

## Hidden 951

### Chapter 951: Happy Family

Ning Xi was speechless when she heard his reply.

But afterward, she found out that the reason for choosing Ke Mingyu's mask was sort of related to how handsome Lu Tingxiao was as well. Because of his prominent facial structure, they had experimented countless of times and many of the masks had failed. Finally, only Ke Mingyu's face looked the most natural.

So, technically it was because of how good-looking he was...

...

Ning Xi was dressed in a male outfit today and Lu Tingxiao still had Ke Mingyu's mask on, so no one could recognize them before the movie aired.

They brought Little Treasure to the supermarket.

"Dear, should we have hot pot tonight? Xiao Tao brought me some soup base for hot pot from her hometown!" Ning Xi suggested.

"Sure," Lu Tingxiao replied.

Little Treasure nodded enthusiastically as well.

They then went shopping for the food needed to make the hot pot.

As they were walking, they realized that more and more people were looking at their direction...

What had gone wrong?

Ning Xi was confused.

"Oh! Are they a family together? What a lovely family!"

"However, I feel that that guy over there looks a little plain. He doesn't seem to be a good match with the handsome one beside him!"

"What do you know? This is called the gentle-wife play; it's actually popular right now!"

...

"What's a gentle-wife play?" Lu Tingxiao asked Ning Xi.

Ning Xi almost puked blood. "You don't have to know what that is!"

She giggled to herself. How hilarious! The devil's on the receiving end while I'm deemed to be aggressive one, haha!

Ning Xi's mistake was not realizing that two men walking in the supermarket with a child would attract so much attention, so they quickly went back to her apartment after buying what they needed.

After they went back, Lu Tingxiao started using the specially made ointment to remove his mask.

Ning Xi saw his skin was slightly red from the irritation and she felt heartbroken.

"It's alright, it'll be fine soon, I'm a man after all," Lu Tingxiao said.

"No way, the face is very important to a man as well and this face is related to me! Come over here!"

Ning Xi forced Lu Tingxiao to sit down at her dresser table and she opened a few bottles. "Don't move, I'll help you do a mini facial!"

The wife was going to service him, so of course, Lu Tingxiao complied obediently.

Essence, toner, cream...

Ning Xi carefully applied the stuff on Lu Tingxiao's face, layer by layer. "Wait, there's face cream as well! You have to use this after you wash your face every day!"

As she helped Lu Tingxiao, the little bun walked over and pointed at his own face, indicating that he wanted some too.

Ning Xi smiled. "Your father needs it because he's not handsome enough but you're way too handsome, so you don't need it."

The little bun nodded and accepted her reasoning immediately.

After they had dinner, Lu Tingxiao went into the study room for some last minute work while the little bun hopped into the shower.

"Little Treasure, do you need any help?"

The little bun shook his head shyly, indicating that he would be alright on his own.

Ning Xi patted the little bun's head and smiled. "My little bun has grown up! Take your time, be careful and don't slip!"

Ning Xi sat on the sofa after adjusting the water temperature for Little Treasure, then she covered herself with a blanket and played a classic Western musical.

Soft music started playing and all was peaceful.

Suddenly, the doorbell rang.

Who could it be this late at night? Both the little bun and Lu Tingxiao were both here...

Ning Xi nervously looked outside through the peephole. She could not believe who she saw and she quickly opened the door.

The girl outside hugged Ning Xi tightly. "Bro Xi!"

## **Chapter 952: An Unexpected Guest**

The girl started sobbing after she hugged Ning Xi and Ning Xi's pajamas were soon stained wet on her shoulder.

Ning Xi recalled a lot of old memories as well and she held back tears of her own as she patted the girl's back. "Alright now, stop crying! Come in!"

Ning Xi welcomed the girl in and led her to the sofa, then she poured her a cup of hot tea.

The girl had long, black, straight hair and her eyelashes were long like butterfly wings. She wore a hoodie with white furry lining, which made her small face look cute as if she was an exquisitely made doll.

The girl was weeping as she stared at Ning Xi like a lost dog that had finally found its master.

