

Hidden Billionaire Chapter 956 - The Secret of Heavenly Dipper and Earth Fiend

C956 The Secret of Heavenly Dipper and Earth Fiend

Under the shock of his family, Di Gu had no choice but to reveal the secret they were hiding.

Actually, Su Cancan already knew and understood a lot about 11 Devils.

However, what Di Gu said this time was quite shocking to her.

"We are divided into two parts, each with five members. The reason it's called 11 Devils is because we have another leader called Tiangaang Disha. "

What Di Gu knew about this person's name wasn't very clear. Even he rarely saw Tiangaang Disha.

Su Cancan counted with her fingers. It seemed that they had indeed only encountered ten people with 11 Devils. The so-called leader had never appeared from beginning to end.

"Then do you know his identity?"

If it was really like that, then Tiangaang Disha was definitely a hidden threat. No one knew when he would explode.

"We can't say that. Besides, we don't know much. "

Di Gu shook his head and smiled bitterly.

Su Cancan thought this was not enough as a threat. She tapped the photo on the document. It was a picture of Di Gu together with her two sisters.

"If you tell me everything, I will let you reunite with your family and even give you some money!"

Although what Su Cancan said was good news, how could Di Gu not understand the hidden meaning behind her words?

If he didn't cooperate, then he would have to wait for his two younger sisters to suffer together with him.

Thinking about that, Di Gu immediately started crying. He closed his eyes tightly, but he could no longer control his emotions.

"That won't do."

Saying that, Di Gu and Di Yin's mouths suddenly moved, and the creaking sound came from inside.

Su Cancan rushed forward to stop them, but it was already too late. The two of them swallowed something before maintaining a calm expression.

She had once heard that there were some people in the martial arts world who would place poison in their mouths so that they wouldn't be caught by their enemies or divulged secrets. That way, if he was captured, he could kill himself with ease.

As expected, in less than a minute, both Di Gu and Di Yin started to bleed from their mouths. The blood was black and their bodies started to twitch violently. Soon, they stopped breathing.

When Su Cancan went over, it was already too late.

She probed the two of them and found that they were dead.

Although this was quite a pity, Su Cancan didn't feel pity for these two. They were originally evil people, and this kind of ending was actually good for them.

However, when they mentioned Tiangaang Disha earlier, Su Cancan felt that it was very important and was prepared to report it to Wu Tian.

After hearing that, Wu Tian also frowned. He was very clear about the issues at stake here. If there really was a leader hiding outside, it would be a huge threat to them.

"The two of them are dead?"

Wu Tian was regretful about this. If Su Cancan had been more gentle, the two of them probably wouldn't have chosen to commit suicide.

"He's dead. What are you going to do?"

Su Cancan said with certainty. At that time, she had examined the body personally, so it could be said that she was very clear about this.

Wu Tian thought rapidly in his mind. Soon, two figures appeared in his mind.

Not everyone had died, and there were still two people outside.

"Let's put it on hold for now. If there's nothing else, go and busy yourself with it."

After sending Su Cancan away, Wu Tian called for Loong Yun to help him with his work and hurriedly departed from Wu Group Corporation.

He pulled out a slip of paper from somewhere and wrote a very hidden address on it.

He handed the note to Loong Yun and told her to drive to this place. The address on it was actually a small village in the outskirts of S City.

Back then, when Tian Zui and Tian Ling were running away, Wu Tian had personally let them go. He knew that these two people were not that dangerous to society.

However, Wu Tian still held back. He specifically instructed the two of them to hide in this village.

The two of them had arrived at this place without anyone noticing. They parked their car in front of a seemingly ordinary courtyard.

Wu Tian walked forward and knocked on the door heavily.

"Who is it ..."

A sharp female voice came from the inside and opened the door. Tian Ling was stunned when she saw Wu Tian and was about to close the door.

She was still hostile towards Wu Tian, even scared.

"Wait a minute!"

Wu Tian quickly stopped Tian Ling and stuck half his body in.

"Are you both home?"

"Who is it?"

