

Hidden Billionaire Chapter 821 - Confusion

C821 Confusion

Wu Tian couldn't wait for anyone else now, so he walked up from this place by himself while no one was around.

It was completely different from downstairs. It was very solemn and gave off a chilling aura.

Due to his eagerness to find someone, Wu Tian didn't care that much and hurriedly walked up.

The surroundings were completely silent, as if no one had ever been there before.

The room above didn't have any door plates, so no one was able to figure out what exactly this place was.

Wu Tian didn't know how to continue for a while. It was at this time that he stood in the corridor and seemed to have heard some voices coming from the other rooms.

He hurried over quietly and put his ear to the door for a listen.

Just as he moved closer, he heard a ding sound nearby. It seemed that the elevator was about to open.

Wu Tian quickly looked around. He moved his body and hid in a nearby stairwell, hiding his body in the darkness.

"This time, your side of the matter will be settled soon. I want to take a look at the situation over there. For now, it's still quite a bit off. We can't give him a chance to catch his breath."

It was Chang Zairong's voice. Wu Tian recognized it the moment he heard it. The sound of footsteps seemed to be coming from several people, including the sound of high heels.

"Chairman Chang, you can rest assured. Even the people we've been looking for to cause trouble these days are all out of the question. Those people began to fear of being caught by the police, and they were also afraid of the Wu Group company taking pictures of their faces ..."

Chang Zairong acknowledged after hearing that. He didn't seem to be in a good mood.

"Let's leave it at this for now. You guys have to pay more attention to matters on the internet for me."

As he spoke, the footsteps seemed to stop and the door opened.

"You guys go ahead, I still have things to do."

With Chang Zairong's words, the few of them left immediately. However, within the departing voice, Wu Tian could hear very clearly that there was no sound of high heels.

He decided that he had to be more daring and take a look to see what was going on.

It was just that his movement was a bit too late, he could only see the back of a person. However, that figure was none other than Tang Yanrou!

What was going on? Wu Tian immediately felt his mind was in a mess. What the hell was going on? How could something like this happen?

Could it be that Tang Yanrou had really snuck into Chang Zairong's side?

Isn't this speed a bit too fast? Even though Wu Tian was lost in his thoughts for a while and heard nothing from the outside, he still rushed out.

After sneaking into the room they just entered, Wu Tian put his ear up.

There seemed to be some sort of laughter coming from inside.

Wu Tian heard this very clearly, but he still couldn't understand the details of their joke.

Regardless of anything else, Wu Tian's biggest thought right now was not to let Tang Yanrou get hurt. Even if it was to deal with Chang Zairong, Wu Tian had never wanted her to make such a sacrifice.

Looking left and right, Wu Tian felt that he had no way to know what was going on inside.

He ran straight to the stairwell, where he had discovered a fire alarm just a moment ago.

Wu Tian's punch landed on the alarm, and in an instant, the entire building started to emit the sound of the alarm.

A lot of people suddenly rushed out from the seemingly quiet floor. Many of them were famous big bosses, and they had one or more beauties with them. And they look disheveled.

Needless to say, what they were doing here was obvious.

Wu Tian took out a smoke bomb at the right time as he saw these people running out in a hurry.

This thing didn't actually have any damaging properties, but it could produce a very large amount of smoke.

He threw this thing into the corridor outside and white smoke immediately rose up. It then quickly started to engulf the entire corridor.

"What's going on? There's a fire here? " Someone started to shout in alarm. Suddenly, the entire floor started to panic as everyone tried their best to prepare to run for their lives.

Wu Tian, of course, didn't care much about that. His eyes were glued to Chang Zairong's room.

As expected, his door was also opened. Chang Zairong stuck out his head and looked out strangely. Seeing the thick smoke, he also realized that it was not good and ran away with the crowd.

Seeing this, Wu Tian cursed in his heart that this guy was really immoral. He actually abandoned the people in the house and ran away by himself.

Fortunately, Tang Yanrou was not a fool. When she heard the commotion outside, she felt that something was wrong, especially when she saw Chang Zairong run out. She quickly started rummaging through his office.

At this moment, Wu Tian rushed in and was stunned when he saw her rummaging through the cabinet.

"What are you doing?"

Tang Yanrou was shocked by Wu Tian's sudden words. She finally relaxed after seeing Wu Tian.

"Stop talking, hurry up and come here to see if there is anything that is beneficial for us!"

Wu Tian was speechless. He rushed forward and grabbed Tang Yanrou.

