

When His Eyes Opened by Simple Silence Chapter 1693

“Avery, you can’t think about yourself, okay? You have to get rid of the sc*mbag, and your illness will definitely be cured.” Mike comforted her.

Avery frowned, “You don’t have to put everything on Elliot. The more you mention him, the harder it is for me to forget him. I’m not pessimistic, I just planned for the worst. If I become blind in the future, I want to live well.”

Mike had a headache when he heard her say this, he quickly said, “If you are blind, I won’t fall in love in the future and will take care of you at home.”

Avery: “Just hire me a nurse.”

Mike: “You really plan for the worst.”

“Well, you’ve never been blind, and you don’t understand my mood.” Avery will never forget the fear in her heart when she suddenly lost her light a week ago.

Mike: “Tammy will come to see you later. She sent you a message, didn’t you see it?”

Avery: “I didn’t check my phone.”

The doctor told Avery to check her phone less and try not to, but Avery used her phone as a watch. Just pick it up occasionally to check the time.

“She called me and said she wanted to come to play with you. I said it was inconvenient for you, but she insisted on coming. She was not so unreasonable before, but now she is pregnant with a child, and she is very willful.” Mike picked up the water bottle and unscrewed the lid, took a sip of water.

Avery: “She’s not willful, I promised her before that she can come to me anytime she wants.”

Mike: “Oh, she heard that you and Elliot are going to divorce, so she came to you. She asked me about you on the phone. Why is the determination so strong, I didn’t say. Tell her yourself when the time comes!”

“Well. Why don’t you change the place. The atmosphere in the ward is too depressing.” Avery got off the bed, and continued, “I’ll talk to you later. She went for a walk in the yard below.”

About half an hour later, Tammy came over.

Tammy's belly was getting bigger and bigger, and walking was a little difficult.

Avery and Tammy found a bench in the yard below and sat down.

Seeing Mike not far away, Tammy wondered, "Why is Mike following you? Is he with you now?"

Avery: "Isn't I about to divorce Elliot, he has been with me these days."

"Oh...If only I wasn't pregnant. I'm definitely more caring than him." Tammy took her hand and told her what was in her heart, "Avery, Elliot's sin is unforgivable this time. As soon as he left, there's nothing to regret, it's just a child."

"Let's talk when he comes back! Now that he hasn't come back, I don't know what he thinks." Avery's tone was calm and changed. There was a topic, "Tammy, if I divorce Elliot and you have a baby, I don't know if I will come back to congratulate you."

Tammy said Reluctantly, "Are you going to leave here after you get divorced? Are you going to settle in Bridgedale? In this way, we won't see each other several times a year."

Avery sighed: "Not necessarily. But I will leave here for the time being."

"I understand how you feel. If you can't come back then don't come back. I have a baby, Jun will definitely invite Elliot... If you don't want to see him, then don't come. You can choose to come and see me and the baby at another time."

Avery: "Okay."

"By the way, I heard that Haze couldn't be found." Tammy told her the gossip she knew, "This morning, Jun summoned the courage to give Elliot the courage. I made a phone call and asked him how the situation was over there. The main thing was to ask if the child was found. Elliot said no."

"Oh... If he is not found, it may be worse." Avery murmured.

Avery did not curse the child, but deduced from what had happened that the child was unlikely to survive.

Because the child was too young and the Jobin family was destroyed again. Now that the child cannot be found, it means that the child was either killed, destroyed, or taken away by the bad guys.

If it wasn't taken away by the bad guys, then after Elliot arrived in Yonroeville, the child should have been handed over to Elliot.

When His Eyes Opened by Simple Silence Chapter 1694

“Avery, I want say something that you shouldn’t say, I think this is a good thing for you.” Tammy lowered her voice a bit, “Rebecca and that child are both dead and you wanted divorce. Isn’t there any obstacle between them? Elliot went to Yonroeville this time, maybe just to collect their bodies. After all, there is no one else in the Jobin family.”

Avery did not tell Tammy that she was going to divorce Elliot, no Just because Elliot went to Yonroeville.

It was because she was blind at the time and hoped that he could come to her, but he still decided to fly to Yonroeville.

“Tammy, I have already thought about it. This time I really thought about it.” Avery told Tammy of her decision.

