

Fortunately, Frank was smart, and asked the makeup artist to paint Eric a relatively thick makeup.

This makeup was mainly to promote weaknesses and avoid strengths, deliberately making Eric's New Year pictures ugly.

So after Eric's face was exposed to the air, he only panicked for a few seconds.

Because the waiter came over with the coffee and glanced at him, but didn't recognize him.

He breathed a sigh of relief.

"Auntie is right. Eric, you are really handsome." Maxine looked at Eric's ugly face with a satisfied expression.

Eric felt an arrow in the knee!

He's already drawn so ugly, why does this aunt praise him for being handsome?

He took a deep breath, feeling mixed emotions.

"Auntie... your coffee has arrived." Eric glanced at the coffee over her side, "You drink coffee!"

Maxine said 'oh' and returned to her seat.

"Eric, don't mention it, you not only sound like that male star, but you also look a bit similar!" Maxine frowned and patted her head when she said this, "What is the name of that male star? I can't remember his name for a while."

Eric lowered his head, raised his coffee cup, and drank coffee.

“Eric, you are so handsome, and you are so polite and polite. Many people should like you, right? Why are you single until now?” Maxine looked at Eric in puzzlement.

“Auntie, I’m actually not very old.” Eric said awkwardly.

Maxine’s eyes lit up: “You’re not too old! Maggie is not too old!”

Eric: “Auntie, I thought what I just said was very clear.”

“Auntie knows what you mean. But Auntie thinks that you treat us well. There may be some misunderstanding in Maggie. In this way, auntie will bring Maggie over next time and see you again.”

“Auntie, there’s really no need.” Eric felt that it was just a waste of words and time to talk about it, so coffee is also a waste of time. He stopped drinking and got up directly, “Auntie, I have something to do. I’ll buy coffee and drink it slowly.”

Eric quickly put on his hat and mask and went to the front desk to pay the bill.

Maxine watched his tall figure walk away a little bit, and sighed infinitely in her heart.

At first, she thought Eric was not worthy of his daughter, but after meeting, she felt that his daughter might not be worthy of others.

His noble and cold temperament shows that he has received a good education, and his eyes are naturally high.

WHEN HIS EYES OPENED

Chapter 2191

“I don’t get off class until 8 o’clock. Mom, if you are really uncomfortable, can I call an ambulance for you?” Maggie didn’t want to delay the experiment at night.

“Oh, forget it, just pretend that I didn’t call you! If something happens to me in the future, I don’t need your siblings to care about me. I’ll call your dad!”

Maxine finished complaining, hang up the phone.

At 7:30 in the evening, Maggie rushed home.

Maxine was sitting in the living room while eating melon seeds and chasing dramas.

Seeing her daughter come back, she picked up her phone and checked the time.

Maxine: “Didn’t you say that the class didn’t end until 8 o’clock? Why did you come back so early?”

“Didn’t you say that you are not feeling well? I was not at ease, so I told the instructor to leave early.” Maggie put down the backpack and looked at her mother, “I think you look very good!”

“Maggie, your mother is in good health! It’s also thanks to you that you have the heart. You don’t see your brother coming back.” Calvin said, “Still My daughter is good. My daughter knows that she is distressed.”

“Maggie, I have something to tell you. Let’s go, let’s go to your room and talk.” Maxine turned off the TV and took her daughter to the room.

“Maggie, your mother went to see your blind date today!” Calvin raised his voice and told his daughter in advance.

“Ah?! Mom! You went to see Eric? Why didn’t you tell me?” Maggie followed her mother into the room quickly.

After the door of the room was closed, Maxine took out her mobile phone and said slowly, “You said that you don’t like Eric, so I was curious about what’s wrong with Eric, so I asked him out. Maggie, it’s not that you can’t see him. Is it because he despises you?”

“Mom, did he tell you that?” Maggie frowned, not expecting Eric to be such a person.

“No! I saw Eric. He didn’t say anything, and his quality was very high.” Maxine looked at her daughter, “Eric is tall and handsome, and the family has money, so he must have seen it. I can’t get you!”

Maggie: “Tall and handsome? Mom, are you sure?”