"What time is it? Are you still messing around here? Hurry up and come back with me."

Wu Tian firmly grabbed Tang Yanrou's hand and pulled her out without saying anything.

The two of them quickly blended into the crowd and went downstairs together.

The first floor was already in a mess. No one knew what had happened, but they suddenly saw a group of people coming down from upstairs. Most of them were men and women who were badly dressed.

However, this was not the only thing that shocked them. What was truly shocking was that there were actually quite a few of them who were the bosses of large companies with China.

Immediately after, even Chang Zairong was in the team. Seeing such a big commotion, those who didn't know what was happening outside also ran out with him.

At this time, Wu Tian and the others had already quietly left China Chamber of Commerce with Tang Yanrou in the midst of chaos, and arrived at a nearby car park.

Guan Ruonan and the others reacted quickly as well. They immediately retreated when they sensed that something was wrong.

"That's great. We thought something had happened to you."

When Guan Ruonan saw that Wu Tian had brought Tang Yanrou back, she almost cried.

"He found you just like that? How boring. I thought our people would have a chance to show off."

Su Cancan was upset that the matter was over just like that.

Hidden Billionaire Chapter 822 - Corporate System

C822 Corporate System

Wu Tian could only smile bitterly. If possible, he hoped that this Security Team would never be used again.

When he needed them, it would be a critical time.

"Alright, let's hurry up and go. I just threw a smoke bomb on the second floor and tricked them out."

Wu Tian let out a long breath. The operation just now was really critical, and it was all thanks to him bringing this thing with him. Otherwise, no one could say what would happen next.

On Chang Zairong's side, almost all of them backed out. They saw that the smoke on the second floor was gradually becoming smaller, and they didn't see any flames either.

"Is this really a fire?"

Quite a number of passersby who were watching the show began to mutter in their hearts.

Chang Zairong called over his own security team leader and told him to bring someone to take a look.

However, the security guard immediately replied that there was no place for a fire, and there were no signs or traces of a fire inside ...

As a result, he couldn't figure out why the alarm sounded and why there was smoke.

Chang Zairong was also very curious at this moment, but he immediately felt that something was wrong.

He immediately charged into the building like a gust of wind, running to his room to check it out.

There was no trace of the woman from before, but luckily there was no place in the room that was very messy.

This meant that at least no one wanted to take advantage of this opportunity to spy on him.

As for that woman, Chang Zairong didn't really care about her. She probably ran away with the crowd.

Returning to the company, Tang Yanrou apologized embarrassedly in front of everyone.

"I've truly let everyone down and made you worry about me." Tang Yanrou didn't expect Wu Tian and the others to have such a huge reaction.

Her original intention had been to get close to him and spy on him.

"Next time, no one is allowed to do anything like that. No matter what you think, you should tell me everything. I will not allow anyone to make any sacrifices."

Wu Tian said with a serious face. He wasn't joking, it was something he truly wanted.

"Alright, if there's nothing else, I'll be leaving first." Actually, it wasn't like Su Cancan wanted to ask for someone's consent after she said those words. She just turned around and left.

Wu Tian looked at her back without saying anything.

"The situation outside is not that optimistic. I know what you're thinking, but you can't do something like this in the future."

Tang Yanrou lowered her head. It was obvious that she was also accepting Wu Tian's criticism out of humility.

"How did you get close to him? Is that Chang Zairong that easy to get close to?"

Wu Tian was actually curious about this matter. Before this, Zhang Zerui had said that this guy was meticulous and wouldn't easily believe others.

"Back then, my dad often talked with Chang Zairong, and I've seen the woman beside Chang Zairong before. I dressed like that woman ..."

Tang Yanrou's strategy could be said to be very simple, but it was also very effective. It made people feel like they didn't know whether to laugh or cry. If it was anyone else, they would not be able to do such a thing.

They could not think of such a method.

"Well, never do that again. Today, we should have gained quite a bit. "

Wu Tian smiled. At this moment, Wu Zaiyao had already walked in.

In her hand was a pile of photographs, lying on the table. There were hundreds of them.

"Fortunately, I have been the one sending people to watch the entrance of the China Main Chamber of Commerce. Look, these people are all famous big bosses of China."

This was big news. Although there wasn't any big news here, but these people were most afraid of scandal.

Especially amongst these people, all kinds of random things were piled up in piles. There were even people who were enemies with each other ... Yet, at the same time, they had appeared within the China Chamber of Commerce ...

Not to mention the women beside them, whose clothes were disheveled and the fabric was sparse ...