Hearing voices at the door, Tian Zui also walked out of the room. When he saw Wu Tian, he immediately walked over happily.

"Why is it you, President Wu."

Honestly speaking, it was all because of Wu Tian that the two of them had survived until now.

"I need your help on something."

Wu Tian went straight to the point. However, it wasn't a good place to talk outside, so he greeted everyone and hurried into the house.

Tian Zui nodded. He was very grateful towards Wu Tian. Since it was his business, it was Tian Zui's business.

"Speak your mind. As long as it's something that we know about, I will definitely tell you."

When Tian Zui said this, Tian Ling glanced at him worriedly. Although this action wasn't very obvious, Wu Tian still noticed it.

"It's like this, can you guys tell me about Tiangaang Disha?"

Hearing these words, Tian Zui and Tian Ling reflexively shrunk a little.

"How do you know this man?"

"Isn't that simple? With my intelligence, it would be easy for me to understand these things."

"The ten of us once swore a venomous oath, agreeing that under any circumstances, we would never sell out our companions. This Tiangaang Disha is also our companion. "

Tian Ling interrupted them at this moment. The reason why their expressions were a little different was because of such an agreement.

Tian Zui waved his hand and let out a long sigh, "It's meaningless for us to persist on with these things at this time. This life was given by Wu Tian."

He was very open-minded, of course ... Nothing was as important as a life.

"As for this Tiangaang Disha, we don't know much about him because, as far as I know, we've never seen his true face before. But one thing is certain, he's away from the country all year round, and our funds are often in Britain and currency, so I think that he must have some connections with forces outside the borders."

Tian Zui's words seemed to have opened the door to another world as he slowly analyzed the entire organization, 11 Devils, bit by bit.

Hidden Billionaire Chapter 957 - The Counterattack of the Church of Heaven and England

C957 The Counterattack of the Church of Heaven and England

Ever since he came back from Tian Zui's place, Wu Tian had been digesting and absorbing everything he said.

Although there weren't any substantial clues, it allowed people to understand what kind of person Tiangaang Disha was from a side.

Having connections with outside forces, and him being the one in control of Tianying Sect, these more or less made Wu Tian mentally prepared himself.

Not long after Wu Tian returned to the company, he suddenly received a call from Tian Zui before he even sat down.

"President Wu, it's bad. Hurry up and save them!"

Tian Zui's voice sounded very anxious, it didn't seem like he was joking.

"What's the situation?"

Wu Tian immediately realized that something was wrong. It had only been less than an hour since he left, how did something happen to him?

"There's no time to explain so much. Tian Ling is now seriously injured, quickly come and save her. I don't want her to die!"

Tian Zui sounded like he was crying. It didn't seem like he was pretending, and there were some messy voices beside the phone, as if Tian Zui was running away at this time.

Wu Tian didn't have time to think about it. Tian Linggang was now on his side, so he had to go and help them.

"Alright, please wait for a moment. I'll be there shortly!"

After hanging up the phone, Wu Tian immediately ordered Loong Yun: "Hurry and notify Security Team, we're leaving immediately!"

Although Loong Yun didn't know what was going on, she still carried out his orders with exceptional decisiveness.

The few of them sat in the helicopter and brought the twenty plus Security Team Enforcers, Hao, and the others, and set off.

Due to the speed of the plane being rather fast, it took them less than ten minutes to arrive at the village where Tian Zui and the others were.

Due to the guidance of the phone, Wu Tian and the Security Team staff very accurately found the place where Tian Zui was hiding.

They quickly took the two men aboard the plane and did not fight the pursuers.

He only roughly observed that there were at least 50 people surrounding them. Although they weren't particularly strong, they could still be harmed if they had too many people.

"What's going on?"

Looking at Tian Ling's tattered body, he had no idea what had happened to her.

Wu Tian's heart also started to get tangled up because he felt that this matter was probably caused by Wu Tian's visit. If he didn't go, Tian Ling and Tian Zui probably wouldn't have been attacked either.