"Drink some tea!" Ning Xi passed her the cup.

Even Annie is here...It seems like Second Senior Brother's information is accurate! That man is starting to come back.

"Thank you, Bro Xi!"

She looked at Ning Xi again and her tears fell even harder. "Bro Xi, you look really good in a female outfit...sob..."

Ning Xi was troubled. "You cry when you see me, you cry when I pour you some tea, you even cry when you think I look good! Old habits die hard, don't they?"

"But, Bro Xi...you've changed a lot..." The girl looked around.

The house was decorated with a warm color scheme and it felt very cozy. Ning Xi was wearing a soft pink nightgown, her naturally wavy hair combed back, giving her a homey appearance. Although it was not her first time seeing Ning Xi in a female outfit, she almost could not recognize her.

Within just a year, this woman's outlook and aura had changed so drastically.

Ning Xi now felt like a stranger and it made her feel uncomfortable, even a little afraid.

As if the person she once knew had vanished altogether...

"Silly, people always change, or maybe, this is what I really look like?" Ning Xi patted the girl's head.

"Let's talk about you now. Why are you back? Is it temporary or..."

The girl was still looking a little down. "I'm not sure, I'm just following the Boss' orders. Who knows when's the next time he'll make me travel around the world again, so I took some time off to visit you tonight."

Ning Xi knew they had secret agreements and she did not want to know too much either, so she stopped asking further and changed the subject, "How're you doing recently? Doing well?"

Annie started complaining, "Not at all! After you left, the Boss's temper got worse and he always takes it out on me. He beats me, scolds me and even prevents me from having meals. He also threatened to make me marry the monster beside us! Come back, Bro Xi! I really miss you!"

"Ugh..." Ning Xi looked helplessly at her.

While that guy is terrible, he wouldn't really do it and she's probably exaggerating, right?

She knew that Annie was trying to convince her to go back.

When she had rescued Annie, that guy was annoyed at her because of how weak she was and how she was always crying, then they realized that Annie had a special talent...

### **Chapter 953: After His Beauty**

One should not judge a book by its cover. This crybaby who loved all things fluffy was actually from a family of renowned doctors and she had inherited incredible healing skills from her ancestors. In the end, that guy had agreed to keep her after realizing her potential.

That man would never keep anyone without value, even more so people who could drag the team down.

One's ability determined their position within the organization and the amount of benefits they received. As the healer of the team, she enjoyed pretty decent benefits, which was why Ning Xi was able to leave her there without too much worry.

"I'm sorry, Annie, I'm not sure if First Senior Brother has informed you about my condition but I can't go back now." Although cruel, Ning Xi went straight to the point.

Annie put the cup down and held Ning Xi's hand gently. "Why? Is it because of that man? Is what Bro Ye said true? Are you in a relationship with that man?"

"Yes." Ning Xi was not going to lie.

Annie felt nervous and she quickly said, "Bro Xi, I've investigated that man. He isn't as simple as he looks on the surface. Do you know how many under table deals he's made to get to where he is today? You might think that the Boss is scary but this man is worse than Satan! If you see his true colors..."

Ning Xi sighed and interrupted Annie, "Which person in power has never made any sacrifices before? Annie, I'm not a saint. I'm fine as long as he's good to me."

It would be impossible for the enormous Lu Corporation with businesses all over the world to be pure.

Moreover, Lu Tingxiao had even accepted the few years she had been in America, so how could she reject him because of this?

Annie was devastated by Ning Xi's reply and she held her hand even tighter. "Bro Xi, you've been totally charmed by him! That man has other bad intentions!"

Ning Xi laughed. "Annie, I don't have anything for him to get from me!"

"How could you say so!? You...you have your beauty!" Annie insisted.

"It should be I who's after his beauty!" Ning Xi chuckled.

"I see...hey! Stop changing the topic! I was almost thrown off course!" Annie complained.

From the information she had gathered, the only thing she recognized...was that the man was actually pretty good-looking. No wonder Bro Xi had fallen for him.

