

Hidden Billionaire Chapter 901 - Failure or Success

C901 Failure or Success

Wu Tian's strong protest didn't have any good effect.

The people who attended the meeting agreed to let Wu Tian be the bait, but there was no other way.

The moment he leaves, the enemy will definitely surround him. While the enemies hadn't noticed their movements yet, luring them out and killing them one by one was the best way.

"Can you promise to protect me?"

Although Wu Tian was unwilling, he could only helplessly agree.

However, Wu Tian took the initiative to take the risk this time, since his goal was different from before. Honestly speaking, he still felt a little guilty.

"Don't worry about that, we'll send our best policemen to follow you!"

Sunn Hongsheng patted his chest without saying anything else.

In the end, Wu Tian rolled his eyes at him. Even if they were physically strong, they might not be able to be of much use.

"You guys stay like this. If anything happens, it'll become a burden to me ..."

Wu Tian did not even bother to hide his disdain towards them.

Sunn Hongsheng was speechless. He also knew the difference between a normal person and a cultivator.

"How about this, I'll accompany you myself!"

Seeing that there was no other way, Su Cancan could only stand up for herself.

"Then that's good!" Wu Tian immediately beamed with joy. Su Cancan was beside him. Furthermore, Loong Yun was using her Security Team to control the people at the sides of the ring at any time, so there probably wouldn't be too much of a problem.

Now that everyone had agreed on this, the operation began very quickly.

In order to find other hidden enemies, Wu Tian and Su Cancan drove their cars and started to wander around in S City.

It looked as if they were on vacation. The two of them strolled around the mall without stopping at all.

However, after wandering around for two days, nothing unexpected happened.

There weren't even any strangers that approached them ...

Wu Tian felt that their actions this time might have been seen through by the enemy ... Or maybe they didn't enter their range.

"We can't go on like this. We might not even meet those people even if we wander around for a year!"

Su Cancan was driving, they were moving aimlessly on the street, the satellite in the sky was closely following the traces of Wu Tian and the others, the Security Team staff were always on standby around them.

Everyone was very nervous, but everything became very quiet, as if it was the night before a storm.

"I remember meeting one on the way to the military sector. How about we take that road as well? "

Wu Tian rubbed his temples. This was probably their only way.

Su Cancan had no choice but to do as he said.

Wu Tian could also go over to take a look at Luo Huaicheng and his team's training and exercises.

At the same time, he also gave them a set of exoskeleton armor, showing them if this item was suitable for Special Soldiers.

Some things had to be done, and this sort of leisurely stroll would become meaningful and not so boring.

This rare rest made Wu Tian's whole body restless.

When they arrived at the military sector, Director Zheng welcomed Wu Tian. However, Luo Huaicheng and the others were practicing outside right now, so it was impossible for them to meet with Wu Tian.

Although he did not get the desired result, Wu Tian still left behind the exoskeleton Battle Mecha. Wu Tian boasted with Chief Zheng for a long time and then left with a flat tone.

"I feel that our matter might not be too good ..."

Wu Tian had given up on this operation. It seemed like there was no point in luring the enemy.

We might as well capture the exposed men and torture them.

"If it's not possible, then so be it. In any case, I don't really hope that I can rely on you to lure them out."

Su Cancan didn't seem to approve of this from the start, but she didn't come up with any new plans.

"Forget it, forget it. Let's go back and capture those people. I don't believe that we can beat them one by one. What else can he do?"

Although this sounded a bit disgraceful, Wu Tian wanted to win. He couldn't care less at this time.

The three of them calmly drove back from the military district. On the way back, Wu Tian passed the milk tea shop that they saw before.

At this time, the milk tea shop was no longer as lively as it was at the beginning.

This made Wu Tian very curious. He specifically instructed Su Cancan to stop the car and then go over to take a look.

Back then, at the entrance of this franchise store, there was a line of old elders.

It's only been a few days, why is there suddenly no business anymore?

"Customer, what would you like to order?"

Seeing Wu Tian walk over, the employees inside greeted him very politely as if they hadn't seen a customer in a long time. They were all very excited.

"Give me a cup of coffee... "You don't seem to have many guests here ..."

Wu Tian casually said something, but with that, the employees all felt awkward.

They didn't answer, just joked around.