This meant that some people did not want Wu Tian to know about Tiangaang Disha.

"Don't worry, we have the best doctor here who can cure Tian Ling."

After he comforted Tian Zui, Wu Tian turned around and immediately started asking what had happened.

"Not long after you left, we felt an aura surrounding us. Luckily, we had fast reactions and even left a path for us to escape. Otherwise, we would have been finished by now."

Tian Zui still had some lingering fear, but it was their luck to be able to survive.

"Then do you know who attacked you? "I'm afraid he's not a normal person either."

"It's Tiangaang Disha! There's nothing to say about that. Those people are actually all from the Tianying Sect. "

Tian Zui said dejectedly. He was mentally prepared for this kind of thing to happen. However, he did not expect the other party to be so fast.

"It's him again, just what is this person doing!"

Wu Tian began to think deeply in his heart. This time, they were launching an attack on Tian Ling Tian Zui, what if it was Wu Group company's next?

If these guys couldn't be eliminated, then the threat they posed to Wu Tian would be too big.

"Rest assured, I'll handle this enemy!"

At that time, Wu Tian thought that his Tianying Sect had been completely eliminated, but from the looks of the current situation, it seemed like this wasn't the case.

The investigation of these people might not be finished, and it might even need to be continued.

After Wu Tian had arranged everything, he immediately prepared to investigate this matter.

He didn't expect that the next day, a bad news would arrive. Wu Tian was caught off guard.

"What did you say? Cui Yongji is injured?"

Cui Yongji was the owner of Korea and was also a very important customer of Wu Group company. His injuries would have a huge impact on their business in the future.

It had to be known that Cui Yongji was now the main customer of Wu Group Corporation's rocket launch business, and was also an important source of income for them.

If Cui Yongji's health wasn't good, then would their Time Company still continue to cooperate with the Wu Group company?

"That's right. This is the news that just came from the Korea. Tang Yanrou has also confirmed this. President Wu ..."

Loong Yun nodded. She couldn't show the fake news to Wu Tian, and she had confirmed it multiple times.

Wu Tian was really worried. Now that they had Tiangaang Disha's threat and so many wounded people, Wu Group Corporation was in a crisis.

"Hurry up and contact the Time Company and see how they're doing over there!"

Loong Yun shook her head slightly. She had done this kind of thing a long time ago.

"It's already a mess on their side. They've officially sent us documents saying that they're going to temporarily stop cooperating with us."

"What!"

Wu Tian's biggest worry still happened. Without Time Company, they would lose an important source of income.

Such a substitute was not easy to find, and such a customer was not easy to develop.

"Damn it, I must find out who did this!"

Wu Tian hit the table heavily. It was rare for him to be angry, but at this moment, he couldn't help it anymore.

"Prepare a plane ticket for me, I want to go and see what exactly is going on with Cui Yongji!"

Wu Tian said fiercely. If this was really related to Tianying Sect, then he definitely would not let this group of people off!

Loong Yun's speed was very fast. On the second day, Wu Tian was allowed to board the plane heading for Korea.

Since this was a secret visit, Wu Tian and Loong Yun didn't bring any bodyguards.

When they arrived at Korea, the two directly drove to the hospital where Cui Yongji was currently recuperating.

Since the previous economic crisis, the Korea had always been in a state of collapse, and the streets were much more desolate than before.

Hidden Billionaire Chapter 958 - Continuous Attacks

C958 Continuous Attacks

Loong Yun's speed was very fast. On the second day, Wu Tian was allowed to board the plane heading for Korea.

Since this was a secret visit, Wu Tian and Loong Yun didn't bring any bodyguards.

When they arrived at Korea, the two directly drove to the hospital where Cui Yongji was currently recuperating.

Since the previous economic crisis, the Korea had always been in a state of collapse, and the streets were much more desolate than before.

Now that Cui Yongji was injured, people felt that Korea was a country without hope.

Cui Yongji was currently resting in a villa deep in the mountains. He had escaped from danger and had woken up.

