

## Chapter 294 You Owe Me

"Manager Chu..."

"That's enough, Xiaomin. Chen Yuzhou and I cannot exist together. I'm willing to go down with him."

Chu Xiaoxiao's hatred for Chen Yuzhou was immeasurable. It made me uncomfortable.

In the car, I told her, "Let's not wait for the police to chase us down. Find a public area and let them find us."

Chu Xiaoxiao was a bit scared. Out of habit, I held her hand and comforted her. "It's going to be okay. Don't be afraid."

Surprised, she blushed and pulled her hand back. Damn, I had forgotten that I was not Zhang Chao again.

The atmosphere in the car was silent and awkward.

Still blushing, Chu Xiaoxiao glanced at me out of the corner of her eye. "Then let's go back to the office before the police cause the employees too much trouble."

I smiled. "I'm thinking the same thing."

By the time we arrived outside Lutong, the police had already surrounded it.

Xu Xiang was raging outside. "Where's that bitch Chu Xiaoxiao? Arrest her!"

"She might have made a run for it," an officer replied, "We're still looking for her. Calm down, sir, we'll find her."

"I don't believe she can escape. Tong City is only so big. No one can escape from me! Find her! And why are the billboards still playing the video?!"

"The control rooms are locked. The staff say that Chu Xiaoxiao took the key before she left. The woman is ruthless. If we don't find her, the video will keep playing."

Xu Xiang's expression was thunderous and he was gasping in fury. This was a slap in his face in front of everyone in Tong City.

We were driving slowly, but before we arrived, I suddenly asked Chu Xiaoxiao to stop the car.

"That police officer. He was present yesterday too."

"It's Xia Genghuai." She grit her teeth. "He's a problem too. Zhang Chao treated him like a brother and he sold him out."

I was curious to know why Xia Genghuai was here. He was under criminal investigation. This had nothing to do with him.

"Commissioner Xu, what big battle is this? You've mobilized ninety percent of Tong City's police forces. Anyone who commits murder today is going to get away with it."

Xia Genghuai certainly sounded disgruntled.

Xu Xiang sneered back, "You're just Qi's lackey. Why should I report anything to you?"

Xia Genghuai smirked and laughed back. "Who even cares about you? You can mobilize everyone, but you're going to look so bad if you can't find Chu Xiaoxiao even with so many people. You couldn't deal with Zhang Chao yourself, and now even his woman is fooling you. Commissioner Xu, if you can't catch Chu Xiaoxiao, not only will you be responsible for the personal use of the police, your ability will be called into question."

"No one in Tong City can escape me. The bitch is hiding somewhere. I'll find her. And you had better watch your mouth. Just because I'm not doing anything to you doesn't mean you can carry on in this manner."

The words had just left Xu Xiang's mouth when, in full view of everyone, our car slowly came to a stop in front of them.

Chu Xiaoxiao rolled down the window and I called out a greeting, "Hi, how are you? Are you looking for us?"

It was as if every police officer had been put under a spell. They stood there, stunned and unable to comprehend that the two people they had been looking for all over the city had just swaggered up to them.

The matter had been blown up so big that numerous reporters were waiting outside Lutong. Now, they aimed inside the police cordon and clicked away furiously.

Xu Xiang was left red-faced. He had been all bluster earlier, but the people he had been searching for had just appeared in front of him.

This was a huge insult. Insulting his nephew, then turning around to insult him.

Xu Xiang was beside himself with fury. Growling, he ordered his men to arrest us. They rushed forward and pressed us against the car.

I was afraid that they would destroy my mask, but it stayed firmly on my face.

"Detain them." Xu Xiang's anger was written all over his face. I had humiliated him in front of so many people today. He was definitely not going to let me get away with it.

Chu Xiaoxiao and I were forced into separate cars and we kicked up a big fuss as we were brought to the public security bureau.

When I got out of the car, I saw an enraged Chen Yuzhou rush over to us.

He did not recognize me, only Chu Xiaoxiao, and assumed that it was her fault. As he raised his fists to hit her, I pulled away from my captors and kicked Chen Yuzhou in the chest.

Chen Yuzhou might look strong, but his body had long been hollowed out by excess. He did not expect that I could still kick him even though I was held back, and he ended up rolling on the ground.

"How dare you hit me!!!"

"Stop it," Xu Xiang whispered furiously, "Don't start anything here. There are too many eyes. Let's go inside."

Chu Xiaoxiao and I were locked up separately. The officers only asked me a few perfunctory questions before shoving me to a corner. They thought that Chu Xiaoxiao was the mastermind and concentrated their efforts on her.

I was very worried about Chu Xiaoxiao. These men were rough and if they touched her, I would bring a world of hurt down on them.

To my surprise, at eight o'clock that evening, an officer came over to say that someone had bailed me out.

Who could it be? This persona was fake. Then, I went out and saw Ayu signing some paperwork.

"Baldie's waiting for you outside. We'll talk after we get out of here."

I was very worried about Chu Xiaoxiao, but when I exited the building, I saw Chu Hua'en. He would not let his daughter suffer.

I relaxed slightly. Right now, I needed to contact Tsai Xiaobing and resolve the situation with Rock.

As we walked, I borrowed Ayu's phone and sent a quick message to Tsai Xiaobing informing him of the situation in Tong City. I deleted the message before I returned the phone to Ayu.

"Get in. We'll talk in the car."

Ayu opened the door for me. Baldie was sitting there, and I got in and griped at him, "You had better have good news for me. What is Zhao Zichen up to?"

"I don't know either, but I trust Boss completely. Rock trusts him too, but every time he gets off the phone, he becomes suspicious of Boss again."

I scoffed. "Rock still doesn't trust Zhao Zichen after all this? Rock trusts his accountant Gongsun very much. He must be calling Gongsun."

"Are your men ready?" Baldie asked.

Tomorrow was D-Day. Tsai Xiaobing was already back in Tong City. To be safe, only I could contact him. He was not to contact me. There were too many rumors about me right now, and he might spoil my plans if he contacted me.

"Baldie," I asked, "If Zhao Zichen really goes back on his word, where will you stand?"

Baldie clenched his fists. "I can only stand on Boss's side. That's why I'm helping you. No matter what his plans are, you must let Boss go after you capture Rock. Because you owe me now."

Truthfully, if Zhao Zichen was not pretending and really wanted to kill Chu Xiaoxiao, I would not be willing to let him off.

But for Baldie's sake...

"Bro, someone sent me a weird message. Is it for you? The number won't show," asked Ayu, who was driving. "It looks like Morse code, but I don't think it is. I can't decipher it."

I took the phone from him. Yes, it was a reply from Tsai Xiaobing.