“I see. You’re here for real this time. No wonder Mike has been with you all the time. You must have been very uncomfortable the past few days? Why didn’t you tell me?” Tammy regretted that she was not the most saddened by her. time to comfort her.

“It’s not as sad as you think. Maybe it’s because I’m older, and I see it more openly than before.” Avery smiled.

“You think I’m pregnant, so you don’t tell me the truth, right?” Tammy raised her head and looked at the sky, “Sometimes I feel that life is really boring. It was more carefree when I was a student.”

Avery: “Wait. When your baby is born, you will be very fulfilled.”

“But you are so far away from me that I can’t play with you casually in the future. I feel so sad.” Tammy reluctantly gave up.

Avery: “Tammy, I won’t be abroad all the time, I will still come back.”

Tammy: “I’m relieved with your words. I’m afraid that you won’t come back if you leave. Because your company is there...”

Avery: “Aryadelle has always been my hometown, and I still want to retire in Aryadelle in the future.”

Mike leaned against a big tree to enjoy the shade, and while playing with his mobile phone, he glanced at Avery from time to time.

After he and Chad quarreled in the hospital, they stopped contacting each other.

In two days at most, Mike will accompany Avery to Bridgedale. He wondered in his heart whether he should say goodbye to Chad. After all, it's gone, he doesn't know when he'll be back.

If Avery's eyes are not cured, Mike may stay abroad. After hesitating, he sent Chad a message.

The message was a smiley emoji.

When Chad saw this news, he immediately became angry, and immediately replied:
[Get out!]

Last time Mike asked him to get out, he was very angry.

So Chad will fight tooth for tooth and blood for blood.

Mike: [Still angry! I have to go. You can go to Bridgedale to find me in the future.]

Chad: [Think beautifully! Didn't she say she wanted to divorce my boss? My boss hasn't come back yet, are you leaving?]

Mike: [Your boss should be back soon, right? Wait for him to come back and go through the divorce formalities.]

Chad: [Oh, won't you come back in the future?]

Mike: [I don't know, look at her.]

Chad: [Alright, got it. You messaged me just to say this?]

Mike: [You can go to Bridgedale to find me in the future!]

Chad: [No.]

Mike looked at these words, frowned, and did not reply.

After Avery and Tammy chatted for a while, Tammy's phone rang, and it was Mary who called her.

Tammy's belly is getting bigger and bigger now, and Mary strictly controls the time she goes out, for fear of an unexpected premature birth.

"Avery, I'm going back." After Tammy answered the phone, she said to Avery, "I'll come to see you tomorrow. Are you still in the hospital tomorrow?"

Avery: "Yeah."

“You’re going to divorce Elliot, why are you still working so hard? Look at how haggard you are now, and you haven’t seen Elliot come to guard Shea’s child.” Tammy said distressedly.

When His Eyes Opened by Simple Silence Chapter 1695

Avery sends Tammy to the parking lot.

After Tammy left, Mike sent Avery back to the ward.

Mike: “Avery, you didn’t tell Tammy about your illness, did you?”

“She is about to give birth, let her have a baby in peace.” Avery said, “Elliot will be back soon.”

Mike: “Are you nervous?”

Avery: “It’s okay.”

On the plane back to Aryadelle.

Ben Schaffer saw that Elliot was not sleepy, so he chatted with him: “If this driver hadn’t died, he must have known a lot of things. Even the shooting case that night, he must have seen everything.”

Elliot pursed his lips and did not speak.

The driver who was lucky enough to escape and eventually died, the contents of his mobile phone have been repaired.

In his mobile phone, there was nothing unusual about the text messages and call records.

There are many photos in his album. These photos are basically candid photos, and they are all candidly taken by the same person.

The driver secretly filmed Rebecca. From these secret photos, it can be seen that the driver has a bad idea of Rebecca. It’s just that there are bodyguards at home, so the driver has no chance to do anything other than secretly take pictures of Rebecca.

“Ben Schaffer, I always think that Haze is Avery’s child.” Elliot’s face was solemn, “I don’t have any proof, I just have this hunch.”

"If you just look at Haze's photos, she does look a lot like Avery's child. It's a pity that I can't find that child now, so I can't tell if she is yours and Avery." Ben Schaffer sighed, "In this accident, the most miserable and innocent child is this child."

Elliot looked out the window. He was afraid he won't be able to find the child. Moreover, Avery wanted to divorce him because of this. Not only did he lose his children, he also lost his marriage. Does it worth?