Being able to see Wu Tian at the first possible moment was considered to be a good thing for the two of them.

"Mr. Cui, what is going on?"

Wu Tian looked at Cui Yongji, who was almost mummified on the sickbed, and felt very upset.

Cui Yongji's mental state was much better than he expected, but he was so injured that he couldn't even lift his hand.

"It's fine, I'm already much better."

"What's going on? Who attacked you?"

Wu Tian said worriedly. This was the point he wanted to confirm the most.

Cui Yongji didn't answer his question directly, but crooked his finger at the person beside him.

A bodyguard walked over with a tray. On it was a folded piece of paper.

"Open it and take a look."

Although his voice was very weak, it could be heard very clearly. It seemed that his body wasn't injured at all, and he should be able to recover after some time.

Wu Tian opened the thing with a skeptical look. He looked at the content on it and frowned.

Because the word Wu Tian was clearly written on it.

"What does that mean ..."

Wu Tian was stunned. He had no relationship with this world and he didn't need to send people to assassinate Cui Yongji.

"If you ask me, I don't know ..."

Cui Yongji's tone was very indifferent. He wasn't a fool. He knew that Wu Tian couldn't do such a thing. Someone must be trying to mess things up.

"Did you get any leads?"

Wu Tian frowned. The development of the event had exceeded his expectations. To be honest, he didn't expect the other party to be so cunning. He didn't choose to attack Wu Tian and instead did this to his clients.

"There are no clues left, but there's an image. Take a look."

Saying that, Cui Yongji's men turned on the TV in the ward and showed a picture of a fight.

More than a dozen thugs were attacking Cui Yongji inside. At that time, Cui Yongji was bathing in the hot spring in his villa, but he didn't expect these people to barge in from the outside.

The bodyguards bravely tried to resist, but in the face of these thugs, it could be said that they couldn't withstand a single blow and were defeated in a single exchange.

Although Cui Yongji wanted to escape, he was overtaken and covered in injuries. Luckily, they didn't kill him. When they heard that a large army was coming, these people had already retreated.

"Do you have any ideas, or do you know these people?"

Cui Yongji stared at Wu Tian. He was as determined as Wu Tian to grasp the ideas of these people.

"It's the Tianying Sect!" Wu Tian took a deep breath. He could see at a glance what the other people were doing. They were definitely not slow down at all. Anyone who attacked would be killed.

"I don't care what it is, since he offended me, Cui Yongji, then he can forget about getting any better!"

Although Cui Yongji was lying on the sickbed, his words were still as murderous as ever. He wasn't a good person and couldn't be bullied by others like that.

Wu Tian looked at Cui Yongji in shame. Since he was implicated by him, Wu Tian had to do something on this matter.

"Boss Cui, don't worry. I don't need you to settle this issue. I will definitely give you justice."

Then, Wu Tian left in a hurry with Loong Yun. On the plane, he had already sent an alarm to the company.

There were even some people next to him. He had probably already confirmed that Tianying Sect had changed their plans to take action against him this time.

The higher probability was that they would not directly clash with him and instead choose to attack people that were closer to Wu Tian or customers of Wu Group company.

No matter what, as long as the attack happened, it would definitely have a huge impact on Wu Group Corporation.

However, before he could get off the plane, another misfortune came over.

Not long after Wu Tian issued his warning, Blanche's convoy was attacked on the highway in less than ten minutes.

However, her condition was much better, because the bodyguards Blanche had brought with her were all wearing exoskeleton mechs, so the people from Tianying Sect did not take advantage of her.

This matter was immediately investigated to the point of view of national security. After all, Blanche's identity was extremely special; she was the princess of Char Country.

Just as he got off the plane, Wu Tian received a call from Blanche.

"How are you?"

Wu Tian asked worriedly. He never expected them to attack so quickly, first Cui Yongji, then Blanche. It seemed that their goal was very clear, and they were Wu Group Company's big customers.

"I'm fine, not even scratched. This time, I'm afraid I have to order another batch of exoskeleton mechs from you! The amount is extremely huge! "

This was Blanche's first time witnessing an exoskeleton Battle Mecha's true power. It was beyond her imagination.

