C929 Crisis Under Tranquillity

As the group started to move, a line of carriages with the symbol of Wu Group company started to set off.

As they walked along the streets of S City, they looked extremely spectacular.

The news from the television station had already started reporting on this matter, but Wu Tian requested that no one be allowed to be interviewed, nor were they allowed to gossip about this outside.

Therefore, many people were guessing what they were planning to do.

It was only until the convoy reached near the Flower Island did the people realize that this place had already been completely constructed. At this time, the country's famous super enterprise, Wu Group, was finally planning to move into this island.

In a short period of time, many people started to be extremely interested in this Flower Island.

At this time, the people from the Nanhe Securities Corporation had already set up a rather entertaining small pavilion in the nearby buildings.

Baili Zhenlin asked them to specially receive these famous reporters.

For a time, the Flower Island area had become the focal point of the entire S City area, and many people had already begun to direct their eyes towards this area.

Wu Tian didn't care about this. Although it was true that real estate was a way to earn money, he felt that it was meaningless.

"President Wu, our people have already entered." Seeing that the carriages were on the floating bridges one by one, Loong Yun hurried over to urge Wu Tian to get ready to get on the island.

Wu Tian nodded. He hadn't been this excited for such a long time.

"Alright, we must pay attention to this safety issue!" Wu Tian looked at the floating bridge worriedly. Although the Flower Island was close to a kilometer away from the shore.

However, this would only stop some people from making a small fuss, but those with real ability would still have the means to enter the island.

"Don't worry about that. When we built it this time, we had placed the highest priority on the security. Our surveillance was no exaggeration as we could see every nook and cranny of the island."

Loong Yun said confidently. She was the one who had pushed this whole thing. There was a satellite in the sky. It could be said that it would be a piece of cake for her.

"Good, that would be for the best. We might be able to live a quiet life in the future."

He said. As the last to enter the Flower Island, the two of them quickly began to advance towards the island.

Right now, Flower Island could be said to be extremely lively. There was a jubilant atmosphere everywhere, and many people were beaming with joy, feeling extremely happy.

"President Wu, Yu Naixin has arranged a celebration party. Do you want to attend?"

The sky was getting darker. Loong Yun saw that the moment Wu Tian entered his room, he did not come out. She came to check on his condition.

"I feel a little tired, go over there for me." Wu Tian's voice was very lazy, it was obvious that he didn't want to go.

Loong Yun walked over and touched his forehead. After confirming that there was nothing wrong with his body and health, she agreed with a sigh of relief.

If there were no surprises, perhaps he would have spent this night in peace.

However, Wu Tian suddenly woke up in the middle of the night. He didn't know why, but he was a bit worried.

Wu Tian looked around the room, then looked outside the window. Everything was quiet.

"Did I have a nightmare?" Wu Tian touched his chest and thought it was just a false alarm.

Suddenly, an ear-piercing alarm sounded from downstairs.

The Flower Island which had originally fallen into a deep slumber was suddenly awakened at this moment. All the Security Team practitioners began to enter the on-duty mode.

Wu Tian saw that there were plenty of people outside and knew that something must have happened, so he quickly dialed Loong Yun's number.

"What's wrong? What happened? "

Loong Yun was panting heavily as if she was running.

"President Wu, I don't know either. I'm heading to the surveillance room right now!"

Hearing Loong Yun say that, Wu Tian quickly got off the bed. He was prepared to go and see what was going on.

It was simply disgrace for Wu Tian to have such a thing happen after entering the Flower Island on the first day.

When they arrived at the control room, Su Cancan and Loong Yun were already there.

Wu Tian's expression was heavy as he quickly walked over.

"What happened?"

Su Cancan looked at the screen in front of her with a serious expression. There were two figures on the screen, trying to destroy the medical bay's door.

In that direction was their company's internal hospital, where Jessica was hospitalized.

"I don't know. They might have come for Jessica. Maybe Elder Zhang sent them!"

A few Security Team practitioners had already went over to check on the situation, but they seemed to have suffered the attacks of these two people and were injured.

As the head security officer, Su Cancan would definitely not let such a situation go.

"Elder Zhang?" Wu Tian pondered for a moment. Could it be that this old man still refused to give up?

To be honest, there really was such a possibility.

"Be careful, you must definitely pay attention to your own safety." Wu Tian looked at the two figures on the screen. At this moment, he felt that he had seen them somewhere before.

"You don't have to say that!" Without a word, Su Cancan led her men and charged out. They were extremely fast, wearing mecha suits and full of strength.