Maxine: “Of course I am! Not only is he tall and handsome, but he also has a very nice voice! If I were your age, I would definitely go after him!”

Maggie was speechless, turned around, and went to the bathroom.

Five minutes later, she came out of the bathroom and saw her mother talking about the video call.

“Mom, who are you talking to about the video call?” Maggie went straight to the closet, intending to take the pajamas to take a bath, “Go out and talk, I’m going to take a bath.”

“Maggie, come here, call Auntie.” Maxine called her daughter in a soft voice, “I’m making a video call with Eric’s mother, look at Eric’s mother, how beautiful! No wonder she gave birth to such a handsome son in Eric.”

Maggie: “!!!”

Maggie froze in place.

She has stopped contacting Eric Showdown, so why are the two mothers chatting?

□

“Ah! Who? So abominable! My daughter is a real girl!” Maxine blushed with excitement. In order to prove that her daughter was a woman, she immediately raised her daughter’s chin, “Look at my daughter! She has no Adam’s apple.”

Eric’s mother: “She’s a very beautiful and delicate girl. It’s exactly the same as in the photo.”

Maxine: “Hey! This is a big misunderstanding! No wonder I met Eric today, and Eric’s reaction was so cold. It turns out that he misunderstood the gender of our family Maggie!”

Eric’s mother: “Maggie, don’t worry, I’ll call my son later to clarify this misunderstanding.”

“Then I’ll trouble you! But I think it’s better for them to meet again! As long as they meet, this Misunderstandings can be really solved.” Maxine suggested.

Eric’s mother: “I think this proposal is good! I’ll tell my son later. Let the two of them make an appointment and meet again.”

“Then please tell Eric. I’ll wait for your news at any time.” Maxine Spoke politely.

Eric’s mother: “Okay. After I’ve agreed with Eric, I’ll send you a message.”

Maxine: “Mmmm!”

After the two chatted, they hung up the video call.

“Mom!” Maggie’s scalp was numb, “you’re going to see Eric, you can see it yourself...or you let me talk to him alone, you two elders don’t interfere, okay? Otherwise, you will fight. D*mn me, I won’t go to see him either!”

Maxine’s face changed instantly: “Why are you so disobedient now?!”

“Mom, I’m your daughter, not your toy. I have the final say on what kind of man I will find in the future. I’m not a commodity, why do you think others have no money, so you won’t let me interact with others and discover others...Now that you have money, you are shy to try to please others? Don’t you feel ashamed?”

Maggie blushed and said what was in her heart.

“If I don’t think you are my daughter, I don’t care who you marry? I don’t want you to marry well and live a better life in the future? You don’t understand mother’s painstaking efforts at all, and you still despise mother’s shame. I, I...” Maxine said, she suddenly dizzy.

“Mom, what’s wrong with you?” Maggie immediately supported her mother when she saw that her mother’s face was wrong.

At this moment, the door opened, and Calvin strode in and supported his wife.

“Don’t be afraid, Maggie, your mother has high blood pressure.” After Calvin finished speaking, he immediately helped his wife out of the room, then brought her medicine and fed her to eat.

“Dad, when did mom have high blood pressure? Why didn’t I know?” Maggie lost her temper in fright.

“The year you were in high school. Your mother said that she would go back to her mother’s house to live for a while. In fact, she was hospitalized because of high blood pressure. She was afraid that you would be worried, so she never told you. That’s why I asked her to resign later. Too tired.”

Maggie immediately lowered her eyes, thinking of what she said when she talked back to her mother just now, it was too impulsive.

“Maggie... Mom doesn’t disrespect you... Mom just feels that money is more and more important... You need money for meals, you need money for illness,

as long as you go out, you need it everywhere. Mom doesn't want you to work too hard as a girl in the future." After Maxine took the medicine, her mood was a little more stable.

Maggie: "Mom, I'm sorry. I won't be angry with you in the future. But you should let us handle the matter between me and Eric. I'll talk to him later. If we really can't talk, you can't force it."

"I-I didn't want to force it. If the two of you really can't get along, it's useless for me to force it. I think you don't seem to take this matter to heart, for fear that you will miss a good partner." Maxine said.

The other side.
