C905 The Deterioration of the Situation

Looking down on the enemy meant that he was taking his life as a joke. Wu Tian was very much in agreement with this sentence.

"But we still need to continue making connections with him."

Loong Yun also agreed with Su Cancan's words. If they could have a spy inside the 11 Devils, their following actions would be extremely relaxed.

"Even if 11 Devils appears, our threat will not be removed."

Wu Tian rubbed his temples and said another threat he heard.

"The Tianying Sect has not been completely eliminated ... Their Sect Leader is still here! "

Su Cancan immediately exclaimed that it was impossible.

She had personally experienced the battle back then, so Su Cancan could now clearly remember exactly what had happened.

Not only did she remember it, but she also left a lot of videos.

No one could have survived that explosion.

At that time, after the police investigated, they also determined the number of corpses, which was the same as the number of corpses they had previously determined.

"I don't know why, but since Tian Zui told me that, I don't think there's any reason for him to lie to me."

At first, Wu Tian also chose not to believe it, but if Tian Zui said so, then thinking of the sudden appearance of their 11 Devils, it was obvious that someone was manipulating this matter.

"Then things will become troublesome ..."

If their Tianying Sect were still here, and they had been hibernating during this period of time, they really could endure it too patiently.

None of them thought that Tianying Sect could actually accomplish this; if they were allowed to continue to grow stronger, then they could deal a fatal blow to Wu Group Corporation.

By then, they wouldn't be able to resist at all.

To Wu Tian and the rest, knowing this news was like saving their lives.

"Yeah, if we directly take action against 11 Devils now, I feel that there's no meaning. Even if we can defeat them, we will definitely be heavily injured. We don't have any chance. "

Wu Tian had a long view, so unless he had absolute confidence, it was impossible for him to continue on.

He couldn't just take his own people's lives as a joke, right?

"There's always one thing I don't understand ..."

Su Cancan crossed her arms and said indifferently: "Is there really something between us and Tianying Sect that cannot be reconciled? Do they really need to hate us to this extent?"

Wu Tian sighed. He had thought about it before, but he soon understood.

Actually, it was nothing. To put it bluntly, it was like a big tree flaunting its wind.

Tianying Sect in society relied on all kinds of underground black means.

As long as they gave money, they could do anything.

Previously, Tianying Sect sent people to target Wu Tian because they accepted the money.

However, Tianying Sect failed two times consecutively at Wu Tian. It was clear that this would not be a good thing for the prestige of Tianying Sect.

If they wanted to regain their position as Dragon Head Hegemony, they had to get rid of Wu Tian, who had caused them to fail twice in a row.

This was also the main reason why he had sent out his 11 Devils this time.

The second reason was that Wu Tian and the others had killed twenty to thirty people with the explosion.

They were all members of the Tianying Sect, although they did not know whether they were deliberately seeking death or were tricked by others.

But in terms of results, Wu Tian and the Tianying Sect had indeed formed an irreconcilable hatred, which was not necessarily something that could be resolved.

"It's useless to say so much. It's a fight to the death between us and them right now. Since we don't want to die, we can only let him die!"

An organization like Tianying Sect doesn't need to exist in the world anymore. Wu Tian just thought it was that simple.

This was also very much in line with the police's thoughts. It was just that the police could not figure out what was going on with Tianying Sect before. Now that they had the chance, Wu Tian's cooperation with them was like a match made in heaven.

The car quickly returned to the Wu Group Building and the few of them quickly arrived at the top floor. They were prepared to hold a meeting to inform everyone of what had happened that night.

After listening to Wu Tian's statement, Sunn Hongsheng and the others also frowned.

Everyone was wondering if this was a good thing or a bad thing.

First of all, it was good that Tian Zui was willing to help Wu Tian. However, the information it revealed constantly reminded them that the enemy's strength far exceeded their expectations.

"If that's the case... The last bombing... Is it related to you guys as well? "

Sunn Hongsheng suddenly brought up the topic, causing Wu Tian's expression to instantly turn awkward.

No matter how he answered, it was not quite appropriate.

They were the ones who did the first thing, but it was not so easy to get rid of the responsibility of killing dozens of people.

Therefore, it must not be admitted, especially in the absence of any evidence.