At this time, everyone took a deep breath. Originally, they were only looking for Tang Yanrou, but they didn't expect that Wu Tian's actions would cause them to fish for so many big fish in the China Main Chamber of Commerce.

"There's no need for us to worry. Hurry up and do this, we're just waiting for your good news."

Wu Tian finally felt a little relieved and went back to his room to rest.

At this time, Loong Yun was standing at the door of his room as if she had something to discuss with Wu Tian.

However, when she saw Wu Tian really came over, Loong Yun immediately raised her head with a serious expression.

"What's the matter with you?" Wu Tian looked at Loong Yun. He couldn't tell what he was feeling at the moment. In short, it was very complicated.

Honestly speaking, he also couldn't figure out what was going on with Loong Yun.

Suddenly, it was for Chen Cheng's sake. She actually had this kind of attitude towards him.

"I heard that your actions were very successful. But I still want to say, it's very useful for us to keep this Chen Cheng. " There didn't seem to be any emotion in Loong Yun's voice.

"I'm not in the mood to talk to you about these things right now."

Wu Tian's face instantly turned unhappy. He was angry because of this matter.

"I got a list from Chen Cheng. It's information about the big business owners that Chang Zairong is interested in, as well as some private transactions ..."

Before he finished, Wu Tian stretched out his hand to interrupt Loong Yun.

"Alright, let's talk about it later. You can do whatever you want. You don't need to tell me. I'm very tired right now, and I need some rest."

Saying that, Wu Tian walked into the room and closed the door.

Loong Yun was locked outside the door, and Wu Zaibin, who was passing by, saw the scene.

He was holding some food in his hand and laughing as he ate.

"Secretary Loong, looks like you've already lost your favour ..."

Loong Yun soon caught his eyes as he spoke in such a weird tone.

"There is a rule in the company that you are not allowed to eat here!"

Wu Zaibin wasn't scared, how could there be a rule to restrict something like this?

"Stop bullshitting, this is impossible ..."

Loong Yun walked over quickly and snatched away the snacks in Wu Zaibin's hands.

She threw it into the trash can beside her.

Loong Yun stared into Wu Zaibin's eyes and said word by word, "I suggest you to take a good look at the latest revision of our company's employee code. Chapter 3: Article 21. It contains clear rules."

Hidden Billionaire Chapter 823 - Offensive and Defensive Reversal

C823 Offensive and Defensive Reversal

The next day, Wu Tian had already woken up early in the morning.

He couldn't wait to see what happened to Chang Zairong.

However, there was something different about him compared to usual. He no longer had Loong Yun by his side. Honestly speaking, it was still hard for him to adapt to.

When they arrived at the office, Wu Zaiyao and the others were gathered together happily.

"What's wrong? Do you have any good news? "

Hearing Wu Tian's voice, the few of them quickly looked over.

"Good morning, President Wu. There's really good news. The article we posted yesterday finally has some effect now."

Wu Zaiyao passed over a few newspapers excitedly. They were the articles she had published yesterday.

And now, there was already a commotion on the internet.

Previously, the public opinion on the web had all been focused on Wu Group Corporation, saying that Wu Tian was a liar.

However, the photos taken by Wu Zaiyao and her team had completely reversed the situation.

To be honest, no matter how wrong Wu Tian was, it was not against morality.

However, what these people were obviously doing was not that glorious anymore.

Moreover, if all these big bosses gathered in this China main merchant guild, it would be very easy for them to have some ideas about it.

"Quite a few people have come out to clarify the situation. They said that they only came to participate in a meeting, and that there definitely isn't any other action. However, it's hilarious that this is only the beginning ..." At this time, Guan Ruonan was already laughing out loud. She also didn't think that such a speechless thing would actually happen.

They didn't know whether to laugh or cry.

"What happened after that?"

"Behind them, there are people on the internet who claim that they are the female guests of the China Main Chamber of Commerce. They came out to say what exactly did they do, and the internet immediately exploded into a commotion. The key point is that this person even brought out some key photos, and those bosses wanted to lie this time, but no one believed them."

Hearing Guan Ruonan's words, Wu Tian also laughed. He didn't expect to miss such a funny thing.

Although he didn't know why this woman had come to add fuel to the fire, it had a very good effect.

"Then we must not stop. We will continue our attacks on public opinion. As for the remaining matters, I think that President Guan, it's time for you to take action."

Wu Tian smiled at Guan Ruonan. He had been looking forward to this for a long time.

Guan Ruonan immediately understood Wu Tian's meaning. She nodded slightly and said, "I'm already prepared. Why don't we go now?"

