Xander nodded. "We can't have you begging us, can we? It's a distraction."

A mouth trailed its way down my body to center on my cl it. Warm wetness lapped me there, while thick

fingers pressed inside me. A hard c ock brushed my lips, and eagerly, I opened for it.

away with that. Patiently, they worked my body. Time passed, but I had no idea how long I'd been blindfolded. I didn't care. It didn't matter. I was safe. Protected. Adored,

When a hard male body slid beneath me, I did cry out, startled, but the gag stopped it from being more than a muffled hiss. I heard familiar laughter. Xander. But was he the one under me? Or above?

It cried out again at the probe of a thick erection at my back entrance. My body stiffened, but quickly relaxed as I heard a bottle of lube being pumped and the soft sound of thick liquid being poured into a palm.

"We'll take care of you. Don't worry."

Three male voices mingled through the link, and, like their bodies, they'd become nearly indiscernible.

It cumed softly as a cock pushed inside me from behind. Strong hands gripped my hips, lifting me a