The bodyguard beside her was also a highly trained warrior. However, their strength was not something an ordinary person could compare with.

With the help of the exoskeleton Battle Mechas, they should be able to fight back against the thugs who attacked them.

"Wait, this is easy to say. As long as you're fine... These people are people from the Tianying Sect, and are my sworn enemies.

Wu Tian quickly apologized to Blanche. To be honest, he didn't expect himself to involve so many people.

"It's fine, it's fine. I'm not hurt anyway. But what are you going to do next? "

Wu Tian really didn't consider this question carefully, but when Blanche asked him this question, a thought suddenly appeared in his mind.

"Blanche, can you do me a favor? I plan to capture all of these people in one fell swoop!"

Hidden Billionaire Chapter 959 - The Scheme Succeeded

C959 The Scheme Succeeded

Wu Tian simply told them his thoughts over the phone. He didn't expect Blanche to agree so easily without a shred of hesitation.

"Don't you need to think about it? "After all, this matter is rather dangerous ..."
Blanche's decisiveness made Wu Tian a little scared.

Blanche started to mock Wu Tian on the phone, "What's wrong with you? How can you be so cowardly, I believe you won't let anything happen to me! "What do you think?"

Wu Tian felt that he didn't have any room to refuse her suggestion, so he could only admit it through the phone.

However, the two of them soon agreed on a time to meet.

The place they met was on the high seas. Wu Tian had already brought his men to the designated location on a luxury cruise.

He was surrounded by a vast sea, and there was even some fog on the sea today. However, this did not affect Wu Tian's determination to carry out his plan.

Not long after, a white yacht appeared in their line of sight. Wu Tian had been communicating with Blanche, and knowing that the woman was Blanche, he felt a lot more relieved.

Soon, Blanche arrived by the side of the boat and boarded the yacht. Wu Tian quickly brought someone to entertain her.

On the deck of the cruise ship, a grand welcoming banquet had already been prepared. The banquet seemed to be very lively.

Everyone seemed to be immersed in this joy.

However, Wu Tian was wearing an earphone, which clearly transmitted the investigation report on the situation nearby.

"President Wu, a dozen or so fast boats are heading towards you guys. There are about 40 to 50 people."

The one who spoke was Loong Yun. This time, she did not come with Wu Tian, but stayed in the Flower Island, using a satellite to investigate the current situation and report to Wu Tian.

Wu Tian didn't say anything. Instead, he stood beside Blanche and reminded her in a low voice, "Someone's coming. You can go hide in the cabin now."

On the surface, Wu Tian still had that happy expression as if he was attending a banquet, but what he said was a completely different matter.

"What about you? What are you going to do next? "

"Of course it's to invite them into the trap. I finally managed to provide a venue for them to perform. Don't worry about me. I've already arranged everything, so you should be more concerned about your safety!"

Hearing Wu Tian's words, Blanche did not refuse anymore. She also knew that if she did not follow Wu Tian's plan, it might affect some of Wu Tian's plans.

At this time, after receiving Wu Tian's signal, some unrelated people on the deck started to retreat. However, their departure did not cause much panic, but was rather orderly and orderly, giving people the feeling that they had not discovered something.

Therefore, the people from Tianying Sect did not feel that anything was amiss, and still maintained their speed as they rushed towards the cruise.

As the situation progressed, the surrounding fog also became heavier. Wu Tian looked at the sky worriedly. He was afraid that the weather would cause problems in their satellite reconnaissance.

Intelligence was their most powerful method of attacking the enemy. Right now, they could only resign themselves to fate.

"Everyone be careful, the enemy is coming!"

Wu Tian cleared his throat and shouted to the people on the deck.

At this moment, the wind began to blow on the surface of the sea, creating a chilling atmosphere. Under this scene, the fluorescent lights of the banquet did not look as cheerful as before.

Suddenly, a few figures jumped from the side of the ship, and rushed towards the people on the deck. They didn't say anything, and were about to hit them.

