## C921 He's Got Her

Wu Tian smiled faintly. Looking at Jessica's expression, he knew that he had achieved the objective of the first stage.

This silly woman had indeed taken the bait.

"I'm Wu Tian. It's my honor to be able to invite you to dine with me today."

Wu Tian was very polite and treated Jessica like she was a little princess. In an instant, he had captured the heart of this little girl.

Jessica's bodyguards didn't say anything as Wu Tian didn't seem to be too threatening.

Next to them was the restaurant that Wu Tian had booked. He walked over with Jessica.

The two of them chatted and laughed on the way, and a cheerful atmosphere emanated from everywhere.

It was just that Wu Tian felt that the bodyguards beside Jessica were annoying. If they followed him wherever they went, it would be very troublesome if he wanted to say or do anything.

When they entered the restaurant, Wu Tian and Jessica were able to get rid of the guards for the time being due to the excuse of going to the washroom.

Without saying anything further, Wu Tian immediately grabbed Jessica's hand and ran frantically with her, strolling out from the restaurant's back door.

When Wu Tian grabbed her hand, Jessica's consciousness had already flown up to the clouds and she couldn't feel anything anymore.

Wu Tian took her directly to his car and drove away.

Jessica had never done such a crazy thing before. For a moment, she was extremely excited and kept cheering in the car.

"Where are you taking me!"

"What do you want? I can take you with me! "

Jessica tilted her head and thought for a moment before shouting, "I want to go to a bar to drink!"

Now that she wasn't being followed by any of the bodyguards, she suddenly felt free to fly.

Speaking of drinking, Wu Tian still remembered the bar where he just met Jessica.

The bar was still there, but the owner of this place was now him. Wu Tian drove the car directly to this place.

"You said that you forgot who I am. Do you still remember me here?" Wu Tian held Jessica's hand all the time. His gentle voice and considerate care almost made Jessica want to marry him.

It was only after seeing this bar that she had a bit of an impression of it.

"You're that boy from back then?!"

Jessica could not believe it. At that time, she just took advantage of Wu Tian because it was more convenient for her.

However, she didn't expect that the man from before was actually the male god in front of her.

"Of course it's me. Don't you recognize me?"

Wu Tian's smile was like poison. Just by looking at it once, she couldn't stop.

After saying that, Wu Tian brought Jessica into the room. The two of them found a private room and ordered a bunch of wine.

The age difference between the two wasn't that big, and Jessica's family was rich, so they were similar to Wu Tian.

The two chatted for a long time and drank a lot of wine.

Jessica, who was sitting opposite of the two of them, unknowingly sat beside Wu Tian and hugged his arm while the alcohol was still in her body.

The distance between the two of them began to become very intimate.

"How amazing is your family? From what I see, you don't look like a bad child. Why did your dad give you so many bodyguards?"

Wu Tian didn't drink too much, but it was obvious that this Jessica was on the verge of collapse.

"That damned old man, he's just a coward. He always does things that offend people!"

Jessica's tongue was getting a bit stiff as she spoke.

Wu Tian felt that this was probably a good opportunity, and hurriedly continued to ask: "Then didn't you guys develop your Britain well, why did your S City suddenly come?"

"I don't know either, but it seems to be related to a Wu Group company. My dad has been busy recently dealing with them ~"

Wu Tian nodded as if he was deep in thought. He carefully sized up Jessica. The two of them exchanged a glance and Jessica immediately hid behind Wu Tian's clothes shyly.

"Why are you looking at me like that? I'm shy ..."

Although she drank too much, her modesty was still there.

Although she was a delinquent, she was actually a good child inside. He understood Jessica very well.

"Do you like me?" All of a sudden, Wu Tian asked a question that struck the soul, which confused Jessica.

"What are you talking about? We've only known each other for a short while ..." At this moment, Jessica left Wu Tian's side with a flushed face and sat up straight.

Wu Tian smiled. He took out a name card and handed it over.

"Here's my card. I want you to do me a favor. If you want, come and see me here. By the way, I have no ill will towards you, and I have no ill will toward your father. "

With that, Wu Tian stood up and left. Jessica wanted to go and ask him to stay, but when her eyes fell on the name on the name card, she was stunned.

"Wu Tian? the chairman of Wu Group company! " She had heard of this person countless times from her father.