Annie was thinking really hard before she continued, "If you like his looks, I can find people who're better-looking than him! To be honest, if our Boss weren't so weird, he looks really cool when he's normal! No, I mean super cool!"

Ning Xi raised her eyebrows. "Is he ever normal though?"

"...no!" Annie cried even harder.

Poor child...

Ning Xi patted her back and gave her a few pieces of tissue. "Alright, stop worrying about me anymore. I know what to do."

After a long while of sobbing, Annie suddenly remembered something. "Yes! Yes! I remember! Bro Xi! That man has a child! He's five years old! A five-year-old child!"

"I know."

"Then, you still...:"

"That child is pretty cute."

#### **Chapter 954: Charmed By The Little Bun**

"It's not about being cute or not! Bro Xi, wake up and listen to me, it's not easy being a stepmother. There're countless examples before you. Let me tell you, Bro Xi, I knew a pretty lady who was young and beautiful before marriage but ever since she got married to a man and became a stepmother, I almost couldn't recognize her! Another pretty lady also told me that she couldn't do anything right after getting married. No matter how kind she tried to be, she was taken for granted. The kid was really naughty and he destroyed her relationship with her husband. There's also this other lady..."

Annie kept on rambling on and making one wonder how she knew all these stepmothers. It sure was difficult to find so many real examples...

Ning Xi just sat there quietly and listened.

Suddenly, the bathroom door was opened and the sounds of flip-flops coming out was heard.

Ning Xi and the rambling Annie looked over. They then saw the little bun in his fluffy cartoon pajamas...

"Ah! So cute!"

Annie's scream almost popped Ning Xi's eardrums.

The girl swiftly ran to Little Treasure and hugged him. "Oh my gosh! So cute! How could he be so cute?! Why is there such a cute boy at your house, Bro Xi!? Ah! Too cute! I've never seen anything cuter! He's even cuter than all the fluffy animals put together!"

Ning Xi pinched the space between her eyebrows as she saw Annie's exaggerated reaction.

Annie loved everything that was fluffy and cute. For her, being cute was justice enough, so it was no surprise that she would be this excited when she saw the bun.

"Bro Xi, Bro Xi! Where is this kid from!? Why is he here?" Annie asked.

"He's Lu Tingxiao's son," Ning Xi replied.

Annie went silent. She was dumbfounded. It was game over for her.

The little bun took this chance to escape from this weird lady and he went up to Ning Xi.

Ning Xi held the little bun up and introduced him, "Don't be afraid, Little Treasure, she's a good friend of mine! Call her Auntie Annie!"

The little bun blinked and nodded with an expression of doubt.

Why does Auntie Annie look like she was suffering? Was it because I pushed her away?

Ning Xi smiled at him, understanding his uncertainty. "She was probably a little sad after being pushed away from you just now. Do you want to give her a hug?"

The little bun nodded obediently.

Ning Xi put the little bun down. Go on."

The little bun took a glance at his mother, then walked towards Auntie Annie, with his arms wide open and he hugged her.

Since you're Mommy's good friend, I'll hug you a little more. Don't be sad anymore.

### **Chapter 955: He Is Lu Tingxiao's and Yours?**

Feeling the cotton-candy-like hands hugging her, Annie's heart melted as she looked into the little guy's beautiful eyes which seemed like the stars in the sky.

She could not believe it. "Bro Xi...are you lying to me? Is...this really Lu Tingxiao's son? Are you sure?"

Ning Xi nodded proudly. "A hundred percent! He's definitely Lu Tingxiao's son and he's called Little Treasure. What do you think? I've not been lying, he's really cute, isn't he?"

Annie nodded her head vigorously. "Way too cute! What should I do!? I didn't prepare any gifts for you!"

Annie was looking around at herself and in her bag. Then, she took out some candy, a chocolate bar, a pill, and even her necklace and gave them all to the little bun.

Her attitude...had changed entirely.

Just a minute ago, she was still saying how miserable being a stepmother could be and how terrible a stepson might turn out.

