

## When His Eyes Opened Chapter 1341

### Chapter 1341

Her period was delayed by a week. It is estimated that there are too many things recently, mental exhaustion, leading to endocrine disorders and menstrual disorders.

She got out of bed and planned to go to the supermarket to buy sanitary napkins.

When she got out of the elevator, she saw Xander at a glance.

Xander looked at Avery with a supermarket shopping bag in his hand, and asked her, "Where are you going? Isn't Hayden settled? You don't look very good."

Avery helplessly said, "I have an endocrine disorder. Maybe it's because I'm too anxious these days."

Xander said seriously, "Have you ever thought that it might be caused by your condition? How about I accompany you to the hospital for a checkup? If it wasn't for your condition. It was caused by the endocrine disorder and it must also be treated with medicine."

"Xander, it's not that serious. I used to..." Avery didn't care.

"It used to be before, and now is now. You used to be younger. The body is better, and there is no tumor in the brain. Don't take your body seriously." Xander said what he suppressed in his heart, "Say something unlucky, if you die, your child will have to live with Elliot. Do you want your child to have a stepmother? No matter how gentle Rebecca looks on the surface, how do you know that she won't abuse your child in private?"

Avery's scalp tingled with excitement at his words. She is not afraid of death, but she is afraid that the child will have a stepmother.

She suffers from it herself.

Wanda is still the shadow in her heart. She must not let her children live with Elliot and Rebecca. Therefore, she must not die.

"Then go for a test." Avery compromised.

The two arrived at the hospital. After the doctor ordered the color Doppler ultrasound, Xander took her to the color Doppler room.

Avery hasn't had a good rest these days, so after lying down on the color Doppler bed, her eyes closed uncontrollably. After a while, she fell asleep.

The doctor handed the results of the color Doppler ultrasound to Xander. When Xander saw the results, his body couldn't stop shaking.

### Chapter 1342

Half an hour later, Xander woke Avery up.

"You fell asleep in the ultrasound room just now."

Avery slept for half an hour and recovered a lot: "It's embarrassing, I can't sleep in the hotel. Maybe the smell of disinfectant in the hospital makes me feel at ease."

"Maybe Come on. I also prefer the smell of disinfectant." Xander said and led her towards the elevator.

"The result?" Avery reached out to him.

Xander said solemnly, "The machine is broken, so there is no way to print the results. But the doctor showed me the situation in your uterine cavity. You are fine, it should be an endocrine disorder caused by too much stress."

"I just said Come on. Although I'm not as young as I used to be, I'm still very young now." Avery was full of confidence, and when she said this, her voice lowered a bit, "I told Elliot today that I'll wait until he arrives here. The end of the month."

Xander thought about it, and answered her perfunctorily. "By the way, you don't need to take the medicine first, you can observe it later."

"Well. I didn't intend to come to the hospital for this matter. I went downstairs at that time to buy sanitary napkins. But it was still very difficult. Thank you." Avery let out a smile, "You are really a good and responsible doctor."

"Don't praise me. I'm usually sick myself, and I don't like going to the hospital."

Xander took her out of the hospital and went back to the hotel room.

It's only 4:30 in the afternoon, so it's a little early for dinner.

Avery's bodyguard came out to smoke and chat.

"Don't you smoke?" The bodyguard handed Xander a cigarette.

Xander said, "I used to smoke when I was young. Then I quit because I was too busy with work."

“Oh, smoking is not a good thing.” said the bodyguard, lighting him up.

“I’m a little annoyed.” After Xander took a cigarette, his eyes fell into the distance, “Do you think Avery is very stubborn?”

“I know what you’re going to say. If you really want to leave, you can leave at any time. She won’t force you to stay here with her.” The bodyguard said.

Xander shook his head, and said, “Avery’s first child was twins. At that time, she and Elliot had already divorced. She was under so much pressure that she had to give birth to the child. What do you think she wanted?”