She had not expected him to be so intimate with her just now, and he had asked her such a shy question.

Jessica's drink immediately sobered up, but she sank into a deep confusion.

What was he trying to do? Jessica couldn't figure it out, but she knew one thing clearly. She was completely subdued by this man.

Especially the feeling of staying close to him just now, it almost made Jessica unable to stop herself.

Thinking of this, Jessica chased after him without a second word.

"Don't go!" Jessica stopped in front of Wu Tian's sportscar with an anxious expression.

Wu Tian slowly rolled down the window and waved at Jessica, gesturing for her to get on the car.

"What? You've decided so quickly?"

Only then did Jessica realize that she had done something incredible, especially the kind that could piss her father off.

"I don't know either. You said you wanted my help, so tell me what you want me to do."

Jessica was swinging back and forth between her father and Wu Tian. She didn't know what to do.

Wu Tian looked confident. Since this girl rushed over and got on his car, it meant that she had made her own choice.

### **C922 Burn Bottle Attack**

Wu Tian didn't think that she would be conquered so quickly.

On the contrary, he felt embarrassed to take advantage of Jessica.

But seeing how excited she was, Wu Tian knew he didn't need to waste such a great opportunity.

"So you're saying that you're willing to help me, but you need to know my identity ..."

In order to confirm this, Wu Tian specifically emphasized this premise to prevent her saying that he had bewitched her.

Jessica lowered her head, her gaze shifting a little, seemingly conflicted.

"I know, but I still want to help you. I don't know why, but I like you more than my dad! "

She really was a big fan. At this moment, Wu Tian was speechless. He didn't expect this girl to be so stupid, but if she wasn't, she wouldn't have been tricked by him.

"Alright, I'll thank you first. I'll contact you in a day or two." Of course, I won't let you help me for nothing, I can agree to one condition of yours. "

Wu Tian felt a little embarrassed to use little girl at this moment. This made him feel a strong sense of guilt.

Since this was already discussed, Wu Tian decided to drive the car to take her back.

As he secretly brought Jessica out to compensate her, Wu Tian accompanied her for a long walk around the streets.

When the two of them were on the road, Jessica held Wu Tian's hand intimately as if they were a couple.

Wu Tian actually didn't object. He could even move in the direction of blurring the relationship between the two of them.

They were already enjoying themselves. The two of them walked towards Wu Tian's sportscar, preparing to leave for another place.

When they just got in the car, Wu Tian didn't even get to start the car before a man in dark clothes walked over.

He hid his face in the deep brim of his hat, causing people to be unable to see his appearance clearly.

Wu Tian didn't care about him and just sat on his own.

"I'll send you home first, then we'll contact each other later." Wu Tian smiled at Jessica. The two of them could be considered to have reached a good agreement.

As he was speaking, a bottle suddenly flew towards their car. The bottle smashed into the front windshield of the car and the liquid inside spilled all over the place.

Wu Tian and Jessica were both confused by this situation. They never expected such a thing to happen.

"What should we do?" Jessica was a little scared. After all, the car had been turned into this by someone. Should the two of them leave or not?

Before she finished her sentence, another bottle was thrown over. This time, Wu Tian looked carefully, it was thrown out by that unknown man. There seemed to be several other bottles like this beside him.

"Stay in the car, I'll go take a look." Wu Tian warned him carefully. He didn't know what was going on outside, but from the looks of it now, it seemed relatively safe in the car.

"Then you must be careful!" Jessica was worried about Wu Tian's safety and couldn't bear for him to go.

"Don't worry, I will be fine." Wu Tian unfastened his seat belt and touched Jessica's head. It was a form of comfort to her.

Wu Tian opened the door and walked out. At this moment, a fire was thrown towards the sports car.

The pungent smell of gasoline immediately made Wu Tian realize what kind of liquid was in the bottle that smashed onto his sportscar.

He immediately realized that something was wrong and quickly turned around, wanting to run to the other side of the sports car to rescue Jessica.

However, the speed of the bottle was way too fast. Wu Tian didn't even have time to react before a huge fire was ignited in the sports car.

"This is bad!" Wu Tian was immediately shocked. Even he couldn't get close to such a strong flame.

Jessica's pleas for help came from inside the car. Wu Tian gritted his teeth at this moment and rushed into the sea of fire without caring about anything else.

