Chapter 2455

Gloria's brother finished speaking and snatched the bag from Gloria.

Opening the bag and seeing the mobile phone inside, Gloria's brother took out the mobile phone and returned the bag to her.

...

On the weekend, Ben and Gwen's wedding was held at the hotel, and everything was kept simple.

All the wedding mini-games and levels designed before had been cancelled.

Gwen was very happy today.

She had figured out one thing these days.

She thought she didn't like children, but she didn't.

When she was pregnant for the first time, her relationship with Ben was particularly embarrassing.

She suffered a lot of

grievances, and in the end the child was aborted, which left a shadow in her heart.

This time, her relationship with Ben stabilized, and she became pregnant again, all her anxiety and uneasiness disappeared.

Some besides joy.

This was something she hadn't thought of before she got pregnant.

In the past, she always quarreled with Ben because of trivial matters, but now that she was pregnant, she didn't find fault with

Ben anymore.

Between her and Ben, there was a child as the bond of relationship, and the relationship was stronger now.

All the anxiety in her mind disappeared.

After the wedding ceremony, the banquet began.

"Miss Tammy, let's play playing cards later! I think there is a playing card table in my suite." Gwen said energetically.

Tammy: "Shouldn't you go to rest after eating? You are pregnant now. Take a good rest."

"I can eat and drink now, and nothing happens. I'm getting married today, I'm so happy, I can't sleep."

Gwen usually slept

drowsily at noon, but today she didn't feel sleepy at all,

"I received a lot of red envelopes today, don't you want to win money

from me? My playing card skills are bad!"

Tammy smiled and said, "Okay! I'm fine. I'll see if your husband will let you play cards."

Gwen immediately looked at Ben: "Husband, is it alright for me to play cards for a while? If I'm tired from sitting, I won't play

anymore. I'm not tired at all now."

Ben didn't want her to be too depressed, so he nodded: "If you're tired from playing Change it to me. It's fine for us to play cards!"

Tammy's envious eyes turned red: "The two of you quarreled after a disagreement a few days ago! How can it be like this now?"

"I believe Gwen. If she is not feeling well, she will definitely rest." Ben said, "She takes medicine on time every day these days, and she doesn't stay up late at night looking at her phone. In order to protect our children, she has changed a lot. "

Ben's praise made Gwen blushed.

"I used to have a big temper. Now that I'm pregnant with a baby, I can't lose my temper like before." Gwen reflected, "Since I have identified Ben, I should live with him."

"This is comparable to you guys. The speeches you two gave on stage just now were more touching!" Tammy said, "Seeing that the two of you are so loving now, as friends, I am happy for you. By the way, how much dowry did your brother give you?"
