Chapter 284 Too Young

I was shocked. Baldie had never mentioned this to me!

We heard the sound of a key in the door and Xing'er whispered to me," Don't mention any of that to my brother. He hates hearing me say that. Thanks for listening to my complaints."

She had just finished speaking when Ayu walked in carrying a roast chicken and other food.

The siblings did not usually eat so well, and they salivated at the sight of the chicken.

After a few bites, I was too tired to eat, and I fell asleep on the sofa.

Watching them made me uncomfortable. Only someone who had been that hungry before would know how painful and undignified it was to be so hungry that you seemed greedy.

Zhao Zichen definitely treated Baldie fairly, and Baldie definitely treated the siblings fairly. It seemed as though Xing'er's illness had simply cost too much.

I pondered upon it. After this was over, I would give Baldie some money separately. Perhaps I

I fell asleep thinking about this. I slept until three in the afternoon when Baldie's phone call woke me up.

"How did it go?" I asked Baldie nervously.

"Can't tell," replied Baldie, "Boss didn't ask me about you."

What? Zhao Zichen did not ask?

Baldie continued, "Ask Ayu to find you some other clothes and come straight to Lady Of The

He ended the call in a hurry.

I was mystified by Baldie's words. What was going on with Zhao Zichen?

Of The Night, someone was bound to recognize me.

But changing clothes and looking for Xia Genghuai was feasible. I had no other choice. If Zhao

Ayu was on the computer. He looked like he was researching some software.

I told him that Baldie had asked me to approach him for a change of clothes, and he immediately

stood up. I thought he would get clothes for me, but to my surprise, he went to Xing'er's room and called out, "Xing'er, come give Zhang Chao a change of face."

A change of face?

Ayu saw my stunned face and laughed. "This is Cai School technique. My sister is a successor of

Xing'er instructed me to sit down and examined my face. Then, she smiled and turned her cap

She took about an hour, then moved on to apply makeup with a brush. Finally, she told me to open

There was a mirror in front of me when I opened my eyes. I was flabbergasted as I stared at myself in the mirror.

"Who is this?"

The person in the mirror was at least ten years older than me and had a completely different profile. He looked nothing like me.

Xing'er smiled. "He's whoever you want him to be."

I could barely believe that a disguise could be that good. It did not look as if there was anything

"Don't worry. Thank you for today, Xing'er, Ayu."

Before I left, I sneakily left some money behind as compensation.

Night. This was the first time I was going there in the daytime.

There were not many customers in Lady Of The Night at this time, and security was not stringent.

I called a car and went to a shopping mall to buy a new outfit before heading to Lady Of The

It was clear to me that Baldie could be trusted. He told me to meet Zhao Zichen in disguise. Since

Night's most private areas were the eighth floor and higher. The eighth floor was for prostitutes, and Zhang Mei's office was probably on the ninth or tenth floor.

I did not know where Baldie was, but they were likely to be in a more secure area. Lady Of The

This area was usually empty. Most people who were here were not here to talk, and all they did

I was heading to the ninth floor when I spied Baldie and Zhao Zichen talking in a public area on

While I tried to eavesdrop on them by pretending to be pouring some alcohol, Rock appeared.

"Master Zhao, long time no see. Let me introduce you to Captain Xia."

I did not need to turn around. I looked up at the glass in front of me and watched through the reflection as Xia Genghuai followed Rock out.

Zhao Zichen smiled. "Boss Rock is unaware that our Captain Xia is going to be Chief Xia."

Rock exclaimed, "What? Bro, you're going to a local police station? A captain of a criminal investigation team is much better. Isn't a local police station a downgrade?"

Zhao Zichen laughed. "How is it a downgrade? This is obviously standard procedure before a

"Oh, it's not like that. I've just been lucky that Commissioner Qi likes me," replied Xia Genghuai

Rock said, "We need to thank Brother Zhao for this. He eliminated Zhang Chao from the equation. Otherwise, we would both be suffering."

"What?!" Xia Genghuai shouted in surprise.

Zhang Chao dead, Brother Xia?"

Xia Genghuai was following my earlier instructions. I was sure that he had not betrayed me.

Rock and Zhao Zichen both became wary. Zhao Zichen was the first to speak. "Did you not want

Because if I was dead, he would never be able to clear his name. He would forever be a dirty cop.

If he was not willing to play along and wanted to change his mind, what would Commissioner Qi do to him?

My heart was in my throat. This group of ruthless men would kill him if they knew that he was

Xia Genghuai reacted subconsciously. He had been unable to control his reaction due to his age

"I just never thought that someone as wild as him would die."

Zhao Zichen laughed and said, "Anyone who is human has a possibility of dying. Captain Xia, Brother Rock and I are looking for you today because we want to know if Zhang Chao said anything to you before he died."

Xia Genghuai was still in shock and had not fully recovered yet.

Zhao Zichen was actually testing Xia Genghuai to see if he would expose any secrets. If he was unwilling, he would be in danger.
