

Hidden Billionaire Chapter 925 - Negotiation Breakdown

C925 Negotiation Breakdown

There was a lot of commotion inside the Wu Group company, but there were even more commotion in the S City outside. Not only Elder Zhang's people, there were also people from Mecca Company who were already searching for Jessica in the entire city.

Sunn Hongsheng, who was always at Wu Group company, had no choice but to return to Police Station to deal with this matter. From this, it could be seen how big this matter had become.

Almost 20 hours later, Wu Tian walked out of the operation room with a few medical personnel who were too tired to work.

The leader, Loong Zaian, was on the verge of collapsing. If it wasn't for this belief, he probably wouldn't have been able to last much longer.

"How is it?" Wu Tian hurriedly rushed up and asked. He grabbed Loong Zaian's body in excitement and almost knocked Old Master down.

Loong Zaian nodded. He no longer had the strength to talk, so he made an 'ok' gesture with his finger.

Wu Tian finally broke into a smile after seeing this.

Great, Wu Tian finally didn't have to worry about this girl dying in his place.

In that case, not only would Pulitzer Corporation not continue to cause trouble for him, he had also become Elder Zhang's daughter's savior.

Thinking about this, Wu Tian quickly sent people to inform the people from the Pulitzer Financial Group to let Elder Zhang know who exactly was in control of the situation.

The moment the news came out, Elder Zhang quickly brought a large group of people to Wu Group company.

They looked so menacing that it was as though they were on the verge of a fight. Just looking at them would cause one to feel fear.

"Where's my daughter?!" Elder Zhang stood in the hall of the Wu Group Building and shouted towards little girl who was at the front desk. His appearance immediately attracted the attention of the Security Team.

In less than a minute or two, Security Team had already arrived in the great hall, confronting these bodyguards who seemed to be approaching menacingly.

"Where is your manager? Come out! Tell Wu Tian to come out! Give my daughter back to me! "

Elder Zhang didn't seem to want to listen to what they were saying anymore. At the moment, he only cared about his daughter's safety.

"Isn't this Zhang Old Master? I heard that you have been involved in this matter for a long time." At this time, Wu Tian slowly came out from the back with his people. Looking at this person who had caused so much trouble for him, he felt a sense of satisfaction.

Of course, Wu Tian still acted like that on the surface. Due to his injuries, Wu Tian's body was wrapped in bandages, making him look like a mummy.

When Elder Zhang saw Wu Tian, he immediately stormed over. Su Cancan saw that they were approaching aggressively and blocked Wu Tian, she was afraid that this person might pose a threat to Wu Tian.

"It's okay, Elder Zhang is a civilized man, don't worry." Wu Tian, on the other hand, looked indifferent as he gently pulled Su Cancan down.

Elder Zhang really wanted to hit Wu Tian, but after hearing what Wu Tian said and seeing Wu Tian dressed like this, it made him even more helpless. With such anger in his heart, Elder Zhang's face turned red.

"Where is my daughter?" Elder Zhang couldn't help but suppress his anger as he stared at Wu Tian. These words came out from the gaps between his teeth.

Wu Tian smiled faintly and moved half his body away.

"Elder Zhang, if you want to know, why don't you come to my office. We can talk slowly."

The moment he said this, Elder Zhang's men immediately gave up and rushed to surround him. However, Wu Tian's side of the Security Team was not weak either, their bodies were stronger and stronger, moreover, when these ex-soldiers released their killing intent, the bodyguards were immediately afraid, and did not dare to go closer.

Seeing that his own people were so useless, Elder Zhang probably understood that if he wanted to use such a method here, he wouldn't be able to gain anything from it. Now, he had no choice but to lower his head.

"Good, you'd better bring my daughter to me as soon as possible!" Elder Zhang's face was livid, but he followed Wu Tian up the stairs in the elevator.

After arriving at the office, in order not to infuriate Elder Zhang, Wu Tian let everyone who wasn't related to him go out first, leaving Loong Yun and Su Cancan by his side.

As long as Loong Yun was present, he naturally didn't have to worry about losing out in the following negotiations. With Su Cancan here, he didn't have to worry about his safety.

"It's like this, Elder Zhang, your daughter is indeed with me, but I didn't kidnap her, and I didn't do anything to her. On the contrary, your daughter is injured and being treated by me."

Wu Tian didn't plan to hide anything and directly revealed his cards.