Ning Xi put aside the candy and chocolate bar for the little bun, then gently returned the necklace and the pill. "These are too valuable. Take it back, he doesn't have any use for them anyway."

"You're right...Lu Tingxiao's so rich..." Annie carefully took back her necklace, then she gave Ning Xi the red pill. "Keep this, it's my latest invention. The contents can cure almost any poison! I've tested it personally."

Ning Xi smiled. "Then, I thank you on behalf on Little Treasure!"

"Next time...if there's a next time, I'll prepare something better! I was in a haste this time, so I didn't expect to see Little Treasure as well!" Annie said.

Annie had totally forgotten about her rambling about being a miserable stepmother now. She could never mention it in front of such a cute creature!

Such a cute child...no wonder Bro Xi liked him!

Ning Xi and Annie sat back on the sofa with the little bun in between them. He was curiously studying the pill.

"This is unbelievable. How could Lu Tingxiao's son be this cute?" Annie still could not get over it.

"Although he does look a little like him, this is so illogical..."

Annie suddenly looked at Ning Xi. "Bro Xi! Is this kid Lu Tingxiao's and yours?"

Ning Xi's mouth twitched in amusement. "My dear, you're overthinking this!"

Hmm? Father and Mother?

The little bun had a wide smile on his face when he heard their conversation.

"Well..." Annie saw the little bun's smile and was suspicious. "Actually, looking carefully, the both of you look very similar!"

"Really? Which part?" Ning Xi raised her eyebrows.

Annie nodded. "Yes, you do! Maybe you haven't noticed but when he smiled just now, he really looks like you! Especially the eyes!"

Annie suddenly thought of a key question. "Um...who's the mother of this child?"

Ning Xi shrugged. "I'm not sure because Lu Tingxiao himself doesn't know either.

### **Chapter 956: A Totally Different Lu Tingxiao**

Annie was enraged. "He..."

"This man's private life is so complicated! He doesn't even know who's the real mother of his own child...?!" Annie lowered her voice out of consideration for Little Treasure.

Ning Xi knew what she wanted to say. "It's not what you think. He's actually a victim in this matter."

Annie did not believe it. She thought that Ning Xi had been lied to...

How could such a cute child have such a monstrous father?

She could not imagine how Little Treasure and Bro Xi could live under Lu Tingxiao's tyranny and how much suffering they were going to endure.

Ning Xi sighed at Annie's worried expression. What was this girl thinking about again?

Maybe that guy made her drink something weird. Otherwise, why would she always be this worrisome?

As both of them were chatting, the door to the study room opened and Lu Tingxiao came out of the room.

Ning Xi turned around. "Lu Tingxiao, are you done with your stuff? Are we bothering you?"

Who? Who?! Lu Tingxiao!?

Annie looked at the study room as well. She then saw a tall man who was dressed in the same pajamas style as Ning Xi. The man wore a pair of glasses and had a mug of coffee in his hand, looking relaxed and very family-oriented. There was no sign of any violence or tyranny as the rumor went. He looked just like a typical husband, not like a demon. Just a normal man who looked a little above average.

"And this is?" Lu Tingxiao looked at Annie questioningly.

Ning Xi went over and clung on Lu Tingxiao's arms as she introduced, "This is my good friend from America, Annie. Annie, this is my boyfriend, Lu Tingxiao."

"Hello." Lu Tingxiao nodded. He did not look very welcoming but he was polite.

"H-hello..." In Annie's impression, Lu Tingxiao was a violent tyrant, even a monster, so she could not relate humanity to him.

Lu Tingxiao looked at his sleepy son, then he went over and carried him. "Little Treasure looks sleepy, I'll put him to bed first."

He knew that both of them must have a lot to talk about, so he was being considerate of them.

The little bun did not seem very happy and he extended his hand to Ning Xi while resting his head on Lu Tingxiao's shoulder. He did not want to sleep yet.

Lu Tingxiao patted his son's head. "It's late already, don't be naughty now. Your mother hasn't seen Auntie Annie for a long time and they must have a lot to talk about."

The little bun nodded and yawned.