Wu Tian was keenly aware of their movements. They were definitely people from Tianying Sect, it seemed that their opponent's strength wasn't really damaged, they had only been hiding.

This ship's size was not small, this time Tianying Sect had sent over fifty people, and the number was already not small. However, their numbers were still a little too small when they were spread out on this cruise.

At this time, Wu Tian grabbed his clothes, pulled in a direction and pulled it off.

"Attack!"

As he shouted, the other lavishly dressed guests on the deck also began to pull off their clothes, revealing the exoskeleton Battle Mechas within.

These people were actually members of Security Team, non-combat personnel. Just now, they had already followed Blanche and the others to the safe room in the cabin.

No one from Tianying Sect expected such a situation to occur, but their attacks had already begun, so it was impossible for them to retract the fists that were swung out.

The troops from both sides crashed into each other like two huge waves, and the battle broke out on the deck.

Even Wu Tian started to join in as well. The battle went on very quickly and in an instant, more than a dozen people from Tianying Sect fell.

The majority of them were caught off guard. They did not expect that their enemy, which they thought to be extremely weak, would become this powerful. Instead, they fiercely attacked them.

Moreover, because this place was a high seas area, after the Security Team users attacked in close combat for a round, they quickly retreated over ten meters in the direction behind them, causing those Tianying Sect users to not know what they were doing.

However, they quickly saw some guns appearing in the hands of the Security Team Enforcers.

Although they couldn't use guns in the country, they were on the high seas now, so there was no law to control Wu Tian. When the Security Team users got the guns, they were very excited and started to open fire one by one.

But this time, the effect wasn't as good as earlier, and these people of Tianying Sect weren't idiots either. Of course they had all seen the power of guns before, so they immediately started to find a place to hide.

At the same time, there was also a small group of people who were stealthily sneaking into the cabin at this time.

Although Wu Tian still wanted to deal with these people, but considering that Blanche was still in the cabin, although he was a little reluctant, he still led his men and started to retreat.

The people from Tianying Sect were overjoyed, and immediately occupied the entire deck. As they occupied the important traffic routes, they began to install explosives at various places on the ship.

These people were not kind people. They also wanted to catch Wu Tian's group in one fell swoop.

Wu Tian rushed to the safe room. When he saw that Blanche and the rest were hiding there, he felt slightly relieved.

"Quick, let's go to the escape boat!"

Wu Tian hurriedly shouted to these people, he and the Security Team practitioners began to block the Tianying Sect's attack at the front, creating a time for them to escape.

Hidden Billionaire Chapter 960 - The Sea of Fire over the Sea

C960 The Sea of Fire over the Sea

At this time, the people from Tianying Sect also started to calm down. They felt that Wu Tian's action of escaping into the cabin was like a retard, he was courting death.

Coincidentally, they were also happy to see this kind of situation. When the boat was filled with explosives, they could easily watch the fireworks on the high seas and then go and collect the corpses of Wu Tian and the others.

"Did they all go in?" Wu Tian shouted anxiously to his team members behind him. The number of people on this ship was not a small amount. If something really happened, then Wu Tian would not be able to bear the consequences.

"Basically, we're the only ones left. Let's go, President Wu!" The Security Team Enforcers performed very well the task of helping the other non-combat members to climb the escape boat.

This ship was actually inside this cruise ship. Although it wasn't very big, its speed was very fast. Furthermore, it had a solid armor, so normal explosions wouldn't be able to deal with it.

This was Wu Tian's plan from the beginning. He wanted to lure the enemy onto the ship and then seal the cabin's passage so that his own people could calmly board the escape boat.

"Alright, let's go as well!" As he said that, Wu Tian waved his hand and brought his own people onto the boat. Their speed was even faster, and in less than ten seconds, they had sealed up the escape boat's warehouse.

It was also at this time that the Tianying Sect people broke through the deck's gate and finally opened a path that led to the cabin.

However, they did not find any trace of Wu Tian's group. It was completely empty inside.

