When His Eyes Opened Chapter 2874 — It's really nasty.

However, present gifts were indeed becoming more and more refined.

Like before when she and Elliot held a wedding, she also prepared a souvenir.

She remembered that they didn't pay too much attention to the presents at that time.

Because there were no elders to help them prepare for the wedding, the wedding was prepared by themselves.

"Honey, if you have no objections, I'll arrange for someone to order." Elliot thought an idea.

The daughter's wedding must be grand, and every detail must be brought out so that people could see how much the Foster family attached importance to their daughter.

Avery came back to her senses: "Well, good."

For dinner, she was still trying dishes at the hotel.

But there were more people coming at night than at noon.

Shea's family and Tammy's family were all there.

There were three tables in the banquet hall.

Tammy teased: "It's so lively that I feel like I'm having a banquet on the wedding day."

Jun: "The main reason is that there are so many children. In the past, the children didn't take up much space when they were young, but now they are all grown up."

Gwen answered, "That's right, Layla is going to get married. After Layla and Hayden get married, Robert and Hazel will also get married. There will be endless wedding banquets hahaha!"

Ben: "After this wedding banquet, it's time to eat the full moon banquet!"

"Yes!" Gwen glanced at Eric after saying this.

Thinking of Eric's body having undergone a heart transplant, Gwen was afraid he and Layla won't be able to have a child. So she glared at Ben.

“Why are you staring at me?” It’s not that Ben didn’t think of that, but felt that it wasn’t a problem at all, so he added, “Even if Layla and Eric don’t want children in the future, it’s fine! There is no way to live without children as long as the relationship between the two is in place, everything else is nothing.”

Layla’s mood was completely unaffected, and she answered with a smile: “Even if we can have children, I don’t want children now. I haven’t had enough fun yet!”

“You two, let’s live a good life together!” Gwen said here, and changed the subject, “I went to pick out souvenirs with your mother in the afternoon, originally thinking about buying perfume, As a result, your mother suddenly thought of gold bars, and your father agreed.”

When Layla heard it, she immediately looked at her parents.

“Dad, Mom, are you two serious?” Layla felt that this was somewhat outrageous, “I haven’t seen anyone who gave gold bars as a wedding gift. Our family doesn’t have a gold mine, so why should we give gold bars?”

Avery said calmly: “Your dad has already placed the order. The styles are also designed. Don’t ruin your dad’s plan.”

Layla blushed, feeling helpless and amused: “Dad, are you doing this for the face of our family? Actually, there is no need... But since you have placed an order, then do it! Your face is already invulnerable.”

“In this case, let’s add a car to the gift!” Hayden said suddenly.

As soon as Hayden said this, everyone looked at him.

“Brother, what are you talking about?!” Layla felt her scalp explode.

“I can’t help you get married but...” Hayden had already decided, “I will ask the company to send a batch of special car models, and then put them in the gift box. When the time comes, the guests will be given models of cars to choose from.”

Elliot and Avery were speechless.

The two of them had no control over Hayden’s decision.

When His Eyes Opened Chapter 2875 — Furthermore, it was clear that Hayden and Layla had a good relationship because he was willing to pay the money for her.

As parents, Elliot and Avery were very relieved.

“Dad, Mom, why don’t you two talk?!” Layla felt that this matter was more outrageous than giving gold bars, but she felt that she couldn’t convince her brother and could only rely on her parents.

“What are you talking about?” Avery said, “If your brother wants to give you a car, let him do it! If you earn money, you spend it. As long as you spend it happily, it’s worth it.”

Elliot: “Your mother is right. Didn’t you say that your face is already invulnerable? Are you not happy that your brother treats you well?”

Layla wanted to cry but had no tears: “Isn’t this too expensive?! I’m getting married, not for charity...”

Robert: “Sister, you are... one of the jewels in our family’s eyes, so you should have this pomp! If I don’t have the financial strength now, I will definitely spoil you too!”

Robert’s words made the atmosphere in the banquet hall lively.

“Layla, your own brother, why are you being polite. If you don’t spend his money, he will spend it on his wife. Hahaha!” Gwen joked.

The topic suddenly came to Hayden’s finding a wife.

Adults were very interested in this topic.

“Hazel, you have to go to work tonight, can I go to watch the TV station with you?” Lilly asked Hazel in a low voice, “I haven’t been to a TV station yet!”