Elder Zhang didn't think that his daughter would be injured. He was stunned for a moment and then suddenly rushed over to fight with Wu Tian.

Su Cancan went up and held the old man down. After all, he was just an ordinary person and had no power to fight back in front of Su Cancan.

"What on earth do you want? If my daughter were to lose a hair, I would make you wish you were dead. "

Elder Zhang did not hide his hatred for Wu Tian.

"It's simple. I saved your daughter, but I can't help you for nothing. If you don't believe me, I can provide videos of the scene."

With that, Wu Tian nodded at Loong Yun, asking her to show Elder Zhang the surveillance videos she had gathered. The scenes above were like knives stabbing at his father's heart.

"What do you want?" At this time, Elder Zhang didn't know what Wu Tian wanted to do, but with his many years of experience, he was afraid that Wu Tian was going to pay a huge price.

"It's very simple. You all withdraw your support for Zhixing Technology Company."

"What?!" Elder Zhang was shocked. He had thought that Wu Tian would have some other request, asking for money or stock. However, he never would have thought that Wu Tian would make such a request. This was Elder Zhang's hard work.

"What the hell do you mean?" Wu Tian looked at Elder Zhang with a smile, as the Zhixing Technology Company was now his greatest enemy.

If the two sides competed on the same level, this wouldn't be a big deal, but Zhixing Technology Company had support from the Pulitzer Financial Group.

Hidden Billionaire Chapter 926 - Late Night Attacks

C926 Late Night Attacks

Elder Zhang didn't say anything else, flicked his sleeves and left.

Such negotiations were simply unreasonable. Although Elder Zhang said he loved his daughter, it was impossible for him to agree to everything.

However, he already knew that his own daughter was in Wu Tian's hands, so it wasn't a big deal to temporarily refuse the negotiation.

Thinking of this, it was not hard to understand Elder Zhang's departure.

Seeing the negotiations break down, Wu Tian wasn't too worried.

"President Wu, I feel that our conditions are a bit too harsh. Why don't you lower our requirements a little?"

Loong Yun suggested. It would be better for them to reach a consensus as soon as possible.

"No, we can't rush it. They just know that I won't do anything to Jessica, so let's not rush it. The negotiation is still just the beginning."

Wu Tian was already very confident. Just now, he had already mentally prepared himself for Elder Zhang's departure, and it was within his expectations.

Sure enough, the moment Elder Zhang went out, he immediately brought his men back.

However, he gathered a large group of men in black and looked at them with a heavy face.

"Director Zhang, all of our people are here." A bodyguard beside Elder Zhang said respectfully.

Elder Zhang looked at the situation below and was quite satisfied.

"Okay, how many people are there? I see a lot. "

"We have gathered over a thousand people this time. If we were to attack together, Wu Group company definitely wouldn't be able to stop us."

Elder Zhang was even more satisfied when he heard this.

"Good, not bad." He stood up slowly and walked to the railing. He waved to the men in black below. Everyone stopped chatting and looked at Elder Zhang.

"Everyone, this is all thanks to you. I, Zhang, am not talented, and my daughter was taken by others. Here, I can only ask everyone to save my daughter. I, Zhang, thank you."

Saying that, Elder Zhang waved to the people beside him. A few of them pushed a small cart and walked out. On top of the cart, there was something like a mountain. In the midst of the crowd, the red cloth on top was lifted, revealing the money underneath.

Suddenly, the crowd began to get excited, and quite a few people were eager to give it a try.

"Don't worry about this, I will personally lead the team and will definitely bring Miss back safely!"

The head bodyguard vowed. Their eyes were all greedy, but it was also because of their greed that Elder Zhang was able to trust them.

"Alright, you can begin now. We have no time to lose!"

As soon as Elder Zhang gave the order, the thousand-odd people below immediately began their preparations. They all got into the car with machetes and steel pipes.

Since it was late at night, no one noticed them along the way.

In order to avoid detection by others, Elder Zhang had someone to lure away all the police nearby and also modified the surveillance cameras nearby.

This way, his subordinate would be able to charge in recklessly.

Wu Tian was originally sleeping soundly, but who would have thought that at three or four in the morning, a large group of people suddenly rushed into the company.

The security guard on duty at the front desk immediately informed Security Team and sounded the alarm at the entire company.

More than a thousand people rushed in. Before the Security Team had even arrived, they had already seized the first floor's great hall. After that, they began to search up the first floor, floor by floor.

