## C796 Showdown Action

Yin Rumeng was initially shocked for a long time, but soon after, her face filled with excitement.

She completely didn't expect Wu Tian to say this to her. She was so excited that she couldn't speak.

She could only nod quickly. "I do! I am willing! "

"Don't be in such a hurry. It might be dangerous." Wu Tian's expression was stern. This was not a joke, nor something that could be treated with a casual attitude.

One must know that this kind of thing could very likely cause Liang Zhenhai to counterattack. There might be a big problem.

Yin Rumeng was so excited that her body started to tremble. Ever since her accident, her personality had undergone a huge change.

Wu Tian didn't understand anyways, but it was good for them if she was like this now. Coincidentally, Wu Tian needed more people.

"President Wu, are we really going to make such a big move?" Azure Dragon was also a bit excited. The moment this matter was mentioned, it made people feel like they were about to do something big.

As participants, they were obviously eager to give it a try.

"We can't drag this on any longer. We have to hurry." Wu Tian paused for a moment. The company had undergone a big change. If the environment outside was not good, then this change might be stranded.

Yin Rumeng slammed the table, nearly scaring Wu Tian.

"Nothing to say. I will listen to you. I will do whatever you say!"

If one didn't know the truth, there would definitely be people who would think that this Yin Rumeng was a very powerful person. In fact, she was just a weak girl.

But now, she had actually become a small leader within this Red Power. This was not simple.

"How many people can you move now? It would be best if you could bring them away from this Liang Zhenhua. This time, I will most likely use some methods. When the police intervene, I cannot let you suffer the same fate."

Wu Tian was counting on Yin Rumeng to take care of the aftermath for him, so how could she be like this?

"I thought you wanted us to be the vanguards ..." Yin Rumeng was clearly disappointed, but she still chose to agree. After all, Wu Tian was the boss and he was the boss, so she had to listen to him.

"You can begin to slowly transform in the future. Among these people, if there are people with better quality, they can also come to work at my company." Since they had the mission, of course, they had to get some benefits from it. It wasn't going to be so simple to let these people who had wandered underground have a chance to start anew.

Wu Tian had such a good idea. Others wouldn't care about this at all.

"There's no need for that ..." Yin Rumeng muttered in a low voice. She came to replace Liu Zhendong because she wanted to find excitement.

Now, if he let these people correct their mistakes, she would have to go back to her days of idleness.

"In any case, just tell them that. We're not forcing them, we're just giving them a chance." Wu Tian saw that it was almost time. He still had other things to do, so he didn't want to chat with Yin Rumeng anymore.

After he and Azure Dragon came out, they drove their cars and prepared to run directly towards the Red Power's lair.

"Have you prepared all the things I asked you to prepare?" Wu Tian took a deep breath, preparing himself for what he was going to do next.

After Azure Dragon heard Wu Tian's words, he patted the package on the back seat.

"Don't worry, these numbers are enough. They are all real. I have spent a lot of effort to collect these items."

Azure Dragon chuckled. This time, they were going to give each other a big surprise.

Liang Zhenhai and the others would definitely not have thought that Wu Tian actually planned to use some abnormal methods this time.

Very quickly, they arrived at the place where they had previously participated in the meeting.

This place looked rather shabby. There were even signs outside, but no guests would come to this place any longer.

All these people came and went from the underground organization, so they looked like the tyrants of the vicious beasts.

Even before reaching the door, one could hear laughter and scolding from within, mixed with the voices of quite a few women.

They walked over to take a look and saw that the music inside was constantly playing along with the lights. The crowd was also twisting around and around each other, as if they were dancing like demons.

"We can't go in through the main entrance. We have to go a little further away." Azure Dragon looked at them from afar. There were so many people at the door. The two of them were unfamiliar faces, so they would be recognized immediately.

"Try not to go through the back door. I guess the back door is even stricter than the front door." Wu Tian guessed that this old fox Liang Zhenhai wouldn't be that careless. Therefore, he would think of every possible way to fill the gap that might exist.

Since both doors were closed, the only other option left was to use the entrance to the ballroom's garage.

Wu Tian put on the hat on his clothes and tried to cover his face.

The entrance was relatively remote, close to the ballroom, and there was basically no one around.

The surroundings were all small factories. Most of them were already in a destitute state, so no one would pay attention to the two passersby here.

As long as it wasn't too eye-catching, even if a person died on the way, no one would pay it a second glance.

"Bro, do you need something exciting?" Just as he walked over, a tall and thin man jumped out from the side. His entire body was as thin as a piece of wood, and he was only as skinny as a piece of wood.

As he spoke, he revealed a small plastic bag under his clothes, which was filled with white powder.

"Go to the side, don't bother us." Azure Dragon waved his hand in annoyance. With just that light push, he almost pushed the guy to the ground.

However, bamboo pole didn't know that Azure Dragon definitely couldn't be provoked, so he didn't say too much. Instead, he came over with a mischievous smile.

"You can rest assured that all the goods here are good."

"Get lost, we won't touch these things." Azure Dragon's gaze could almost kill, it just depended on whether this bamboo pole had the ability to judge.

bamboo pole backed off in fear. He looked at the two and chuckled.

"What's in your bag, you two?"

Wu Tian's face was full of questions.

To be honest, this time his body was bursting with killing intent.