Loong Yun had been analyzing the identities of these two people. After a period of comparison, she finally identified them using her computer.

"President Wu, this is 11 Devils! "Di Gu, Di Yin!"

Loong Yun was also surprised. She did not expect them to come looking for her on their own accord.

"Damn it, we can't let these two people into the ward!" Wu Tian immediately became anxious. They were obviously looking for Jessica.

No matter what they were planning to do to Jessica, Wu Tian couldn't let them do as they wished.

Ignoring the fact that he was seriously injured, Wu Tian also rushed out of the control room and chased after Su Cancan and the others with all his might.

Not far away, Su Cancan and her group were already engaged in battle with these two.

The Security Team members who had rushed up at the start barely lasted a single round before they were defeated by the two of them.

At this moment, Su Cancan finally realised that her enemy was actually 11 Devils.

"Isn't this little girl? She seems to be from Wudu Sect." Di Gu pointed at Su Cancan and crooked his finger at her. It was a very provocative gesture.

Hidden Billionaire Chapter 930 - A Proud Soldier must be Defeated

C930 A Proud Soldier must be Defeated

The battle instantly entered a white-hot state.

In this period of time, Su Cancan had been trying to find ways to train her own Security Team almost everyday, with the goal of fighting against these 11 Devils. Now this opportunity had finally arrived.

"I've been torturing you guys a lot recently. If you guys hate me, then it's your turn to vent your anger today. Let me see whether you're a mule or a horse!" With a rare wave of her arm, Su Cancan mobilized them in front of her teammates.

With that, Su Cancan was the first to rush up, immediately causing a huge reaction from her soldiers. At this time, the dozens of Security Team practitioners behind her also began to move out in an orderly fashion.

Di Gu and Di Yin looked at each other and smiled. They then relaxed.

"I thought it would be boring, but it looks like there's still some fun."

Di Gu chuckled, this sound sounded like a demon from hell.

"Die!" Su Cancan had wanted to fight with these people for a long time. Previously, she had always tried to run away after meeting most of them. Now, she finally had an opportunity to fight.

Finally, no one would come and stop Su Cancan. What 11 Devils? Everyone was afraid of them, but Su Cancan was not.

In other words, she couldn't stand these people any longer.

Di Gu and Su Cancan immediately started fighting. The two of them were very fast and it was almost impossible to see their movements with the naked eye.

The only difference was that they could clearly see two black figures entangling with each other.

Di Yin stretched his waist as if he was bored, and sized up the Security Team not far away, then crooked his finger at them in disdain.

"What about you guys? Use whatever skills you have."

The moment he said that, an earth-shattering rain of arrows suddenly shot over. Di Yin was truly shocked by this kind of scene.

Di Yin's reaction speed was quite fast. He wanted to dodge, but the coverage of the rain of arrows was too big. Di Yin was unable to dodge and had no choice but to use his own body to dodge.

However, no matter how nimble a human's body was, it would not be able to dodge all the arrows. The two arrows pierced Di Yin's body, but it was very unexpected because there were no arrows.

Di Yin originally thought that he would be injured, but these arrows didn't have any sharp blades.

However, before he could feel happy about it, the metal cap on the tip of the arrow released a strong current and knocked Di Yin to the ground.

Under the stimulation of the electric current, Di Yin's muscles throughout his body were twitching. This kind of stimulation was not something that an ordinary person could withstand.

Moreover, this was specially designed to deal with powerful cultivators like them.

Many people practiced these kinds of martial arts like the Golden Bell Cover or Iron Cloak, and the skin on their bodies was extremely tough. They wouldn't be harmed so easily.

However, if he were to use this type of electric current, it would be different. Practicing the mystical arts would be a waste of time.

Seeing Di Yin fall to the ground, the Security Team boys immediately approached him in excitement, ready to check his condition.

However, when they were still a few meters away from him, Di Yin suddenly jumped up from the ground nimbly. His body was as agile as a cat.

Before the few youngsters from Security Team could react, they were all sent flying by a punch or a kick, in just a second or two.

If it weren't for the fact that they were wearing mecha suits, they would already have broken bones by now.

"Aiya, you really do have some tricks up your sleeves. You actually managed to think of such a technique. Powerful. However, it is still impossible for you to deal with me."

Di Yin shook his body, indicating that he didn't feel uncomfortable at all.

The weak performance just now was all his impromptu performance.

Such a scene immediately caused the team members to become nervous. Just what kind of monster was this ...