"All of you, watch carefully. At the same time, be careful not to injure the young mistress!"

"Alright!"

The response sounded like a thunderclap, giving the head bodyguard an incomparable sense of satisfaction.

With such strength, Wu Tian would definitely have no other choice. At that time, he might even have to kneel in front of Wu Tian and beg for forgiveness.

Thinking of this, this guy couldn't help but laugh out loud.

However, their happiness didn't last for long before Security Team was already announced.

Right now, they were only around two hundred or so in size. There weren't many of them.

However, these two hundred people were spread out across all levels, and they were not afraid of the enemy's numbers.

Su Cancan looked at the men in black coldly, not moving at all.

"Sister Su, how far can we use our martial arts?"

The commander of the Security Team beside him also asked for instructions calmly.

These people were all ordinary people. They didn't know if Elder Zhang was too naive to think that he could achieve his goal with such a method.

"You can use short sticks, but you can't use guns. Don't kill them, it doesn't matter if they are injured or disabled." What they saw along the way made quite a few floors messy. It was impossible for Su Cancan to not make them suffer.

"Alright, I've been waiting for you to say that!"

After receiving the orders, the team members didn't need to think too much about it. The two spells immediately clashed.

Although there were a lot of opponents, most of them were just street hoodlums. Compared to these retired soldiers who had undergone specialized combat training and specialized in killing, they were like worlds apart.

As soon as the two sides clashed, the black-clothed man realized that he had no hope of defeating his opponent.

Security Team and the others finally experienced the fun of a fight. One person fighting several, fully experiencing the feeling of being a hero.

The black-clothed man, who was originally very confident, started to frantically run down the stairs. However, the people at the back didn't know what was going on and were still squeezing upwards.

As a result, they were stuck in a deadlock. Neither of them could move.

Elder Zhang, who was watching the entire broadcast, was so angry that his face turned pale. He grabbed the cup beside him and threw it out.

He had spent so much money and ended up with a bunch of useless people!

When the commander's bodyguard saw this, he immediately wanted to run away, to slip out through the gate.

He panicked. He actually ran into a girl and was kicked back.

Su Cancan looked at the chaos in front of her with disdain.

With this kind of level, was he even worth her beating him up? This was truly an insult to her strength.

"Who sent you?"

Su Cancan's high heels walked step by step towards the head bodyguard. He was so scared that he kept on nodding and shouting at the top of his lungs.

"It's Elder Zhang. Elder Zhang told us to come ..."

This guy didn't even put up a symbolic resistance and directly confessed.

Su Cancan was even more annoyed. This was too boring, not even a little bit of fun.

Hidden Billionaire Chapter 927 - Contraction

C927 Contraction

Elder Zhang turned off the live broadcast with a dark expression and returned to his room alone.

No one dared to go up and say anything. They all knew that Elder Zhang was angry at this moment. Whoever said anything would be the one looking for trouble.

When Wu Tian went downstairs, the battle was already over.

Security Team had almost captured all the black-clothed men alive, and at this time, they were currently being escorted into the great hall, waiting for further punishments.

"So many people?" Wu Tian was stunned.

"It's just rotten fish and rotten shrimp, what are you going to do with these people?" Su Cancan looked down on these people, so much so that her gaze didn't want to linger on these men in black.

"What do we do? We can't possibly keep that many people and send a portion of them to the Police Station. As for the rest, we should beat them up and release them after that."

With so many people, if they were to keep it, Wu Tian would have to be responsible for their food and drinks. Safety and such. This was an unnecessary expense.

Moreover, these people were only listening to the orders of others. They were merely thugs, so there was no need to investigate them any further.

"President Wu, our 1st to 4th floor have suffered serious damage. The damage is huge. If we let them go, then ..."

At this time, Loong Yun had already sent people to do the damage statistics. The degree of damage from being full of wounds was not a joke.

"Since that's the case, we shouldn't let them go. Let them go and tell Elder Zhang that they have to take the money to redeem them. Otherwise, we'll send them to the island and have them build buildings."

Wu Tian immediately found a place that was suitable for these people.

There were still many areas on the Flower Island that needed manpower. These people were all strong labourers, so it would be better to make good use of them.

After making all these arrangements, Wu Tian stretched his body and turned around, ready to go back to sleep.

By the time dawn broke, the lower floors had already been repaired on a large scale. Loong Yun had already made a list of all the losses that had been sustained.