Azure Dragon went up to stop Wu Tian and shook his head.

"Hurry up and disappear before the two of us. Otherwise, you just wait for your death."

Azure Dragon pulled out a dagger from his waist and gestured at the man a few times.

bamboo pole looked at the dagger and was stunned for a moment. He took another step back, but the smile on his face didn't fade at all.

"Beside this one is Red Power's territory. I'm guessing that inside this place you're in ..."

When he got here, bamboo pole didn't make any sound. Instead, he made a gesture of a gun with his finger and then smacked his head.

Wu Tian clenched his fists tightly. Their mission had not started yet, so he must not let this matter be exposed.

"What the hell do you mean?" Wu Tian made Azure Dragon put down the dagger in his hand. He couldn't provoke this person at this moment.

"I don't mean anything. It's simple, I just want to sell something to earn some money. If you're willing, I'll give you some benefits. I'll just ignore this matter." Of course, I know a lot about this place. If you're willing, I can be your guide. "

bamboo pole was really bold. He was smiling mischievously and still dared to come over to ask for benefits. He was really drawing a chestnut from the fire, and he didn't know what was good for him.

"Alright, since you're asking for money, then let's each take what we need." As Wu Tian said that, he took out a bank card and threw it over.

"There's fifty thousand yuan in here, that's all. If you're willing to take it, then hurry up and scam."

Of course, if you don't want to, of course you have other methods. Azure Dragon's dagger isn't used as an ornament.

"Thank you, boss." bamboo pole quickly picked up the bank card, put it in his pocket, turned around and left.

Wu Tian and the others also felt a little relieved, but they didn't expect bamboo pole to return just after taking a few steps.

"What are you doing now?" Azure Dragon was really pissed this time. If it wasn't because he had an important mission on him, he would have beaten this guy half to death.

bamboo pole smiled and rolled his eyes a few times.

It's like this, there's something I want to discuss with you guys, it's that you guys are pretty rich, as the saying goes, giving a person a fish is better than giving a person a fish, giving me 50,000 yuan, sooner or later I'll have to eat nothing, how about this, you guys take this money back, what are you guys doing, can't you take me along?

Wu Tian was shocked when he heard what bamboo pole said. He didn't expect bamboo pole to say something like that. bamboo pole looked like he was a drug addict, but he could still think of such complex things.

He had a good deal of foresight, and he knew how to find a way out. With this ability of insight, it was impossible for him to do anything, but he had to do something like this.

"You're really pushing your luck. Let me tell you, for someone like you to fall into my hands, you're just entering the police station." Azure Dragon reached out his hand and pushed bamboo pole twice. His tone was full of disdain.

He looked down on this person. No matter how good his mind was, as long as he had distracting thoughts, then he shouldn't even think about working with Azure Dragon.

bamboo pole heard Azure Dragon's words and smiled bitterly before lowering his head.

Wu Tian looked at bamboo pole with interest, pointed at his arm and said, "Since you have such thoughts, how do I know that you are not a police officer or our enemy?"

"Don't worry about this. All of my belongings are here. If I don't go with you two, this rotten life of mine will be ruined no matter where you go." bamboo pole saw that Wu Tian's tone indicated that there might be something to play, so he hurried over to show off.

"What's your name? What are you doing? And your bag is full of stuff, what's in it. "

Wu Tian curiously looked at bamboo pole. To be honest, this was the first time he came into contact with such a person and he was quite curious.

"This ..." bamboo pole took out a small notebook from his chest pocket. It seemed to be filled with densely written words.

"This is my notebook. This thing is as important as my life." As bamboo pole said this, he fished out an eye from his other pocket. Only, there were some cracks on the lens.

"Notes?" Not to mention Wu Tian, even Azure Dragon was a little surprised now. This was the first time they had seen someone like this ...

Wu Tian took the notebook and looked through it. He found that there were chemistry and other stuff written in it, and it felt very professional.

"Who the hell are you?" Wu Tian stared at the person in front of him and was full of questions.

This matter seemed to mention the uncomfortable thing in bamboo pole's heart, and his mood started to drop.

"I was originally a professor at Chengnan University, responsible for the development of new materials."

Could this person be a university professor? Wu Tian was in disbelief.

"Is what you said the truth? This thing was probably picked up by you by the roadside. How could a university professor do such a thing? Moreover, it's chemical." Wu Tian directly thought that bamboo pole was definitely a swindler.

When bamboo pole heard that, he immediately became anxious.

"You don't have to believe me. No one in this place would trust others so easily. However, you should be giving me a chance. I've already told you about what happened."

bamboo pole sounded like he was about to cry, as if he was really anxious.

"No, what are you trying to do?" Wu Tian was curious, why did this guy have to pester him.

"I want to go back and leave this damn place."

bamboo pole's voice sounded like he was shouting at the top of his lungs, but it wasn't too loud.

"Aren't you just going back by taking a bus? Is there even a need for us to take care of this?"

bamboo pole shook his head and sat down on the ground. He stared at the ground and said in a daze, "It's not the same, it's not the same. There are some things that, once wrapped around, will never be able to go back. "

"President Wu, let's go. Business is more important." Azure Dragon whispered into Wu Tian's ear. The time was almost up, they couldn't afford to delay any longer.

Looking at bamboo pole, Wu Tian suddenly had an idea.

"Since that's the case, you should do something for us."