“Women are soft-hearted.” the bodyguard said.

“You say If she is pregnant now, will she abort the child?” Xander looked at the bodyguard, and continued, “You also know that she is sick now, she can’t get pregnant and have a child normally...”

“D\*mn it. She’s pregnant again?” The bodyguard’s jaw dropped in shock.

Xander calmly said, “I’m using an analogy. Because her character is more stubborn and stubborn than I thought, so I’m very curious, if she is pregnant now, what will she choose.”

Bodyguard said, “Don’t think about it. She will definitely find a way to give birth to the child.” After a pause, he continued, “The premise is that the child in her womb belongs to Elliot.”

“Oh...why are you so sure?”

The bodyguard: “I guess. I don’t know much about her illness, and I don’t know much about women having children...but I know she likes children very much.”

Xander reasoned, “But if she insists on having children, her illness may worsen to the point where she cannot kill her child. This child cannot be wanted.”

The bodyguard said, “Doctor Xander, why are you so excited? Didn’t you say it was just an analogy? You look like she really is Pregnant with a baby.”

Xander: “...”

The bodyguard teased, “It’s impossible for her to be pregnant again, right? After she came here, she and Elliot haven’t seen each other a few times... I slept twice at most... It’s impossible to get married twice. Right? I remember when my wife and I were trying to conceive, it took me half a year to conceive a child.”

“Indeed, it’s not that easy to conceive a child.” Xander said lightly.

He had already inquired about the information he wanted to know from the bodyguard’s mouth.

.....

At night.

Rebecca couldn’t sleep, so she got up and walked towards Hayden’s room. She gently opened the door of the guest room, thinking that it should be dark inside, but the lights in the room were on.

Hayden is sitting in a chair with a laptop on the table.

On the laptop screen, there are a bunch of codes that she can’t understand.

Rebecca frowned and asked, “Why haven’t you slept yet? It’s almost time. Do you often stay up late like this?”

As Rebecca spoke, she walked towards the desk. Hayden hesitated for two seconds between closing the laptop and not closing it, and finally decided not to close it.

Rebecca hasn’t graduated from university yet. After marrying Elliot, she simply dropped out of school at home.

Moreover, Rebecca studied philosophy. With Rebecca’s knowledge level, she couldn’t understand the things on his laptop at all.

“Who asked you to come my room?” Hayden asked, looking at Rebecca’s face.

“I... I had a nightmare just now, dreaming that you were taken away by my eldest brother. So I came to see you.” Rebecca lied casually.

Hayden asked, “Then you want me to be caught by you. If your elder brother is taken away, do you still want me to be taken away by your elder brother? If I am captured by your elder brother, Elliot will become a puppet of your Jobin family in the future. He will do whatever you ask him to do.”

Rebecca was speechless. She didn’t expect Hayden to say such a thing.

Hayden continued, "Although I hate my dad very much but he still cares to me. Would you like to call your elder brother now?"

Rebecca was a little moved. She thought of the consequences of doing so, and was even more afraid.

Rebecca explained patiently, "Hayden, I know you don't like me, and you may have prejudice against me. I'm not the same as my eldest brother. I'm with your father..."

In the following words, Rebecca embarrassed to say it. After all, she is Hayden's stepmother.

"If I told you that I was going to kill your eldest brother, would you still hide me in your house?" Hayden deliberately angered Rebecca, wanting to see where Rebecca's bottom line was.

Rebecca was stunned by these words.

-The child in front of her wants to kill her big brother...

-Does he have this ability?

Just when Rebecca wanted to question, Hayden reminded her: "Didn't your eldest brother tell you that he received death threats recently?"

"Yes, the countdown to death." Rebecca looked at Hayden's face, and then looked at the laptop in front of him. The mysterious hacker who hacked into the big brother's mobile phone, is it Hayden?

Just when Rebecca trembled slightly and didn't know what to do, the door was pushed open.

Elliot strode in.