"Everyone, don't panic, let's continue with battle plan A!" A voice sounded from within the Security Team. It was their team leader.

With a leader leading the way, these once soldiers immediately began to change their tactics.

A few men came out from behind carrying an oddly-shaped gun.

The huge barrel of the gun was enough to fit a ball.

They aimed this at Di Yin and decisively pulled the trigger at the same time.

A few black metal webs were ejected from the gun and spread in the air.

When Di Yin saw this, he immediately felt surprised. Other moves were easy to dodge, but this one really took a lot of effort.

He turned around and saw a table beside him. He lifted the table up and placed it on top of his head.

Several metal nets accurately latched onto Di Yin's body, but due to the table blocking them, his movements were not affected at all.

At the same time, on the other side, the battle suddenly split. Su Cancan was like a cannonball, smashing into the wall from the air.

The area they were in wasn't very big, and Su Cancan almost instantly crashed into the wall, leaving a deep dent in it.

"Sister Su!" The team members rushed over, afraid that Su Cancan would be seriously injured.

Di Gu rushed over with an evil grin on his face. He first tore off the iron nets around Di Yin and threw them towards the Security Team practitioners.

With this move, the Security Team users were forced to stumble on their own weapons and fall to the ground.

Di Gu and Di Yin then stood in front of Su Cancan with malicious intent, coldly sizing her up.

"Today is your bad luck. If you meet us two, I'm afraid you will die a terrible death."

Di Yin did not hide his threat at all. He pulled out a short knife that was no bigger than his palm from his body and stabbed towards Su Cancan.

At this time, Security Team almost subconsciously shot out ten thousand arrows at once.

At this moment, Su Cancan, who was lying on the ground, suddenly turned around and threw out two small, unremarkable black snakes from her body.

They mixed in with the arrows and headed straight for Di Gu and Di Yin.

Di Yin, who didn't care about this at all, didn't dodge at all. He was only concerned with his short knife's attack. Su Cancan stretched out a hand and used her flesh to block the blade.

At the same time, his other hand grabbed Di Yin's wrist and grabbed onto it.

The black snake was already flying in front of Di Yin with its tongue out. In just a split-second, Di Yin screamed.

He covered his eyes tightly with his hands, as if he could not see anything.

This black serpent was very powerful. With just a single bite, it would be able to destroy a large portion of his body.

C931 Overall Accepted Negotiations

Seeing that something was wrong, Di Gu wanted to rush over and take Di Yin away.

But when he was in such a hurry, he forgot that the Security Team beside him was glaring at him like a tiger eyeing its prey. A metal net came over from the sky, locking tightly onto Di Gu and Di Yin.

Di Gu wanted to explode again and break free, but at this moment, the iron net was struck by an electric current. Di Gu was suddenly unable to move.

This current was much stronger than the one on the bow and arrow earlier. Even Di Gu couldn't ignore it completely.

Su Cancan took a deep breath and swallowed her saliva as she looked at the two men in front of her.

The Security Team s behind her all erupted into cheers. This time it was their complete victory!

At this time, Wu Tian and the others had just rushed to the scene. Seeing that they really did catch Di Gu and Di Yin, they were extremely excited in their hearts.

He quickly walked to stand beside Su Cancan and asked with a trembling voice, "Is this true?" I'm not dreaming, am I? "

Su Cancan looked at Wu Tian snappily and muttered, "Could it be that the injuries of us are fake too? "It hurts."

As she spoke, Su Cancan clutched her stomach. She had been beaten up just now. The pain was unbearable.

"Are you alright? Hurry up and visit the infirmary!" Wu Tian quickly went over to support her and carefully sent Su Cancan out.

Those two unlucky fellows who were captured were naturally taken away by the Security Team at this time, and were immediately locked up.

Of course, their treatment was no less than that of the people from Tianying Sect from before. Not only were spikes stabbed into their limbs, but they were also constantly releasing air that paralyzed their bodies, rendering them unable to resist at all.

As long as the two of them showed even the slightest sign that something was amiss, a strong current would immediately rush over. For safety's sake, the Security Team could be said to be extremely well-prepared this time.

On the other side, Elder Zhang's mood could be said to be very complicated.

He thought that with the help of the 11 Devils this time around, he should have at least succeeded in whatever he said.

Previously, he had heard that when Wu Tian encountered 11 Devils, he could only flee in panic.

But who would have thought that they would actually send the scene of Di Gu and Di Yin being captured. This directly caused Elder Zhang to be on the verge of collapse.

The meeting room was silent, and no one dared to speak a word.