Wu Tian felt it was strange, so he used his eyes to look around the small milk tea shop. Could it be that something happened here that caused this?

Wu Tian was leaning against the counter. While he was still thinking, a figure suddenly came up to him.

Before Wu Tian could react, the figure was already sticking on Wu Tian's back with a shining dagger stabbing into Wu Tian's stomach under the counter.

"If you don't want to die, then shut up!"

It was a very low voice, but it was filled with magnetism. To hear it made one feel intimidated.

This was bad, he was really afraid of what would come next. A day or two ago, he had been fishing outside as bait and had not attracted the attention of any enemies.

However, when he came over to take a look at the situation of this milk tea shop, he ended up getting someone's attention ...

Wu Tian really didn't know whether to be happy or sad.

He wanted to remain calm and give a hand signal to Su Cancan, who was in the car, and Loong Yun.

However, the person who kidnapped Wu Tian was not stupid, he used his body to block Wu Tian and Su Cancan. He was in their midst.

No matter what Wu Tian did, the two people on the other side would not see it.

"Come with me, you are not to make a sound, otherwise I will make your death very ugly!"

The enemy threatened Wu Tian with a knife. The enemy didn't even display any extraordinary strength, but there was a kind of majesty that made Wu Tian feel like he had to listen to his arrangements.

Wu Tian had no choice but to do as he was told. The two of them walked out of the tea shop and ran into an alley at the side.

Hidden Billionaire Chapter 902 - Bad People Good Person?

C902 Bad People Good Person?

Wu Tian was helpless. What kind of mistakes did he make during this period of time? Can't these guys come out openly?

Always sneaking around like this. It was really too exciting to watch, and he didn't have the time or the opportunity to relax.

"About that, can you put the knife down first? We can talk properly if we have something to say, I'll listen to your commands."

Wu Tian felt uncomfortable with the dagger against his stomach, so he decided to see if he could negotiate with this enemy.

Perhaps the enemy did not expect Wu Tian to say such a thing, so they were speechless.

He immediately frowned and stabbed the knife towards Wu Tian's stomach vigilantly. The threat was very strong.

"Cut the crap, hurry up!"

Wu Tian didn't have any other choice. To be honest, the two of them walking together, on one hand, was very unsightly.

Quite a few people were pointing at the two of them, which made Wu Tian feel very embarrassed.

Moreover, it was not easy for the knife to stab Wu Tian's stomach. He was afraid that the knife would directly pierce through his skin.

Just now, Wu Tian didn't even have the chance to struggle, which was enough to show how powerful the enemy was.

"Big brother, don't worry. I will definitely not run away ..."

Wu Tian quickly said politely. What he said was true, he really wouldn't run away.

His purpose of coming out this time was to seduce these people, so he naturally didn't want to leave that easily.

After a long while, Wu Tian was coerced into a small room that looked very unremarkable.

It was a bit messy here, but there were some signs of life, maybe where the man had lived.

He kicked Wu Tian inside and locked the door.

Wu Tian looked at this guy helplessly. This guy had a straight face, he didn't seem like a bad guy, but he understood clearly that there were some things that couldn't be judged by one's face.

"What exactly do you mean? You might as well explain. Do you want money or something?"

Until now, Wu Tian actually already knew that this person must be one of the 11 Devils.

However, he was not willing to speak of this matter now.

"Wandering around outside like this, I think you're courting death."

The man put aside the sword in his hand. It seemed that he didn't intend to threaten Wu Tian with force.

This made Wu Tian a bit confused as to what exactly this guy was planning.

"No matter what, I am a person and a living person. I can't possibly stay in my own room all day long, right?"

Wu Tian shrugged his shoulders to show that he was helpless.

"I advise you to quickly hide out and not cause trouble here. I'll send you back later. "

Hearing this person's words, Wu Tian was stunned.

From the looks of it, he wasn't planning to do anything threatening with Wu Tian.

"Weren't you going to kidnap me?"

"Stop bullshitting, Tiangaang Disha is just around the corner. If you meet him, no matter how many people you have, it will be all for nothing."

He took off his jacket lightly and sat down on the chair to relax, as if he wasn't worried about Wu Tian at all.

"Who the hell are you?"

Wu Tian started to doubt this person's identity. If it really was 11 Devils, why would he help Wu Tian?

