a beauty, the highest realm in his life would probably only be this.

"All of this is just an illusion. Haven't I been at the hotel recently? I've seen quite a few things that make people angry." Shen Xue began to pour out some bitter water. It wasn't because she was delicate, but because it was really difficult to deal with.

Wu Tian immediately frowned. Could it be that someone dared to bully them at this time?

"Has someone come to cause trouble for you?"

Shen Xue shook her head, "I'm not here to cause trouble, but to look for some peers. Originally, there were a lot of restaurants nearby, but now there are fewer and fewer in each hotel." It is said that in a few days, there will be a few more people who will close their doors. Right now, only we are on a relatively large scale.

"What's going on?"

Since there's nothing our Wu Group company can do about it, and they don't dare to directly come find trouble with us, then they might as well change their way of thinking to find trouble with the people around us. "

Shen Xue sighed. These people really did commit all sorts of crimes. With so much energy, it was impossible to do anything good where it was needed.

"Liang Zhenhai and the others?" Wu Tian instantly felt displeased in his heart.

Seriously, Liang Zhenhai, he just didn't care about him for a while and started to get into trouble. He had thought that Ye Zichen would be well-behaved for a period of time, but he didn't expect that Ye Zichen would actually start to do such a small thing.

"That's right. To be honest, what he did was really smart. Many people are starting to think that it's because of us. Quite a few people are writing slogans at the entrance of the hotel ..."

Shen Xue felt helpless, but even if she reported this to the police, she wouldn't be able to solve the problem. Other than making the situation worse, there was no other result.

"You don't have to worry about this matter, I'll settle it for you. The matter with the Red Power has yet to come to a conclusion, so it is about time to end it. "

Wu Tian's face was serious. He looked out of the window and spoke slowly without any intention to joke around.

Wu Tian left the house early in the morning.

This time, he was sneaky again, with only Azure Dragon by his side.

The two of them stealthily drove the car all the way to a small restaurant in the outskirts of S City.

There was a box here, and there was one person already waiting for the two of them.

"President Wu, you finally came. I heard you were injured? Are you alright? " Yin Rumeng was about to join in enthusiastically, but Wu Tian had no intention of laughing with her at this moment.

"Has there been any movement in the Red Power recently?" Wu Tian went straight to the point. Luckily, Yin Rumeng was like a nail in the face in this Red Power.

"Recently, things have been quite calm. Some people seem to have moved, but from what I see, they don't seem to have anything to do with our company, so I didn't pay much attention to them."

Yin Rumeng couldn't say that she wasn't serious, but it was already pretty good.

"They have a new method now. They're giving us trouble, so we have to quickly think of a way to take care of these people."

Wu Tian had already considered this for a long time. His sharp gaze swept across Yin Rumeng's face as he said word by word, "You have to be prepared."

Yin Rumeng was stunned. What is he trying to do?

"No, what do you mean?" What are you doing? "

"Red Power should be changed. In the future, there will no longer be Liang Zhenhai, and you will become the underground queen of S City."