Elder Zhang let out a long sigh and said helplessly, "Since things have come to this, I can only negotiate with him. I hope we can get Jessica back."

"Elder Zhang, are we just going to let it go like this? Our Pulitzer consortium clearly has more power, how can we just give up like that!"

After all, they were considered to be extremely wealthy. In terms of capital, assets, and even technology, they had all far surpassed the level of Wu Group company.

Asking them to apologize to a lagging company was an insult to them.

Elder Zhang heard their objections and glared at them.

"What can we do now? The two people we sent out have already been captured, this is 11 Devils, they are not normal people, fine, stop talking, I understand now, we no longer have any chance to fight against Wu Tian. "

Speaking of which, even if the other people in the consortium didn't want to, they could only agree with Elder Zhang. After all, he was the chairman.

Very quickly, a caravan appeared near the Flower Island, and attracted Loong Yun's attention.

As the group was filled with luxury cars, there was no need to think about other people's wealth.

"President Wu, Elder Zhang is here again. He probably came here to negotiate with you."

Loong Yun spoke indifferently, but a trace of pride flashed past her face. This time around, they had managed to take the initiative, and it was all thanks to Su Cancan and the rest's Security Team.

Otherwise, who knew when this old man would give in.

"Okay, let them in." Wu Tian smiled. He quickly changed his clothes and went to wait in the living room.

When Wu Tian saw Elder Zhang, he noticed that Old Master seemed to be very anxious. The hair on his head had already turned white.

"Wu Tian, where is my daughter?"

Elder Zhang asked anxiously the moment he entered the living room.

Wu Tian was not surprised at all. He clapped his hands, and Loong Yun turned on her tablet computer and played the scene inside the ward. It was Jessica, who was lying on the bed with a book in her hand, enjoying it.

What was different from before was that Jessica had dyed her hair back black. After taking off her pretentious makeup, she looked very quiet.

Seeing that not only was his own daughter fine, but she was doing pretty well, Elder Zhang finally felt relieved.

"Tell me, how are you going to return my daughter to me?"

Elder Zhang's face was calm, but in his heart, he was already prepared for Wu Tian to propose all kinds of conditions.

"You came here to discuss this, it's actually very simple. As I said before, all of you must withdraw from the Zhixing Technology Company. In the future, you are not allowed to provide any financial and technical support."

Wu Tian had a smile on his face. This condition wasn't that easy for them to accept, but if you don't agree, then there's no need to continue this negotiation.

"This ..." Elder Zhang's expression clearly showed that he twitched a little. It was obvious that his expression wasn't good.

"If you are in a difficult situation, I have no choice but to invite you back." Seeing that, Wu Tian of course immediately added fuel to the fire.

Elder Zhang was so angry that the roots of his teeth started to itch, but he had no choice. In the end, he nodded and agreed.

"Alright, I promise you!"

Wu Tian nodded in satisfaction, but soon changed the subject.

"Right, you should also withdraw all of your shares in Mecca Company. Also, you should pay for the losses you suffered previously and your men, right?"

"What? This won't do!" Elder Zhang was instantly worried. They spent a lot of money to buy this Mo Ka. If they just withdraw like that, then all these investments would be for naught.

"In any case, you can decide. If you are willing to sign this negotiation document, you can go through this place and walk through a passageway to meet your daughter."

Wu Tian's words were like a stimulus, causing Elder Zhang to be at a loss on both sides.

Hidden Billionaire Chapter 932 - New Chairman

C932 New Chairman

In the end, regardless of the opposition of the people around him, Elder Zhang still signed his name and it could be considered as a declaration that all his hard work in S City was wasted.

If they really just gave up their hundreds of billions of dollars in investment, then this loss wouldn't be a small one.

Looking at Elder Zhang's signature and his handprint on the document, Wu Tian was very happy.

He no longer had to worry about anyone threatening the company's safety.

Despite the fact that the Pulitzer consortium was so powerful, they still suffered in front of him in the end.

However, since he had already agreed to these conditions, Wu Tian naturally couldn't stop his father from going to see his daughter.

After giving up his position, Elder Zhang rushed over.

When he saw his daughter in the ward, Elder Zhang was already in tears.

Jessica was also very surprised that her father would appear at this time. She immediately cried out loud, causing the father and daughter pair to burst into tears.

"It's really a warm scene. "Loong Yun, send this document to Wu Zaiyao and let her be ready to publish it anytime. We have to think of a way to use it as our trump card."