If he had known this was the result, he might have hesitated when he was at the airport. But after hesitating, he will still set foot on the flight to Yonroeville.

He never wanted to understand that when he went to Yonroeville, it wasn't for a rendezvous with Rebecca, let alone to meet Haze's father and daughter, but because such a tragic tragedy happened in Yonroeville, why couldn't he go and see it?

—Why Avery made such a big fire, he still didn't understand.

—As for her request for a divorce, it's not that he can't agree, as long as she can agree to his divorce request.

After nearly ten hours of flight, the plane landed slowly at the capital airport of Aryadelle.

Chad picked him up at the airport.

After Elliot and Ben Schaffer came out, Chad immediately came out of the airport lobby with them.

"Brother Ben, take another car." Chad said.

"Oh... do you have any arrangements?" Ben Schaffer asked.

"You must be tired after taking the plane for so long. So I prepared two cars to take you home separately." Chad returned.

"I'm not far from Elliot's house." Ben Schaffer gave Chad a meaningful look, "Could it be Avery waiting to find Elliot?"

Elliot listened to Ben Schaffer. If so, look at Chad.

Under the double pressure of the two of them, Chad had to recruit from the truth: "That's it, Mike said that Avery is very anxious, I don't think this matter needs to be delayed, so boss, I will send you directly to Avery. Let's negotiate."

"Well." Elliot didn't fall asleep on the plane and was extremely tired, but when he got off the plane, he was more awake when he thought about seeing Avery and discussing divorce.

When His Eyes Opened by Simple Silence Chapter 1696

Avery and Mike were now in a cafe near the Starry River Villa.

After Chad delivered Elliot, he took Mike and walked out.

Mike: "Why did you pull me out? What if Elliot bullies Avery when I come out?"

Chad pushed the glasses on the bridge of his nose: "My boss suspects that you did what happened to the Jobin family, You'd better stay away from me and in front of the boss!"

Mike: "Oh, what if he suspects me? Does he have evidence that I did it?"

Chad: "Now he wants to settle the matter between him and Avery, so don't make trouble there! "

"Chad, I don't care what your boss thinks of me, but you doubt me with your boss, I can't forgive you." Mike's face was frosty, "Why do I like to be with Avery, because Avery Believe me. Avery believes me as long as I say it!"

Chad pursed his lips, not knowing how to answer. He did suspect that Mike did it.

After all, the time he knew Mike was not as long as the time Avery and Mike knew each other.

In the cafe.

Avery pushed the divorce agreement and pen she brought to Elliot.

After Elliot saw the two words of 'divorce agreement', all the words in his heart were blocked.

With his slender fingers, he picked up the agreement.

Avery watched him flip through them one by one, and when she reached the last piece of paper, her heart tensed.

On the last piece of paper, there are two lines of blank grids, which are the man's request and the woman's request.

Avery wrote his own request in the woman's request. She didn't negotiate with Elliot in advance, she hesitated and decided to write it down first.

Because she knew that Elliot would probably not agree to this request. If she made it in front of him, they might argue violently.

“Avery, do you think it’s possible?” Elliot read her request and put down the agreement.

“Why is it impossible?” Avery tried to use a calm tone to argue with him, “I gave birth to all three children, why can’t I ask for their custody?”

“You can give birth these three children alone without me?” Elliot retorted, “Aren’t you too greedy to have them all?”

Avery heard his thoughts from his words.

“You want Robert’s custody?” Avery asked tentatively.

The three children, Hayden and Layla, both grew up with Avery, and they must have been towards Avery.

Only Robert was born in the company of Elliot. And Robert also has feelings for Elliot.

Avery wouldn’t be so worried if Elliot really wanted Robert’s custody and kept Robert by Elliot’s side.

“Robert’s custody, I definitely want it.” Elliot’s Adam’s apple rolled, and his voice was low and powerful, “And Layla, she must follow me.”

Avery’s face changed greatly: “You are too greedy! Layla grew up with me! She won’t agree to live with you!”

“As long as you don’t provoke my relationship with Layla, even if Layla can’t accept staying by my side for a short time, she’ll be sure after a long time. You can accept this reality.” Elliot said here, his words became more intense, “It’s you who don’t want children, it’s you who insists on breaking this complete family.”