While they were talking, Guan Ruonan and Wu Tian were preparing to leave. This time, they weren't so secretive as to go to the China Chamber of Commerce with their heads held high.

Wu Zaiyao even brought along her own live broadcast team in preparation for the whole process of tracking down the interviews.

Chang Zairong was in an extremely bad mood at this moment. The table in front of him could be said to be very clean.

"What the hell is going on? What's wrong with him?!"

Chang Zairong shouted, but things were not going to get better just because of his anger.

Zhang Zerui looked at Chang Zairong from the side without showing any expression.

"There are already several companies that want us to return the money they lent us before ..."

Hearing that, Chang Zairong's head felt heavier.

Back then, in order to support this Shuangxing Company company, he had spent a lot of money.

And most of this money was borrowed from companies around the country. He had originally hoped to make a killing, but now the situation was constantly progressing.

However, such a thing suddenly happened, causing all the big bosses to fall out.

They had no intention of worrying about their previous favor.

"I'll call them again. The public opinion right now is still in our control, and Mecca Company is progressing very smoothly right now. The market share of the S City is also getting bigger and bigger ..."

Chang Zairong did not give up just because of this. Since his Moka Company was still in his hands, he still had enough chips.

Zhang Zerui didn't express his attitude, he just shook his head lightly.

"Chairman Chang, a few people from downstairs have arrived ..."

At this moment, a secretary quickly walked in and reported to Chang Zairong in a panic.

"Who are they? Tell them I don't see anyone right now. "

Chang Zairong was not in the mood to see anyone. No matter who it was, he would not care.

"This ..." The little secretary was a little hesitant, and then continued: "The people who have come are our chairman in the Korea Chamber of Commerce, Guan Ruonan, and Wu Group Company's Wu Tian!"

Chang Zairong immediately frowned when he heard the name.

He still had some impression of Guan Ruonan. Back then, she had also made a name for herself in the chamber of commerce. However, she had still been pushed aside by

others. They had given her a position in the Korea Chamber of Commerce. This basically meant that she was not fated to be with the Main Chamber of Commerce.

But now, she suddenly appeared here. What was she planning to do?

Furthermore, Wu Tian appeared at the same time as her. Could it be that the two of them were colluding with each other?

Chang Zairong started to plot and scheme in his mind, but he still couldn't figure it out.

"President Chang, I suggest you go and take a look. No matter what tricks they use, if they're not willing to lose, you have to accept it."

Zhang Zerui, who was at the side, suddenly spoke up and gave Chang Zairong a push on his back.

"What you said makes sense!" If he showed fear at this moment, it meant that he was done for!

At that time, there would definitely be more people coming to cause trouble.

So no matter what, Chang Zairong couldn't let things get worse.

"Lead the way."

Guan Ruonan's arrival didn't seem to be news, someone had already seen her here yesterday.

But today, she received a lot of attention because of Wu Tian.

As the hottest person in the country, as long as Wu Tian showed up, it meant that there would be big news.

Especially their Wu Group, which had not been doing very well all this time.

Although the matter with Flower Island had already been clarified, the public opinion on the Internet did not start to turn better because of this matter.

"Isn't this Chairman Wu? I didn't expect that you would be in the mood to come to my small place. I've really lost my manners. Come, come, please come to my office."

Chang Zairong walked over with a smile. Although the two of them were fighting to the death in private, Chang Zairong acted as if nothing happened on the surface.

Hidden Billionaire Chapter 824 - President of Impeachment

C824 President of Impeachment

There were quite a few people watching this special meeting in the hall on the first floor.

Among them, the ones with the largest number of people were the reporters from all over the place. Some were from the newspapers, while others were from radio and television stations.

Not to mention that Wu Tian was personally leading a live broadcast team. Everything that happened here now, there were tens of thousands of pairs of eyes watching everything.

"There's no need for that right? I'm here today, and I'm not looking for you. I'm only here to accompany this lady."

Wu Tian did not intend to give Chang Zairong any face at all. He had really thought too highly of him.

Chang Zairong's face immediately turned bad for a split-second. However, it was only for a moment and he quickly hid his expression.

"Then, who are you two?"

At this time, Guan Ruonan stood at the front and walked out with a smile on her face.

The live broadcast team immediately focused their cameras on Guan Ruonan.

Guan Ruonan was a great beauty, and she was also very powerful. She was a strong competitor.

"Yesterday, such an important matter happened. How did Chang Wuji manage to remain calm? You didn't even make a statement?"