The car door was already burning hot, but Wu Tian still reached out to grab the door handle. Wu Tian scratched on the car door one or two times and found that it didn't move at all.

Jessica slammed the window with all her might. She was already extremely scared inside the car and didn't even have time to cry.

Wu Tian knew he couldn't wait any longer. He pushed the door behind him and punched the glass. He reached in and unlocked the door. Then, he quickly pulled Jessica out.

Jessica couldn't even walk anymore. She was scared to death. Wu Tian didn't care about his wounds as he carried her and ran.

The flames behind them continued to grow larger, and the sounds of bottles breaking didn't stop. Wu Tian turned around and glared at the person who attacked them. At this moment, he already had killing intent towards them.

The huge flame quickly engulfed the entire car. The gas tank was unavoidably burnt, and a violent explosion occurred in an instant.

The sportscar that had been so bright and beautiful was now only left with a pile of broken parts.

"Wu Tian, how are you?" Only then did Jessica notice that Wu Tian's clothes had been burnt into pieces in order to save her. There were no good clothes left on him anymore.

Tears flowed down her face uncontrollably as she cried. Her eye makeup was smeared with tears, as if a long black line had been drawn in the corner of her eyes.

Wu Tian felt pain after she reminded him. He wanted to sit down right away, but he suddenly felt burning pain all over his body.

Due to his anxiousness, he didn't have much of a reaction when he saved her just now. The moment he regained his senses, he knew how serious his injuries were.

"Fortunately ..." Even if he was in pain, Wu Tian didn't want him to be so terrible in front of Jessica.

After all, he was still the boss of a Wu Group company, how could he be so weak?

"Wait here, hurry up and call the police, I'm going to arrest that prisoner!" Wu Tian did not intend to let it go like this. After all, that person almost caused the two of them to lose their lives.

Jessica pulled on Wu Tian's clothes fearfully, unwilling to let him take the risk.

"No, I don't want you to leave me." If anything happened to Wu Tian, Jessica really didn't know what to do. If she left Wu Tian, she would lose her head immediately.

## **Hidden Billionaire Chapter 923 - Jessica Was Kidnapped**

### **C923 Jessica Was Kidnapped**

Even though he said that, Wu Tian still broke away from Jessica and charged towards the enemy.

The prisoner seemed to be very cunning. Seeing Wu Tian coming, he immediately put down the combustion bottle in his hand, turned around and ran away.

The enemy's speed was as fast as a mouse's. In such a narrow alley, he could actually run as fast as he wanted.

Normally, Wu Tian definitely wouldn't feel like he couldn't catch up to him. It's just that right now, Wu Tian's entire body was covered with varying degrees of injuries.

Every movement of his would be heart-wrenching. Just being able to chase behind and not falling behind was already enough to make Wu Tian use all of his strength.

This kind of situation was useless to him. At this moment, Wu Tian saw a baseball bat by the roadside. He immediately picked it up and felt the weight of it in his hand.

Then he shook it in the air, throwing it in a very high arc.

The fellow in front who was still running away laughed strangely. He seemed to be gloating and thought that he had become a mouse who was toying with cats. In the end, he did not notice the threat from the sky at all.

The bat hit the back of the man's head and he lay on the ground without any reaction.

Wu Tian sneered from a distance. No matter how great Monkey Sun's ability was, he could not escape the palm of Buddha. This guy wanted to shake off Wu Tian, he was underestimating him too much.

Just when he was prepared to go and see who this person was, a sound of help came from behind him. Wu Tian knew clearly that there was no one else other than Jessica.

Damn it! Wu Tian suddenly regretted that he thought too simply. He thought that the other side only had one person, but they still had partners.

He rushed back and saw that Jessica had been coerced by someone. A shiny dagger was pressed against her neck.

Beside her was a man dressed in black and wearing a dark hood, just like the man who had attacked the car.

"Haha, Wu Tian, you didn't expect it, did you? Your woman is in my hands now, hahahaha!"

Wu Tian looked at Jessica. Although she was under duress, her body wasn't harmed. This made Wu Tian feel a lot more relieved.

Right now, he needed to rest and gather his strength. At the same time, he also needed to think of a way to save Jessica.

Judging from the tone of the kidnapper, it seemed like he knew him and was at odds with him.

"Who the hell are you?" Although Wu Tian had never seen this person before, he realized that he had never seen him before.

