

Chapter 302 The Feeling of Despair

I pointed at the three security guards in front of Chen Yuzhou and scoffed, "Get your men to move, or are you trying to take me on by getting these three to fight me?"

The three men were annoyed by my words and rushed at me making fierce gestures.

Chen Yuzhou remained silent, his expression thunderous.

I laughed, wiped the edge of the coffee table, and punched downward. A large hole appeared in the middle of the wooden coffee table.

The three of them stared dumbfounded as I asked, "Does Chen Yuzhou pay your medical fees too?"

The three of them scrambled out of the way, enraging Chen Yuzhou and Su Xiaoqiang.

What a joke. Chen Yuzhou and Rock had promised to kill me just now, but now I was walking freely, even safer than I would be on the road.

"Zhang Chao, you'll come to a sticky end. Wait for it. My uncle won't let anything happen to me," warned Chen Yuzhou.

Su Xiaoqiang took it one step further. She screamed after me, curses flowing out of her mouth.

I had just left the room when I heard Chen Yuzhou swear loudly, followed by a crash, as if something large and heavy had hit the floor. The large and heavy object was none other than Su Xiaoqiang. She wailed out, "Darling, why did you shove me?"

"Because I wanted to. What kind of game is your mother playing? She refused to help me even though I begged her. Does she look down on me because my father passed away? Your Su family are all crazy."

Chen Yuzhou was slightly hysterical, but Su Xiaoqiang took his temper in her stride.

"Darling, don't be angry. Zhang Chao is the one sowing discord in our family. How could my mother not help you? She gave you her most precious daughter—me."

I was absolutely gobsmacked. Even though I could not see what was happening, I could imagine Su Xiaoqiang's expression when she said that. I had to admire Chen Yuzhou for bearing with it.

"F, are you joking? Su Xiaoqiang, you're just as ridiculous as your mother. Look at you! How would I like you if there weren't any benefits? Why don't you look at yourself in the mirror?

You're almost a hundred kilos and you have two double chins. Are you blind?"

"Darling, how can you say that? Didn't you say that you liked me chubby and cute?"

"I don't like you at all. Can't you tell that I'm lying to you? Of course I am. How could I like a hundred-kilo lump of lard? Gross. Su Xiaoqiang, you and your mother need to take a good look in the mirror. Based on your looks, I'm doing you a favor dating you. If I didn't want you, you'll be single forever!"

"Chen Yuzhou, are you done? You told me that you liked my cute face and my princess-like personality!" she screeched back.

Chen Yuzhou froze for a moment, then he cackled hysterically. "You thought it was real." Then, he huffed, "Go away. I've realized that you're not only ugly, you're stupid too. You can play along with your mother, I won't wait on you. I'm not afraid of Zhang Chao. My uncle is the deputy commissioner of the public security bureau. He'll help me."

Just as he said that, I saw Zhang Mei in the distance. She was walking back.

Her hands had not been bandaged yet, and she looked to be in a hurry. I wondered what happened. I hid in a corner, hoping to eavesdrop. Right now, the room was vibrating from the noise. Chen Yuzhou was being particularly nasty, and Su Xiaoqiang was screaming back.

"There's a problem," Zhang Mei was saying as she rushed into the room,

"Deputy Commissioner Xu Xiang has been arrested."

"What?! Has there been a mistake?!"

Chen Yuzhou practically leaped forward and almost tripped.

Zhang Mei replied, "There can't have been a mistake. Men from the Commission for Discipline Inspection came to arrest him. Yuzhou, you need to come up with a plan."

Even though she had said that she was severing ties with her daughter, the moment she heard that her son-in-law might be in trouble, Zhang Mei rushed back at once.

Chen Yuzhou was struck speechless. The repeated blows were too much for him.

Just then, Su Xiaoqiang suddenly slapped Chen Yuzhou. He was unable to react and pressed a hand to his cheek, staring at her unbelieving.

Even Zhang Mei was stunned. The couple had been lovey-dovey and prepared to take on the world together not that long ago, but now violence had broken out.

"Mom, this person is no longer my boyfriend. Don't bother with him and throw him out."

Faced with a fuming Su Xiaoqiang, Chen Yuzhou, who had been speaking his mind freely,

became afraid.

He had to consider that if Xu Xiang had been detained, there was no one in the public security bureau to shield him. He had committed too heinous a crime.

Now that Xu Xiang was detained, his only lifeline was Zhang Mei's lover, the actual commissioner of the public security bureau, Commissioner Qi.

If the Commission for Discipline Inspection had detained Xu Xiang, they would probably not make a move against Commissioner Qi.

Chen Yuzhou turned bashfully to Su Xiaoqiang.

"Darling, I only said those things in a moment of anger. Don't dwell on them."

She was not fooled by him and scoffed at him. "Why should I argue with you? I'm just an ugly hundred-kilo lump of lard. You were doing me a favor. Well thank you, there's no more need for you."

If Su Xiaoqiang really broke up with him now, Chen Yuzhou was really dead.

"Darling, Honey, don't be like that. I'll treat you amazingly after we get married. I'll give you whatever you like to eat. I'll always make you happy."

She screamed back at him, "Let go of me! Mom, get him away from me!"

Su Xiaoqiang was stupid, but not mean.

After enduring Chen Yuzhou's scolding, she refused to even speak to him.

Zhang Mei had probably guessed what had happened. She petted Su Xiaoqiang's hair and comforted her.

Hiding in my corner, I assumed that they had arrested Xu Xiang because they had found a lot of incriminating evidence in Rock's phone.

Xu Xiang's arrest was the formal beginning of the whole operation.

Two security guards dragged Chen Yuzhou out. He yelled as he went, "You bastards, traitors.

When I make my comeback, you'll get your comeuppance!"

He had not realized that he was the treacherous one here.

The security guards had been planning to bring him downstairs via the elevator, but as the door opened, someone dressed in a suit rushed out and headed for Zhang Mei.

"Boss, there's a real problem. Commissioner Qi has been taken by the Commission for Discipline Inspection too."

"What?!" Zhang Mei could not believe her ears. She gaped so wide that you could fit a fist in her mouth.

I was not surprised. Once they started, they would take all of them.

I had warned Tsai Xiaobing to arrest all the high-ranking corrupt police officers in Tong City in one fell swoop.

Regardless of how long those two could be detained, as long as they were held for more than twenty-four hours, they could not interfere with our plan tomorrow.

I did not have time to continue eavesdropping. I needed to contact Tsai Xiaobing and assist him to transfer all the men hidden in the village nearby into the city proper.

Lady Of The Night was now a scene of chaos. How could Zhang Mei not panic when Commissioner Qi was arrested?

And Chen Yuzhou was the picture of despair. The two men who could help him were now both locked up too. Who could save him now?

I hurried out of Lady Of The Night and stopped by a payphone along the road. My first call went out to Ayu to get an update on the situation.

"No way, Brother Zhang, you're too cool. What a move! So this is what the special forces are about!"

"Haha, if there's another chance, I'll bring you along. Where are you now?"

Ayu replied, "With Brother Baldie. They're talking upstairs."

Zhao Zichen was probably discussing tomorrow's route with Rock.

This was a crucial moment. I had to confirm that my information was correct.

I went to the address Ayu gave me and arrived in front of a two-story building.

It would have been better if I had not come. When I arrive, I was shocked.

It was Woodfire Wonton.