Guan Ruonan's words were a question to Chang Zairong, which ignited the passion in the audience

Everyone immediately understood what kind of plot this was. So this was to attack the higher ups, in other words, force Chang Zairong to resign.

"I don't see any major events, it's just that our building's alarm has malfunctioned. Moreover, our Chamber of Commerce is still operating very well, I really don't understand why you are saying such words, President Guan."

Chang Zairong looked like he didn't know anything. It could be said that if there was a shameless Oscar, this Chang Zairong would definitely be able to get the best male lead.

"What's more, President Guan, aren't you the president of China Chamber of Commerce? Why have you returned? Are you saying that you have already let go of the work there?"

Chang Zairong had a few tricks up his sleeve. He immediately found an opening and began to refute Guan Ruonan.

However, he was still a bit reserved because Wu Tian didn't say anything at the side. Chang Zairong really didn't know why Wu Tian came here.

Although she said that there was nothing wrong, but Chang Zairong wouldn't believe that.

"You don't have to worry about that. I've already resigned from the job over there. Now, what I want to say is, President Chang, in view of the fact that you are not doing a very good job with the General Chamber of Commerce. You have even brought a great influence to our Chamber of Commerce, so I am here representing the members of the Chamber of Commerce to ask for your resignation! "

Guan Ruonan's words were like a hammer hitting Chang Zairong's head.

He truly did not expect that Guan Ruonan wanted to replace him.

"Do you know what you're saying right now? What part of me didn't do well, so everyone is unhappy with me?"

It was within Chang Zairong's expectation that Guan Ruonan would say such words. He was very clear on the reason why she and Wu Tian came together.

"At this point, you still don't know anything ..." Guan Ruonan had a funny look on her face. She turned on the tablet in her hand and opened up the videos that were playing.

Inside, there were all sorts of complaints from big bosses about Chang Zairong, saying that he had intentionally sent women to seduce them and then forced them to contribute to the company ...

Chang Zairong's face immediately darkened after he saw it.

"Do you have proof of that?" If there is no evidence, I would call it slander! "

Chang Zairong's voice also became a bit gloomy. He was already getting angry.

He did not even care about the surrounding reporters and live broadcasts.

"Evidence, how can you find evidence like this? I don't actually want to use this kind of excuse to make you resign, but there is a rule in the Chamber of Commerce, as long as you get the approval of more than two-thirds of the members and advisers, you can request the president to resign!"

Guan Ruonan didn't retreat, she just kept throwing out her weapon.

This was her biggest advantage.

"What you're saying is really interesting. You're saying that the entire company will be willing to allow me to step down?" Chang Zairong didn't believe this at all.

"I'm not sure if that's the case, so I want to call for a vote now!"

Guan Ruonan wasn't scared at all. The more arrogant Chang Zairong was, the more it meant that he was at his wit's end.

"It's easier said than done. It's impossible to gather the members of the Chamber of Commerce in less than ten days or half a month. Moreover, there are a lot of members overseas. If you're willing, I can agree to that."

At this moment, Chang Zairong started to feel relieved, because if she really did follow the rules, it would be very difficult to establish the truth.

Putting aside the number of people she could gather to vote, even if she could find everyone, those consultants were given a lot of financial support by Chang Zairong. With such a relationship, how could he fail?

"Alright, that's what you said!" Guan Ruonan seemed to be waiting for him to say this. She slowly turned around and said to everyone present, "Regarding this matter, I already have the support of Wu Group company. They are willing to provide equipment for remote meetings."

As she said that, Wu Tian clapped his hands towards the outside. A group of technicians walked in and started to make room in the hall.

Chang Zairong was stunned. He didn't expect things to turn out like this.

"Wait, wait, this is... This does not meet the requirements ... " Although he was still protesting, Chang Zairong had no power to protest at a time like this.

"Chairman Chang, it seems like our Chamber of Commerce did not explicitly say that voting by this method is not allowed. As long as we can contact the 2,000 members of our Chamber of Commerce, does that represent that vote? "

Guan Ruonan's preparation could be said to be perfect as she had already taken care of every detail.

Chang Zairong was a bit unsure, but thinking about so many people, it was obviously impossible for them to contact them freely.

"My time is very limited, I can only give you half an hour. If you pass this time, I'm sorry, I won't play with you anymore."

"Chairman Chang, you don't have to worry about that. We only need to take fifteen minutes."

Guan Ruonan smiled faintly, making Chang Zairong feel uncomfortable.
