

Chapter 208 Foot the Bill

No wonder the staff had not allowed me onto the thirteenth floor. It was really shocking here.

I knew that Lady Of The Night provided sexual services, but had not realized how explicit they were.

Damn, this was more intense than in the movies.

I tried my best to pretend to be calm and nonchalant, keeping my eyes forward as I walked.

"Come in."

The staff opened the door. Inside, the blast of the karaoke was deafening and I involuntarily took a step back. When I took a good look around, my heart almost jumped out of my throat.

There were three men lounging on the sofa. Tsai Xiaobing and a bald man were chatting and laughing. The bald man had a cigarette dangling from his mouth. He turned at the sound of the door opening, and everyone else followed his gaze.

My attention was focused on the two women kneeling on the floor. The women wore just enough leather to be barely clothed and had collars with leashes on. They knelt on the floor like dogs. The bald man sat with his legs crossed and would occasionally rub his toes on a woman's chin as if teasing a dog.

I had never seen such a scene before, and I felt disgusted, yet my body was indescribably warm.

The bald man invited me in warmly. "Mr. Zhang, so glad to finally meet you after hearing about you for so long. When Xiaobing mentioned you, I could hardly believe it, but it was true. My name is Rock. If you don't mind, you can call me Brother, and I will too."

So this was the man that Tsai Xiaobing told me about.

"Brother Rock, of course I am a little brother to you. What did Xiaobing tell you about me? Was he too presumptuous? If so, do let me know and I will deal with him."

Tsai Xiaobing had warned me that his cover might have been blown, but it seemed like this was not the case.

Rock was smiling and he did not seem to have any evil intent. If the cover was blown, he would not be so nice to me.

I could not figure out what Rock was doing, and could only be polite and follow his lead.

"Oh, Brother Zhang, you're mistaken. I just want to get to know you. I've been hearing so much about you recently, yet never had the chance to see you for myself. Such a pity. But when someone told me that Tsai knew you, I told him to bring you here at once. Don't be mistaken, today is just for leisure. How about it? This is a nice place."

So someone had given away Tsai Xiaobing's identity. Today was a trap.

Even though Rock seemed carefree, he was experienced and extremely careful, as one mistake could cost him everything.

My background had been revealed online ages ago, and he must have found out that I was once part of the Snow Leopards special forces unit. Someone told him that I was connected to Tsai Xiaobing, and Rock had become suspicious of Tsai Xiaobing.

Tsai Xiaobing had no choice but to call me here. If he did not, Rock would be even more suspicious of him. We Snow Leopards would not put our personal safety above our men's welfare. Tsai Xiaobing was just worried that he would lose this lead.

"It is. I'll be honest with you, Brother. I entered the military when I was eighteen. So I've never seen anything like this before. When I came out of the elevator, I was stunned and almost made a fool of myself. Lady Of The Night is such an interesting place. If someone accidentally arrives at this floor, how can they leave? You can't leave until you're spent."

Rock laughed loudly and patted my shoulder. "You're an interesting person, Brother. But don't pretend to be so innocent. How could a rich young man like you not know about this? Xiaobing's an old hand, yet you're acting all innocent."

I knew that he was testing me.

How could he not be suspicious? A special forces soldier like Tsai Xiaobing suddenly came to Tong City from the border and bumped into him.

But Rock knew better than to offend me, so he tested us. He wanted to see if we had any ulterior motives for getting close to him, or if we were just bad soldiers.

However, if I pretended to be a loafer, it might come back and bite me. Recently, I had been very high-profile, and everyone in Tong City was aware of my behavior. Rock had to be aware of this too.

If I lied now, it would be exposed and attract even more suspicion. I might as well tell the truth.

As expected, Rock was surprised, glancing between Tsai Xiaobing and me suspiciously.

"He's always like this. He's a good kid, but just lascivious. He took a few days of leave from the army saying that he was going to visit me. However, he never showed up. I was just grumbling about where he had gone, and apparently, he's here with you. He's a good kid, he's just addicted to women. But what man isn't? I'm not being pretentious; men are all perverts. Given the opportunity, men would do a hollow tree if it had a pretty face."

"Hahaha, you're funny, Brother. Come, let's drink!"

Rock seemed to believe me. He wrapped an arm around my shoulders, clinked his glass to mine, and drank.

Just then, the quiet man sitting at the side piped up, "Mr. Zhang is right. But they say that Mr. Zhang is a proper gentleman and takes no interest in such things."

I turned my attention to him. He had a handsome face and shoulder-length hair that was meticulously waxed.

Rock quickly introduced him. "Gongsun Qingfeng. My company's accountant and my close friend."

Gongsun Qingfeng kept his narrow eyes trained on me as though he could see through me. It made me felt very uncomfortable. Suddenly, he lifted the corner of his mouth in a smile, and he closely resembled a fox.

"Brother Gongsun is too nice, I just did not have the opportunity..."

My face was smiling, but internally, I was yelling profanities at Tsai Xiaobing. What lousy lead had this idiot come up with? How had he managed to find such a perverted breakthrough in this complicated case?

If I was not lecherous myself, I would never have permitted Tsai Xiaobing's lasciviousness. Rock would be even more suspicious.

Thanks to Tsai Xiaobing, I had to portray myself as a pervert. The only comfort I had was that Chu Xiaoxiao would never hear of this.

Gongsun Qingfeng clapped. "That's good then. Rock, since Mr. Zhang has not experienced this before, why not call up the girls and have Mr. Zhang take his pick. This could be our greeting gift to Mr. Zhang."

Damn! What kind of stupid idea was this?

Rock hit the armrest of the sofa. " Yes! A good idea! Don't stand on ceremony, Mr. Zhang. Let me know which one catches your eye. Just take her, and I'll foot the bill!"
