

Chapter 211 High School Beauty

Rock angrily kicked over the coffee table, scaring the women kneeling on the floor and sending them screaming into the corner.

Gongsun Qingfeng did not look much happier. However, he was calmer than Rock and placated a shocked Fang.

"Fang, she must be found as soon as possible. If your boss finds out, you won't be off the hook either."

Fang was already ashen-faced. Of course, she knew what Gongsun Qingfeng was talking about. She was aware, which is why she hid it from Rock from the start. Unfortunately, Rock decided he wanted Qiaoqiao, and the secret was out.

"Sirs, I will definitely find her. Qiaoqiao is one of our younger girls. After Boss Rock deflowered her the last time, she could not get over it. I had not expected that she would actually run away."

"F you, are you insinuating that I chased her away? F, you're the ones that say that we can do whatever we want to your girls. I can even kill her I'd I want to. Now you're saying that it's my responsibility? F, are you tired of living?"

I glanced at Xiaoke and asked her softly, "Really? No one will care if he kills you?"

Xiaoke's eyes were red as she choked out the words. "Yes, the customers can do anything they want here. But Fang will pick the customers for the girls. If you're on good terms with her, she won't hand you to troublesome customers. I'm on pretty good terms with her, otherwise, I wouldn't be alive right now."

Looking at her tears, I felt bad for her. These beautiful women were enduring much more than they should be.

Xiaoke continued speaking. "Qiaoqiao is stubborn. She didn't choose to come here; she was sold by her father. That's why she always contradicts customers, and that makes Fang unhappy. So, she always gets the worst customers."

I was shocked. "How could her father sell her? That's illegal."

"Her home is in the mountains, and they're really poor. Her father sold her in hopes of saving up for a betrothal gift for her brother to get married. They are four sisters and one older brother. Her parents favor her brother a lot, otherwise, why would they be willing to sell their daughter to this place? Qiaoqiao signed a contract with the company for life. She'll be here until she can't move. She's only sixteen now. Just three days ago, Boss Rock and three other men spent the whole day with her, deflowering her. I heard that she couldn't walk after that day. She was broken and covered in her own urine and feces. Fang found a doctor to look over her, and the doctor said that her uterus was ruined and she would never have children. I never expected that she would run away today."

"Of course she wants to run. Otherwise, she'll be tortured to death." I said.

Xiaoke shook her head sadly. "Run? Where can you run to? She can't even leave this building. We all have a microchip implant in our arms. The kind you implant in your dog to make sure it won't get lost. They just need to scan with a program, and they'll immediately know where she is. Maybe it's not so accurate in a building, but once she runs out, an alarm will go off."

I was dumbfounded. They were treating humans like animals here, and in this day and age.

Rock was as antsy as a cat on a hot tin roof. He pointed at Fang and swore at her again, threatening to throw her out of the window if she did not find the girl.

"Why are you so worried, Brother Rock? It's just a woman." I thought he was overreacting to a runaway prostitute. Could he be worried that she would go to the police and have him arrested for rape?

A large health center like this had to have a very close relationship with the police to have survived for so long. If Qiaoqiao went to the police, she only needed to step into the police station before Lady Of The Night found out and brought her back.

Head covered in perspiration, Rock told me, "Brother Zhang, you're not aware of the situation. I talk a lot during sex. I'm worried that she might have heard something. If she tells anyone..."

He said it quite normally, but Tsai Xiaobing and I were all ears. We exchanged a quick glance.

If Qiaoqiao had really heard something and we found her, this might be the breakthrough we needed.

Rock's nervousness was for real. Qiaoqiao must have something on him. He was beside himself and was probably more anxious than the boss of Lady Of The Night.

Perhaps because she was speaking about Qiaoqiao, Xiaoke looked very dejected.

"I'm afraid that I'll end up like Qiaoqiao. According to Fang, the customers who like virgins are all perverted."

"You're still a virgin?"

Xiaoke flushed red and clutched at the hem of her skirt, nodding awkwardly. No wonder she was so shy.

"Sir, can I call you Brother Zhang? Can you do me a favor?"

She spoke so softly that I could not hear her unless I moved closer. When she spoke, she blushed to her roots.

"Brother Zhang, can...can you take my virginity?"

"What?"

My mind went blank as I stared stunned at Xiaoke's face, which was red from both shyness and alcohol.

She was blushing so hard that it seemed as if her body had been soaked in alcohol. She kept pulling at her skirt awkwardly. It was a pity that her skirt was so short that pulling at it would never cover her thighs. Instead, she ended up pulling her neckline down, revealing her pale neck.

I could smell her faint scent, completely different from the dusty smell of the commercial perfume used in this room. The scent made my heart skip a beat.

"I'm going to lose it anyway since I'm here. I might as well give it to someone I like."

"You like me?"

Xiaoke threw herself into my arms. I felt her breasts, bare under the school uniform, press tightly on me. In a flash, I had returned to high school. In my arms was not a prostitute, but the school beauty.

Xiaoke whispered in my ear, "I like you. I don't want money. Brother Zhang, make me a woman. I want to give you my first time."

No man could withstand the power of such words. They went off like a bomb in my brain.

I scooped Xiaoke up and got to my feet. Seeing me stand up, Tsai Xiaobing stood up too. But he was surprised to see me carry Xiaoke towards the guest room.

"Don't worry, Brother Rock. This Qiaoqiao can't leave the building. If you don't mind, I'm going to enjoy myself first."

Rock had been frowning, but seeing me carrying Xiaoke, he burst into laughter. "Brother Zhang is so cool."

I kicked the door open. Tsai Xiaobing called out and chased after me, but I ignored him.