"Your memory is so poor."

As he spoke, the kidnapper lifted his hood to reveal a terrifying face.

His hair was all gone, replaced by patches of scars. His face and facial features were no longer the same. Only his eyes and mouth were distinguishable. The rest of his hair was a mess, an appalling sight to behold.

When Jessica saw the face of this bandit, she immediately screamed as if she had seen a ghost. Her scream actually provoked this bandit. He grabbed the dagger and stabbed it at Jessica's stomach without any hesitation.

"What are you doing!" Wu Tian didn't expect this person to really make a move. Jessica got cut, immediately covering her stomach, and fell down powerlessly.

Her eyes were full of begging for survival, Wu Tian's heart was about to break.

"What is it? All of this is because of you, so today I will let you know what is called revenge! " The kidnapper laughed. His arrogance was too arrogant that Wu Tian couldn't help but want to rush over and exterminate him.

However, his knife was still hanging around Jessica's neck. If Wu Tian acted rashly, it would cut through Jessica's throat. At that time, it would be useless to save her.

He still had to calm the emotions of the kidnapper.

Just a moment ago, there was a huge fire nearby. At this moment, it started to rain, seemingly responding to Wu Tian's mood and falling to the bottom of the valley.

"Don't think that just because you killed every single person from Tianying Sect that you can do that that we will forget about it. Back then in the warehouse, if it wasn't for us brothers escaping fast, I probably wouldn't have had the chance to take revenge on you today."

The kidnappers had also revealed their identities and their intentions. Only then did Wu Tian realize how dangerous his situation had become.

There were actually survivors in the battle at the warehouse. This was something Wu Tian did not expect.

"We can slowly talk about our conflict. You came to find me, so let her go. She has nothing to do with this ..." Wu Tian was worried. Jessica's condition was getting worse and worse. If she didn't start the treatment, her life would be in danger.

"Do you think we will let it go like this? Impossible, even if you kneel down and beg us today, we won't let you go."

The kidnapper didn't seem to care at all. Instead, he drew closer to Jessica with his knife.

At this time, Wu Tian was too anxious to think of a way to break through. He had to save Jessica in the blink of an eye.

After all, she wasn't one of his people and it had nothing to do with what had happened before. If he knew that the other party had come to cause him trouble, Wu Tian wouldn't have let Jessica come with him.

"I will trade with myself! You can do anything to me and I will not hesitate as long as you let her go! " Wu Tian raised his hands. At this moment, if he wanted to get close to his opponent, he would have to show weakness.

"Oh, this will be interesting." At this moment, the kidnapper suddenly threw over a dagger and it landed at Wu Tian's feet.

"If you use this and poke three holes in your body, I'll let this girl go!"

The kidnapper knew that this woman was very important to Wu Tian, so he started to unrestrainedly make all kinds of requests.

Wu Tian was stunned for a moment. He didn't expect to be asked to cut himself, but seeing Jessica's increasingly weak look, Wu Tian still picked up the dagger.

"Don't mind me ..." Jessica said with her last bit of strength. She could see Wu Tian's gaze. Not to mention three cuts, even if it was thirty cuts, Wu Tian would still do it.

## **Hidden Billionaire Chapter 924 - The Eruption of Despair**

### **C924 The Eruption of Despair**

Under the kidnapper's gaze, Wu Tian's entire body was drenched by the rain. This way, he could slightly relax.

The pain from the burns on his body was no longer so painful.

"Do it, I'll count to three! If you still don't do it, I'll cut this knife off, or I won't mind stabbing her three more times!"

The kidnappers continued to be aggressive, but it would be a grave mistake to think that he was faking it.

Wu Tian clearly knew that this person could do it, he could do anything. Those who had already experienced death once would no longer think so heavily of their lives.

Without saying anything further, Wu Tian quickly stabbed three times into his abdomen and thigh. Wu Tian almost did not stop when the three cuts went through.

Blood started to flow from the wound and mixed with the rain on his body. In less than a minute, it formed a blood-red puddle under Wu Tian's feet.

"Haha, I really want you to do whatever I tell you to do." The kidnapper was very happy to see Wu Tian like this, he felt that he was the happiest.

"You promised me, let her go!" Wu Tian said while panting. The pain from his wound almost made him unable to say anything.