However, anyone with a discerning eye would know that Wu Tian of Wu Group Company held the greatest hatred against Tianying Sect.

If he was told that he had nothing to do with this, he wouldn't believe it even if Sunn Hongsheng was beaten to death.

Seeing that Wu Tian didn't say anything, Sunn Hongsheng sighed and said helplessly, "Okay, this case is over. Even if I say these things now, it won't change his fact."

The meaning of his words was, very simply, that he did not plan to preside over the so-called justice for those scum from Tianying Sect.

This was already a very good ending for them.

"It's fine as long as you understand in your heart. There's no need to ask me ..."

Wu Tian said in an unnatural manner. It was really weird to hear this sort of thing from his mouth.

"That incident was originally classified as an accident. The government did not intend to investigate anyone's actions. These people were guilty of a felony for illegally possessing explosive items."

The topic was a bit distant, but Sunn Hongsheng still felt that this matter wasn't that simple.

"If one were to say that the main forces of Tianying Sect and the others are still present, or that their Sect Master is still present, then where exactly is he now?"

Sunn Hongsheng rested his chin on his hand, and looked at the S City map with a face full of helplessness.

This place was simply too big. It would not be an exaggeration to say that they were looking for a needle in a haystack amongst the tens of millions of people here.

"Captain Sun, can you bring out the registered information of your police station? This way, you can connect to our system, investigate everyone we can and then do the verification!"

Loong Yun thought about it for a moment. From a technical point of view, she might actually be able to find out where this person was.

C906 Relaxation

Sunn Hongsheng grinned at Loong Yun's suggestion.

They definitely had something like that, but they wanted to give it to Wu Group Corporation ... This was a little inappropriate.

"It's best not to do this. This is a secret of the police!"

Sunn Hongsheng refused embarrassedly. Of course, he knew that doing this would be very effective in finding the enemy.

However, if the current situation were to be provided with this data to Wu Group company, wouldn't they be able to investigate the position of every commoner independently, apart from the police?

If that was the case, then this matter definitely could not be done. Even if they had done so for the sake of justice, they could not arbitrarily violate the human rights of others.

Wu Tian listened to his rejection, but didn't think it was bad at all.

As long as this could be done, it would be fine. The key was this and nothing else.

"Captain Sun, don't say it like that."

Wu Tian blinked and immediately had an idea.

"President Wu, do you have anything you want to say?"

Sunn Hongsheng vaguely felt that he was about to be tricked ... However, he also did not know what Wu Tian was planning. For the time being, he could only use force to fend off attacks.

"It's like this. Didn't I promise you that I would give you this monitoring system? If you link this data to our system, after this is over, I'll just send you this system."

Wu Tian's calculations were very good, and this was a win-win situation for both sides.

On the one hand, Wu Tian could achieve his goal in this operation.

On the other hand, after they finished using the system, they could directly send it to the police station. They did not need to go through any modifications or the like.

Sunn Hongsheng didn't think that Wu Tian would come up with such a method. For a moment, he was also a bit hesitant.

However, the plan that Wu Tian mentioned was indeed a pretty good idea and it was very feasible.

"This, it's mainly because of your decisions, this data can't be spread outside ..."

Sunn Hongsheng slowly began to loosen his mouth. This was really the problem that he was most worried about at the beginning.

If he could guarantee this, he would have agreed to this just now.

"What's wrong with that? As long as we connect your population statistics database and our system, we can use it directly."

Loong Yun explained on the side that Sunn Hongsheng might have misunderstood something.

Actually, what Loong Yun meant was not for them to submit all the data. She just wanted them to connect to the database through the network.

After this was done, if the police didn't want the system to be linked to the identity of the citizens, they could just disconnect the database.

After Loong Yun's explanation, Sunn Hongsheng finally understood what was going on. Since that was the case, he had nothing to worry about.

"Don't worry, I'll contact the police station right now."

Sunn Hongsheng nodded and was about to go out to make a phone call.

Wu Tian also felt relieved, as he sat on the side and watched their progress.

After connecting to the database, there were almost tens of millions of people in the city, and the number of people that could be captured by satellite outside the city was at least over a million.

Identifying the lives of millions of people at the same time is not a small matter.

