Chapter 2379

“My good Siena, mother-in-law knows that you are the most obedient good child.”

The mother-in-law

touched Siena and said, “You don’t know how much I like you.”

Siena: “Mother-in-law, I like you too.”

Mother-in-law: “As long as you listen to your mother-in-law, she will treat you like her granddaughter.”

“Mother-in-law, you are my best mother-in-law!” Siena said sweetly.

“Hahaha!” The mother-in-law said with relief, “Mother-in-law knows that you are wronged, but the Miss will definitely resolve this matter. When the Miss settles this matter smoothly, you don’t need to stick this

terrible scar anymore.”

“Mother-in-law, I will listen to you.” Siena could feel that her mother-in-law was kind to herself, so she quickly figured it out.

In the Afternoon.

Mother-in-law took Siena to buy clothes and returned home.

When the Miss saw the two of them coming back, she immediately walked to Siena and looked at Siena.

“The new clothes are so pretty!” The Miss said, holding a few books and handing them to Siena, “This is the book I bought for you. From this evening, I will teach you to read.”

“Miss, do we live together?” The mother-in-law was a little surprised.

The Miss nodded.

Seeing Siena flipping through the book, the Miss took her mother-in-law to the kitchen.

The Miss: “Elliot and Avery have gone abroad for vacation. They should not focus on finding children now.

And Siena looks like this, even if the people they send see Siena, it is impossible for them to suspect Siena. So now the situation is actually relatively safe.”

“Well. Miss, how is your study?” The mother-in-law asked with concern, “You don’t have to pay me salary in the future. I have a lot of money in my hand, and it’s no problem to support Siena. Siena wants to go to school, I’m thinking, if I send Siena to school, I can still find a job.”

“I’ve already got my undergraduate diploma, and now I’m hesitating whether to go on to graduate school or just look for a job.” Miss said, “I took a look at Elliot and Avery’s companies. They have relatively high

requirements for recruiting people. With my current education, I'm afraid it's not easy to get in."

The mother-in-law: "Miss, I can't help you much, but only can look and take care of Siena."

"You've already helped me a lot. If it wasn't for you, I wouldn't know if I could find such a reliable person to help take care of the child." The Miss smiled bitterly, "Actually, I'm very contradictory, sometimes I like Siena very much, but sometimes I don't."

The mother-in-law: "Miss, I understand your feelings. But I still want to persuade you that Siena is innocent. She is so young, she doesn't understand anything, what's wrong with her? "

"Well, I know. I'm just going to tell you, otherwise it's really hard sometimes." The Miss sighed, "My mother

can't stand the pressure of my father. My mother said that if I don't go home at the end of this year, She will cut off my pocket money."

The mother-in-law: "So you're looking for a job, right?"

"Well." The Miss said firmly, "If I don't find out the truth, I'm really not willing to give up."

The mother-in-law: "Miss, it doesn't matter. Whatever you choose, I will support you. If you go back to Yonroeville, I will bring Siena back to Yonroeville with you. If you stay here, we will stay here."

"I'll think about it again! Let's see if I can find a job smoothly in the future." The Miss gave a wry smile, "I finally felt the financial pressure after graduation. If it wasn't for my mother who secretly gave me money

every month, I would not have been able to complete my studies successfully.”

..

Time flies, and the New Year's Day holiday had passed in a hurry.

Avery and Elliot ended their honeymoon trip and returned home with a box full of gifts.

When Layla and Robert were picking up gifts in the box, Avery took out a small box from her bag and

handed it to Eric: “Elliot and I picked this for you. Whether you like it or not.”

Eric glanced at Elliot, then opened the box.