This matter was a bit unjustifiable ...

"Me? You can call me Tian Zui. "

He grabbed a cigarette and lit it leisurely.

He blew out smoke rings, looking extremely relaxed.

"Tian Zui? Then aren't you the one with the 11 Devils! "

This name sounded very familiar to Wu Tian, and he immediately confirmed that the person in front of him was indeed one of the 11 Devils.

"Why are you helping me? Aren't we enemies?"

If this person continued to persecute him, Wu Tian would feel nothing. However, all of a sudden, he was so nice to him ... This way, Wu Tian was unable to accept it in his heart.

This was completely different from what he had anticipated ...

"Why do you think so badly of human nature? Do I have any grudge against you? So what if I am from the 11 Devils? "

Tian Zui looked indifferent, as if he didn't care about it at all.

"But, isn't your goal to get rid of me?"

Tian Zui shook a finger at Wu Tian.

"Wrong, that is not the goal of all of us. It should be the goal of our Tianying Sect."

Hearing the two words "Tianying Sect" coming from his mouth, Wu Tian immediately became mute.

Previously, these three words had brought a huge threat to him. Now, Wu Tian felt that his Tianying Sect had almost been eliminated by him, so it shouldn't have too much of an impact on him.

"Tianying Sect... I have already killed them, why would you still listen to their arrangements? "

Tian Zui burst into laughter when he heard this. He found Wu Tian to be more childish than he had imagined.

"Do you really think that you're too naive for killing the Tianying Sect's Sect Leader?!"

Wu Tian's mood immediately became heavy. If they really left as he said, then Tianying Sect actually still existed, it was just that they were hiding it.

"Then just who are you ..."

"We were originally part of Tianying Sect, but right now, I'm a little tired of living like this ..."

Tian Zui looked like he had seen through the world. He was lying on the rocking chair with a smoke ring in his mouth, as if this was the kind of life he was looking forward to the most.

His actions seemed to reveal the helplessness of being in the martial arts world.

And as one of the 11 Devils, Tian Zui didn't seem to have any particular authority to influence this matter. He could only do something secretly for Wu Tian, like protect it this time.

"So that's how it is ... I thought you all had the same idea ..."

Wu Tian really thought that their 11 Devils was 100% bad, but if he thought about it carefully, this explanation was definitely wrong.

Which one of them was born bad? Wu Tian didn't have any hatred with them, so if they just listened to Tianying Sect and attacked Wu Tian, those with a conscience would definitely feel very guilty.

"Alright, let's not talk about the rest of it. Just wait for Tiangaang Disha to leave and you can go now."

Tian Zui waved his hand as if he didn't want to say anything else.

Wu Tian, on the other hand, felt that this was a good opportunity. He was too worried about not being able to gather these people and capture them.

Tian Zui's attitude was like a gift delivered to his door!

Hidden Billionaire Chapter 903 - Unexpected Visitor

C903 Unexpected Visitor

In order not to provoke Tian Zui, Wu Tian didn't intend to say what he thought from the beginning.

He quietly sat beside Tian Zui and wanted to chat with him.

But at this time, Tian Zui closed his eyes and smoked, completely ignoring what Wu Tian said.

No matter what he asked, Tian Zui never said a word, as if he was dumb.

"Master Tian Zui, I really didn't mean to flatter you. It's just this matter, how innocent I am. Back then, he and I had no grudges or grudges. It was them who took the money and came here to cause trouble ..."

Wu Tian began to pour out his grievances. He planned to use the Tragic Trick as a cut-in point.

"The people they sent out lost, and then they rushed back to the sect, and they lost again. I feel that their abilities are lacking, so they should recognize this matter. "

Wu Tian cleared his throat and continued, "What's more, the person who gave them the task before is long dead. Why would they bother about this?"

"It's not as simple as you think."

Tian Zui seemed to be a bit impatient as he roughly interrupted Wu Tian's words.

"But ..."

Wu Tian felt that he really didn't do anything wrong, nor did he stir up trouble. As long as it wasn't someone provoking him, he wouldn't do those things that would cause trouble for himself.

"Can you shut up? I'm about to explode from the chattering."

If not for Tian Zui's kind heart, he really wanted to smash Wu Tian's head with a punch.