Hazel thought for a while, and then said: “I’ll send a message to my teacher to ask. If he says yes, then I’ll take you there later.”

Lilly: “If it’s that troublesome, forget it! I didn’t think it was so strict!”

“Hahaha! It’s because I’m just an intern anchor now. If I become a regular, I should have more confidence.” Hazel had already sent a message to Hector while he was talking.

“You will definitely become a regular, you broadcast well!” Lilly boasted, “I have watched every episode of your program.”

“Look at the replay, don’t stay up late watching it.” Hazel said seriously.

“Yeah. You stayed up late to watch the first episode, and you watched replays later.” Having said that, Lilly also picked up her phone and secretly showed it to Hazel, “I’ll show you this.”

Hazel looked at the picture on Lilly’s phone, it was a very beautiful jewelry.

“It’s so beautiful! Did you design this? What kind of jewelry is this?” Hazel was dumbfounded.

Lilly: “This is a brooch. I asked Sister Layla what jewelry she wanted, and Sister Layla said she had few broochs, so she wanted a brooch.”

Hazel: “Lilly, you are amazing! Your design is really beautiful and high-end! Have you shown it to my sister?”

Lilly shook her head: “I want to give her a surprise.”

“She will definitely like it very much.” Hazel said, seeing the screen of the phone light up, so she picked it up to look at it, “Lilly, my teacher agreed. He said he would tell the guard.”

“Then can I take Maria with you? If Maria knows that I will go to the TV station with you, she will definitely want to go too.” Lilly begged with a smile.

Hazel: “Of course. After eating, I’ll take you there! Otherwise, it will be too late and affect your rest.”

“Okay! Let’s go after we have a look.” Lilly was afraid of disturbing Hazel’s work.

Hazel: “Then you can talk to Aunt Shea later.”

“Mom will definitely agree.” Lilly was full of confidence.

After dinner, Hazel took Lilly and Maria to the TV station.

Originally, Hayden was going to send them there, but he was held back.

Let him escape at noon, but not let him hide at night.

When His Eyes Opened Chapter 2876 — “Hayden, I remember you can drink! Come and have a drink with me!” Ben was very excited, and moved to Hayden’s side to pour wine for Hayden.

Hayden couldn't refuse, so he could only accompany him.

"If it wasn't for Eric's operation, I would definitely drag him to drink with him." Ben blushed from drinking, but his reason was still clear, "So you can only drink with me!"

Hayden: "Uncle, I'll drink two glasses with you. After drinking, you should stop. I remember you having a fatty liver."

"Why do you have such a good memory? Your aunt usually doesn't let me drink... I usually don't... But today, isn't it happy?" Ben picked up his glass and touched Hayden's glass, "It's okay to drink occasionally. I understand my physical condition."

"Just have a drink." Avery stopped, "It's not Layla's wedding today! Take it easy, Ben! No matter who gets married, your own body is the most important thing."

After hearing what Avery said, Gwen taunted Ben: "He's just addicted to alcohol. He's looking for an excuse to drink! He said he wouldn't be allowed to drink. He felt that life was in darkness, and life was worse than death. He secretly drank a glass or two every day. He thought I didn't know! Hehe!"

Ben blushed: "Honey, then why don't you scold me?"

Gwen glared at him: "I wanted to scold you, but it was useless. So I didn't bother to scold. Drink as much as you like, and when you die from drinking, all your property will belong to me and my son. With the money, now you can be as happy and happy as you want."

Ben: "..."

The wine in the glass suddenly lost its aroma.

"Forget it, stop drinking." Ben put down his glass.

Gwen added: "Don't assume that you don't want to drink anymore; it's just that you've had enough tonight after a few drinks."

Ben: "Honey, don't make trouble, I won't drink secretly from now on." After a pause, he said, "I'm going to start drinking now, and I'll do it in front of you."

Gwen: "..."

.....

TV station.

After the bodyguard stopped the car in the parking space, Hazel asked the bodyguard and the driver to wait outside.

“There are security guards in the stage, so it’s very safe.” Hazel explained to the bodyguards, and at the same time introduced to Lilly and Maria, “We go in every day, and there is a security gate. Dangerous items cannot be brought in.”

Lilly nodded.

Maria asked: “Sister Hazel, can we take pictures inside?”

Hazel: “It should be possible! As long as you don’t take pictures of others.”

Maria: “OK.”

After the three entered the TV station, Hazel took them to the floor where she worked.