Wu Tian wasn't a fool. Although it was written in black and white, what if he wasn't willing to follow this thing? What if his board of directors couldn't pass this agreement?

So right now, they couldn't be 100% sure.

"My daughter, let's go. Daddy will definitely not let you get hurt again! I won't let you suffer in the whole place! " When Elder Zhang finished crying, he immediately wanted to leave with his daughter.

However, at this time, Jessica suddenly felt a little unwilling.

"Daddy, I don't want to go! I want to recuperate here. "

These words made Elder Zhang a bit confused. Why was his daughter like that?

"No, what are you talking about? Don't you want to go with dad?"

Although she knew it wasn't appropriate to say such words, Jessica had made up her mind.

"Dad, Wu Tian saved my life. I don't want to leave like this, so I have to find a way to repay him after my injuries recover."

Jessica smiled as she spoke, and her father sank into a state of helplessness.

He had never thought that his daughter would make such a decision. Elder Zhang felt that he had aged a lot.

"Really? Then I understand." Seeing that he couldn't convince his daughter, Elder Zhang could only dejectedly leave the Flower Island.

Elder Zhang was so disappointed that he didn't want to say a word. Of course, no one dared to ask.

He was sitting in the car, on his way back, when the phone suddenly rang.

After the assistant on the side answered the call, his face was immediately filled with horror and disbelief.

After hanging up the phone, the assistant looked at Elder Zhang timidly, not daring to say a word.

Elder Zhang looked at him and knew that something must have happened.

"What's wrong?"

"Elder Zhang, there's a message from the board of directors requesting you to hurry back to the meeting."

The situation wasn't looking good. The negotiation documents had already reached the board of directors.

Elder Zhang also knew what was going to happen, so he didn't say anything.

This time, most of the people on the board had come. Elder Zhang was still the same as before, sitting on the chairman's seat with quite a bit of prestige.

"I heard that you guys summoned me back. Is there something you need?"

Elder Zhang's voice was very calm and he didn't seem to be panicking at all.

"Did you sign this?" One of the directors unhappily took out a document and loudly asked.

Elder Zhang nodded without even looking and admitted to it.

"I signed it. What? Do you have any objections?"

"Chairman, even if you are the company's decision maker, you can't sign documents that would harm the company's interests no matter what."

The directors were immediately dissatisfied. They did not expect Elder Zhang to reach such a lost agreement in order to reconcile with Wu Tian.

"Could it be that my words are useless now?" Elder Zhang looked at the atmosphere in the meeting and slammed the table.

"Stop putting on an act here, don't think that we don't know what is wrong with Wu Tian! Isn't it just that your daughter is in his hands? Since that's the case, from the company's perspective, I don't think it's suitable for you to continue being the chairman of the board."

The moment he said that, it attracted a lot of people's approval. Everyone stood up and started to oppose Elder Zhang.

Elder Zhang couldn't take it anymore. This was the first time he had encountered this kind of situation. No one had ever dared to confront him like this before!

"You, you dare!" Elder Zhang was flustered and exasperated, but he could no longer control the situation at the bottom of the stage.

"What do we dare to do!?" We shall now unanimously pass a resolution impeaching your position as Chairman! "

The chairman quickly pushed forward the process, and soon, they signed an agreement. Since the remaining directors' share of the shares exceeded Elder Zhang's, the impeachment agreement was passed on the spot.

Although he was very angry, when Elder Zhang saw the result, he realized that he had been completely deprived of the chairman's rights.

Naturally, the document he signed was the same as a piece of scrap paper.

Elder Zhang didn't say anything and just left the meeting room in silence.

The board meeting did not end there.

"Just now, we did a great thing! But one thing is very important, there is no way our Pulitzer consortium doesn't have a chairman. Right now, we have to quickly pick a capable person to fill this position! "

"Do you have any good suggestions?"

When they talked about this matter, many of the chairman were already eager to give it a try. After all, under such circumstances, everyone had a chance.

The director who had just spoken rolled his eyes, glanced at another person, and then calmly said, "If I may suggest it, I would like Mr. Zhang Zerui to be the board member."

As soon as his voice fell, discussions broke out on the field and many nodded their heads in agreement.

Zhang Zerui was the person in charge of Zhixing Technology Company, so his ability didn't need to be said. He was definitely a top-notch existence.

"Let's have a vote everyone! Those who agree, please raise your hands!"

All of a sudden, more than half of the people agreed to this proposal. The process wasn't as complicated as they had thought it was. On the contrary, it happened very quickly.

In less than five minutes, Zhang Zerui was the new chairman.