However, Elder Zhang did not appear and did not deliver any news. No one could figure out what he meant.

When Wu Tian heard about this situation, he immediately called Wu Zaiyao over and instructed her.

Soon, in the afternoon and evening, there were some news on the internet. It was all about this negative news about Elder Zhang.

Especially regarding how he manipulated the market, how he made malicious mergers and acquisitions, and even the incident with Wu Group company, due to the large

number of photos supporting him, it could be said that it was very popular online all of a sudden.

"President Wu, isn't it bad if we drag this on? We need to formally inform this Elder Zhang and have him come over to settle this?"

Loong Yun was worried because the company had been destroyed by someone. If she did not care, it would be unreasonable.

Wu Tian thought about it and waved his hand. He didn't think that way.

"No, no, no. This is a good opportunity. It's time for us to move faster. If they had moved all the way to Flower Island, then this wouldn't have happened at all. They wouldn't even be able to go up to the Flower Island. "

There was only a floating bridge at the entrance of the Flower Island and it was a full kilometer long. As long as they could break this floating bridge, even if they had the greatest of abilities, they could only sigh in disappointment.

"I understand. I will make the arrangements now. If nothing goes wrong, we can finish the relocation in two or three days." Loong Yun understood Wu Tian's strategic intention and realized that she was being too one-sided.

Elder Zhang's place was a mess. The stock market was always the most sensitive place, and when those bad news came out, Pulitzer's share price immediately fell by a huge amount.

Combined with all this mess and the fact that his daughter was still nowhere to be found, Elder Zhang felt that he was like a barrel of gunpowder, just a little more and it would have been ignited.

The mood in the meeting room was extremely depressing. Many people lowered their heads, looking at each other, not saying a word.

"Director Zhang, I've already contacted those publishers. They agreed to cancel those articles, but there's nothing we can do about the ones that have already been sold. Those articles on the internet are all the work of Wu Tian. We can't do anything about that ..."

The person who spoke bent his waist and stopped in front of Elder Zhang. He was afraid that if he said something wrong, it would anger Elder Zhang and he wouldn't be able to bear the consequences himself.

Elder Zhang didn't have much of an expression at this time. He had already anticipated the worst case scenario, so it didn't count as anything.

"Understood, you may leave." Elder Zhang waved and called for some people from the company.

It might not be a good thing to continue the existing investments right now, so Elder Zhang was smart enough to immediately remove some of the ones that didn't seem to have a clear future.

Although the board had a lot of opinions, Elder Zhang's prestige didn't suffer any blow, so no one said anything.

"They're coming for us. Since that's the case, let's avoid them for now. Once they finish using their three axes, we'll go for the last one."

Elder Zhang was an old fox in the mall, so he naturally did not care about these things.

The managers of the companies below could only nod in agreement.

"Then do we need to withdraw a portion of our funds and return to the Britain?"

Many people thought that Elder Zhang was giving up on the idea of entering the China.

"No no, draw out the funds. Don't leave yet. Let's continue to wait. As for the Zhixing Technology Company, let's not bother about them for now and let them calm down for a while, and make some preparations. Once this matter is over, we can let them give us a big surprise. "

Elder Zhang's judgement could be said to be very bold. With such a large consortium, it was extraordinary that they could still do things that they could not do. They had always been the ones who could only show off.

After disbanding these people from the meeting, Elder Zhang still felt that he was lacking something. His daughter was still in the hands of Wu Tian, so he had to find a way to remove this place that was controlled by others.

After thinking about it, Elder Zhang used his phone to make a call.

"Mr. Would you be interested in doing me a favor? "

The sound of ticking kept ringing in her ears. Jessica finally woke up from her slumber. She had the feeling that she had been dreaming for a very long time.

Hidden Billionaire Chapter 928 - The Guilt Jessica

C928 The Guilt Jessica

The sound of ticking kept ringing in her ears. Jessica finally woke up from her slumber. She had the feeling that she had been dreaming for a very long time.

However, when she saw that she was in the hospital, she felt relieved.

Jessica saw that there was a nurse busily working with her back to her, so she reached out her hand and gently touched her.

Her voice was very weak, but she was still able to say what she wanted to say.

"Hello, may I ask which hospital is this?"

Jessica really wanted her father to come and take her away. She really didn't want to experience it again.

In the future, when her father said he wouldn't let her go anywhere, Jessica promised that she would never be willful again.