Your mother and Auntie Annie...he said it so naturally. What a kind and loving attitude this guy had towards his son!

Annie was dumbfounded. This was very different from the Lu Tingxiao she heard of!

What had gone wrong?

### **Chapter 957: Thank Little Treasure For Me**

"Annie...Annie? What are you thinking?" Ning Xi waved in front of Annie's eyes.

"Bro Xi, is that really Lu Tingxiao? Why does he look human!? I mean, he actually looks gentle!"

Human?

Ning Xi laughed. "Of course he is! What else do you think he would be?"

"I...I thought he's really scary!"

Ning Xi gave it some thought. "Hmm, technically, he does have a scary side of him but he's usually very gentle towards me and Little Treasure. I also thought he was scary when I first knew him and I even gave him a nickname called 'The Devil'!"

Annie suddenly understood why Ning Xi would be in a relationship with Lu Tingxiao.

A man like him who gave all his love to her...

She thought that maybe Bro Xi was treating Lu Tingxiao like how she treated all her exes but now she was sure that it was not that simple. It seemed that she was serious about it this time.

Suddenly, Ning Xi's phone rang.

"Sorry, I'll answer this phone call first!"

"Mmm, it's alright!" Annie replied.

It was a phone call from Qiao Weilan, so it should be the studio. Ning Xi picked up quickly, "Hello, Director Qiao?"

"The nine sets of outfits have been delivered and I've sent the name list to your email. Please take a look at them." As usual, Qiao Weilan kept her message short and professional.

"Alright, I'll check in a little while. Thank you for your hard work!"

"The effect of this campaign should take place the soonest in around half a month. We just have to wait. During this period of time, I wonder if we could touch up our studio a little since it's not just our workplace but also our meeting place with the clients."

"Thank you for reminding me. I'll talk to Momo about it later. It should be no problem leaving the designs to Shangze, I'll take care of the funding..."

...

Annie looked on silently as Ning Xi was talking on the phone. Aside from the Bro Xi at home, she was seeing another side of Bro Xi, the working Bro Xi.

Each side came as a surprise to her.

The Tang Xi she knew was wild but had an aura of loneliness around her as if she did not care about anything anymore, not even her own life. However, now she was shining...

Soon, Ning Xi finished her phone call and Lu Tingxiao came out of the room after Little Treasure had fallen asleep. He held a small brown teddy bear in his hand.

"Has Little Treasure slept?" Ning Xi asked.

"Mmm."

Lu Tingxiao nodded and went up to Annie, then he gave her the teddy bear. "Ms. Annie, this is Little Treasure's gift to you."

"Wow! A gift! How cute!" Annie was surprised and hugged it to her chest. "Thank you, help me to thank Little Treasure!"

Her impression towards Lu Tingxiao had definitely changed. Someone who had raised such a cute Little Treasure must be really great as well...

"Are you studying herbs and medicine, Ms. Annie?" Lu Tingxiao suddenly asked.

"How do you know?" Annie was shocked.

"I saw the pill you gave Little Treasure just now," Lu Tingxiao said.

### **Chapter 958: Wishing You Happiness**

"Well...I'm studying it a little!" Annie said.

Ning Xi smiled. "You're being too humble, Annie. Lu Tingxiao, while she looks cute, she's actually very talented in healing!"

Annie was embarrassed. "I'm not as good as Bro Xi says..."

Lu Tingxiao pulled open a drawer and took out a yellowish book tied in string. "I received an ancient book about medical knowledge a few days ago. If you don't mind, please take it as a gift to commemorate our meeting for the first time. Thank you for taking care of Xiao Xi when she was overseas."

"It's alright, I didn't really do anything. I was the one being taken care of instead! And this...this is too valuable!" Annie instantly knew that the book was extremely precious and being an original, it must be priceless!

Ning Xi put the book into Annie's hands. "Just take it, we don't have any use for it anyway and it's not true that you didn't do anything. There were a few times that you took care of me thoroughly when I was injured!"

"Alright...I'll take it, thank you."