“Elliot, do you think you can change anything by saying this? If you speak ill of me in front of the child, the child will judge for himself! Sign this divorce agreement!” Avery looked at his stern and serious face, and recalled the day when she couldn’t see and called him for help. But he was indifferent.

Now that the two of them met, Elliot didn’t care what happened to her eyes at all. He doesn’t care about her, he only cares about the custody of several children that can be obtained by divorce.

When His Eyes Opened by Simple Silence Chapter 1697

Such a cold-hearted man, a marriage that is as fragile and vulnerable as paper, don't worry.

"You agreed to my request?" Elliot didn't expect Avery to compromise so quickly.

Avery obviously likes Layla so much and loves Layla so much, but in order to divorce him, she is willing to give up Layla's custody.

"If I don't agree, can you let me take Layla away?" Avery thought it was very funny, "You don't need to tell me, I know I can't. So what can I do if I don't agree?"

Thousands of arrows pierce the heart.

Being with him makes her so miserable?

What heinous thing did he do? Killed or set fire?

"Avery, I don't understand." After Elliot finished saying this, he picked up the signature pen, but did not rush to sign.

His eyes looked at her ruthless face like a torch.

"I don't understand either." Avery looked at him coldly, "I will probably remarry you when I have water in my head. Now the water in my head is poured out, so I can see everything clearly."

"Look. Clear everything?" Elliot listened to her cynicism, and he didn't understand, "Tell me, what did you see clearly?"

"Elliot, I don't want to quarrel with you. So don't force me to say those ugly words." Avery took a deep breath, picked up the water glass in front of him, and took a sip.

Elliot held the pen's finger and clenched it tightly: "I went to Yonroeville because Rebecca is dead. Can't I go even if she dies?!"

"About Rebecca and your child, you Don't mention it any more. It's reassuring when someone dies!" Avery stopped him from what he said later.

The two of them divorced, and Rebecca and that child were just a fuse.

Avery really made up her mind to separate from Elliot because of his indifferent attitude towards her!

She thought Elliot knew this in his heart, but it seemed that he didn't understand.

Did Elliot really not understand, or was he pretending to be confused?

“You don’t even need a reason to divorce me.” Elliot looked at her cold face and understood her intention.

Once a woman changes her mind, she doesn’t need any reason at all. She doesn’t love him anymore, so in her opinion, he has problems and mistakes everywhere.

Avery felt like Elliot was throwing sewage on her!

–What does he mean without a reason?

–Has he hurt her enough? If it was Avery who ignored his pain like that, Elliot would definitely not wait a week and find a way to divorce her directly.

“Sign it! Hayden belongs to me, Layla and Robert belong to you.” Although Avery couldn’t accept such a result and Elliot still couldn’t accept that he would continue to live the rest of his life in the name of ‘husband and wife’.

Not a minute or a second.

“Have you talked to Layla?” Seeing that things were irreversible, Elliot could only try to calm himself.

Looking at Avery light-hearted look, it seems that the two of them are not breaking up at all.

If Elliot is too embarrassed, he will only make her laugh.

“No. Layla said she wanted to follow me. But you forcibly took Layla’s custody, so you went to coax her.” Avery said coldly, “You sign first!”

Elliot endured her heartbreak and put her request into the column Layla and Robert’s names are crossed out.

Then write the names of the two children in his request column.

Avery looked at the words ‘Elliot’ under the the divorce agreement, and tears welled up.

When His Eyes Opened by Simple Silence Chapter 1698

After seeing Elliot signed, Avery’s mood was actually quite calm. Because the divorce was brought up by her, she had been fully prepared before Elliot returned to Aryadelle.

But when she really faced him, she saw with her own eyes that the relationship between the two of them came to an end, and that they were divided into two. From then on, there was no connection anymore, a tear-like pain that made her breathless.

No matter who is responsible for who, from now on, the grievances and grievances between the two of them will be severed.

“My boss signed it.” Chad stood by the floor-to-ceiling window outside the cafe and saw Elliot signing the document, “Why did they settle it so quickly?”

Chad was puzzled.

Because based on what he knows about Avery, Avery will definitely fight for the custody of the child.

“Avery can give up the custody of Layla and Robert, and Elliot knows that he can’t get Hayden’s custody, so they have nothing else to dispute.” Mike also saw Elliot’s signature.