"Everyone, this meeting can now be suspended. The system will have to run for about 12 hours before it can meet our requirements."

There was no other way for them to stay here for a long period of time. After all, their computer skills were limited.

Hearing that he would have to wait another night, although Wu Tian was worried, he didn't have any good ideas.

After the meeting ended, Wu Tian went back to his room listlessly.

On the way they met Su Wenxin and Zheng Taiwen, who seemed to be on their way out to see Wu Tian so bored that they took the initiative to greet him.

"What happened to you?"

Su Wenxin's heart ached when she saw him like this.

"Master Su, everything is fine. It's just that I've been a bit tired recently ..."

This matter had been suppressing Wu Tian, like a huge mountain pressing down on his heart. Since he couldn't get rid of the 11 Devils, Wu Tian always felt that any actions he took were shackled.

"Then do you want to play outside with us?"

Su Wenxin sent a sincere invitation to Wu Tian. In the past, the two of them often went to bars together ...

"It's better not to go ..."

Wu Tian was a bit worried. Almost every time he went out, he would be found by the 11 Killing Stars.

If they were to encounter danger this time ... To be honest, Wu Tian was worried about his safety. It was impossible to escape successfully every time.

What if he failed? Then wouldn't he be finished?

"What are you afraid of? I'm here."

Su Wenxin patted her chest, indicating that Wu Tian didn't have to worry at all.

Just based on Su Wenxin's words, Wu Tian would definitely not believe her.

However, Zheng Taiwen also seemed to have the same attitude towards this.

"You can be at ease, but 11 Devils doesn't seem to me to find you that easily."

Wu Tian's heart began to waver again after hearing what they said.

"How about I go with you guys? But where are you guys going to play?"

Wu Tian asked curiously. If the place they were going to was very interesting, then it would be good if he was worth it.

If it wasn't worth going, then it was better not to waste the experience.

"You'll know when the time comes!"

Su Wenxin smiled and did not tell him the answer. Instead, she kept a mysterious feeling in her heart and let Wu Tian guess.

Wu Tian obviously couldn't guess, so he just followed them out curiously.

Ever since Zheng Taiwen's martial arts were all wasted, his life didn't have much of an impact. However, he was no different from an ordinary person.

Although his strength was not as good as that of some ordinary people, he seemed to be quite happy and comfortable during this period of time.

Perhaps it was because Su Wenxin was by her side, but the two of them seemed to be having a good time together every day.

Su Wenxin and Zheng Taiwen drove Wu Tian to a very luxurious bar in S City.

There were luxurious cars parked at the door, and people who came out of it were the descendants of all sorts of rich families, along with pitiful beauties with few clothes.

C907 To Win the Heart of a Beautiful Woman

Wu Tian actually didn't have much of a cold for this kind of thing. Even though he had been stuck in this kind of place for a long time, it made him feel very relaxed.

However, Wu Tian didn't think that such a life had much meaning.

After penetrating the surface of those hypocritical bustle, the back was still empty and boring. A life without any connotations was meaningless to Wu Tian. He might as well stay at home and sleep.

"Mr. Zheng, isn't it a bit inappropriate for you to bring her here ..."

Although Su Wenxin often went to the nightclub to play in the past, but now that Zheng Taiwen was here, she didn't seem to be restrained at all.

The two of them even came out to play everyday, which made Wu Tian a little confused.

"What's wrong with that?"

"That's not it, I keep having the feeling that something isn't right in this sort of place ..."

Wu Tian didn't dare to say it out loud. After all, these two were his seniors.

Zheng Taiwen immediately knew what Wu Tian wanted to say. He laughed out loud and took two cups of wine from the guard beside him. Then, he handed one of the cups to Wu Tian.

"In this world, no matter what you do, you shouldn't refuse to enjoy life. Since Su Wenxin likes this kind of life, I am willing to stay with her in this kind of place. "

Zheng Taiwen was quite open-minded. After experiencing so many things, he finally understood that it was more important to take charge of his life.

The two of them chatted as they drank wine, watching as Su Wenxin swayed her body on the dance floor. It was a sight to behold.

After an unknown amount of time, a burst of noise suddenly came from the originally bustling bar. Some of the wine bottles fell to the ground and shattered into pieces.