Annie kept quiet. She felt that there was no more reason for her to stay, she took a deep breath and smiled, "Bro Xi, I'm really happy meeting you today, I'll be leaving now, it's already late."

"So soon..."

"I'll still be around here for some time, there'd still be chances to meet, as long as Bro Xi doesn't find that I'm too annoying..."

...

Ning Xi and Lu Tingxiao walked her to the first floor. Lu Tingxiao waited in the house while Ning Xi accompanied her to the car. "Be careful on the road."

"You know that I always drive like a snail, so I don't go that fast anyway!" Annie smiled.

The night was quiet and no one was around.

Annie held her fists tight, loosened them and then tightened them again. She then looked up and said in a trembling voice, "Bro Xi, are you really not coming back?"

Ning Xi sighed and gave her a hug. "Annie, everyone has their own lives. I have mine and you have yours. You'll be fine on your own, you don't have to miss me. I'll be fine."

Annie sobbed, "I admit that I was really worried before I came but...Little Treasure's so cute and Lu Tingxiao's really nice as well...Bro Xi, I wish you happiness! I think saying anything else would be futile."

"Thank you, I will!"

After saying goodbye to Ning Xi, Annie waved farewell and started her car engine.

The car slowly left the apartment. From the rearview mirror, she saw the man put a thick coat on the girl as the girl smiled at him. They chatted and held each other's hand as they went back up...

Bro Xi was doing well. Really well. She had someone she loved, her dream, her career...She was doing much better than before.

Why should she make her return?

...

As they went back upstairs, Ning Xi hugged Lu Tingxiao and thanked him, "Thank you, Boss!"

"What's that for?" Lu Tingxiao leaned his back on the door.

Ning Xi looked up at him. "Thank you for treating my friend so well. You know...she's from that side, don't you?"

"All I know is that she's someone you care about," Lu Tingxiao simply replied.

### **Chapter 959: You've Been Persuaded!**

Ning Xi grinned. "Annie was probably here today to persuade me...but apparently, she's been persuaded by you and Little Treasure instead!"

Lu Tingxiao hugged the girl even tighter and a steely glint appeared in his eyes. "I'll never let anyone separate you from me, no matter who it is."

"I'll never leave you either!"

...

There was a prestigious abandoned villa somewhere up North, which used to be a home to the wealthy, but due to it being vacant for such a long time and people found dead in it before, it became an infamous haunted house. Not only could it not be sold, no one dared to go near it.

A black car slowly stopped in front of the villa and a girl in a hoodie stepped out of it and walked in. The girl pushed the thick entrance door open with a creak.

Numerous oil paintings hung around the middle-aged European style living room. The windows were made of antique stained glass and the fireplace in the living room was alive, burning with light and heat.

There were two men and a woman sitting on the U-shaped sofa opposite the fireplace. The man who was sitting alone on one end of the sofa wore a pair of gold-framed glasses and he was cleaning his dagger. On the other side, there was an older middle-aged man with a thick German book in his hands and beside him was a beautiful lady with killer curves. She was fiddling with her gun out of boredom.

The lady put away her gun when she saw Annie return and she went up to her. "My dear Annie, how did it go? It must've worked! Little Junior Sister could never stand to see you cry!"

Annie looked down and said quietly, "I'm sorry, Sis Xiaoxiao, I let everyone down."

"How could this be...not you, Annie?" Feng Xiaoxiao curiously looked at the teddy bear in her hand and asked, "Where did this come from?"

Annie's face lit up. "It's from Little Treasure! Oh, Little Treasure is Lu Tingxiao's son! He's really cute! Especially his eyes, they're as pretty as Bro Xi's! He's really adorable and obedient as well! I gave him a pill and he gave me this in return!

As for Lu Tingxiao, he gave me a book about medical knowledge to thank me for taking care of Bro Xi when she was overseas. Lu Tingxiao is totally different from what you all said! He's really kind and not as scary as rumored to be. Plus, he's gentle towards Bro Xi and was nice to me as well. He's a true gentleman..."

Annie's loud, cheerful voice filled up the empty living room.