The nurse looked at Jessica's condition with a smile, and then said with a gentle voice, "This is the internal hospital of Wu Group Corporation, not the external hospital."

After hearing this name, Jessica remembered that Wu Tian seemed to be the boss of this company ... Wu Tian, she still doesn't know about Wu Tian's situation.

"What about Wu Tian? How is he?"

"President Wu is directing the company's relocation right now. His body is much better now, and he's walking around everywhere."

Wu Tian's physique was not something an ordinary person could compare to.

"That's good, that's good." Hearing that everyone was fine, Jessica felt relieved. However, her condition was really bad and after just a short conversation, she was already out of energy from head to toe.

The nurse quickly reported her situation. Originally, Wu Tian wanted to come personally to see when he heard the news, but now the whole company was moving. He couldn't leave at all, so he could only arrange for Long Yun to come in his place.

Loong Yun was Wu Tian's right-hand woman, she was basically Wu Tian's representative in the company.

However, this secretary didn't seem to have any expression, which made Jessica feel that she wasn't very fond of her.

"You are ..." Although Jessica didn't like Loong Yun, she had no choice but to lower her head and greet her.

"I'm Loong Yun, President Wu's secretary. Since Miss is awake, then please take care of your illness. Our company will do its best to take care of you."

Loong Yun didn't pay much attention to this Jessica. After sizing her up, she probably knew what kind of person she was. She probably felt that there was no point in further communicating with her.

"About that, can I contact my father? I'm so injured, and I didn't even tell him when I came out. They must be looking for me all over the city right now."

Jessica couldn't help but cry when she thought of this.

"I'm sorry, but that won't do. However, you don't need to worry. Your father knows that you're here, but ..."

When Loong Yun said this, she suddenly hesitated because she didn't think it through. There were some things that she shouldn't tell this Jessica.

"Tell me, I can bear it."

"It's like this. Your father has already come to us to get him. But with your current state, we definitely won't let you go. So... Your father ..."

As soon as Jessica heard this, she could guess what her own father had done.

"I am truly very sorry ..." Jessica quickly apologized. She felt very embarrassed at this moment, but it was hard to bear.

Loong Yun shook her head slightly. Since this had already happened, there was no point in apologizing now.

"It's okay, we will start moving soon. When that happens, you should also move with us. President Wu means that before you recover, you should stay with us to recuperate."

Loong Yun nodded to the nurse as she spoke, indicating that she needed to take good care of Jessica. She then left in a hurry.

There were still a lot of things waiting for her outside.

Actually, it was a move, but there was nothing special that needed to be moved. The company had long since implemented a paperless office, and it was said that all sorts of computers were disposed of on the spot.

The Flower Island had already been prepared with the complete set of new equipment, so it was natural that they wouldn't be able to use old items.

The huge group was very eye-catching. There were even many reporters who had gathered around in preparation for an interview.

In order to avoid being photographed, as long as Wu Tian chose to enter the building, the reporters would not make a scene.

It just so happened that Wu Tian could go and see Jessica and hear that he had just woken up.

As soon as they entered the ward, Jessica, with the help of a nurse, was preparing to move to the mobile flatcar. When she saw Wu Tian come in, her eyes immediately filled with tears.

"Aiya, why are you still crying? In my company, there's no need for you to worry."

Wu Tian looked at the girl with a smile. She still couldn't get off the bed, the wound on her chest was too severe.

"Wu Tian, I really nearly died ~" Jessica's crying voice was filled with a very weak feeling.

"Alright, alright. You don't have to worry about that. The matter is already over. Just stay here and recuperate."

Seeing that Wu Tian was still as energetic as ever, Jessica recalled Wu Tian's actions to save her and immediately felt guilty.

"Wu Tian, didn't you say before that you want me to help you with something? Now, I can promise you anything as long as it's something that I can do."

Jessica seemed to have made up her mind before she spoke. It was not easy to choose between her father and her savior. It was a cruel choice to choose between the two.

Wu Tian didn't expect this guy to say such a thing. Previously, he did use this girl to get close to her and only brought her into a dangerous situation. Wu Tian also didn't expect that.

At this moment, both of them started to feel guilty.

"No need, no need. You should recuperate well now. Your injuries will be the greatest help to me. "

Wu Tian said. In his heart, he was wondering when he could get the girl out as soon as possible. Otherwise, who knew what Elder Zhang might think up to cause trouble.

As the group started to move, a line of carriages with the symbol of Wu Group company started to set off.
