Hiding His Baby The Alpha's Rejected Mate

Chapter 14

Chapter 14.

That night and this kiss "What the fuck are you doing?! Leave me! I said leave me, can't you fucking hear me!" Athena shouted and trashed around to get freed from his hold but her struggle was nothing in front of his steel body.

She punched on his pack hard while dangling upside down but he didn't even acknowledge that. He continued to climb up the stairs with her on his shoulder. She looked around for help but suddenly the whole pack house was empty. There wasn't any sign of soul.

What the hell?

He might have mindlinked everyone to leave until he orders. What the hell is his problem?! Athena couldn't handle him or his actions anymore.

"Put me do Ouch!" She scowled as she was abruptly dropped on a bed. She didn't realise when they entered the room. She looked past him and saw that he even locked the door. What the hell?! When did that happen?

She quickly came out of her useless thoughts and glared at him who was already glaring at her. He was breathing really hard as he tried to control his rage. But she didn't give a damn to anything at that moment. She stood up and gave him a hard push on the chest.

"What the fuck is your problem?! What kind of behaviour was this? And here you insult me by calling me a rogue, you monster!" She screamed at him as she gave her another push on the chest. She started to breathe hard as well.

"What were you doing with him?" He asked with gritted teeth, completely ignoring his outburst.

"How is that your business?! Why do you care?" She asked with a deep frown. "Stop pissing me off further and tell me! You were going to kiss him?!" He growled and his eyes turned black. He was breathing so hard and his whole body was literally shaking in anger. But it seems like she wasn't in the mood to pay heed to his anger.

"I kiss him, hug him or fuck him! Why does it matter to you?!" She shouted in irritation, trying to push his button some more. He let out a thunderous growl and punched the wall beside, creating a hole there. "I swear I am going to kill you both if I see you near him ever again! I fucking swear by the moon goddess. I don't fucking want you near him! Do you understand that?!" He shouted at the top of his voice. She looked at him with a frown, completely unfazed by his threats.

"I have had enough of you. I can't tolerate you at all. It's just impossible for me. Your mere presence, your name and your goddamn scents burns my body every time. I hate you that much! I am done! I am leaving." She shouted in one breath and with one last push on his chest, she tried to walk past him.

She hardly took one step past him when she was suddenly yanked hard back to her previous pack with a steel grip on her right upper arm. It would have snapped like a

dried leaf if she was a normal person. She hissed in pain before glaring at him in fury. "You fucking can't leave the room without my permission." He growled in a low and intimidating tone, But she was too angry to care about that.

"Leave the room? I am leaving your fucking pack right this moment!" She snapped before freeing her now reddish arm from his grip and again tried to walk away.

"Don't you fucking dare!" He warned once again as he was reaching the end of his patience limit. He was already standing at the brim of it and one last push, he would pull the trigger. And she didn't make him wait for long.

"Oh, I will dare. Try me. What are you going to -...!" Just the moment she opened her mouth to challenge him like usual, he lost it.

He pulled her back by the same upper arm before pushing her with force on the bed which was behind her. She didn't get the chance to react when he hovered over her like a hungry monster. Her heart started to beat erratically in nervousness of the moment but just the next moment her heart skipped a beat by his next set of reckless action.

He slammed his lips on her while holding her hands tightly above her head. He caged her down completely by one of his legs over her lower part of body.

He was kissing her roughly. Almost like a hungry animal. He wasn't stopping no matter how much she was struggling. He kissed her, bit her hard on the lips. She groaned in pain as she tasted the saltiness of her own blood. But nothing mattered to the beast above her. She was helpless and powerless in front of him. She felt angry.

Suddenly the anger took another turn and she started to kiss back. With the same intensity and force. She started to pour all her anger, frustration, hatred and everything else into that kiss as they both kept fighting for dominance in the kiss.

She didn't realise when her hand rose and she unknowingly put her hand on his chest.

Right above where his heart was, right above where his wound was. The moment she touched him there, he felt a sudden push which jerked him away from here. He let out a loud growl in pain as he dropped on the bed, beside her.

"Ughhhh!"

He clutched his chest in pain as he closed his eyes in agony. He felt as if someone burnt a hole on his chest before pulling his heart out. It was so unbearable. He never felt this kind of pain all these years apart from the time when he got the wound.