"Where is he?"

"Find them, they can't just disappear like that, they must be hiding somewhere. Everyone be careful, the Hierarch has already instructed us to kill one of them for 100,000 yuan. If we can capture Wu Tian alive, we will be rewarded with 100 million cash!"

Normally, there would always be brave men under the influence of rewards. Originally, most people in Tianying Sect would only kill people to steal their goods, so when they heard that money could be earned, their enthusiasm immediately rose. Hearing that the enemy might be hiding in the cabin, they immediately started searching one room at a time.

Of course, they wasted a lot of time and gave Wu Tian a chance.

Behind the cruise ship, a mechanical sound suddenly came, followed by a huge collision sound. The huge vibration caused the entire cruise ship to sway.

Many people from the Tianying Sect didn't know what was going on, but they all ran to the side of the ship in shock, and looked at what was happening behind them.

Unexpectedly, a fully armed fast boat broke out from the inside of the cruise ship. It made a leap in the air and landed on the surface of the water with a plop.

"This is ..." At this moment, some people realized that something was wrong, but their reactions were too slow. The explosion started at different parts of the cruise ship at the same time.

Huge flames and smoke engulfed the entire cruise. It was like the most gorgeous fireworks on this high seas. Wu Tian and the others stood inside the escape boat and looked at the huge explosion behind them in silence.

Blanche, who had seen many great worlds, was also shocked by this scene.

She walked to Wu Tian's side in disbelief and lightly patted his shoulder: "Aren't you being too ruthless? I don't think they will be able to survive."

"Perhaps, but they also deserve what they've done. They should thank me if I were to give them an ocean burial." Wu Tian didn't feel guilty at all because of what he did.

What a joke. The reason why the explosion was so powerful was because the other party also placed the same amount of explosives. In other words, if Wu Tian didn't shatter the other party, then the enemy will destroy all of their people.

At that time, who would ever think about something as ruthless as this?

The situation was not over yet. The sky seemed to have turned better after the explosion. The thick fog slowly faded and they could clearly see what was happening on the surface of the sea.

The huge cruise ship was now just a pile of debris, with more than 20 corpses floating on the surface of the sea.

Several helicopters began to fly over from the distance, circling the scene of the explosion. If any remaining enemies were to be found, they would fire a series of bullets.

Wu Tian wouldn't give these people any chance, so he quickly contacted Loong Yun to get an update on the situation.

Because they were there, there was no way to know what the situation looked like from a God's point of view.

"How is it?" Are there any enemies escaping from the nearby seas? "

"President Wu, the fog is too thick, we can't see anything clearly, so we can't guarantee anything. I'll check if there are any small boats in the nearby sea, but based on the current situation, there shouldn't be any big problems."

Loong Yun looked through the information of the satellite several times confidently. Indeed, there wasn't anything strange about the nearby sea. The only thing wrong with it was that there was a speedboat heading in their direction. However, when the explosion occurred, there was a 180 degree turn.

Loong Yun didn't know if this speedboat had anything to do with Tianying Sect or not, so she could only temporarily remember this time in her heart and arrange for the satellite to monitor them.

"Since there are no problems, we can return!" Wu Tian was, of course, happy inside. After winning the decisive victory on his side, the other side thought that by relying on the way they fought in the past, they would be able to make him submit.

From the very beginning, Wu Tian had already set up traps for the people from Tianying Sect.

The reason he called Blanche and requested her to cooperate with him was because he knew that once Tianying Sect found out about this, they would definitely not let go of such a good opportunity.

A cruise ship on the high seas sounded very dangerous, it was surrounded by the sea, even if Wu Tian wanted to escape, he could only jump into the sea.

However, these enemies didn't expect that this situation would apply to them as well. Wu Tian prepared such a strong escape boat and blew up the cruise ship.

they would not give any of these people from the Tianying Sect any chance at all.

"Since I've helped you, shouldn't you give me some compensation?" Seeing Wu Tian so happy, Blanche leaned over with a smile on her face and started asking for benefits.