Wu Tian and Zheng Taiwen both looked over to see what was going on.

In the end, looking back and forth didn't seem to be a big deal.

"F * cking stop!"

It sounded like a boy's voice shouting. Following the voice, a girl covered her face and ran over sadly.

Wu Tian and Zheng Taiwen, who were watching the show nearby, did not expect this girl to directly walk towards their table.

Perhaps seeing that the two of them looked friendly, the girl directly rushed to their side and put her arms around Wu Tian.

The youngster behind him also caught up. When he saw the girl hugging Wu Tian, he immediately got angry.

"Jessica, what are you doing!?"

The girl's name sounded so foreign, which surprised Wu Tian a little. This was because no matter how he looked at it, she seemed to be a pure China person, but her name sounded like a foreigner.

"What can you do to me? Besides, I already told you, I don't like you."

The girl's tone was very decisive, as if there was no room for further discussion.

Wu Tian felt really bad as he was hugged tightly by this girl.

He was not one of those casual people and did not feel happy about it.

"The two of you are arguing, but can you not include me in this?"

Wu Tian twitched his body and wanted to escape from her embrace, but he didn't expect the girl to be so strong.

When Jessica heard Wu Tian say that, she seemed to be touched by something. She gritted her teeth, steeled her heart, and directly kissed Wu Tian's face.

Zheng Taiwen was completely shocked when he saw this.

He was dumbstruck along with the little boy who had chased over. The expression on his face was as if he had eaten feces.

"What are you doing!?" Men and women shouldn't touch each other! I have nothing to do with you! "

Wu Tian said in a low voice. He was really unsure what this girl wanted to do.

"Stop talking nonsense and kiss me!"

Jessica was more proactive now as she started to kiss Wu Tian's lips.

When the boy saw this, he gritted his teeth and left.

After watching him leave, Jessica finally let go of Wu Tian.

"Truly annoying ..."

In the end, Jessica didn't forget to make fun of that boy and didn't know what had happened to them.

"Just who are you ..."

It was Wu Tian's first time seeing such an aggressive woman. He couldn't accept it at all ...

Compared to Jessica, Shen Xue and the others were much more conservative.

Jessica ignored Wu Tian and took out a few hundred yuan bills from her bag.

"This money is for you! Let's just pretend we never met! "

Her attitude just now wasn't like that. She changed her expression very quickly.

At this moment, Jessica had a face full of frost, looking just like the second Su Cancan.

Zheng Taiwen smiled evilly as he watched Wu Tian being tricked.

"Hee hee, you've struck it rich ..."

Looking at the few bills in Wu Tian's hand, Zheng Kevin began to mock him in a very unkind manner.

Wu Tian also felt it was funny... This was the first time he had been paid to do this ...

"Don't go yet!"

Wu Tian felt that he couldn't just let this go. This was too embarrassing. Luckily, there weren't many people around him that he knew. Otherwise, how could Wu Tian not be embarrassed?

"What are you doing!"

Jessica looked at Wu Tian warily. The expression on her face became disgusted.

Wu Tian suddenly felt unhappy. If it wasn't for him coordinating with her just now, this Jessica would probably still be pestered by that boy.

"Why did you kiss me just now? "You have to explain it to me!"

"What's there to explain? Why are you being so fussy? Are you even a man?!"

Jessica's mouth was extremely venomous. When she saw that Wu Tian seemed to have some opinions about her, she instantly became unhappy.

Wu Tian also felt it was funny, it was his first time meeting such a weird girl.

"That is my character. After you kiss me, you want to leave. But that's out of the question, you have to be responsible for me! "

Wu Tian felt bored anyway, so he might as well tease little girl.

Jessica didn't care about Wu Tian at all. She shook his hand off and was about to leave with her bag.

Wu Tian stretched out his hand wanting to pull her along, but he didn't expect that there were a few bulky bodyguards at the door. Seeing that Wu Tian seemed to be about to touch her, he quickly rushed over.

These people were not from China. They were all over two meters tall, with black skin and sunglasses. They wore black suits, and from a distance, one could see that their entire bodies were black ...

"Is Miss alright!?"

A few bodyguards quickly protected Jessica. Then, one of them grabbed Wu Tian, looking extremely arrogant and despotic.