Whenever anyone touched him there, it was never this intense. So, what went wrong this

time? He didn't feel it when she touched him there the last time. So, why now?

'Maybe this time she touched you with the same level of hatred like that day.' His wolf snarled at him. His words made Dominic close his eyes tightly thinking about the possibilities of that happening which was really high.

"I am not a fucking reusable tissue paper whom you can use whenever you want and toss away after you are done." She shouted as she stood up from the bed in a flash. She glared at him murderously while breathing hard. Trails of blood rolled down her chin.

He stood up as well after the pain subsided a little. He already masked his emotions. No

one will be able to say that he was in pain a few seconds ago. "I didn't use you. Not now nor years ago." He said in a cold and intimidating tone as he looked deep into her eyes. REPRESENTLEY

It was clear from the intensity in his eyes and voice that he was telling the truth but she was

too furious to notice that. "Then what the fuck are you doing?!" She screamed as she demanded for the answer. Even though he wanted to say something else, obviously his big fat ego had to make an entry at the perfect time and ruin everything more. His eyes darkened as he looked at her with equal hatred.

!

"It's not using when you equally participated in this. You enjoyed it both times. That night, years ago and this kiss, both of it." He taunted arrogantly. She looked at him in shock. She felt as if that was an invisible slap on her face. The next moment, she felt as if her hand had a mind of its own as it raised and landed on his cheek hard. It all happened in a blink of an eye as the loud sound of the slap echoed around the room. His face turned completely to the side and silence followed after the sound. "Why the heck do you keep ruining my life and keep messing with me?! Stop it! Fucking stop it! I can't take it anymore. I can't bear your sight. I...I hate you so much!" She screamed in agony as she felt truly messed up and confused at that moment. She felt like pulling her own hair. She caught his collar and shook him hard. "I hate you!" She breathed out tiredly as tears rolled down her rosy cheeks. "How dare you slap me? Do you have any idea what I can do to you?" He asked with gritted teeth as he shook in anger. No one ever dares to even look at him while this woman! She keeps pushing his button and playing with her patience all the time.

"Oh, I know very well what you can do! The most you can do is make me feel cheap and low once again. Call me names like whore, slut and bitch like everyone else. And the least you can do is kill me. Do it then!" She shouted in a challenging tone as she glared into his eyes.

There she goes again!

"Don't flatter yourself so much. You think I am going to drop to your level and do all that? I am not like you." He said in a cold tone.

"Then what the hell do you want?! Just let me go." She groaned in frustration while reaching the end of her patience and energy to do anything else.

She suddenly started to feel lightheaded as she felt a wave of weakness push her hard. She was already weak and didn't have food for so long in her stomach. And all the events that took place in less than twenty minutes, sucked all the remaining energy from her. She could feel herself losing connection from the world slowly as she tried to keep her senses open.

"There you go again. Trying to flatter yourself. You think I am keeping you here because of some stupid theories you made up like playing with you or blah blah?" He asked arrogantly. She looked at him with a frown, trying hard to keep it together. "Then?" She asked in a low tone. She didn't have the energy to shout or even talk.

"Because I want to keep an eye on you. After all, you are a thief. You have been here already for two days. Who knows what you stole and whom you passed it to. What if you stole some information and leaked it? I can't take the risk. That's why you are here and I am not going to let you go." He gave his explanation which went above her head

due to the weakness.

But her mind was stuck in one place. 'I am not going to let you go.' If only he meant it the other way.

She shook that thought out of her mind before looking at him blankly.

"You think I came here to steal something here, right?" She asked as her eyes went more blank. "Fine, then! I will stay wherever you want. But beware, if your 'mate' doesn't like that, I won't tolerate her. My tolerance toward brats is a little low." She said in a strong tone, making her point very clear. The dizziness came again.

"Now stop wasting my time anymore and tell me where I am going to li-...." She couldn't complete her sentence as she suddenly went limp in his awaiting arms. He saw her getting drowsy and immediately understood that it was supposed to come. He picked her up in bridal style after that before walking out of the room with a blank look on his face.

"You are going to stay in my house. Just like I said, I am not letting you go so easily."

He breathed out to her unconscious self as he walked to his destination.

If only he really meant those..