He couldn’t tell how he felt.

Everything is over.

It went so smoothly, which was unexpected.

He didn’t even expect Avery to come out so quickly.

When Avery appeared in front of him, he thought he had hallucinations.

“Do you have anything else to say to Chad? Then I’ll wait for you in the car first.” Avery carried her bag, left these words, and strode towards the parking lot.

It’s scorching hot right now, and I’m sweating just standing outside for a while.

Mike watched Avery get into the car, and then looked into the cafe.

Elliot was still sitting there, holding a cup of tea in his hand, as if frozen.

“Mike, what’s Avery’s plan next?” Chad looked at his face and asked.

Mike: “Why are you asking this? Are you going to the airport to drop us off?”

Chad shook his head: “I won’t deliver it, I just asked casually.”

"If that's the case, then I'll leave." Mike said, "Call and text me if you have something to do. Contact."

"Okay. Let's go!" Chad said lightly.

Mike strode towards the parking lot.

Chad watched Mike enter the car, closed the door, and sighed silently in his heart.

He used to think that Avery and Elliot were a match made by nature. No matter how hard the two of them go, they will always be together in the end.

Now it seems that he was still too naive.

Life is so long, and variables always exist. No matter how deep it is when they love, when they don't love it, it will be more embarrassing than being an enemy.

The two of them were in there just now, and they didn't make a lot of noise, and it was considered a decent division.

The more decent they are, the less likely they will be in the future.

On the contrary, it is the kind of noisy and noisy, which is easy to be disconnected, and the old love is rekindled.

Chad strode into the cafe and sat down opposite Elliot.

"Boss, they're left. I'll take you back to rest!" When Chad spoke, he carefully looked at Elliot's expression.

His expression was the same as usual.

However, it can be seen that he is a little bit stubborn.

"Boss, did you get the custody of Robert and Layla?" Chad changed the question.

"Well." Elliot handed his agreement to Chad, "Take it to a lawyer."

"Okay." Chad accepted the agreement, "Didn't you explain to her about your trip to Yonroeville this time? Why did you sign it so quickly?"

"Avery doesn't want to hear it. She is determined to divorce me. I don't want to humiliate myself. Even if I humiliate myself, it won't change anything."

Chad listened to his calm and restrained tone, as if he had knocked over a five-flavor bottle.

“Boss, you want to open. At least Layla and Robert are still there.” Chad comforted.

When His Eyes Opened by Simple Silence Chapter 1699

Chad’s words made Elliot suddenly stand up from his chair.

Layla refused to talk to him, now Avery should go back and tell the child the result.

Avery said that he would not coax Layla, so he must go back now to appease the child’s emotions.

Starry River Villa.

Elliot got out of the car and heard Robert crying.

–Why is Robert crying?

Elliot’s heart clenched into a ball and strode towards the villa.

In the huge living room, Mrs. Cooper hugged Robert, who was crying, and kept coaxing him.

Elliot didn’t change his shoes, he walked in directly and came to Mrs. Cooper, his eyes fixed on his son who was crying.

Elliot: “What’s wrong with Robert?”

“Sir, go upstairs to see Layla! Layla is crying even more sadly.” Mrs. Cooper’s voice was a little choked, “Avery and Hayden are left. Layla can’t take this blow. Robert didn’t understand anything, so he cried when he saw Layla cry.”

“They just left without coaxing Layla?” Elliot frowned. He didn’t expect Avery to be so cruel.

Mrs. Cooper said, “They’re going to catch a plane. So they’re in a hurry.”

“To catch a plane? Are they leaving today?” Elliot was astonished.

Elliot thought that he broke up peacefully with Avery. Is Avery hiding from him like the god of plague?

Mrs. Cooper sighed, “That’s what Avery said. She coaxed Layla, and Hayden coaxed too. If the two of them didn’t coax Layla, Layla would have run away long ago.”

Layla thought she could live with her mother and her brother, but now Avery told her to live with her father in the future.

Even if she had a good impression of her father before and felt that her father was the best father in the world, compared with her mother and brother, her father was not worth mentioning at all!

Elliot strode upstairs to coax his daughter.

Layla locked the door, but Elliot couldn't open it, so he could only stand outside and call her: "Layla, open the door, Dad wants to talk to you."