Feng Xiaoxiao, Tang Ye, and Feng Jin were all speechless.

Annie was confused when she realized that all three of them were staring at her. "Um, why are you guys looking at me? D-did I say something wrong?"

Tang Ye pushed his glasses higher up on his nose and stayed silent. Feng Jin continued with his book and acted as if nothing happened.

Feng Xiaoxiao almost went limp. "Do you not realize that you've been persuaded, my dear?! We sent you to get her back and now you're on their side? What a letdown! Such a big loss for us! As expected of Lu Tingxiao and that kid, they are going so strong..."

## **Chapter 960: She Will Come Crying To Beg Me**

Annie seemed to have realized it too, so she cried mournfully, "What do we do now...?"

She did not know what had crossed her mind. How could she have actually forgotten all about her mission and even been persuaded herself?

Feng Xiaoxiao shrugged. "The last time, First Senior Brother did it the hard way. This time, you went with the soft approach. However, both soft and hard approaches are useless! What else is there to do...?"

Because of Annie's failure, the atmosphere had suddenly turned sullen and no one said anything.

At that moment, a faint voice was suddenly heard from one of the rooms upstairs, "Sweet, little bait...a bear and a crappy book were enough to bribe you?"

That voice echoed in the empty hall, leaving a slight chill and terrifying vibe.

When she heard that voice, Annie's shoulders shook and her face turned pale as she looked up. "No! It's not like that. It's just that Lu Tingxiao was really different from the rumors..."

"Hmm?"

When she heard that bone-chilling voice and saw Feng Xiaoxiao urgently warning her with wide eyes, Annie instantly shut up and dared not say a single good thing about Lu Tingxiao.

"Every one of you, you've got quite the courage, eh? Who allowed you lot to ask her to return?"

Annie did not dare to breathe a word while Feng Xiaoxiao rubbed her nose and pretended not to know anything.

Tang Ye was just about to say something when Feng Jin held him firmly by the shoulders and said, "It was my idea. If Tang Xi really returns, that would obviously be best, but if she's unwilling, it's not our loss."

"Huh, she will return by herself. She will cry as she begs me to let her return."

Annie and Feng Xiaoxiao looked worriedly at each other upon hearing the man's sinister voice.

Feng Jin said with a poker face, "Satan, we've just arrived in China and our priority is to stabilize our presence there, so please don't be distracted now. Furthermore, this is Lu Tingxiao's turf, after all, and there's no need to alert the enemy. As for Tang Xi, please just leave her to me. I'll give you a satisfactory explanation."

Finally, the place fell silent again and nothing was heard from upstairs, signifying that he had probably agreed with what Feng Jin had said.

When she heard Feng Jin, Feng Xiaoxiao's eyes flashed with worry. She gave him a charming smile and walked over to Feng Jin to ask, "Head General, what are you thinking about doing?"

Feng Jin looked at her, then at Annie and Tang Ye before replying with a cold expression, "Stick to your duties. This isn't something you should be worried about."

Then, he turned around to leave.

As she watched Feng Jin depart, Feng Xiaoxiao felt her head start to hurt and she rubbed her temples. "Feng Jin is different from us...at least we are friends with Little Junior Sister and wouldn't really hurt her, but he's not the same...we don't know what he wants to do either..."

Tang Ye continued, "Feng Jin's right though. We shouldn't be worried about this. As for Little Junior Sister, there're people who will worry about her. Let's stop here about this matter. No one is allowed to intervene anymore."

"Okay..."

After Feng Jin and Tang Ye left, Feng Xiaoxiao pulled Annie over and quickly asked, "Annie, what actually went down? Quick, tell me!"

Annie was sitting on the sofa, then she said, "Bro Xi is really gorgeous in a female outfit. Lu Tingxiao is very gentle and Little Treasure is very adorable, obedient, and cute. The three of them are such a happy family! That's about it."

Feng Xiaoxiao was speechless.

Okay, I won't ask anything anymore. Dear Annie has obviously been thoroughly sucked over to the other side...
