C944 Pretending to Go East but Actually Going West

There were not just one or two people standing in front of Wu Tian, there were four of them.

When Wu Tian first met these four people, he knew that he was in trouble.

The expressions on their faces were all different, but they all had one thing in common. They all looked extremely strange.

If a normal employee came over and told Wu Tian about this, he definitely wouldn't be smiling.

Even if he was smiling, it was impossible for him to have such a slightly mocking expression, as if he was taking pleasure in another's misfortune.

"Who are you people?"

Wu Tian asked sternly. As he spoke, he retreated backwards. His movements were very light and nimble.

Wu Tian naturally hid carefully when he noticed that something was wrong.

"Is it important who we are?"

Seeing that Wu Tian was already alert, they naturally couldn't be bothered to hide their identities anymore. Wu Tian was shocked when one of them lifted his face up.

The one who said this was Tian Ling, and the one standing beside her was Tian Zui and the other two.

They are 11 Devils!

Wu Tian instantly opened his eyes wide, grabbed the door tightly and shut it.

However, their speed was also very fast. Someone directly stretched out a hand to block the door.

"It's about time you began to accept this result." Tian Ling said with a contemptuous expression. She had wanted to kill Wu Tian in the past.

Now that the opportunity had come, she obviously didn't want to let it go.

Wu Tian directly ran to the window, pushed it open and was about to escape. At the same time, Wu Tian also pressed the alarm in the room, and for a moment, the entire Flower Island was alerted.

Everyone in their dreams began to wake up.

With his movement, those 11 Devils began to become somewhat passive.

This was originally a sneak attack, but if they were exposed, then their infiltration would basically be a failure.

"Damn!" I will chase after him! " Tian Ling saw Wu Tian jump out of the window and escape, so she wanted to catch up with him.

Tian Zui looked at Tian Ling's figure and followed closely behind her.

Their other two companions could only choose to accept this fact. They outflanked Wu Tian from other places.

The key was that many Security Team practitioners were also rushing towards this place.

It could be said that these four 11 Devils people had always been within the range of their surveillance, and very quickly, the Security Team people surrounded the two 11 Devils s that were behind them in a corner.

A battle immediately broke out between the two sides, while Wu Tian was still running away.

He knew that it would be difficult for him to face off against four experts at the same time with his own strength, but if he only had to face one or two of them, then he would have a certain amount of leeway.

Tian Ling and Tian Zui had been searching for Wu Tian's trace, but after Wu Tian escaped from this place, there were a lot of paths on the Flower Island, so they couldn't find Wu Tian's shadow for a while.

Wu Tian had a device in his hand that could be used to directly contact the control room. He could always find out Tian Ling and Tian Zui's traces at any time.

It was as if he had spent so much money to build this place — it made sense.

It's just that the situation over at Security Team was a little inappropriate, so they started to suffer losses.

Many people started to get injured, and the remaining two enemies were not weak either. They actually possessed extremely strong battle strength and were able to withstand the attacks of over a dozen people. Furthermore, they had injured quite a few people.

Currently, there are only two or three people in the Security Team that can still move.

Knowing this, Wu Tian could only rush over to help. When he arrived, the enemy had already run away, leaving behind a floor full of wounded people shouting non-stop.

Wu Tian felt a pang in his heart and quickly went over to check. These Security Team Enforcers were very brave, and could be said to be flawless on this point.

However, their numbers were too small this time. They didn't even have a reliable leader, so they were defeated.

Wu Tian couldn't let this go like this. At this moment, he suddenly remembered that he still had someone he could contact to help him.

The 11 Devils probably only attacked him when Su Cancan and the majority of her Security Team were not around him.

Wu Tian didn't want to let them go and directly contacted Luo Huaicheng.

Very soon, news came from the special forces, saying that they would set off in the shortest possible time.

Wu Tian started to quickly investigate the locations of these people. He could not let them escape at this time.

It was a good thing that the four people from 11 Devils still hadn't given up on killing Wu Tian. Although they stirred up quite a bit of commotion within the Flower Island, they still didn't leave.

Two of them were walking around while wreaking havoc at the same time, causing an uproar everywhere.

Wu Tian knew that if he didn't go out now, they might hurt the innocent, so he had no choice but to come forward.

Standing in front of him were two tall and sturdy men. However, their expressions were a bit demonic and it made people dislike them.

"The person you're looking for is me!"

Wu Tian suddenly jumped out of a shadow and looked coldly at the two people.

"You're not afraid of death? It looks like we don't need to waste any more effort. I advise you to hurry up and come over so that the two of us don't have to go over again."

One of the two looked very serious, and the other always had a mischievous smile on his face. It seemed that the two of them had a very different personality from the other way around.

"Wait a moment!"

Wu Tian quickly raised his hand and looked at the two of them curiously.

"I still don't know the names of the two of you. Even if I end up in your hands, I still need to know what happened. I can't be that confused."

"You're about to die and you're still talking so much nonsense!" Tian Wei, who had a serious look on his face, finally couldn't hold it in anymore and scolded Wu Tian harshly.

However, Wu Tian's words made sense since it was a courteous exchange.

Finally, he added another sentence: "We are 11 Devils, I am Tian Wei, and he is Tian Jue."

Speaking of which, he didn't want to give Wu Tian any more chances. The two of them flashed and rushed towards Wu Tian.

Just at that moment, Wu Tian had already anticipated that they would suddenly attack, so he turned around and ran without thinking.

He had just left the place where he had been standing when the two had suddenly attacked that place, causing the place to turn into a mess.

Wu Tian didn't expect the opponent to have such a strong attack power. He couldn't help but feel glad that his reaction was too fast.