"Go away! You bast*rd!" Avery smashed everything in the room that could smash.

Her voice was also hoarse. She felt abandoned by her mother and brother.

After Elliot's voice came, she picked up a book from the ground and smashed it towards the door.

The sound of 'bang' came suddenly, and this muffled sound seemed to hit Elliot's heart.

His daughter's disgusting voice made him very sad.

The daughter cried upstairs and the son cried downstairs. Elliot has absolutely nothing to do with these two little ancestors.

At this moment, his proud self-esteem was completely crushed. He suddenly realized that he could not do without Avery.

Apart from Avery, he was also unwilling to lose Hayden.

He regrets it. He shouldn't have signed that divorce agreement, he should have explained it to Avery and won her forgiveness, instead of letting things develop into the situation he least wanted to see for the so-called face.

He took out his mobile phone, and without any hesitation, dialed Avery's number.

Can Elliot keep her if he begs her to come back?

Airport.

When Avery was about to shut down, Elliot's name popped out unexpectedly.

She thought she was wrong.

Hayden reminded, "Mom, your phone is ringing. We're going to board the plane."

“Okay, mom answered a call and will be here soon.” Avery said, walking to the side with her mobile phone.

After Avery walked away, Mike turned back and asked Hayden, “Who called?”

Hayden caught a glimpse of the name on the screen of her mobile phone from the corner of his eye just now, so he said glumly, “The b*stard surnamed Foster.”

When His Eyes Opened by Simple Silence Chapter 1700

Avery answered the phone, and Elliot’s low voice was a little anxious: “Avery, the daughter and the son is crying. Don’t you go, okay?”

“What do you think of me?” Avery asked back, “If you don’t want Layla and Robert to be sad, you can give me the custody of the child. If you agree, I’ll pick them up now.”

On the other side of the phone, Elliot’s breathing aggravated. He still had a lot of things to say to her, but because of her attitude, he couldn’t say anything after that.

“I’m about to board the plane.” Avery started the countdown in her heart, “Elliot, do you want to give me the child? After giving me the child, you can go back to find women, and you can have as many children as you want.”

Elliot became angrier the more he heard it.

Avery didn’t scold him with swear words, but she insulted him severely.

Elliot’s face was ashen, then turned pale, and his body couldn’t stop shaking. When he hung up the phone, his fingers seemed to be frozen, extremely stiff.

He pressed the red hang up button several times before hanging up.

Avery took a deep breath and adjusted her mood when she heard the disconnecting sound of ‘beep beep’ on the other side of the phone.

Elliot refused her request.

So he called her to want her to go back and live as usual as if nothing had happened between them?

She don’t know whether to call him naive or smart.

Starry River Villa.

After Elliot hung up the phone, the expression on his face was as cold as frost. He strode downstairs and took Robert from Mrs. Cooper's arms.

Robert didn't cry anymore, but the little guy's eyes were red and swollen from crying. Because he cried too hard just now, his body twitched from time to time.

Elliot said to Mrs. Cooper, "Do you have a spare key at home? Layla locked the door. Go and coax her!"

Mrs. Cooper nodded and looked for the spare key.

Chad saw Elliot hug Robert, and couldn't help sighing: "It's good that Robert is small, not like Layla and Hayden, otherwise I don't know what the trouble will be."

"Even if they quarrel, I won't take it seriously. Their custody is given to Avery." After Elliot's heart was completely broken, it became harder than a rock.

"Boss, why don't you give Robert to me, you can take a rest!" Chad saw that Elliot was tired, so he wanted to take Robert over.

Elliot shook his head: "I'll go to rest when Layla calms down."

"Layla estimates that it will be difficult to accept this result for a while." Chad replaced Layla's mood and became sad, "Although I always knew that my parents were divorced, The impact on the child will be great, but because it didn't fall on him, it's hard to experience such emotions."

Elliot paused for a while.

"Now I can't bear to hear the child's heart-wrenching cry. I don't understand why Avery is so cruel all of a sudden. I always feel that there is some misunderstanding." Chad guessed, "Boss, didn't you ask? Are you clear?"

Elliot sat down on the sofa with Robert in his arms, his mind buzzing. As long as he thinks about things related to Avery, his body functions are abnormal, he can't think normally, and he can't give normal reactions.

Chad saw that his expression was not quite right, and realized that he could not continue talking about this topic.
