

Chapter 215 Like a Fool

Since there was nothing in the room, I could let them search.

However, it would be better if I could delay them and buy more time for Tsai Xiaobing.

Fang and her men were about to enter the room when I stuck my hand out and blocked them.

I purposely frowned and looked impatient. "Brother Rock, this has nothing to do with you. What's going on? Are you looking down on me and pushing the blame on me? You chased the girl away and now you say I'm hiding her?"

Fang must have seen the shadow of Tsai Xiaobing's shoes and deduced that someone was hiding in my room. That would explain why she was no longer as friendly and polite as before.

"Mr. Zhang, if you didn't do anything wrong, why won't you let us in to search?"

"Don't treat me like an idiot. Do you think you can just bully whoever want to? Search whoever you want to? What if you don't find anything?"

Fang had risen up from the bottom and was good at manipulating people. Judging by my attitude, she was even more sure that someone was hiding in the room. She did not bother putting on a facade and sneered openly at me.

"Very funny, Zhang Chao. What's the point of saying this? Why don't you think about how you're going to leave here when we really find someone."

Rock sensed an undercurrent in Fang's words and asked her what was going on.

She scoffed. "Boss Rock, this Zhang Chao you brought here is problematic. He said there's no one in his room, but I clearly saw someone hiding behind the door. Why was he hiding someone?! And there are three people in the bedroom. I can believe that Xiaoke's drunk, but how are Xiaoli and Xiaochen drunk too? They weren't in your room for more than five minutes, how could they be drunk?"

"I haven't even questioned you about your staff drinking my alcohol. Do you want to pick a fight? Tell me, what are you planning to do when you can't find anyone in this room?"

"Cut the crap! Search the room," Fang shouted angrily, trembling with anger. She was so sure that the girl was in my room.

Under Fang's orders, several security guards entered my room.

I very badly wanted to laugh. In order to convince Fang further that I was hiding the girl, I pretended to put up some resistance. I did not expect Rock to grab me by the collar.

"Damn you, Zhang Chao. If you're really hiding the girl, choose a way to die. I don't care if you're from Junran or anywhere. If you don't want to die, you'd better hand her over."

I was one head taller than Rock, and I drew myself up to my fullest height and stared him down. I scoffed, "Brother Rock, it sounds like you really said some important things to that prostitute if you're so afraid she'll escape and tell someone. Is your mouth more potent than you are?"

My words infuriated Rock. He shoved me against the wall angrily. I wanted to retaliate when Rock suddenly pressed close to me. He put his hand in the pocket of his jacket and a hard object poked my stomach through the jacket.

It was a gun.

"Are you tired of living?" Rock asked as he grit his teeth.

He pushed at my stomach with his gun and grinned nastily, giving me the once-over.

At this moment, Gongsun Qingfeng pulled him away to the side and whispered to him.

Initially, Rock griped unhappily, "I'm going to shoot him and throw him into the sea. Who cares about Junran? They won't find his body."

Gongsun Qingfeng said something to Rock in a low voice, so close to his ear that I could not hear it. However, after Rock mumbled something back, he removed his hand from his pocket.

Gongsun Qingfeng squinted at me.

"Please forgive us, Mr. Zhang. Brother Rock has a bad temper. He's a bit sensitive about the importance of the events happening tonight."

I pretended to huff angrily and adjusted my clothes. I took a few steps back, raising my hand to tell him to stay away from me.

"Stop lying. Why did you even invite me here today? I just wanted to get to know more people and have a good time. If not for Tsai Xiaobing, why would I bother with you? It's just a runaway prostitute. Even if you were loose-lipped and let something slip, what are you afraid of?"

"Just worried that the woman went crazy and will run to the police with nonsense."

"Come on, did you commit murder, robbery, or arson? What kind of impact can words uttered in bed have? Also, Lady Of The Night seems happy to let their girls die, so why worry about the police? Mr. Gongsun, don't judge me by my age and try to fool me. I'm not naive. Who doesn't know about Lady Of The Night's boss background and his people in the police department? No one can touch him."

Rock was fired up by my words and rushed over to me, but Gongsun Qingfeng blocked him.

"Kid, if they do find someone in your room, this matter can't be resolved that easily."

I wanted to drag it out more, as I was unsure about Tsai Xiaobing's progress.

However, the room was not very big; only a bedroom and a living area. Even if they pried up the floorboards and checked every inch, four or five people would make short work of it.

After a few minutes, the men exited the room. Fang asked them what they had found, and the men all looked uncomfortable and replied, "Nothing."

"How?! I clearly saw someone in his room. Zhang Chao, where did you hide that person?"

"Where could I hide someone? This is your territory. Ever since you were suspicious of me, you've had someone watching the door. Wouldn't you know if someone left the room?"

She did not believe it and personally went in to search the two rooms. She was more meticulous than the security guards, looking not only in the closet, but under the bed and above the closet as well. There was no one to be found.

Of course, there was no one. Tsai Xiaobing was long gone out of the window.

They probably would not believe me even if I told them that Tsai Xiaobing had exited by the window. This was thirteen floors up, and a misstep would leave you dead!

"I clearly saw..." Fang was at a loss. She had definitely seen it, but she could not help but doubt herself now. Had it been a mistake?

Rock was confused that no one was found. "What's going on? Damn it. You said she was here, but now you can't find her?"

"I—I... Perhaps I made a mistake..."

Crack! Rock hit her across the face and it instantly swelled up.

"A mistake? You're telling me it's a mistake now? Damn it, I believed you. You said she was here so I followed you here. Now you're telling me she's not and you made a mistake. Do you take me for a fool?"

Fang screamed as Rock grabbed her by the hair and shoved her against the wall.