In fact, other floors could also be visited, but there were basically no people on other floors at night.

“Hazel, how about the two of us pretending to be your fans and taking a group photo with you later?” Lilly suddenly had a big brain.

Hazel echoed: “Do you still have to get a pen and ask me to sign for you?”

Lilly: “Okay! This way it will have more of that flavor.”

Maria obediently took out a pen and paper from her bag.

“Maria, stop teasing me! Your sister is joking with me!” Hazel stuffed the little pen and paper back into her bag, “But we can take a group photo.”

“Where are we going to shoot?” Lilly asked.

Maria glanced at the entrance of the studio, so she asked Hazel in a low voice: “Sister Hazel, can we shoot at the entrance of the studio? I think that door is very cool.”

Hazel: “Haha, okay! Why don’t you go to the gate of Studio No. 6 to shoot! I broadcast in Studio No. 6 every time.”

Maria: “Yeah!”

Hazel led them to the No. 6 studio. She met a familiar staff member walking out with a water glass.

When the staff saw Hazel, they immediately greeted with a smile: “Hazel, you came to work so early? Is this your classmate?”

Hazel smiled and corrected: “The two of them are my good sisters.”

“Oh! Did you bring them to visit?”

“Uncle, let’s take a photo at the door and leave. I won’t disturb your work.” Lilly was afraid of causing trouble to Hazel, so she spoke hastily.

“Hahaha! It’s okay if you want to play more! There are no people at night, and the leaders are not here.” The staff said kindly, and walked away with a water glass.

When His Eyes Opened Chapter 2877 — “Sister Hazel, are the people here so nice?” Maria asked with a smile.

“Uh...everything is fine.” Of course Hazel would not tell them the bad things that happened to her.

After the three of them took a few photos in the corridor, Hazel took them to the backstage to have a look.

“I usually memorize manuscripts here. Make-up and styling are also done here.” Hazel’s voice was very low because there were colleagues around.

Lilly saw that a host was memorizing scripts, so she dragged Hazel out of the backstage.

“Hazel, thank you for satisfying our curiosity tonight. We should go back. You haven’t arrived at work yet, do you want to go back and have a rest?” Lilly asked.

Hazel glanced at the time, then shook her head: “I have to come back after a while, and I will memorize the manuscript here. I will send you down first. Send me a message when you get home.”

Lilly: “Alright.”

“Lilly, call me next time you make jewelry, I want to see how you work too!” Hazel was also curious about other industries.

Lilly: “Okay! Then I will call you next time.”

Hazel sent them to the car and watched the car drive away.

It's still early before work, so she didn't know if her manuscript had been printed out.

She was not in such a hurry to go up, so she walked towards a nearby milk tea shop.

The business of the milk tea shop was very good, and Hazel waited in line for a few minutes before it was her turn.

She ordered a Youlan Latte, and then looked around in the store, but there was no place.

After paying the bill, she came out of the shop with milk tea.

Coincidentally, amidst the noisy voices, she heard a familiar voice.

She seemed to have heard Lennox's voice.

It's no wonder that she was familiar with Lennox's voice, it's really a professional characteristic, Lennox's voice was better than ordinary people's.

People who learnt to broadcast and host, pronunciation and rhythm of speech would be more recognizable than ordinary people.

Hazel looked towards the source of the sound.

She first saw Sloane's face.

Sloane and Lennox were together.

Both of them were wearing masks, and they looked very intimate standing together, like a couple.

Lennox was standing in the queue to buy milk tea, and Sloane was standing by his side, chatting happily with him.

They didn't see Hazel.

It may be because Hazel was standing in the dark now, while they were standing under the light.

Hazel didn't know that the relationship between the two of them was so good.

Sloane was a sophomore, Lennox was a junior, Hazel always thought they were unfamiliar.

Unexpectedly, the two of them had such a good relationship in private.

So on the day her manuscript was replaced, even if Lennox saw that it was Sloane who did it, Lennox would not identify Sloane.

Thinking of this, Hazel felt anxious.

She felt so stupid.

She didn't even have any defense against them at all.

Hazel seemed to be frozen in place, watching them move forward little by little in a daze.

—Until watching Lennox buy two cups of milk tea.

Lennox handed a cup to Sloane.

After Sloane took it, she took a look at Lennox's milk tea, then directly pulled Lennox's arm towards her, and bit the straw of the cup of milk tea in Lennox's hand.