It wasn't easy for him to get some sleep, but this fellow was talking nonstop by his ear ...

"Alright, alright ..."

Wu Tian knew he couldn't go and cause more trouble, so he just shut his mouth.

Since he had nothing to do, he started to look around the room. In fact, there was nothing interesting about this room. It was just like a normal person's room, just a little messy.

It wasn't a big deal, the man was originally like this and couldn't be bothered to deal with it.

What's more, Tian Zui seemed to be a very lazy person, so there was nothing wrong with that.

Wu Tian looked left and right, hoping to find some evidence or clues.

Since he couldn't get anything useful out of Tian Zui's mouth, he might as well see if there was anything else in it that could verify the information of his other partners.

At the same time, in order to prevent Su Cancan and the others from getting worried, Wu Tian intentionally sent them his position and the current situation.

He specifically emphasized that they should not send anyone over, as he was currently very safe. They didn't plan to do anything dangerous to Wu Tian.

Su Cancan and the others found it strange. They had always thought that Wu Tian was being coerced by someone and were ready to send people to patrol nearby.

He didn't expect to receive a reply like this from Wu Tian ...

"Can he explain things more clearly ..."

Su Cancan urged Loong Yun to quickly reply to Wu Tian, asking him about the situation.

Wu Tian told them everything that had happened to him. The two girls were dumbfounded, unable to believe what they had just seen.

The 11 Devils that they had been on guard against actually had a traitor inside ...

This was something they had never expected. To be honest, there was nothing wrong with this.

Everyone had their own choice, and this was only Tian Zui's choice.

What's more, Tian Zui took Wu Tian away this time to save Wu Tian's life.

Of course, the most important reason was that he was not far away, and that was as easy as lifting his hand.

Although Wu Tian wanted to go, he didn't find anything useful, so he made up his mind.

Since there was nothing to do, he stayed in Tian Zui's house until night.

Su Cancan and Loong Yun didn't dare to go too far away, so they stayed nearby to listen for any news.

"Mr. Tian Zui, it's already evening, are you going to eat or not? How about I order a takeout?"

Wu Tian felt a little hungry. Seeing that Tian Zui didn't seem to have eaten either, he decided to solve all their dinner problems.

"Eat? I see that you also have a cultivation base. Don't tell me that you don't even have the means to create a valley? "

Tian Zui's rhetorical question made Wu Tian speechless. He really didn't know much about this.

"About that, if I could split the valley apart, I wouldn't need to ask you about that ..."
Besides, it was not necessarily a good thing to not eat.

It wasn't like they didn't eat anything, they just ate as little of the staple food as possible, which was why they didn't need to eat most of the time.

He wouldn't feel particularly hungry, but that didn't mean he wouldn't eat anything or drink anything.

If that was the case, it would be no different from suicide.

"Suit yourself. However, you cannot reveal your identity!"

Tian Zui also let go of his limits and let Wu Tian go.

It's no big deal anyway.

Wu Tian immediately smiled and took out his phone to order some takeout.

About half an hour later, the takeout had arrived.

Wu Tian ran to the door to receive the dish with a smile, then called out to Tian Zui to come and eat with it.

Unexpectedly, just as he opened the bag, he heard a knock on the door.

At the same time, Tian Zui's expression suddenly became serious. He quickly pointed to a cabinet behind him and pouted at Wu Tian.

Wu Tian immediately understood what was going on. He ran all the way to the cabinet and didn't even dare to breathe loudly.

Tian Zui tidied up his clothes and opened the door.

"What are you doing in there? It took you so long to open the door, I think I smelled something delicious ..."

The one who spoke was Tian Ling, and no one knew how she came here. Luckily, Wu Tian had a fast reaction time, otherwise, wouldn't he have bumped into Tian Ling directly?

"Can you control it ...?"

Tian Zui had a cold expression on his face. It seemed that he didn't like Tian Ling at all.

"Move to the side, let me take a look!"

Tian Ling didn't care that much and pushed Tian Zui away. She followed the smell and looked at the several take-out boxes on the table.

The smell was coming from inside.

"How do you know I haven't eaten tonight? Alright, I'll eat here today!"

Without any hesitation, Tian Ling sat down at the table and picked up the takeout that Wu Tian ordered for her, directly announcing that it belonged to Tian Ling.
