

Chapter 180 Counter

I sighed to myself. Even though Lin Fang was a terrible person, she knew Chu Xiaoxiao well. She knew that Xiaoxiao would grab the knife, and she did. Unfortunately for Lin Fang, Xiaoxiao did not point the knife at me, but at her.

Chu Xiaoxiao looked like she did not need my help at all and could handle this by herself.

Fuming, Chu Xiaoxiao stalked over to Lin Fang, who slowly edged back in confusion.

"Xiao—Xiaoxiao, what are you doing?"

"Don't you know what I'm doing? How dare you have designs on my man? Didn't you know? No one in the whole Tong City High School dares to touch my man!"

"I...I... Zhang Chao was drunk..."

Chu Xiaoxiao backhanded her, and Lin Fang wailed in pain. She wanted to resist, but this was Chu Xiaoxiao we were talking about. The queen of the high school; the leader of the female gangsters. It was easy for her to take on a girl, and while Lin Fang was a schemer, she was weak. Chu Xiaoxiao could take on ten of her.

Over the years, Chu Xiaoxiao had always been the caring sister to Lin Fang. She had never done anything to her. Not only that, she also did whatever Lin Fang asked her to do, so Lin Fang had completely forgotten how scary Chu Xiaoxiao was when she was angry. She had forgotten that it would hurt when Chu Xiaoxiao hit someone, even her.

"You still have the cheek to say that? A man that drunk can't do anything. Lin Fang, I've known you for so many years, I already knew what kind of person you are. I just didn't want to believe it. I was lying to myself, but now it's clear to me, you're a bitch!"

"And you're not one? You stole my boyfriend! You're not better than me!"

Chu Xiaoxiao laughed. "Finders keepers. What will you do about it? Try and steal him back? Have some respect, Lin Fang. Zhang Chao doesn't like you at all because you're stupid. He looks down on you. He liked you when he had nothing, but now he's someone, do you know why he doesn't care about you anymore? Because you're only suited for a loser. You worked hard for so long to make friends with rich people. When you became friends with Zhang Chao, I thought you had changed. Hah! Then I found out that you were just using him to leave Chen Yuzhou."

Lin Fang shot back angrily, "You're lying! Zhang Chao likes me! You're lying!"

Chu Xiaoxiao patted her cheek with the knife. "And what would you do if I was lying? What would you do if I was lying to bully you and make you feel bad? You're really a bitch. When I treated you well, you treated me terribly. You're not worth my time. This is an official warning. Stay away from my man in the future. Otherwise, I'll cut you."

I could imagine from Chu Xiaoxiao's vicious words what kind of gangster she used to be in high school. Lin Fang was definitely no match for her. With Chu Xiaoxiao's fierce personality, she had not fallen into Lin Fang's trap.

I held back my laughter and whispered, "Did you hear that, Lin Fang? Stop playing these games. Leave Tong City tomorrow."

Chu Xiaoxiao sniggered. "That's right. Have you been watching too many palace dramas that you've come up with such useless schemes? Did you think I would fall for it when you asked me to come here? Actually, Zhang Chao already had someone inform me that you were up to no good today."

Lin Fang asked in surprise, "Zhang Chao, did you ask Qingqing to inform Chu Xiaoxiao?"

"You're so smart, why did you only realize this now?"

In fact, I had asked Qingqing this morning to contact Chu Xiaoxiao.

I continued, "I haven't seen Xiaoxiao in days. I should actually thank you for giving me this opportunity. If you didn't ask her to come here, it would still be sometime before we met again."

Lin Fang was incensed. She had not expected to be fooled by me.

She stood up, using the wall as support. Suddenly, she grabbed hold of Chu Xiaoxiao's wrist.

Chu Xiaoxiao frowned and shouted, "Let go of me! I won't hold back."

Suddenly, Lin Fang grabbed a spray bottle with her other hand and sprayed it at Chu Xiaoxiao's nose. In a flash, Chu Xiaoxiao was unconscious, and Lin Fang easily removed the knife from her grasp.

I clambered up from the bed. My strength had not fully returned, but Lin Fang was crazy, and she would definitely attack Chu Xiaoxiao.

As I expected, Lin Fang tried to stab Chu Xiaoxiao in the neck. I managed to catch hold of the blade. A sharp pain shot through my palm, and my blood dripped on Chu Xiaoxiao's face.

Lin Fang's face was twisted into an ugly grimace. She looked like she was stuck between crying and laughing.

"Zhang Chao, why are you willing to do so much for Chu Xiaoxiao, but you're not willing to forgive me?"

I bared my teeth in pain. I had not yet recovered my strength, so I could barely counter her. The knife had cut deep into my palm, and the pain was rapidly clearing my head. Lin Fang cried harder and turned the knife towards my heart.

I shot back, "What am I supposed to forgive you for? For betraying my trust? For contacting my enemy to harm me? Or is this a second round of forgiving you for lying to me? Perhaps it's to forgive you for wanting to kill your best friend, or to forgive you for wanting to kill me?"

Lin Fang was overwhelmed by my rapid-fire questions. She growled, "Go to hell!!! Go to hell!!!"

I chomped down on my tongue, then kicked her in the stomach. She fell to the ground and yelled in the direction of the closet, "Come out and kill him!"

I knew she was shouting for Liu Rong, but there was no response from the closet.

Lin Fang cried out in panic, "Zhang Chao was awake all along. Even if you don't come out now, he knows you what him dead. Come out and kill him; he hasn't recovered his strength yet."

There was still no movement from the closet, and Lin Fang was confused.

I let out a deep sigh, grabbing a shirt next to the bed and wrapping it around my hand. I turned to Lin Fang. "Do you know why he's not coming out?"

Of course, Lin Fang had no idea.

I twisted my head to face the closet and called out, "Alright, come on out."

The closet door opened.