Jessica was crying until her eyes were red and swollen. When she saw that Wu Tian had stabbed himself with a knife for her, Jessica's heart was broken to the ground.

"Alright, that's what I promised you." At this moment, the kidnapper pushed Jessica out of the door. The heavy rain fell on Jessica. The two of them were covered in blood, but they looked the same.

Wu Tian tried his best to force out a smile. At this moment, he still wanted to give Jessica hope. He would rescue her.

Jessica started to walk towards the kidnappers, but the kidnapper suddenly moved.

Wu Tian's eyes immediately became shocked. He could not imagine what was happening in front of him. The bright blade pierced through Jessica's chest at this moment.

The kidnapper stabbed Jessica viciously in the back.

Wu Tian shouted in anger. His anger had been completely ignited. Just now, in order to let Jessica live, he had been suppressing his impulse.

However, at this time, this kidnapper actually turned everything that Wu Tian did into nothing.

"Is it pain, pain is the right thing to do, this is what you made us taste ..."

The kidnapper's face was filled with pride. He probably thought that he would win, but before he finished, his voice suddenly stopped.

Wu Tian's speed had reached its peak just a moment ago. Wu Tian didn't care about pain or anything else.

The dagger in his hand was like a bolt of lightning, instantly slashing through the kidnapper's neck.

The kidnapper suddenly found himself speechless. He touched his neck in surprise and found his hands covered in blood.

He wanted to look at Wu Tian in disbelief, but he did not expect that the moment he turned his head, his head had already separated from his body.

Blood quickly dyed the alley red. Wu Tian quickly turned around and supported Jessica.

Trembling, he grabbed the knife that was stabbed into her chest. Countless emotions surged in Wu Tian's heart at this moment.

"Am I going to die?" Jessica said with some difficulty. Of course, she knew what was going on with her.

At her age, of course, she didn't want to die, but there were times when things didn't go as she had hoped.

"No, you won't. I will let you live!" Wu Tian's voice was just like when they first met, gentle like the sun after a rain.

Long Yunhe, Su Cancan, and the others arrived late with their men following a series of sharp footsteps nearby.

They quickly carried the two of them to the helicopter.

Jessica had lost too much blood, so she had already lost consciousness while leaning on Wu Tian.

Wu Tian's injury this time could be said to be even worse than before.

It was mainly because of the three cuts he had received. Wu Tian could only do as he was told under those conditions.

After an emergency treatment, Wu Tian was fine. He did not hurt his vital parts.

However, Jessica's condition wasn't that good. The operation went on for more than 10 hours, and even after Wu Tian woke up, it was still not over.

Outside, Jessica's father had also gone crazy. His daughter had been kidnapped by a man, which made him furious. All the bodyguards had been slapped mercilessly.

Elder Zhang had used almost all of his power to search for people everywhere in the city.

No matter how weak he was, Wu Tian still decided to wait outside the operation room. He was afraid that he would hear some bad news.

"Loong Yun, she won't have any business with you, right?" Wu Tian was very nervous. Jessica's injuries were too severe. The stab that pierced her chest almost took her life on the spot.

"My dad is already in surgery. You have to have faith in my dad. " Loong Yun's tone was very flat. Actually, she wasn't sure either, but in Wu Tian's mental state, Loong Yun had to show that she was strong.

At this moment, Su Cancan walked over with large strides. She was in charge of handling the rest of the matters.

"We have already found the remaining few people. We have already used our Security Team to capture them. Shall we hand it over to the police? "

Strictly speaking, their Security Team did not entitle them to go capture others. However, if they were to rely on the police, it was unknown when they would be able to do so.

What's more, with such a serious incident, Wu Tian couldn't just let it go like this.

"Did you catch them? Hand them over to Yin Rumeng, she knows what to do."

Currently, Yin Rumeng was the only remaining power in Red Power. She could be said to be the biggest leader of the underground organizations in the entire S City.

It was not convenient for Wu Tian to do this. After all, Sunn Hongsheng and the others were still in the company. If they were to lynch someone here, it would be discovered very easily.

"I want them to live. If they die, it will be too easy for them." Wu Tian wasn't someone with a cruel personality, but this incident gave him too much of a shock.

It was not unreasonable to say he would cut the grass by its roots. If he did not do everything cleanly, it would only bring him endless trouble.