Seeing his face, Hayden immediately closed the laptop, strode into bed, and pulled up the quilt to cover his face.

At 1:00 a.m., the two of them didn't sleep and came to see Hayden, which was really interesting.

Seeing Hayden lying down, Elliot immediately pulled Rebecca out of the room.

"Elliot, I had a nightmare, so I came to see Hayden..." Rebecca explained.

Elliot closed the door of the guest room and asked, "Did Hayden tell you anything?"

“Hayden said he was going to kill my elder brother.” Rebecca looked nervous, “Elliot, can he really kill my elderbrother Cristian?”

“Don’t worry, I won’t let him go out.” Elliot assured her.

Rebecca breathed a sigh of relief: “That’s good.”

Elliot patted her shoulder, “Go to sleep! I’ll go in and talk to him.”

After Rebecca left, Elliot opened the door of the guest room and strode forward. He saw Hayden holding the quilt and looking at him with dark and bright eyes. There was a strong hostility in those eyes.

Elliot went to the bed and sat down, and said, “I didn’t betray your mother.”

## **When His Eyes Opened Chapter 1344**

### **Chapter 1344**

Hayden did not expect that he would suddenly say such a sentence.

Hayden heard about his amnesia, so after sitting up, he couldn’t help but ask, “You don’t have amnesia?”

“Amnesia.” Elliot looked at Hayden’s face and said word by word, “I forgot me and you. What happened between my mother. But after seeing her, I have a feeling in my heart that she should be a very important person for me.”

“Humph! You are not worthy of being my father at all. You’re a coward who avoids problems. The most cowardly b\*stard I’ve ever seen, and I’m not as cowardly as you.” Hayden looked at his face and vented his dissatisfaction.

Elliot was scolded by his son, and his heart was full of anger.

When people are impulsive, it is easy to make wrong things and decisions.

Back then at the mansion in the forest, he almost strangled Hayden himself. He came to Yonroeville, was brainwashed by Kyrie, and performed amnestics, which is also considered one.

But now is not the time to turn the tables.

Elliot frowned and negotiated with Hayden, “Hayden, you go back to Aryadelle with your mother first, and when I settle the matter here, I will go back to Aryadelle to find you. Your mother doesn’t listen to me at all, so you will find a way to make it happen when the time comes. She’s going with you.”

“She’s the mother, I’m her son, how could she listen to me?” Hayden felt that this matter was too difficult, he couldn’t handle it.

“You act like a spoiled brat with her.” Elliot gave his son an idea.

Hayden’s brows were so wrinkled that he could catch flies: “I won’t be coquettish.”

Elliot’s deep eyes looked at Hayden’s distressed face in front of him... This was the first time he had seen his son at such a close distance.

This was the first time the father and son have spoken so much.

“How are you going to kill Cristian?” Elliot pondered for a moment and asked.

Hayden: “This is my plan. Don’t worry about it.”

“I’m afraid you can’t figure it out, maybe I can help you?” Elliot whispered.

“I can do it myself. I don’t need your help.” Hayden was determined and confident.

Elliot: “You can’t go out next time, are you sure you can kill Cristian?”

“Just wait and see.” Hayden’s chin raised slightly, frivolous and arrogant.

Elliot looked at his son’s high-spirited appearance and had mixed feelings in his heart.

When he was Hayden’s age, he was not as good as Hayden at all.

“Since you are so good, then the matter of your mother returning to Aryadelle will be left to you.” Elliot glanced at the time, “It’s very late, go to bed. I’ll leave when you fall asleep.”

“If you don’t leave, I’m not going to sleep tonight.” Hayden stared at him with a look of “neuropathy”.

“I’m not a little kid, so I don’t need parents to watch and sleep next to me, okay?”

“Then I’ll go out.” Elliot stood up. Before turning off the lights, he remembered something and reminded him, “Don’t tell Rebecca everything in the future. After all, she is from the Jobin family.”

“Then you have to let me come to hid here?”

