

When His Eyes Opened Chapter 2812

When His Eyes Opened Chapter 2812—The matter was a foregone conclusion, even if Hazel wanted to retreat, it was impossible.

Hazel nodded: “Ever since I promised Teacher Joly, I’ve thought that there will be such a situation.”

“If you are really bad, Teacher Joly will not let you go to the TV station for an internship right now. Only when others don’t understand Will gossip behind your back, even if others know you, they may gossip about you. Even if they know your identity, they will talk about you in private. You have to know, no matter what you do, no matter how well you do in the future, there will always be people who don’t like you.” Layla comforted, “The first step in learning to grow is to make yourself stronger inside.”

Hazel: “Sister, have you experienced this too?”

“Of course. I’m different from you. I grew up with many friends and most of them are ‘relationship households’. Because I am Elliot’s daughter, no matter what I do or how well I do, as long as I get the reputation I want, others will say that I rely on my father’s relationship.” Layla said this and she no longer had any feeling, “We don’t live for others, but for ourselves. Just be happy. Your classmates are just passers-by in your life. When you graduate from university, you will have no intersection with them. “

Hazel: “Well.”

“Actually, your classmates are the least important. When the time comes, you perform well in the internship and your teacher Joly recognizes you, which is the greatest affirmation of your ability.”

“Sister, you are right.” The pressure in Hazel’s heart eased a little, and she asked, “Sister, are you going to pick up Brother Eric now?”

“I’ll see when the nurse arrives.” Layla took out her phone, found the number of the nurse, and dialed, “Wait for the nurse to arrive, let’s go there together.”

Hazel nodded.

The nurse arrived shortly after Layla finished her call.

“Miss Tate, I’m sorry! My daughter sent me here. She has never been here before. The navigation guide us to another gate of the community.” The nurse said. She was a middle-aged woman in her forties.

"It's okay, I'll take you to meet Eric's parents first." Layla finished speaking to the nurse and looked at Hazel, "You just stay here. If there are no accidents, we will be back soon."

Hazel nodded.

"If you are sleepy, go to my room and sleep for a while." Layla said, "Or you want to take a walk in the house, it's okay, Eric usually lives here."

Hazel: "Yes. Sister, you go and pick up Brother Eric!"

After Layla left, Hazel chatted with the nanny who came with her.

"Brother Eric's house is quite beautiful."

The nanny smiled and said, "The house he lives in is definitely not bad. The income of stars is very high, especially the income of top-tier ones like him, which is higher than that of many entrepreneurs. And he has been in the entertainment industry for so many years, his wealth is probably beyond our imagination."

Hazel was stunned when she heard that.

The nanny continued, "Of course, this is also his ability. He is handsome and strong."

"You said why didn't my parents come over together? I thought they would come together!" Hazel was a little puzzled.

The nanny thought for a while and tried to analyze: "Hazel, you are still young, and you may not understand the feelings of your parents. When you have children in the future, you will know that every time you send your child away, it is very difficult for the parents."

After carefully digesting the nanny's words, Hazel nodded: "When my sister and brother Eric get married, my parents will have to suffer again."

"It should be better by then. Today, your sister has officially moved out of the house. She will live here if there are no accidents in the future." The nanny smiled, and continued, "But your parents and your second brother are with you, so you don't have to worry."

"My second brother and I have also moved out, aren't mom and dad particularly lonely?" Hazel murmured.

Nanny: "Sure! But they'll be happier if you all have a good home."

Hazel nodded and whispered, "Actually, I don't want to leave my parents."

“Hazel, you are right to think so. If you want to live comfortably for the rest of your life, you should stay with your parents. It’s better.” The nanny sincerely advised her, “Your parents are both rich and love you. In this world, there is no better destination than you staying with your parents.”