“Okay, you can say whatever you like to her.”

“Two boats with your feet.” Hayden looked at his figure and jumped out word by word, “Sc\*mbag!”

His Adam’s apple rolled. Go away, trying to explain, but in the end nothing was said.

Although he was scolded by his son tonight, he was not angry when he calmed down.

Hayden used to treat him coldly. Now at least willing to scold him.

With age, Hayden has grown a lot.

After coming out of Hayden’s room, Elliot walked towards the guest room where he slept.

He walked to the balcony and dialed Nick’s number: “Nick, I want to ask you for help with something.”

“Don’t talk about Avery.” Nick cut off his words.

“The day Cristian died, lend me your private jet.”

Nick: “???”

He was stunned for a moment, and he said in a loud voice, “When will Cristian die?”

Elliot: “Soon.”

## When His Eyes Opened Chapter 1345

### Chapter 1345

Nick: “What do you mean?”

“My son said soon.”

Elliot didn’t know Hayden’s plan, but he felt that Hayden should have full confidence, “No later than the day after tomorrow. When Cristian is dead, the Jobin family will be in chaos, I want to take advantage of that time Avery and my son sent them off.”

Nick sighed repeatedly: “Your son is not yet ten years old, right? Do you believe what he said?”

“Why don’t you believe it?” “Let’s wait until Cristian is dead.” Nick sneered, “If it wasn’t for Kyrie protecting him, he would have died a long time ago. By the way, do you want to go back to Aryadelle with Avery?”

"I can't go." Elliot said calmly, "Now the relationship with the Jobin family is too deep, even if I go back to Aryadelle, Kyrie will go to Aryadelle to trouble me."

Nick laughed: "Very good, early. Time to reshuffle."

...

At 7 a.m.

When Avery woke up, she was thinking of Hayden. So after hesitating for a while, she made a videocall to Hayden.

"Hayden, are you still used to living there? Did Rebecca embarrass you? Your father..." Seeing her son's face, she immediately threw a series of questions.

"Mom, Dad doesn't remember you." Hayden took the phone and sat up. He was woken up by the ringing of his cell phone, so his hair was messy. But fortunately his mind was clear.

He remembered everything his Dad said to him last night.

"Did he tell you?" Avery frowned.

"Well."

Avery was not surprised by the result. If Elliot remembered her, he couldn't hide his inner feelings.

"Mom, when Cristian is dead, you can go back to Aryadelle with me." Hayden remembered what Elliot taught him last night and asked him to act like a spoiled child with Avery.

He knew how to act like a spoiled child, after all, Layla likes to act like a spoiled child. But he couldn't get it out.

"What did he say to you last night?" Avery was particularly curious about the conversation between the father and son, "You didn't talk to him before, why did you talk to him last night?" Hayden's

His cheeks were slightly red: "It's all about Amnesia. I didn't take him as the old Elliot."

Avery: "He just forgot me, he didn't forget you and your younger siblings."

"Well...I scolded him. I thought he would be very angry, but he was not angry." Hayden said.

“You scold him, what is his reaction?” Avery asked curiously.

“He didn’t respond. When he asked me to go back to Aryadelle, he would take you home with him.” He said this, speaking more slowly, “Mom, you will go back with me when the time comes, and he said that he will wait until the matter on his side is finished. I will go back to find you.”

Avery hesitated for a while, then nodded: “Okay, mom will go back with you.”

During this time, she tried every means, but couldn’t make Elliot remember her. She continued to stay here, with no use other than torturing each other.

Time flies, it’s night.

Cristian has not gone out for two days. The countdown to death was still on the screen of his new phone.

There were eight hours left until his death. Inside and outside the villa, everything was normal.

Cristian wanted to see who would come to take his life tonight.

“Dad! Drink water!” A cute little girl, holding a glass of water, swayed to Cristian.

Cristian looked at his daughter’s cute little face and immediately took the water glass.
